61-4-517. Implementation of arbitration. (1) A consumer may initiate a request for arbitration by filing a notice with the department. The consumer shall file, on a form prescribed by the department, any information considered relevant to the resolution of the dispute and shall return the form, along with a $100 filing fee, within 5 days after receiving the form. The form must offer the consumer the choice of presenting any subsequent testimony orally or in writing, but not both.

(2) The department shall determine whether the complaint alleges the violation of any applicable warranty under this part. If the department determines that a complaint does not allege a warranty violation, it shall refund the filing fee.

(3) Upon acceptance of a complaint, the department shall notify the manufacturer of the filing of a request for arbitration and shall obtain from the manufacturer, on a form prescribed by the department, any information considered relevant to the resolution of the dispute. The manufacturer shall return the form within 15 days of receipt, with a filing fee of $750.

(4) Fees collected under this section must be deposited in a special revenue account for the use of the department in administering this part.

(5) The manufacturer's fee provided in subsection (3) is due only if the department's arbitration procedures are used.

History: En. Sec. 12, Ch. 744, L. 1985; amd. Sec. 200, Ch. 483, L. 2001; amd. Sec. 21, Ch. 280, L. 2005; amd. Sec. 2, Ch. 84, L. 2007.

61-4-518. Arbitration — role of department of justice — expert. (1) The department shall investigate, gather, and organize all information necessary for a fair and timely decision in each dispute. The department may, on behalf of the arbitrator, issue subpoenas to compel the attendance of witnesses and the production of documents, papers, and records relevant to the dispute.

(2) If requested by the arbitrator, the department may forward a copy of all written testimony and documentary evidence to an independent technical expert certified by the national institute of automotive excellence. The expert may review the material and be available to advise and consult with the arbitrator. The expert, at the arbitrator's request, may be present whenever oral testimony is presented.

History: En. Sec. 13, Ch. 744, L. 1985; amd. Sec. 13, Ch. 503, L. 1985; amd. Sec. 201, Ch. 483, L. 2001; amd. Sec. 3, Ch. 360, L. 2003; amd. Sec. 22, Ch. 280, L. 2005.

61-4-519. Action by arbitrator — decision. (1) The arbitrator shall, as expeditiously as possible but not later than 60 days after the department has accepted a complaint, render a fair decision based on the information gathered and disclose the arbitrator's findings and reasoning to the parties.

(2) The decision must provide appropriate remedies, including but not limited to:

(a) repair of the motor vehicle;

(b) replacement of the motor vehicle with an identical motor vehicle or a comparable motor vehicle acceptable to the consumer;

(c) refund as provided in 61-4-503(2);

(d) any other remedies available under the applicable warranties or 15 U.S.C. 2301 through 2312, as in effect on October 1, 1983; or

(e) reimbursement of expenses and costs to the prevailing party.

(3) The decision must specify a date for performance and completion of all awarded remedies. The department shall contact the prevailing party within 10 working days after the date for performance to determine whether performance has occurred. The parties shall act in good faith in abiding by any decision. In addition, if the decision is not accepted, the parties shall follow the provisions of Title 27, chapter 5. If the court determines that the appellant has acted without good cause in bringing an appeal of an award, the court, in its discretion, may grant to the respondent costs and reasonable attorney fees.

History: En. Sec. 14, Ch. 744, L. 1985; amd. Sec. 23, Ch. 744, L. 1985; amd. Sec. 202, Ch. 483, L. 2001; amd. Sec. 4, Ch. 360, L. 2003; amd. Sec. 23, Ch. 280, L. 2005; amd. Sec. 186, Ch. 542, L. 2005.

61-4-520. Nonconforming procedure — arbitration de novo. A consumer injured by the operation of any procedure that does not conform with procedures established by a manufacturer pursuant to 61-4-511 and the provisions of Title 16, Code of Federal Regulations, part 703, may appeal any decision rendered as the result of the procedure by requesting arbitration de novo of the dispute by a department arbitrator. Filing procedures and fees for appeals must be the same as those required in 61-4-515 through 61-4-517. The findings of the manufacturer's informal dispute settlement procedure are admissible in evidence at the department's arbitration hearing and in any civil action arising out of any warranty obligation or matter related to the dispute.

History: En. Sec. 16, Ch. 744, L. 1985; amd. Sec. 203, Ch. 483, L. 2001; amd. Sec. 71, Ch. 130, L. 2005; amd. Sec. 24, Ch. 280, L. 2005.

61-4-521 through 61-4-524 reserved.

61-4-525. Notice on resale of replaced motor vehicle. A motor vehicle that is returned to the manufacturer and that requires replacement or refund may not be sold in the state without a clear and conspicuous written disclosure of the fact that the motor vehicle was returned. The department may prescribe by rule the form and content of the disclosure statement and a procedure by which the disclosure may be removed upon a determination that the motor vehicle is no longer defective.

History: En. Sec. 9, Ch. 744, L. 1985; amd. Sec. 13, Ch. 503, L. 1985; amd. Sec. 25, Ch. 280, L. 2005; amd. Sec. 187, Ch. 542, L. 2005.

61-4-526. Records of disputes. The department shall maintain records of each dispute as it determines appropriate, including an index of disputes by brand name and model. The department shall, at intervals of no more than 6 months, compile and maintain statistics indicating the record of compliance with arbitration decisions and the number of refunds or replacements awarded. The statistical summary must be considered by the department in determining the issuance of any manufacturer license required under Title 61, chapter 4, part 2.

History: En. Sec. 15, Ch. 744, L. 1985; amd. Sec. 13, Ch. 503, L. 1985; amd. Sec. 204, Ch. 483, L. 2001; amd. Sec. 26, Ch. 280, L. 2005.

61-4-527 through 61-4-530 reserved.

61-4-531. Nondelegable. The liabilities and obligations contained in this part may not be delegated or assigned to or assumed by any other person or entity.

History: En. Sec. 17, Ch. 744, L. 1985.

61-4-532. Rulemaking. The department may adopt rules to implement the provisions of this part.

History: En. Sec. 18, Ch. 744, L. 1985; amd. Sec. 205, Ch. 483, L. 2001; amd. Sec. 27, Ch. 280, L. 2005.

61-5-102. Drivers to be licensed — penalty. (1) (a) Except as provided in 61-5-104, a person may not drive a motor vehicle upon a highway in this state unless the person has a valid Montana driver's license. A person may not receive a Montana driver's license until the person surrenders to the department all valid driver's licenses issued by any other jurisdiction. A person may not have in the person's possession or under the person's control more than one valid Montana driver's license at any time.

(b) Except as provided in subsection (1)(c), the penalty for a violation of this section is a fine of not more than $500.

(c) A person who is eligible to hold a driver's license and has obtained a valid driver's license but has not renewed the license as provided in 61-5-111(3)(c) is not subject to the penalty in subsection (1)(b).

(2) (a) (i) Except as provided in subsection (2)(a)(ii), a license is not valid for the operation of a motorcycle unless the holder of the license has completed the requirements of 61-5-110 and the license has been clearly marked with the words "motorcycle endorsement".

(ii) A motorcycle endorsement is not required for the operation of a low-speed electric vehicle or a motorcycle that is propelled by an electric motor or other device that transforms stored electrical energy into the motion of the vehicle, has a fully enclosed cab, is equipped with three wheels in contact with the ground, and is equipped with a seat and seatbelts.

(b) A license is not valid for the operation of a commercial motor vehicle unless the holder of the license has completed the requirements of 61-5-110, the license has been clearly marked with the words "commercial driver's license", and the license bears the proper endorsement for:

(i) the specific vehicle type or types being operated; or

(ii) the passengers or type or types of cargo being transported.

(3) A low-speed restricted driver's license is not valid for the operation of a motor vehicle other than a low-speed electric vehicle or a golf cart.

(4) When a city or town requires a licensed driver to obtain a local driving license or permit, a license or permit may not be issued unless the applicant presents a state driver's license valid under the provisions of this chapter.

61-5-104. Exemptions. (1) The following persons are exempt from licensure under this chapter:

(a) a person who is a member of the armed forces of the United States while operating a motor vehicle owned by or leased to the United States government and being operated on official business;

(b) a person who is a member of the armed forces of the United States on active duty in Montana who holds a valid license issued by another state and the spouse of the person who holds a valid license issued by another state and who is not employed in Montana, except as a member of the armed forces. If a spouse of a member of the armed forces becomes gainfully employed in Montana, the spouse must be licensed, as required by 61-5-102, within 90 days of becoming employed.

(c) a person on active duty in the armed forces of the United States and in immediate possession of a valid license issued to that person in a foreign country by the armed forces of the United States, for a period of 45 days from the date of the person's return to the United States;

(d) a person who temporarily drives, operates, or moves a road machine, farm tractor, as defined in 61-9-102, or implement of husbandry for use in intrastate commerce on a highway;

(e) a person who is a locomotive engineer, assistant engineer, conductor, brake tender, railroad utility person, or other member of the crew of a railroad locomotive or train being operated upon rails, including operation on a railroad crossing a public street, road, or highway. A person employed as described in this subsection is not required to display a driver's license to a law enforcement officer in connection with the operation of a railroad train within Montana.

(f) a person who temporarily drives, operates, or moves an off-highway vehicle on a forest development road in this state, as defined in 61-8-110, that has been designated and approved for off-highway vehicle use by the United States forest service if the person:

(i) is under 16 years of age but at least 12 years of age; and

(ii) at the time of driving, operating, or moving the off-highway vehicle, has in the person's possession a certificate showing the successful completion of an off-highway vehicle safety education course approved by the department of fish, wildlife, and parks and is in the physical presence of a person who possesses a license issued under this chapter.

(2) A nonresident who is at least 15 years of age and who is in immediate possession of a valid operator's license issued to the nonresident by the nonresident's home state or country may operate a motor vehicle, except a commercial motor vehicle, in this state.

(3) (a) A nonresident who is in immediate possession of a valid commercial driver's license issued to the nonresident by the nonresident's home jurisdiction, in accordance with the licensing and testing standards of 49 CFR, part 383, may operate a commercial motor vehicle in this state.

(b) For the purpose of this chapter, "jurisdiction" means a state, territory, or possession of the United States, the District of Columbia, a province or territory of Canada, or the federal district of Mexico.

(4) A nonresident who is at least 18 years of age, whose home state or country does not require the licensing of operators, may operate a motor vehicle as an operator only, for a period of not more than 90 days in any calendar year, if the motor vehicle is registered in the home state or country of the nonresident.

(5) (a) A driver's license issued under this chapter to a person who enters the United States armed forces, if valid and in effect at the time that the person enters the service, continues in effect so long as the service continues, unless the license is suspended, revoked, or canceled for a cause as provided by law, and for up to 90 days following the date on which the licensee is honorably separated from the service.

(b) A person serving in the United States armed forces may renew the person's driver's license at any point of the person's service, and any renewed license continues in effect as long as the service continues, unless the license is suspended, revoked, or canceled for a cause as provided by law.

(c) A person serving in the United States armed forces may apply for a Montana driver's license upon meeting the requirements in 61-5-103, and this license continues in effect as long as the service continues, unless the license is suspended, revoked, or canceled for a cause as provided by law, and for up to 90 days following the date on which the licensee is honorably separated from the service.

History: En. Sec. 10, Ch. 267, L. 1947; amd. Sec. 1, Ch. 95, L. 1955; amd. Sec. 1, Ch. 137, L. 1961; amd. Sec. 1, Ch. 133, L. 1969; R.C.M. 1947, 31-126; amd. Sec. 1, Ch. 454, L. 1985; amd. 61-5-105. Who may not be licensed. The department may not issue a license under this chapter to a person:

(1) who is under 16 years of age unless:

(a) the person is at least 15 years of age and has passed a driver's education course approved by the department and the superintendent of public instruction; or

(b) the person is at least 13 years of age and, because of individual hardship, to be determined by the department, needs a restricted license;

(2) whose license or driving privilege is currently suspended, revoked, or canceled, except as provided in 61-5-232, or who is disqualified from operating a commercial motor vehicle in this or any state, as evidenced by an ineligible status report from the national driver register,

established under 49 U.S.C. 30302, or from the commercial driver's license information system, established under 49 U.S.C. 31309;

(3) who is addicted to the use of alcohol or narcotic drugs;

(4) who has previously been adjudged to be afflicted with or suffering from any mental disability or disease and who, at the time of application, has not been restored to competency by the methods provided by law;

(5) who is required by this chapter to take an examination;

(6) who has not deposited proof of financial responsibility when required under the provisions of chapter 6 of this title;

(7) who has any condition characterized by lapse of consciousness or control, either temporary or prolonged, that is or may become chronic. However, the department may, in its discretion, issue a license to an otherwise qualified person suffering from a condition if the afflicted person's attending physician, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102, attests in writing that the person's condition has stabilized and would not be likely to interfere with that person's ability to operate a motor vehicle safely and, if a commercial driver's license is involved, the person is physically qualified to operate a commercial motor vehicle under applicable state or federal regulations.

(8) who lacks the functional ability, due to a physical or mental disability or limitation, to safely operate a motor vehicle on the highway;

(9) who is not a resident of or domiciled in Montana except as provided in 61-5-103(3); or

(10) whose presence in the United States is not authorized under federal law. When an applicant who is not a citizen of the United States applies for a driver's license, the department shall verify that the applicant is lawfully present in the United States by using the federal systematic alien verification for entitlements program. The department may not accept a driver's license issued by another state as proof that an applicant is lawfully present in the United States under federal law.

61-5-106. Instruction permits — temporary driver's permits. (1) (a) The department may issue a learner license, which is valid for 1 year from the date of issuance, to a person satisfying the age requirements specified in 61-5-105(1) after the applicant has successfully passed the knowledge test and the vision examination, as provided in 61-5-110. Except as provided in subsections (1)(b) and (1)(c),a learner license entitles the licensee, while in immediate possession of the license and accompanied by a licensed driver seated beside the licensee, to drive a motor vehicle other than a motorcycle upon the public highways.

(b) If the licensee is under 18 years of age, the driver supervising the licensee must be a parent or a legal guardian of the licensee or, with the permission of the licensee's parent or legal guardian, a licensed driver 18 years of age or older. Each occupant of a motor vehicle driven by a licensee who is under 18 years of age shall wear a properly adjusted and fastened seatbelt or, if 61-9-420 applies, must be properly restrained in a child safety restraint.

(c) A person holding a learner license for a motorcycle may drive a motorcycle upon a public highway if the person is not carrying a passenger, has immediate possession of the license, and is under the immediate and proximate visual supervision of one of the following persons, who must be at least 18 years of age if the licensee is under 18 years of age:

(i) a motorcycle-endorsed licensed driver who is riding with the licensee and who is operating a separate motorcycle or other motor vehicle; or

(ii) a licensed driver who is operating a separate motor vehicle if the licensee has successfully completed a motorcycle safety training course through a cooperative driver testing program certified under 61-5-110.

(2) The department may issue a learner license, which is valid for 1 year from the date of issuance, to any person who is at least 14½ years of age and who has successfully completed or is successfully participating in a traffic education course approved by the department and the superintendent of public instruction and that is available to all who meet the age requirements specified in 20-7-503 and reside within the geographical boundaries of or attend a school in the school district that offers the course. A learner license entitles the licensee to operate a motor vehicle when accompanied by an approved instructor, a licensed parent or guardian, or other driver as provided in subsection (1)(b) and may be restricted to specific times or areas.

(3) (a) An instructor of a traffic education program approved by the department and by the superintendent of public instruction may issue a traffic education permit that is effective for a school year or more restricted period to an applicant who is enrolled in a traffic education program approved by the department and who meets the age requirements specified in 20-7-503.

(b) When in immediate possession of the traffic education permit, the permittee may operate on a designated highway or within a designated area:

(i) a motor vehicle when an approved instructor is seated beside the permittee; or

(ii) a motorcycle or quadricycle when under the immediate and proximate supervision of an approved instructor.

(4) The department may in its discretion issue a temporary driver's permit to an applicant for a driver's license permitting the applicant to operate a motor vehicle while the department is completing its investigation and determination of all facts relative to the applicant's right to receive a driver's license. The temporary driver's permit must be in the permittee's immediate possession while operating a motor vehicle, and it is invalid when the applicant's license has been issued or for good cause has been refused.

(5) The department may in its discretion issue a temporary commercial driver's license to an applicant permitting the applicant to operate a commercial motor vehicle while the department is completing its investigation and determination of all facts relative to the applicant's right to receive a commercial driver's license. The temporary license must be in the applicant's immediate possession while operating a commercial motor vehicle and is invalid when the applicant's license has been issued or for good cause has been refused.

(6) The department may in its discretion issue a temporary medical assessment and rehabilitation driving permit, as provided in 61-5-120.

61-5-107. Application for license or motorcycle endorsement. (1) Each application for a learner license, driver's license, commercial driver's license, or motorcycle endorsement must be made on a form furnished by the department. Each application must be accompanied by the proper fee, and payment of the fee entitles the applicant to not more than three attempts to pass the examination within a period of 6 months from the date of application. A voter registration form for mail registration as prescribed by the secretary of state must be attached to each driver's license application. If the applicant wishes to register to vote, the department shall accept the registration and forward the form to the election administrator.

(2) Each application must include the full legal name, date of birth, sex, residence address of the applicant [and the applicant's social security number], must include a brief description of the applicant, and must provide the following additional information:

(a) the name of each jurisdiction in which the applicant has previously been licensed to drive any type of motor vehicle during the 10-year period immediately preceding the date of the application;

(b) a certification from the applicant that the applicant is not currently subject to a suspension, revocation, cancellation, disqualification, or withdrawal of a previously issued driver's license or any driving privileges in another jurisdiction and that the applicant does not have a driver's license from another jurisdiction;

(c) a brief description of any physical or mental disability, limitation, or condition that impairs or may impair the applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway;

(d) a brief description of any adaptive equipment or operational restrictions that the applicant relies upon or intends to rely upon to attain the ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway, including the nature of the equipment or restrictions; and

(e) if the applicant is a foreign national whose presence in the United States is temporarily authorized under federal law, the expiration date of the official document issued to the applicant by the bureau of citizenship and immigration services of the department of homeland security authorizing the applicant's presence in the United States.

[(3) The department shall keep the applicant's social security number from this source confidential, except that the number may be used for purposes of subtitle VI of Title 49 of the U.S.C. or as otherwise permitted by state law administered by the department and may be provided to the department of public health and human services for use in administering Title IV-D of the Social Security Act.]

(4) (a) When an application is received from an applicant who is not ineligible for licensure under 61-5-105 and who was previously licensed by another jurisdiction, the department shall request a copy of the applicant's driving record from each jurisdiction in which the applicant was licensed in the preceding 10-year period. The driving record may be transmitted manually or by electronic medium.

(b) When received, the driving records must be appended to the driver's record created and maintained in this state. The department may rely on information contained in driving records received under this section to determine the appropriate action to be taken against the applicant upon subsequent receipt of a report of a conviction or other conduct requiring suspension or revocation of a driver's license under state law.

(5) An individual who is under 26 years of age but at least 15 years of age and who is required to register in compliance with the federal Military Selective Service Act, 50 App. U.S.C. 453, must be provided an opportunity to fulfill those registration requirements in conjunction with an application for a learner license, driver's license, commercial driver's license, or state identification card. If under 18 years of age but at least 15 years of age, an individual must be provided an opportunity to be registered by the selective service system upon attaining 18 years of age. Any registration information supplied on the application must be transmitted by the department to the selective service system. *(Bracketed language terminates on occurrence of contingency—sec. 1, Ch. 27, L. 1999.)*

2017 Amendment: Chapter 323 in (1) and (5) substituted "a learner license" for "an instruction permit"; and made minor changes in style. Amendment effective May 4, 2017.

Contingent Termination — Request for Federal Exemptions: Section 1, Ch. 27, L. 1999, revised sec. 104, Ch. 552, L. 1997, to contain the following contingent termination provisions and order that the department of public health and human services seek federal exemptions: "(1) [Sections 9, 11, 22 through 24, and 95] [37-1-307, 40-1-107, 40-4-105, 40-5-922, 40-5-924, and 61-5-107] and the bracketed language in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116] terminate on the date of the suspension if the federal government suspends federal payments to this state for this state's child support enforcement program and for this state's program relating to temporary assistance to needy families because of this state's failure to enact law as required by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

(2) [Sections 9, 11, 22 through 24, and 95] [37-1-307, 40-1-107, 40-4-105, 40-5-922, 40-5-924, and 61-5-107] and the bracketed language in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906,

40-5-907, 40-5-923, and 40-6-116] terminate on the date that a final decision is rendered in federal court invalidating the child support provisions of the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996.

(3) If the director of the department of public health and human services certifies to the governor and the secretary of state in writing that one of the following provisions is no longer required by federal law because of repeal of or amendment to federal statutes that require that provision, the provision terminates on the date the certification takes effect:

(a) [section 9] [40-5-922];

(b) [section 11] [40-5-924];

(c) [sections 22 through 24] [37-1-307, 40-1-107, and 40-4-105];

(d) [section 95] [61-5-107];

(e) the bracketed provisions in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116].

(4) If the bracketed language in [sections 1 through 3, 10, 25, 45, and 89] [40-4-204, 40-5-226, 40-5-901, 40-5-906, 40-5-907, 40-5-923, and 40-6-116] terminates, the code commissioner is instructed to renumber subsections, adjust internal references, and correct grammar and arrangement." 61-5-108. Application of minors — imputed liability. (1) The application of a person who is under 18 years of age for a learner license, driver's license, or medical assessment and rehabilitation driving permit must be signed and verified before a person authorized to administer oaths or an employee of the department by a parent of the applicant or, if none is available, by some other responsible adult who is willing to assume the obligation imposed under this chapter upon a person signing the application of a minor.

(2) Any negligence or willful misconduct of a minor who is under 18 years of age when driving a motor vehicle upon a highway must be imputed to a person who has signed the application of the minor for a learner license, driver's license, or medical and rehabilitation driving permit. The person who signs the application is jointly and severally liable with the minor for any damages caused by the negligence or willful misconduct unless a motor vehicle liability policy, as provided for in chapter 6 of this title, covering the minor is in effect, in which case there is no imputed liability as described in this section.

61-5-110. Records check of applicants — examination of applicants — cooperative driver testing programs — reciprocal agreement with foreign country. (1) Prior to examining an applicant for a driver's license, the department shall conduct a check of the applicant's driving record by querying the national driver register, established under 49 U.S.C. 30302, and the commercial driver's license information system, established under 49 U.S.C. 31309.

(2) (a) The department shall examine each applicant for a driver's license or motorcycle endorsement, except as otherwise provided in this section. The examination must include a test of the applicant's eyesight, a knowledge test examining the applicant's ability to read and understand highway signs and the applicant's knowledge of the traffic laws of this state, and, except as provided in 61-5-118, a road test or a skills test demonstrating the applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle or motorcycle. The road test or skills test must be performed by the applicant in a motor vehicle that the applicant certifies is representative of the class and type of motor vehicle for which the applicant is seeking a license or endorsement.

(b) The knowledge test, road test, or skills test may be waived by the department:

(i) upon certification of the applicant's successful completion of the test by a certified cooperative driver testing program as provided in subsection (3) or by a certified third-party commercial driver testing program as provided in 61-5-118; or

(ii) in accordance with a driver's license reciprocity agreement between the department and a foreign country.

(c) The skills test may be waived by the department upon the applicant's completion of the requirements of 61-5-123.

(3) The department is authorized to certify as a cooperative driver testing program any state-approved high school traffic education course offered by or in cooperation with a school district that employs an approved instructor who has current endorsement from the superintendent of public instruction as a teacher of traffic education or any motorcycle safety training course approved by the board of regents and that employs an approved instructor of motorcycle safety training and who agrees to:

(a) administer standardized knowledge and road tests or skills tests required by the department to students participating in the district's high school traffic education courses or motorcycle safety training courses approved by the board of regents;

(b) certify the test results to the department; and

(c) comply with regulations of the department, the superintendent of public instruction, and the board of regents.

(4) (a) Except as otherwise provided by law, an applicant who has a valid driver's license issued by another jurisdiction may surrender that license for a Montana license of the same class, type, and endorsement upon payment of the required fees and successful completion of a vision examination. In addition, an applicant surrendering a commercial driver's license issued by another jurisdiction shall successfully complete any examination required by federal regulations before being issued a commercial driver's license by the department.

(b) The department may require an applicant who surrenders a valid driver's license issued by another jurisdiction to submit to a knowledge and road or skills test if:

(i) the applicant has a physical or mental disability, limitation, or condition that impairs, or may impair, the applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway; and

(ii) the surrendered license does not include readily discernible adaptive equipment or operational restrictions appropriate to the applicant's functional abilities; or

(iii) the applicant wants to remove or modify a restriction imposed on the surrendered license.

(c) When a license from another jurisdiction is surrendered, the department shall notify the issuing agency from the other jurisdiction that the applicant has surrendered the license. If the applicant wants to retain the license from another jurisdiction for identification or other nondriving purposes, the department shall place a distinctive mark on the license, indicating that the license may be used for nondriving purposes only, and return the marked license to the applicant.

(5) The department may enter into a reciprocity agreement with a foreign country to provide for the mutual recognition and exchange of a valid driver's license issued by this state or the foreign country if the department determines that the licensing standards of the foreign country are comparable to those of this state. The agreement may not include the reciprocal exchange of a commercial driver's license.

61-5-111. Contents of driver's license, renewal, license expirations, grace period, and fees for licenses, permits, and endorsements — notice of expiration. (1) (a) The department may appoint county treasurers and other qualified officers to act as its agents for the sale of driver's license receipts. The department shall adopt necessary rules governing sales. In areas in which the department provides driver licensing services 3 days or more a week, the department is responsible for sale of receipts and may appoint an agent to sell receipts.

(b) The department may enter into an authorized agent agreement with the county treasurer of any county in which the department no longer maintains a driver examination station for the purpose of providing driver's license renewal services.

(2) (a) The department, upon receipt of payment of the fees specified in this section, shall issue a driver's license to each qualifying applicant. The license must contain:

(i) a full-face photograph of the licensee in the size and form prescribed by the department;

(ii) a distinguishing number issued to the licensee;

(iii) the full legal name, date of birth, Montana residence address unless the licensee requests use of the mailing address, and a brief description of the licensee;

(iv) either the licensee's customary manual signature or a reproduction of the licensee's customary manual signature; and

(v) if the applicant qualifies under subsection (7), indication of the applicant's status as a veteran.

(b) The department may not use the licensee's social security number as the distinguishing number. A license is not valid until it is signed by the licensee.

(3) (a) When a person applies for renewal of a driver's license, the department shall conduct a records check in accordance with 61-5-110(1) to determine the applicant's eligibility status and shall test the applicant's eyesight. The department may also require the applicant to submit to a knowledge and road or skills test if:

(i) the renewal applicant has a physical or mental disability, limitation, or condition that impairs, or may impair, the applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway; and

(ii) the expired or expiring license does not include adaptive equipment or operational restrictions appropriate to the applicant's functional abilities; or

(iii) the applicant wants to remove or modify the restrictions stated on the expired or expiring license.

(b) In the case of a commercial driver's license, the department shall, if the information was not provided in a prior licensing cycle, require the renewal applicant to provide the name of each jurisdiction in which the applicant was previously licensed to drive any type of motor vehicle during the 10-year period immediately preceding the date of the renewal application and may also require that the applicant successfully complete a written examination as required by federal regulations.

(c) A person is considered to have applied for renewal of a Montana driver's license if the application is made within 6 months before or 3 months after the expiration of the person's license. Except as provided in subsection (3)(d), a person seeking to renew a driver's license shall appear in person at a Montana driver's examination station.

(d) (i) Except as provided in subsections (3)(d)(iii) through (3)(d)(vi), a person may renew a driver's license by mail or online.

(ii) An applicant who renews a driver's license by mail or online shall submit to the department an approved vision examination and a medical evaluation from a licensed physician, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102, in addition to the fees required for renewal.

(iii) If the department does not have a digitized photograph and signature record of the renewal applicant from the expiring license, then the renewal applicant shall apply in person.

(iv) Except as provided in subsections (4)(b) and (4)(c), the term of a license renewed by mail or online is 8 years.

(v) The department may not renew a license by mail or online if:

(A) the records check conducted in accordance with 61-5-110(1) shows an ineligible license status for the applicant;

(B) the applicant holds a commercial driver's license with a hazardous materials endorsement, the retention of which requires additional testing and a security threat assessment under 49 CFR, part 1572;

(C) the applicant seeks a change of address or a name change; or

(D) the applicant's license:

(I) has been expired for 3 months or longer; or

(II) except as provided in subsection (3)(e), was renewed by mail or online at the time of the applicant's previous renewal.

(vi) If a license was issued to a foreign national whose presence in the United States is temporarily authorized under federal law, the license may not be renewed by mail or online.

(e) The spouse or a dependent of a renewal applicant who is stationed outside Montana on active military duty may renew the applicant's license by mail or online for one additional consecutive term following a renewal by mail or online.

(f) The department shall mail a driver's license renewal notice no earlier than 90 days and no later than 30 days prior to the expiration date of a driver's license. Except as provided in 61-3-119 and 61-5-115, the department shall mail the notice to the Montana mailing address shown on the driver's license.

(4) (a) Except as provided in subsections (4)(b) through (4)(e), a license expires on the anniversary of the licensee's birthday 8 years or less after the date of issue or on the licensee's 75th birthday, whichever occurs first.

(b) A license issued to a person who is 75 years of age or older expires on the anniversary of the licensee's birthday 4 years or less after the date of issue.

(c) A license issued to a person who is under 21 years of age expires on the licensee's 21st birthday.

(d) (i) Except as provided in subsection (4)(d)(ii), a commercial driver's license expires on the anniversary of the licensee's birthday 5 years or less after the date of issue.

(ii) When a person obtains a Montana commercial driver's license with a hazardous materials endorsement after surrendering a comparable commercial driver's license with a hazardous materials endorsement from another licensing jurisdiction, the license expires on the anniversary of the licensee's birthday 5 years or less after the date of the issue of the surrendered license if, as reported in the commercial driver's license information system, a security threat assessment was performed on the person as a condition of issuance of the surrendered license.

(e) A license issued to a person who is a foreign national whose presence in the United States is temporarily authorized under federal law expires, as determined by the department, no later than the expiration date of the official document issued to the person by the bureau of citizenship and immigration services of the department of homeland security authorizing the person's presence in the United States.

(f) The department may adopt rules to implement online driver's license renewal.

(5) When the department issues a driver's license to a person under 18 years of age, the license must be clearly marked with a notation that conveys the restrictions imposed under 61-5-133.

(6) (a) Upon application for a driver's license or commercial driver's license and any combination of the specified endorsements, the following fees must be paid:

(i) driver's license, except a commercial driver's license — $5 a year or fraction of a year;
(ii) motorcycle endorsement — 50 cents a year or fraction of a year;
(iii) commercial driver's license:
(A) interstate — $10 a year or fraction of a year; or
(B) intrastate — $8.50 a year or fraction of a year.
(b) A renewal notice for either a driver's license or a commercial driver's license is 50 cents.

(7) (a) Upon receiving a request from a person whose status as a veteran has been verified by the department of military affairs pursuant to 10-2-1301 and upon receiving the information and fees required in this part, the department shall include the word "veteran" on the face of the license.

(b) After a person's status as a veteran is denoted on a driver's license, the department may not require further documentation of that status from the holder of the license upon subsequent renewal or replacement.

(1) The department shall adopt rules that it considers necessary for the safety and welfare of the traveling public governing the classification of commercial driver's licenses and related endorsements and the examination of commercial driver's license applicants and renewal applicants. The rules must:

(a) subject to the exceptions provided in this section, comport with the licensing standards and requirements of 49 CFR, part 383, the medical qualifications of 49 CFR, part 391, and the security threat assessment provisions of 49 CFR, part 1572;

(b) allow for the issuance of a type 2 (intrastate only) commercial driver's license in accordance with medical qualification and visual acuity standards prescribed by the department;

(c) allow for the issuance of a type 2 commercial driver's license to a person who is 18 years of age or older;

(d) allow for issuance of a seasonal commercial driver's license based on standards established by the department for the waiver of the knowledge and road or skills test for a qualified person employed in farm-related service industries who has a good driving record and sufficient prior driving experience;

(e) prescribe the operational and seasonal restrictions for a seasonal commercial driver's license;

(f) prescribe the requirements for the medical statement that must be submitted in order for a person to be qualified for a type 2 commercial driver's license;

(g) prescribe the minimum standards for certification of a third-party commercial driver testing program and any test waiver under 61-5-118; and

(h) allow for the issuance of a commercial learner's permit.

(2) The department is authorized to enter into reciprocal agreements with adjacent states that would allow certain drivers of vehicles transporting farm products, farm machinery, or farm supplies within 150 miles of a farm to operate without a commercial driver's license because the vehicles are not considered commercial motor vehicles as provided in 61-1-101(9)(b)(ii).

61-5-113. Restricted licenses. (1) If, upon an applicant's completion of the vision, knowledge, and skills tests required under 61-5-110, 61-5-111, and 61-5-207, the department determines that an applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway depends on the use of adaptive equipment or operational restrictions, then the department shall include the appropriate restrictions on a license issued to the applicant. Once imposed, the restrictions may not be removed unless the department determines that the adaptive equipment or operational restrictions are no longer essential to the licensee's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway.

(2) The department may either issue a special restricted license or may include the restrictions on the usual license form.

(3) The department may upon receiving satisfactory evidence of a violation of the restrictions of a license or endorsement suspend or revoke the license. The licensee is entitled to a hearing as upon suspension or revocation under this chapter.

(4) It is a misdemeanor for a person to operate a motor vehicle in a manner in violation of the restrictions imposed in a restricted license.

61-5-118. Third-party commercial driver testing program — certification of testing programs and examiners — rulemaking — fees — test waiver. (1) The department may contract with and certify the following as a third-party commercial driver testing program to administer the approved commercial driver skills test to a Montana commercial driver's license applicant:

(a) any person, employer of commercial drivers, private driver training facility, or other private company;

(b) a postsecondary institution as defined in 20-26-603;

(c) a department, agency, or instrumentality of a local government of the state; or

(d) a department, agency, or instrumentality of a tribal government of the state.

(2) A certified third-party driver testing program shall administer the same skills test as would otherwise be administered by the department.

(3) The department shall adopt rules governing the certification, operation, and monitoring of third-party testing programs. The rules must:

(a) substantially comply with the licensing standards and requirements in 49 CFR, part 383, and the state compliance standards in 49 CFR, part 384, including:

(i) issuance of a commercial driver's license skills testing certificate to a certified program upon execution of a third-party skills testing agreement;

(ii) requiring that all third-party skills test examiners meet minimum qualifications, including passing background checks paid for by the third-party testing program and successfully completing a formal skills test examiner training course;

(iii) providing examiner test limitations, minimum testing standards, and refresher training requirements; and

(iv) requiring recordkeeping and a detailed audit program that includes overt and covert test monitoring and onsite audits by state and federal personnel;

(b) specifically address the requirements for certifying third-party commercial driver testing programs, including place of business, appropriate bond and liability insurance, and facilities requirements; and

(c) specify minimum technology requirements for recordkeeping, scheduling applicants for the skills test, conducting the skills test, and electronically transferring skills test results to the department.

(4) The department may decertify a third-party commercial driver testing program for failure to comply with the department rules or federal regulations.

(5) The department may collect the following fees:

(a) a fee of $5,000 to certify a third-party commercial driver testing program and a fee of $2,500 for certification renewal;

(b) a fee of $500 to certify each third-party commercial driver examiner and a fee of $100 for certification renewal; and

(c) a fee of $25 for each successfully completed skills test to be paid by the applicant.

(6) (a) A commercial driver's license applicant who is tested under the third-party commercial driver testing program must have passed the knowledge test required by 61-5-110 and complied with commercial driver's license department rules and federal regulations and must possess a valid Montana commercial learner's permit issued under 61-5-112.

(b) The road test or the skills test required by 61-5-110 may be waived by the department for a commercial driver's license applicant upon certification of the applicant's successful completion of the road test or the skills test by:

(i) a third-party commercial driver testing program certified under this section; or

(ii) a third-party commercial driver examiner from a jurisdiction that has a comparable third-party commercial driver testing program, as determined by the department.

2017 Amendment: Chapter 302 in (1) substituted current text concerning who may be certified as third-party commercial driver testing program for former text that read: "(1) The department may certify as a third-party commercial driver testing program any company that:

(a) in the course of its commercial enterprise, customarily transports or hauls any goods, including agricultural commodities, in company-owned class A commercial motor vehicles as prescribed by federal regulations;

(b) regularly and continuously employs a minimum number of drivers. The department shall determine the minimum number of drivers and whether they are regularly and continuously employed by the company.

(c) has a permanent Montana mailing address and maintains a place of business in this state that includes at least one permanent, regularly occupied structure with facilities and equipment to conduct offstreet skills testing;

(d) employs at least one examiner with qualifications required by rules of the department; and

(e) complies with rules adopted by the department under 61-5-112"; inserted (2) requiring administration of same skills test; inserted (3) requiring department to adopt rules governing third-party testing programs; deleted former (3) that read: "(3) An examiner for a certified third-party commercial driver testing program may administer a road test or a skills test only to a company employee who has applied to the department for a commercial driver's license and who has passed the knowledge test required by 61-5-110 and by department or federal rules"; inserted (4) concerning decertification of third-party testing program; inserted (5) concerning collection of fees; inserted (6)(a) concerning requirements for commercial driver's license applicant tested under third-party testing program; and made minor changes in style. Amendment effective October 1, 2017.

61-5-119. Definitions. (1) For the purposes of 61-5-120, "driver rehabilitation specialist" means a person who:

(a) possesses current certification from the association of driver educators for the disabled as a driver rehabilitation specialist; or

(b) (i) provides comprehensive services in the clinical evaluation of the abilities of a person with a disability to safely operate a motor vehicle, utilizing, among other things, wheelchair and seating assessment, motor vehicle modification prescription, and driver education;

(ii) (A) possesses a bachelor's degree in rehabilitation, education, or health and safety, in physical, occupational, or recreational therapy, or in a related profession; or

(B) has an equivalent of 8 years of experience in driver rehabilitation and education; and

(iii) has at least 1 year of experience in the area of driver evaluation and training for individuals with disabilities.

(2) For the purposes of this chapter, unless the context requires otherwise, "cancellation" means that a driver's license is annulled and terminated because of some error or defect or

because the licensee is no longer entitled to the license. Except as provided in 61-5-201(3), the cancellation of a license is without prejudice and application for a new license may be made at any time after cancellation.

61-5-120. Medical assessment and rehabilitation driving permit. (1) Upon the written request of a licensed physician, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102, on a form prescribed by the department, the department may authorize a driver rehabilitation specialist to issue a temporary medical assessment and rehabilitation driving permit to a person who is not licensed to drive or whose license has expired under the provisions of this chapter for the purpose of driver assessment, rehabilitation, and training.

(2) The temporary permit may be issued only to a person who is 16 years of age or older.

(3) The permit is valid for up to 6 weeks, beginning with the date of the first evaluation of the permitholder by the driver rehabilitation specialist. The driver rehabilitation specialist shall sign and date the permit at the time of the first evaluation.

(4) The permit is valid only when the permitholder is operating a motor vehicle under the immediate supervision of the driver rehabilitation specialist during the permitholder's participation in an actual in-vehicle evaluation process.

(5) The department may extend the duration of a medical assessment and rehabilitation permit for an additional 6-week period if the driver rehabilitation specialist, licensed physician, licensed physician assistant, or advanced practice registered nurse certifies that the permitholder needs additional time to complete the driver assessment, rehabilitation, and training process.

61-5-121. Disposition of fees. (1) Except as provided in subsection (3), the disposition of the fees from driver's licenses, motorcycle endorsements, commercial driver's licenses, and replacement driver's licenses provided for in 61-5-114 is as follows:

(a) (i) If the fees are collected by a county treasurer or other agent of the department, the amount of 2.5% of each driver's license fee, 2.5% of each commercial driver's license fee, and 3.75% of each replacement driver's license fee must be deposited into the county general fund.

(ii) If the fees are collected by the department, the amount provided for in subsection (1)(a)(i) must be deposited into the state general fund.

(b) (i) If the fee is collected by a county treasurer or other agent of the department, the amount of 3.34% of each motorcycle endorsement must be deposited into the county general fund.

(ii) If the fee is collected by the department, the amount provided for in subsection (1)(b)(i) must be deposited into the state general fund.

(c) The amount of 20.7% of each driver's license fee, 16.94% of each commercial driver's license fee, and 8.75% of each replacement driver's license fee must be deposited into the state traffic education account.

(d) In addition to the amounts deposited pursuant to subsections (1)(a)(ii) and (1)(b)(ii), the remainder of each driver's license fee, each commercial driver's license fee, and each replacement driver's license fee must be deposited into the state general fund.

(e) The amount of 63.46% of each motorcycle endorsement fee must be deposited into the state motorcycle safety account in the state special revenue fund, and the amount of 33.2% of each motorcycle endorsement fee must be deposited into the state general fund.

(2) (a) If fees from driver's licenses, commercial driver's licenses, motorcycle endorsements, and replacement driver's licenses are collected by a county treasurer or other agent of the department, the county treasurer or agent shall deposit the amounts provided for in subsections (1)(a)(i) and (1)(b)(i) into the county general fund. The county treasurer or agent shall then remit all remaining fees to the state for deposit as provided in subsections (1)(c) through (1)(e).

(b) If fees from driver's licenses, commercial driver's licenses, motorcycle endorsements, and replacement driver's licenses are collected by the department, it shall deposit the fees as provided in subsections (1)(a)(ii), (1)(b)(ii), and (1)(c) through (1)(e).

(3) The fee for a renewal notice, whether collected by a county treasurer, an authorized agent, or the department, must be remitted to the department for deposit in the state general fund.

61-5-122. Low-speed restricted driver's license. (1) The department may issue a low-speed restricted driver's license to a person who is physically or otherwise impaired in a manner and degree that prevent the person from safely operating a motor vehicle across the range of speeds permitted or required on a public highway.

(2) (a) To qualify for a low-speed restricted driver's license, an applicant shall submit to the department a medical evaluation or statement from a treating physician that attests to the person's impairment and resulting inability to safely operate a motor vehicle across the range of speeds permitted or required on a public highway.

(b) The applicant must be otherwise qualified for a driver's license under this chapter and shall apply for a driver's license under 61-5-107, pay the fees required in 61-5-111, and pass the vision test, the knowledge test, and the road test required under 61-5-110. The road test must be modified to conform to the operational limitations of the vehicle.

(3) The department may issue a low-speed restricted learner license, valid for 30 days from the date of issuance, to a person who qualifies for a low-speed restricted driver's license under this section and who passes the vision test and knowledge test required in 61-5-110. A licensee may operate a low-speed electric vehicle or golf cart pursuant to 61-8-378 while in the immediate possession of the license and accompanied by a licensed driver seated beside the licensee.

2017 Amendment: Chapter 323 in (3) in first sentence substituted "learner license" for "instruction permit" and in second sentence substituted "license" for "permit" and in two places substituted "licensee" for "permitholder". Amendment effective May 4, 2017.

61-5-123. Waiver of skills test related to military commercial motor vehicles experience — rulemaking. (1) The department may waive the skills test required for a commercial driver's license if an applicant meets the conditions in subsection (2) and is:

(a) a veteran of the armed forces of the United States who was honorably discharged;

(b) currently serving in the armed forces of the United States;

(c) serving full-time in a reserve component, as defined in 37-1-138; or

(d) honorably discharged from the reserve component after serving full-time in the reserve component.

(2) An applicant shall:

(a) certify that, during the 2-year period immediately prior to application, the applicant:

(i) did not have more than one license except for a military license;

(ii) did not have a license suspended, revoked, or canceled;

(iii) was not convicted of a disqualifying offense as provided in 49 CFR 383.51(b);

(iv) did not have more than one conviction for a serious traffic violation as provided in 49 CFR 383.51(c); and

(v) did not have any conviction for a violation of military, state, or local law relating to motor vehicle traffic control other than a parking violation arising in connection with any traffic accident and has no record of an accident in which the applicant was at fault;

(b) provide evidence and certify that:

(i) the military position in which the applicant served required regular operation over at least a 2-year period immediately prior to either discharge or application, as applicable, of a commercial motor vehicle representative of the class of motor vehicle for which the applicant is seeking a commercial driver's license; and

(ii) the applicant was exempted under 49 CFR 383.3(c) from the requirements of this part when operating a commercial motor vehicle in the military.

(3) The department shall adopt rules necessary for the administration of this section.

61-5-125. Authority of department — rulemaking authority. (1) The department shall administer and enforce the provisions of this chapter.

(2) The department shall adopt rules setting standards to govern driver's license examinations and reexaminations. The rules:

(a) must specifically address the functional abilities and skills required for a person to exercise ordinary and reasonable control in the safe operation of a motor vehicle on a highway;

(b) must include minimum uncorrected or corrected visual acuity requirements for both unrestricted and restricted licensure and may include minimum field of vision and depth perception requirements and hearing requirements for unrestricted and restricted licensure;

(c) may direct the design of one or more types of skills tests to assess an applicant's or licensee's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway. A skills test may consist of:

(i) a comprehensive assessment of a person's functional abilities by means of an actual demonstration of the applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle; or

(ii) a more limited assessment of a person's functional abilities, conducted at the discretion of the department, as related to a specific physical or mental condition or conditions or a request for reexamination;

(d) must include operational restrictions based upon the visual acuity of an applicant or licensee;

(e) may take into consideration any nationally recognized standards or recommended practices for assessment of a person's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway;

(f) must include appropriate licensing criteria relating to the use of adaptive equipment or operational limits that can be readily discerned by law enforcement or a licensing agency in another jurisdiction;

(g) may be derived from medical guidelines and information compiled by driver licensing medical advisory or review boards from other jurisdictions, as well as information received from advocacy groups for persons with disabilities and senior citizens; and

(h) except as provided in 61-5-105, may not use a person's age or physical or mental disability, limitation, or condition as a justification for denial of a license.

(3) The department shall adopt rules governing the issuance of a hardship license to an underage applicant, including but not limited to an applicant who is 14 years of age or older who holds a valid learner license under 61-5-106. The rules must consider whether a hardship license is needed because the applicant's licensed parent or guardian is not available to accompany the licensee due to employment or circumstances related to the operation of a farm or ranch and the licensee is required to drive more than 7 miles from the licensee's residence to the licensee's school bus stop.

(4) The department may adopt additional rules governing:

(a) acceptable methods of proof of identification that must be supplied by a person upon application for or renewal of a driver's license;

(b) the cancellation of a driver's license upon receipt of an insufficient funds check in payment of license fees;

(c) circumstances under which the department may issue a probationary license to a person whose license has been suspended or revoked or a person whose license is subject to a discretionary suspension or revocation;

(d) restrictions to be imposed upon a probationary license;

(e) renewal of a driver's license by a person in the military assigned to active duty who had a valid Montana driver's license at the time of entering active duty;

(f) issuance of a replacement driver's license; and

(g) a determination of the driver's license expiration date, minimum and maximum license terms, and license renewal requirements for a driver's license issued to a person who is a foreign national whose presence in the United States is temporarily authorized under federal law.

61-5-126. Providing information to selective service system. At the request of the director of the selective service system, provided for in 50 App. U.S.C. 460, the department shall provide a list of persons born in specified years who are holders of driver's licenses for the exclusive purpose of ensuring compliance with the military draft registration requirements of the federal Military Selective Service Act (50 App. U.S.C. 451, et seq.). The department shall notify the persons that information regarding them was released to the selective service system. The department may not provide the selective service system with the social security or driver's license numbers of persons on the list for any purpose.

61-5-127. Providing list of licensed drivers and holders of Montana identification cards for jury selection purposes. (1) On the second Monday of April of each year, the department shall submit to the office of court administrator a list, prepared from the department's databases of licensed drivers and holders of Montana identification cards, showing the name, address, and date of birth of all licensed drivers and holders of Montana identification cards, authorized by 61-12-501, who are 18 years of age or older. The list must be compiled on a county-by-county basis and be further divided by the city of residence of the persons named on the list to enable the drawing of lists for city courts that are composed of only those residents living within a city's jurisdiction. The list must be provided for the exclusive purpose of making a list of persons to serve as trial jurors for the ensuing year.

(2) The list submitted by the department under subsection (1) must be certified by the attorney general or the attorney general's designee.

(3) The department may not provide the social security or driver's license numbers of persons on the list for any purpose.

2017 Amendment: Chapter 443 deleted former (1) that read: "(1) The legislature finds that the enactment into law by the U.S. congress of the REAL ID Act of 2005, as part of Public Law 109-13, is inimical to the security and well-being of the people of Montana, will cause unneeded expense and inconvenience to those people, and was adopted by the U.S. congress in violation of the principles of federalism contained in the 10th amendment to the U.S. constitution"; after "The state of Montana" substituted "shall" for "will not", after "REAL ID Act of 2005" inserted "Public Law 109-13", before "to implement the provisions" deleted "not", and at end deleted "and to report to the governor any attempt by agencies or agents of the U.S. department of homeland security to secure the implementation of the REAL ID Act of 2005 through the operations of that division and department"; and made minor changes in style. Amendment effective January 1, 2018, or on occurrence of contingency, and void on occurrence of contingency.

Contingent Voidness: Section 8, Ch. 443, L. 2017, provided: "If the REAL ID Act of 2005, Public Law 109-13, is repealed or if the federal government notifies the state of Montana that compliance with the REAL ID Act is not required, then [this act] is void."

Effective Date — Contingency: Section 9, Ch. 443, L. 2017, provided: "(1) Except as provided in subsection (2), [this act] is effective January 1, 2018.

(2) If before January 1, 2018, the state of Montana receives an extension from compliance with the REAL ID Act of 2005, Public Law 109-13, from the department of homeland security, [this act] is effective January 1, 2019. Notification of the extension must be sent to the Montana department of justice and the code commissioner." On June 21, 2017, the Department of Homeland Security notified the Attorney General that Montana was granted an extension through October 10, 2017, to meet REAL ID requirements.

61-5-129. *(Temporary — effective January 1, 2018, or on occurrence of contingency)* **REAL ID-compliant driver's license or identification card — voluntary application.** (1) The department shall issue a Montana driver's license or identification card that complies with the requirements of the federal REAL ID Act of 2005, Public Law 109-13, to each qualifying applicant.

(2) (a) When required to obtain a Montana driver's license or identification card, a person may choose to apply for either a standard driver's license or identification card, or for a REAL ID-compliant driver's license or REAL ID-compliant identification card.

(b) A person may not hold a valid standard driver's license or identification card and a valid REAL ID-compliant driver's license or identification card at the same time.

(3) (a) A REAL ID-compliant driver's license issued pursuant to this section is subject to the other requirements of obtaining, renewing, and using a standard driver's license issued pursuant to this chapter.

(b) A REAL ID-compliant identification card issued pursuant to this section is subject to the other requirements of obtaining, renewing, and using a standard identification card issued pursuant to Title 61, chapter 12, part 5, and this chapter.

(4) (a) In addition to the fees charged to apply for or renew a standard driver's license under 61-5-111(6) and the fees charged to apply for a standard identification card under 61-12-504, the department may charge the following additional fees:

(i) for a person who is applying for a REAL ID-compliant driver's license or identification card during a renewal period specified in 61-5-111(3)(c), the additional fee is $25;

(ii) for a person who is applying for a REAL ID-compliant driver's license or identification card prior to the renewal period specified in 61-5-111(3)(c), the additional fee is $50; and

(iii) for a person who renews a standard driver's license or a standard identification card under 61-5-111(3)(c) between June 1, 2017, through December 31, 2017, and is applying for a REAL ID-compliant driver's license or identification card between January 1, 2018, and June 30, 2018, the additional fee is $25.

(b) The fees collected under this subsection (4) must be deposited in the state special revenue fund to be used to fund the equipment and staffing necessary to provide REAL ID-compliant driver's licenses and identification cards. *(Void or effective date delayed on occurrence of contingency—secs. 8, 9, Ch. 443, L. 2017.)*

61-5-131. Purpose. The purpose of 61-5-131 through 61-5-135 is to create a graduated driver's licensing program that will allow persons under 18 years of age to progressively develop and improve their driving skills in the safest possible environment and that will improve highway safety by reducing the disproportionately high incidence of motor vehicle accidents involving minors.

History: En. Sec. 1, Ch. 297, L. 2005.

61-5-132. Prerequisites for issuance of driver's license to minor. (1) The department may issue a driver's license, subject to the restrictions of 61-5-133, to a person under 18 years of age if the person:

(a) has held a learner license or traffic education permit for a period of not less than 6 months;

(b) has passed a road test or a skills test, as provided in 61-5-110;

(c) presents written certification from the person's parent or legal guardian that states that the person has had at least 50 hours of driving experience, 10 of which were at night, during which the person was supervised by a parent, a legal guardian, or a person at least 18 years of age, with the consent of the parent or legal guardian, who had a valid driver's license; and

(d) presents written certification from the person's parent or legal guardian that states that, during the 6-month period immediately preceding application for a driver's license, the person has not been convicted of a traffic violation or convicted of or adjudicated for an offense involving the use of alcohol or drugs and the person has no pending traffic, alcohol, or drug citations.

(2) If a parent or a legal guardian for a person under 18 years of age cannot certify that the person has a 6-month conviction-free record for traffic, alcohol, and drug violations and no pending traffic, alcohol, or drug citations, the department may extend the person's learner license for an additional 1-year period or until the person's 18th birthday, whichever occurs first.

(3) (a) The requirements of subsections (1)(a) through (1)(c) do not apply to a person under 18 years of age who has been licensed in another state for at least 6 months and surrenders a valid driver's license from that state.

(b) The requirements of subsection (1)(c) do not apply to a person under 18 years of age who, at the time of application for a driver's license, is an enrollee of a job corps program located in Montana. The department may require the applicant to provide current documentation of the applicant's job corps program enrollment status.

2017 Amendment: Chapter 323 in (1)(a) "substituted "a learner license or traffic education permit" for "an instruction permit or traffic education learner's license"; in (2) near end substituted "learner license" for "instruction permit or traffic education learner's license". Amendment effective May 4, 2017.

61-5-133. First year restrictions on driver's license issued to minor. (1) A driver's license issued to a person who is under 18 years of age is subject to the following restrictions for 1 year from the date of issuance of the license or until the person is 18 years of age, whichever occurs first:

(a) A restricted licensee may not operate a motor vehicle, required by 61-9-409 to be equipped with seatbelts, unless each occupant of the motor vehicle is wearing a seatbelt, as defined in 61-13-102, or is properly restrained, as required under 61-9-420. The number of motor vehicle occupants may not exceed the number of seatbelts with which the motor vehicle is equipped.

(b) A restricted licensee may not operate a motor vehicle between the hours of 11 p.m. and 5 a.m. unless the restricted licensee is:

(i) accompanied by a licensed driver who is 18 years of age or older or, if the restricted licensee is operating a motorcycle, the restricted licensee is under the immediate and proximate visual supervision of a licensed driver who is 18 years of age or older and who is riding with the licensee and is operating a separate motorcycle or other motor vehicle;

(ii) driving to the restricted licensee's place of employment from the restricted licensee's residence, is returning to the restricted licensee's residence from the restricted licensee's place of employment, or is driving in the course and scope of employment;

(iii) driving from the restricted licensee's residence to a school-sponsored event at a school attended by the restricted licensee, including any site for school-provided transportation to and from the event, or is returning from the event or site to the restricted licensee's residence;

(iv) driving from the restricted licensee's residence to an event sponsored by a religious organization or is returning from the event to the restricted licensee's residence;

(v) driving for a purpose related to a medical emergency, fire emergency, or law enforcement-related emergency;

(vi) driving for the sole purpose of transporting farm or ranch products, machinery, or supplies within 150 miles of a farm or ranch headquarters;

(vii) an emancipated minor; or

(viii) driving under a specific authorization for a specific purpose from the restricted licensee's parent or legal guardian. A peace officer may verify the authorization by contacting the parent or legal guardian.

(c) (i) For the first 6 months of the 1-year restriction period, a restricted licensee may not operate a motor vehicle with more than one passenger who is under 18 years of age unless:

(A) the restricted licensee is supervised by a licensed driver who is at least 18 years of age; or

(B) the additional passengers under 18 years of age are members of the restricted licensee's family.

(ii) For the second 6 months of the 1-year restriction period, a restricted licensee may not operate a motor vehicle with more than three passengers who are under 18 years of age unless:

(A) the restricted licensee is supervised by a licensed driver who is at least 18 years of age; or

(B) the additional passengers under 18 years of age are members of the licensee's family.

(iii) For the first 6 months of the 1-year restriction period, a restricted licensee may not operate a motorcycle with a passenger who is under 18 years of age.

(2) For purposes of this section, the term "restricted licensee" includes a person under 18 years of age who holds a motorcycle-only endorsement issued by the department and the term "motor vehicle" includes a motorcycle, except when otherwise noted.

History: En. Sec. 3, Ch. 297, L. 2005.

61-5-134. Operation of motor vehicle by minor in violation of restricted first-year license — penalty. (1) A person whose driver's license is restricted under 61-5-133 may not operate a motor vehicle, including a motorcycle, in violation of a restriction imposed under that section.

(2) A person convicted under this section shall be ordered to perform not less than 20 hours or more than 60 hours of community service.

(3) Upon receipt of a report of a second or subsequent conviction under this section, the department shall suspend the person's driver's license for 6 months. A probationary driver's license may not be issued during the period of suspension.

History: En. Sec. 4, Ch. 297, L. 2005.

61-5-135. Education on distracted driving. (1) The department, in consultation with the superintendent of public instruction, shall encourage schools providing traffic education to include in their traffic education curriculum information regarding the dangers of physical and cognitive distractions while driving.

(2) To reduce the risks for novice drivers, the department shall include in its publications intended for novice drivers information concerning the dangers of physical and cognitive distractions while driving, including but not limited to mental inattentiveness because of stress, fatigue, heightened emotion, conversation with passengers, stereo or climate control adjustment, food and drink, use of electronic devices, and personal grooming.

61-5-136 through 61-5-140 reserved.

61-5-141. Self-certification of operation status — medical certificate submission and tracking — notice of expiration — downgrade of license. (1) The department may not issue or renew a commercial driver's license unless the person applying for the license:

(a) certifies to the department the status of operation or expected operation of the commercial motor vehicle as being either nonexcepted interstate commerce or excepted interstate commerce, as those terms are described in 49 CFR 383.71, or intrastate commerce; and

(b) when nonexcepted interstate commerce is certified, submits to the department a current medical examiner's certificate as prescribed in 49 CFR, part 391, or when intrastate commerce is certified, submits to the department a current medical examiner's certificate as prescribed in 49 CFR, part 391, or a medical statement as prescribed by department rule.

(2) The department may not issue a commercial driver's license to a person seeking to transfer a valid commercial driver's license issued by another state driver licensing authority unless the requirements of subsection (1)(a) are met, and if the driver certifies to nonexcepted interstate commerce operation, the department shall check the person's CDLIS driver record to verify that the person's medical certification status is "certified".

(3) The department shall mail to the holder of a commercial driver's license certified for nonexcepted interstate commerce a notice of pending medical certificate expiration no earlier than 60 days and no later than 30 days prior to the expiration date of the current medical certificate. The department shall mail the notice to the Montana mailing address shown on the commercial driver's license or, if more recent, the mailing address updated pursuant to 61-3-119 and 61-5-115.

(4) On or before the expiration date of the current medical certificate, the holder of a commercial driver's license certified for nonexcepted interstate commerce shall submit a new medical certificate to the department.

(5) If a new medical certificate is not submitted as required in subsection (4), the department shall, within 10 days of expiration of the current medical certificate:

(a) update the CDLIS driver record to a status of "not certified";

(b) downgrade the person's commercial driver's license; and

(c) notify the person of the status change and the license downgrade on the CDLIS driver record.

(6) The department may reinstate a commercial driver's license that was downgraded under subsection (5) if, within the original term of the downgraded license, the person:

(a) submits a current medical certificate to the department;

(b) certifies to a change in operation status to excepted interstate; or

(c) certifies to a change in operation status to intrastate and submits either a current medical examiner's certificate as prescribed in 49 CFR, part 391, or a medical statement as prescribed by department rule.

(7) Within 10 days of issuance, transfer, renewal, downgrade, or upgrade of a commercial driver's license, the department shall update the CDLIS driver record for the license holder in accordance with the requirements of 49 CFR, part 383.

(8) A downgrade or subsequent upgrade of a CDLIS driver record pursuant to this section is an electronic transaction. The department may not require the surrender or replacement of a commercial driver's license under this section unless the license is expired.

(9) Unless the commercial driver's license is expired, the department may not require a license holder to take the knowledge and road or skills tests required under 61-5-110 or 61-5-111 to reinstate the commercial driver's license pursuant to subsection (6) of this section.

61-5-146. Limitations on issuance of hazardous materials endorsement to commercial driver's license — security threat assessment. (1) The department may not issue, transfer, or renew a hazardous materials endorsement for a person who holds a commercial driver's license unless it receives notice from the transportation security administration of the department of homeland security that:

(a) the person does not pose a security threat warranting denial of a hazardous materials endorsement;

(b) the person has been granted a waiver from the transportation security administration; or

(c) less than 4 years have elapsed since a favorable security threat assessment was performed in a former licensing jurisdiction.

(2) In addition to any requirements under this chapter and in accordance with the security threat assessment standards provided in 49 CFR, part 1572, an applicant who is seeking a hazardous materials endorsement shall:

(a) complete a separate application as prescribed by the transportation security administration;

(b) submit, as directed by the department, to a fingerprint-based background check by the transportation security administration; and

(c) pay to the agent of the transportation security administration the fees imposed under 49 CFR, part 1572, for collection and transmission of fingerprints and applicant information, processing of fingerprint identification records, and the security threat assessment and adjudication.

61-5-147. Authority to revoke or remove hazardous materials endorsement. (1) If the transportation security administration of the department of homeland security informs the department that a person does not meet the standards for the security threat assessment provided in 49 CFR, part 1572, the department shall revoke the person's hazardous materials endorsement to a commercial driver's license. Revocation of the hazardous materials endorsement results in immediate withdrawal of the person's authority to transport hazardous material in commerce, but does not otherwise affect the person's commercial driver's license or any unrelated endorsements.

(2) A person whose hazardous materials endorsement has been revoked or removed under this section shall surrender the person's commercial driver's license to the department and apply for a replacement license, as provided in 61-5-114, that does not include the hazardous materials endorsement.

(3) Upon surrender of a hazardous materials endorsement by a person who is disqualified from holding a hazardous materials endorsement under 49 CFR, part 1572, the department shall note the removal of the hazardous materials endorsement on its records and on the commercial driver's license information system.

61-5-201. Authority of department to cancel license. (1) The department may cancel a driver's license if it has reasonable grounds to believe that:

(a) the licensee was not entitled to the issuance;

(b) since the issuance, the licensee has become ineligible as determined pursuant to the provisions of 61-5-105; or

(c) the licensee failed to give the required or correct information in the licensee's application or committed any fraud in making the application.

(2) Upon cancellation, the licensee shall surrender the canceled license to the department.

(3) A person whose driver's license is canceled because the person failed to give the required or correct information on the application or committed any fraud in making the application is disqualified from operating a commercial motor vehicle for a period of 60 days from the date of the cancellation.

(1) The department shall revoke an individual's driver's license or driving privilege if the department receives notice from a court or another licensing jurisdiction that the individual has been convicted of any of the following offenses:

(a) negligent homicide resulting from the operation of a motor vehicle;

(b) any felony in the commission of which a motor vehicle is used;

(c) failure to stop and render aid as required under the laws of this state in the event of a motor vehicle accident resulting in the death or personal injury of another;

(d) perjury or the making of a false affidavit or statement under oath to the department under this chapter or under any other law relating to the ownership or operation of motor vehicles;

(e) fleeing from or eluding a peace officer; or

(f) negligent vehicular assault as defined in 45-5-205 involving a motor vehicle.

(2) The department shall suspend an individual's driver's license or driving privilege if the department receives notice from a court or another licensing jurisdiction that the individual has been convicted of any of the following offenses:

(a) a driving offense under 61-8-401, 61-8-406, or 61-8-411;

(b) three reckless driving offenses committed within a period of 12 months; or

(c) a theft offense under 45-6-301 if the theft consisted of theft of motor vehicle fuel and a motor vehicle was used in the commission of the offense.

(3) A revocation under subsections (1)(a), (1)(b), and (1)(d) through (1)(f) must be for a period of 1 year. A revocation under subsection (1)(c) must be for a period of 2 years if the offender received a felony conviction under 61-7-103.

(4) (a) Except as provided in subsections (4)(b) and (4)(c), a suspension under subsection (2) must be for a period of 1 year.

(b) A suspension under subsection (2)(a) must be for the period set forth in 61-5-208.

(c) A suspension under subsection (2)(c) must be for one of the following periods:

(i) 30 days for a first offense;

(ii) 6 months for a second offense; and

(iii) 1 year for a third or subsequent offense.

61-5-206. Authority of department to suspend or revoke license or driving privilege — right to hearing. (1) The department may suspend or revoke the driver's license or driving privilege of a driver without preliminary hearing upon a showing by its records or other sufficient evidence that the licensee:

(a) has committed or permitted an unlawful or fraudulent use of the license as specified in 61-5-302;

(b) has falsified the licensee's date of birth on the application for a driver's license;

(c) is under 21 years of age and has altered the licensee's or another's driver's license, identification card, or tribal identification card to obtain alcohol; or

(d) has authorized another to use the licensee's driver's license, identification card, or tribal identification card to obtain alcohol.

(2) If the department suspends or revokes a driver's license under 61-5-207 or this section or reinstates a license suspension or revocation upon conviction or forfeiture of bail not vacated

of any traffic violation by a person who holds a probationary driver's license under 61-2-302, the department shall immediately notify the licensee in writing and upon the licensee's request shall afford the licensee an opportunity for a hearing as early as practical, within 20 days after receipt of the request, in the county in which the licensee resides unless the department and the licensee agree that the hearing may be held in some other county. At the hearing, the department through its authorized agent may administer oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books and papers and may require a reexamination of the licensee. At the hearing, the department shall either rescind its order of suspension or revocation or, for good cause, may affirm, reduce, or extend the period of suspension or revocation of the license.

61-5-207. Reexamination or medical evaluation — when required. (1) If the department receives reliable evidence that a licensed driver lacks the ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway, the department may, upon written notice of at least 5 days to the licensee, require the licensee to obtain a medical evaluation from a licensed physician, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102, or submit to one or more tests customarily conducted by the department for licensure under 61-5-110.

(2) Upon the review of a medical evaluation, the conclusion of testing, or both, the department may:

(a) impose restrictions on the license, as provided in 61-5-113, that are appropriate to the licensee's acknowledged or demonstrated functional abilities;

(b) suspend the license indefinitely based upon a licensee's inability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway; or

(c) take no action modifying the license or placing restrictions on the licensee.

(3) The age of a licensee, by itself, does not constitute evidence of a condition requiring a reexamination or a medical evaluation.

(4) A suspension under this section continues in effect until evidence satisfactory to the department establishes that the licensee has regained the ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on a highway.

(5) Refusal or neglect of the licensee to obtain a medical evaluation from a licensed physician, licensed physician assistant, or advanced practice registered nurse or submit to testing as required by the department is grounds for suspension of the person's license.

61-5-208. Period of suspension or revocation — limitation on issuance of probationary license — notation on driver's license. (1) The department may not suspend or revoke a driver's license or privilege to drive a motor vehicle on the public highways, except as permitted by law.

(2) (a) Except as provided in 44-4-1205 and 61-2-302 and except as otherwise provided in this section, a person whose license or privilege to drive a motor vehicle on the public highways has been suspended or revoked may not have the license, endorsement, or privilege renewed or restored until the revocation or suspension period has been completed.

(b) Subject to 61-5-231 and except as provided in subsection (4) of this section:

(i) upon receiving a report of a person's conviction or forfeiture of bail or collateral not vacated for a first offense of violating 61-8-401, 61-8-406, 61-8-411, or 61-8-465, the department shall suspend the driver's license or driving privilege of the person for a period of 6 months;

(ii) upon receiving a report of a person's conviction or forfeiture of bail or collateral not vacated for a second offense of violating 61-8-401, 61-8-406, 61-8-411, or 61-8-465 within the time period specified in 61-8-734, the department shall suspend the driver's license or driving privilege of the person for a period of 1 year and may not issue a probationary license during the period of suspension unless the person completes at least 45 days of the 1-year suspension and the report of conviction includes a recommendation from the court that a probationary driver's license be issued subject to the requirements of 61-8-442. If the 1-year suspension period passes and the person has not completed chemical dependency treatment, as required under 61-8-732, the license suspension remains in effect until treatment is completed.

(iii) upon receiving a report of a person's conviction or forfeiture of bail or collateral not vacated for a third or subsequent offense of violating 61-8-401, 61-8-406, 61-8-411, or 61-8-465 within the time period specified in 61-8-734, the department shall suspend the driver's license or driving privilege of the person for a period of 1 year and may not issue a probationary license during the period of suspension unless the person completes at least 90 days of the 1-year suspension and the report of conviction includes a recommendation from the court that a probationary driver's license be issued subject to the requirements of 61-8-442. If the 1-year suspension period passes and the person has not completed chemical dependency treatment, as required under 61-8-732, the license suspension remains in effect until treatment is completed.

(3) (a) Except as provided in subsection (3)(b), the period of suspension or revocation for a person convicted of any offense that makes mandatory the suspension or revocation of the person's driver's license commences from the date of conviction or forfeiture of bail.

(b) A suspension commences from the last day of the prior suspension or revocation period if the suspension is for a conviction of driving with a suspended or revoked license.

(4) If a person is convicted of a violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465 while operating a commercial motor vehicle, the department shall suspend the person's driver's license as provided in 61-8-802.

(5) (a) A driver's license that is issued after a license revocation to a person described in subsection (5)(b) must be clearly marked with a notation that conveys the term of the person's probation restrictions.

(b) The provisions of subsection (5)(a) apply to a license issued to a person for whom a court has reported a felony conviction under 61-8-731, the judgment for which has as a condition of probation that the person may not operate a motor vehicle unless:

(i) operation is authorized by the person's probation officer; or

(ii) a motor vehicle operated by the person is equipped with an ignition interlock device.

61-5-212. Driving while license suspended or revoked — penalty — second offense of driving without licensing exemption. (1) (a) A person commits the offense of driving a motor vehicle without statutory exemption or during a suspension or revocation period if the person drives:

(i) a motor vehicle on any public highway of this state at a time when the person's privilege to drive or apply for and be issued a driver's license is suspended or revoked in this state or any other state unless the person has obtained a restricted-use driving permit under 61-5-232;

(ii) a commercial motor vehicle while the person's commercial driver's license is revoked, suspended, or canceled in this state or any other state or the person is disqualified from operating a commercial motor vehicle or from obtaining a commercial driver's license; or

(iii) a motor vehicle on any public highway of this state without proof of a statutory exemption, as provided in 61-5-104.

(b) (i) A person convicted of the offense of driving a motor vehicle without proof of a statutory exemption for the second time shall be punished by imprisonment for not less than 2 days or more than 6 months and may be fined not more than $500.

(ii) Except as provided in subsection (1)(b)(iii), a person convicted of the offense of driving during a suspension or revocation period shall be fined an amount not to exceed $500 or be imprisoned for a term of not more than 6 months, or both.

(iii) If the reason for the suspension or revocation was that the person was convicted of a violation of 61-8-401, 61-8-406, or 61-8-411 or a similar offense under the laws of any other state or the suspension was under 61-8-402 or 61-8-409 or a similar law of any other state for refusal to take a test for alcohol or drugs requested by a peace officer who believed that the person might be driving under the influence, the person shall be imprisoned for a term of not less than 2 days or more than 6 months or be fined an amount not to exceed $2,000, or both, and in addition, the court may order the person to perform up to 40 hours of community service.

(2) (a) Upon receiving a record of the conviction of any person under this section upon a charge of driving a noncommercial vehicle while the person's driver's license, privilege to drive, or privilege to apply for and be issued a driver's license was suspended or revoked, the department shall extend the period of suspension or revocation for an additional 1-year period.

(b) Upon receiving a record of the conviction of any person under this section upon a charge of driving a commercial motor vehicle while the person's commercial driver's license was revoked, suspended, or canceled or the person was disqualified from operating a commercial motor vehicle under federal regulations, the department shall suspend the person's commercial driver's license in accordance with 61-8-802.

Compiler's Comments

2017 Amendment: Chapter 321 in (1)(a) in first sentence near beginning after "driving a motor vehicle" deleted "without a valid license or"; in (1)(a)(iii) after "public highway of this state" deleted "without possessing a valid driver's license, as provided in 61-5-102, or"; deleted former (1)(b)(i) that read: "(i) Except as provided in subsection (1)(b)(ii), a person convicted of the offense of driving a motor vehicle without a valid driver's license or without proof of a statutory exemption for the second time or driving during a suspension or revocation period shall be punished by imprisonment for not less than 2 days or more than 6 months and may be fined not more than $500"; inserted (1)(b)(i) and (1)(b)(ii) concerning second conviction without proof of a statutory exemption and conviction during a suspension or revocation period; deleted former (3), (4), (5), and (6) that read: "(3) The vehicle owned and operated at the time of an offense under this section by a person whose driver's license is suspended for violating the provisions of 61-8-401, 61-8-402, 61-8-406, 61-8-409, 61-8-410, or 61-8-411 must, upon a person's first conviction, be seized or rendered inoperable by the county sheriff of the convicted person's county of residence for a period of 30 days.

(4) The sentencing court shall order the action provided for under subsection (3) and shall specify the date on which the vehicle is to be returned or again rendered operable. The vehicle must be seized or rendered inoperable by the sheriff within 10 days after the conviction.

(5) A convicted person is responsible for all costs associated with actions taken under subsection (3). Joint ownership of the vehicle with another person does not prohibit the actions required by subsection (3) unless the sentencing court determines that those actions would constitute an extreme hardship on a joint owner who is determined to be without fault.

(6) A court may not suspend or defer imposition of penalties provided by this section"; and made minor changes in style. Amendment effective July 1, 2017.

The amendments made to this section by sec. 1, Ch. 415, L. 2017, were rendered void by sec. 2, Ch. 415, L. 2017, a coordination section.

Applicability: Section 44, Ch. 321, L. 2017, provided: "[This act] applies to offenses committed after June 30, 2017."

For the purposes of parts 1 through 3 of this chapter, part 8 of chapter 8, chapter 11, and as it relates to any state or local law regulating the operation of a motor vehicle on highways or mandating the revocation or suspension of a driver's license or driving privilege, the term "conviction" means:

(1) a plea of guilty or nolo contendere accepted by the court;

(2) an adjudication of guilt that has not been vacated by the appropriate court;

(3) a determination that a person has violated or failed to comply with the law in a court of original jurisdiction or by an authorized administrative tribunal;

(4) a forfeiture of bail or collateral deposited to secure the person's appearance in court that has not been vacated;

(5) the payment of a fine or court cost, regardless of whether it is suspended or rebated; or

(6) the violation of a condition of release without bail, regardless of whether the condition is imposed as part of probation.

61-5-214. Mandatory suspension for failure to appear or comply with criminal sentence — administrative fee — notice. (1) The department shall suspend the driver's license or driving privilege of a person upon receipt of a report from the court, certified under penalty of law and in a form prescribed by the department, that the person:

(a) failed to appear upon an issued complaint, summons, or court order after being charged with a misdemeanor violation under Title 45 or Title 61, chapters 3 through 10, or after posting a driver's license in lieu of bail as provided in 46-9-401(1)(e); or

(b) failed to comply with a sentence imposed pursuant to 46-18-201, including but not limited to the payment of a fine, costs, or restitution as provided in 46-18-201(6).

(2) The suspension continues in effect until the court notifies the department that:

(a) the person has either appeared in court or complied with the sentence imposed pursuant to 46-18-201, including the payment of any assessed fines, costs, or restitution; and

(b) the person has paid the court an administrative fee of $25 if the court was holding the offender's driver's license in lieu of bail under 44-1-1102, 46-9-302, or 46-9-401.

(3) (a) Before a report is submitted under this section, a person must be given written notice that the failure to appear on a criminal charge or comply with a criminal sentence may result in the suspension of the person's driver's license or driving privilege. Initial notice of the possibility of a license suspension must either be included on the summons or complaint and notice to appear form given to the person when charges are initially filed or be contained in a court order, either hand-delivered to the person while in court or sent by certified mail, postage prepaid, to the most current address for that person received by or on record with the court.

(b) The initial notice must be followed by a written warning from the court, sent by first-class mail, advising the person that a license suspension is imminent unless, by a specified date, the failure to appear or comply is remedied or the person appears before the court to contest the impending license suspension.

(4) The court shall deposit any administrative fee received under subsection (2)(b) in the appropriate county or city general fund.

61-5-218. License reinstatement fee following license suspension or revocation. (1) Except as provided in subsection (2), a person whose driver's license, other than a commercial driver's license, or driving privilege has been suspended or revoked shall pay a reinstatement fee of $100 to the department to have the driver's license or driving privilege reinstated.

(2) (a) A person whose driver's license or driving privilege was suspended or revoked under 61-5-205 or 61-8-402 shall pay a reinstatement fee as required by 61-2-107.

(b) A driver's license or driving privilege that was suspended or revoked under 61-5-207 must be reinstated without payment of a reinstatement fee.

(c) The reinstatement fee required under subsection (1) must be waived by the department when a court notifies the department that the person has satisfied the requirements of 61-5-214(2) and the court has determined that the person is indigent under the standards set forth in 47-1-111.

(3) The department shall deposit the fees collected under subsection (1) in the general fund.

61-5-219. Discount on license reinstatement fee — completion of driver rehabilitation program. (1) A person who submits a certificate of completion from a department-approved driver rehabilitation program must receive a 50% reduction on the license reinstatement fee due under 61-2-107 or 61-5-218.

(2) For purposes of this section, a driver rehabilitation program may be approved by the department if the program provider annually certifies to the department that the provider's program:

(a) provides a participant with a minimum of 4 hours of instruction on Montana driving laws, the importance of positive driving attitudes and habits, defensive driving techniques, and the responsible use of drugs and alcohol;

(b) includes preinstruction and postinstruction testing of each participant;

(c) provides a certificate of completion to each person who successfully completes the program; and

(d) reports to the department, in a timely manner, the name, date of birth, and driver's license number of each person to whom the provider has issued a certificate of completion.

61-5-231. Authorization of probationary license by DUI court — definition. (1) If a person convicted of a second or subsequent misdemeanor offense of driving under the influence of alcohol or drugs under 61-8-401 or 61-8-411, driving with excessive alcohol concentration under 61-8-406, or aggravated driving under the influence under 61-8-465 is participating in a DUI court, the court may, in the court's discretion, authorize a probationary driver's license for the participant subject to 61-8-442 and any other conditions imposed within the scope of the court's authority.

(2) If the participant fails to comply with the court's conditions, the court may revoke the probationary driver's license and impose a driver's license suspension for the time period established pursuant to 61-5-208 commencing from the date of the court's revocation of the probationary license.

(3) For purposes of this section, "DUI court" means any court that has established a special docket for handling cases involving persons charged with violations under 61-8-401, 61-8-406,

61-8-411, or 61-8-465 and that implements a program of incentives and sanctions intended to assist a participant in completing treatment ordered pursuant to 61-8-732 and ending the participant's criminal behavior associated with driving under the influence of alcohol or drugs or with excessive alcohol concentration.

61-5-232. Restricted-use driving permit — conditions — definitions. (1) A person who, pursuant to 61-5-105(2), may not be issued a driver's license due to an ineligible status reported by another state to the national driver register may petition the district court of the county in which the person resides for a restricted-use driving permit for use only within the state of Montana if:

(a) the person has maintained continuous residence in Montana for at least 5 years and is not otherwise ineligible for a license under 61-5-105;

(b) the person submits a certified driving record from the licensing agency of each state that has reported the person's status as ineligible to the national driver register that shows that at least 5 years have elapsed from the effective date of the most recent withdrawal of the person's driver's license or driving privileges by the other state or states;

(c) for the 5-year period immediately preceding application for a restricted-use driving permit, the person has not been convicted in any jurisdiction of a felony or misdemeanor offense;

(d) the person certifies that no traffic citations or alcohol-related or drug-related criminal charges are currently pending against the person;

(e) the person certifies that a good faith effort was made to resolve the person's ineligible status through the licensing agency of each state or states that reported the person's status as ineligible to the national driver register, including the payment of any pending fees or fines; and

(f) the person provides any other information required by department rule.

(2) The department may adopt rules to determine the process for issuance, withdrawal, and monitoring of a restricted-use driving permit. The department may issue a restricted-use driving permit only to a person who satisfies all of the requirements of this section as determined by a district court pursuant to subsection (1). A person who is issued a restricted-use driving permit may use it only for an essential driving purpose as defined by the department.

(3) For purposes of this section, the following definitions apply:

(a) "Most recent withdrawal" means the suspension, revocation, or denial of a driver's license or driving privilege underlying a current ineligible status report made by another state's licensing agency to the national driver register.

(b) "National driver register" means the registry established under 49 U.S.C. 30302.

(c) "Restricted-use driving permit" means a paper document authorizing a person to drive within this state for essential driving purposes only and that is issued by the department to a person whose status on the national driver register is reported as ineligible to operate a motor vehicle other than a commercial motor vehicle.

61-5-301. Indication on driver's license or identification card of intent to make anatomical gift or of living will declaration. (1) An application furnished by the department for the issuance or renewal of a driver's license under this chapter or for the issuance of an identification card under Title 61, chapter 12, part 5, must include spaces for indicating when the licensee has:

(a) executed a document under 72-17-201 of intent to make a gift of all or part of the driver's body under the Uniform Anatomical Gift Act; or

(b) executed a declaration under 50-9-103 relating to the use of life-sustaining treatment.

(2) The department shall provide each applicant, when applying for or renewing a driver's license or when applying for an identification card, printed information calling the applicant's attention to the provisions of this section. Each applicant must be asked orally if the applicant

wishes to make an anatomical gift and if the applicant has executed the declaration under 50-9-103 relating to the use of life-sustaining treatment.

(3) Each applicant must be given an opportunity to indicate in the spaces provided under subsection (1) the applicant's intent to make an anatomical gift or that the applicant has executed the declaration under 50-9-103 relating to the use of life-sustaining treatment.

(4) The department shall issue to each applicant who indicates an intent to make an anatomical gift a statement that, when signed by the licensee in the manner prescribed in 72-17-201, constitutes a document of anatomical gift. If an applicant signs a statement under this subsection, a symbol indicating that the donor has made an anatomical gift must be imprinted on the face of the donor's driver's license or identification card.

(5) The department shall electronically transfer the information of all persons who volunteer, upon application for a driver's license or an identification card, to donate organs or tissue to the organ and tissue donation registry created in 72-17-105 and 72-17-106 and any subsequent changes to the applicant's donor status.

61-5-302. Unlawful use of license or identification card. It is a misdemeanor for a person to:

(1) display or cause or permit to be displayed or have in the person's possession a canceled, revoked, suspended, fictitious, or altered driver's license, identification card, or tribal identification card;

(2) lend the person's driver's license, identification card, or tribal identification card to any other person or knowingly permit its use by another;

(3) display or represent as one's own any driver's license, identification card, or tribal identification card not issued to the person;

(4) fail or refuse to surrender to the department upon its lawful demand a driver's license or identification card that has been suspended, revoked, or canceled;

(5) use a false or fictitious name in an application for a driver's license or identification card or knowingly make a false statement or knowingly conceal a material fact or otherwise commit a fraud in an application; or

(6) permit any unlawful use of a driver's license, identification card, or tribal identification card issued to the person.

Article I. Findings and Declaration of Policy

(1) The party states find that:

(a) the safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles;

(b) violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property;

(c) the continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles in whichever jurisdiction the vehicle is operated.

(2) It is the policy of each of the party states to:

(a) promote compliance with the laws, ordinances, and administrative rules relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles;

(b) make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the overall compliance with motor vehicle laws, ordinances, and administrative rules as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

Article II. Definitions

As used in this compact:

(1) "state" means a state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico;

(2) "home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle;

(3) "conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance, or administrative rule, or a forfeiture of bail, bond, or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

Article III. Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code, or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered or the conviction was a result of the forfeiture of bail, bond, or other security; and include any special findings made in connection therewith.

Article IV. Effect of Conviction

(1) The licensing authority in the home state, for the purposes of suspension, revocation, or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(a) manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(b) driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(c) any felony in the commission of which a motor vehicle is used;

(d) failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(2) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the conduct as is provided by the laws of the home state.

(3) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (1) of this article, such party state shall construe the denominations and descriptions appearing in subdivision (1) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

Article V. Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) the applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated;

(2) the applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of 1 year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) the applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

Article VI. Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

Article VII. Compact Administrator and Interchange of Information

(1) The head of the licensing authority of each party state shall be the administrator of this compact for the administrator's state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(2) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

Article VIII. Entry Into Force and Withdrawal

(1) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(2) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 6 months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

Article IX. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

61-5-405. Offenses furnishing ground for suspension or revocation of license — return to licensing jurisdiction of abstracts of court records and reports of conviction. (1) Items enumerated in Article IV(1), subsections (a), (b), (c), and (d), of 61-5-401 refer specifically to 45-5-103, 45-5-104, 61-8-401, the definition of felony as provided in 45-2-101, and 61-7-105, respectively.

(2) In addition to convictions mentioned in subsection (1), the department, for the purpose of suspension, revocation, or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported as it would if the conduct had occurred in this state for:

(a) convictions of perjury or the making of a false affidavit relating to the ownership or operation of a motor vehicle (61-5-303);

(b) three convictions of reckless driving committed within a period of 12 months (61-8-301); or

(c) convictions of careless driving resulting in death or reckless driving resulting in death.

(3) Court abstracts or reports of conviction received by the department that name an individual licensed in another jurisdiction must be forwarded to the jurisdiction of licensure. The department may not take action against the driver's license or driving privilege of the individual as may be required elsewhere in this title.

61-6-101. Short title. This part may be cited as the "Motor Vehicle Insurance Responsibility and Verification Act".

History: En. Sec. 41, Ch. 204, L. 1951; R.C.M. 1947, 53-457; amd. Sec. 20, Ch. 413, L. 2009.

61-6-102. Definitions. As used in this part, unless the context clearly indicates a different meaning, the following definitions apply:

(1) "Commercial automobile insurance coverage" means any coverage provided to an insured, regardless of number of vehicles or entities covered, under a commercial, garage, or truckers coverage form and rated from a commercial manual or rating rule. Vehicle type and ownership are not the primary factors in underwriting the coverage or rating the coverage. The rating may be subject to individual risk characteristics, including but not limited to experience rating, schedule rating, loss rating, or deductible rating.

(2) "Insurer" means an authorized insurer, as defined in 33-1-201, who issues or renews a motor vehicle liability policy.

(3) "Judgment" means any judgment that has become final by expiration without appeal of the time within which an appeal might have been perfected or by final affirmation on appeal rendered by a court of competent jurisdiction of any state or of the United States upon a cause of action arising out of the ownership, maintenance, or use of any motor vehicle, for damages, including damages for care and loss of services, because of bodily injury to or death of any person or for damages because of injury to or destruction of property, including the loss of use of property, or upon a cause of action on an agreement of settlement for damages.

(4) "License" means a driver's license as defined in 61-1-101.

(5) "Low-volume insurer" means an insurer that provides motor vehicle liability policies for fewer than 500 vehicles in this state.

(6) (a) "Motor vehicle liability policy" means a policy of insurance issued or renewed by an insurer to a person who owns or operates a motor vehicle that meets or exceeds the minimum coverage limits under 61-6-103, including a policy certified as provided in 61-6-133 as proof of financial responsibility.

(b) A certificate filed for a nonresident as proof of financial responsibility under 61-6-134 must be treated as a motor vehicle liability policy under this part.

(7) "Nonresident's operating privilege" means the privilege conferred upon a nonresident by the laws of this state pertaining to the operation by the nonresident of a motor vehicle or the use of a motor vehicle owned by the nonresident in this state.

(8) "Person" means every natural person, firm, partnership, association, or corporation.

(9) "Proof of financial responsibility" means proof of ability to respond in damages for liability on account of accidents occurring subsequent to the effective date of the proof of financial responsibility, arising out of the ownership, maintenance, or use of a motor vehicle.

(10) "State" means any state, territory, or possession of the United States, the District of Columbia, or any province of the Dominion of Canada.

(11) "Suspension" means the withdrawal, by action of the department, of a motor vehicle's registration, as defined in 61-1-101, for a period of time prescribed by department rule.

(12) "System" means the online motor vehicle liability insurance verification system created in 61-6-157.

History: En. Sec. 1, Ch. 204, L. 1951; amd. Sec. 1, Ch. 30, L. 1967; R.C.M. 1947, 53-418(part); amd. Sec. 60, Ch. 421, L. 1979; amd. Sec. 1, Ch. 212, L. 1985; amd. Sec. 193, Ch. 542, L. 2005; amd. Sec. 21, Ch. 413, L. 2009.

61-6-103. Motor vehicle liability policy minimum limits — other requirements. (1) A motor vehicle liability policy must:

(a) designate by explicit description or by appropriate reference all motor vehicles with respect to the coverage to be granted; and

(b) insure the person named in the policy and any other person, as insured, using any motor vehicle or motor vehicles with the express or implied permission of the named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of the motor vehicle or motor vehicles within the United States of America or Canada, subject to limits exclusive of interest and costs, with respect to each motor vehicle, as follows:

(i) $25,000 because of bodily injury to or death of one person in any one accident and subject to the limit for one person;

(ii) $50,000 because of bodily injury to or death of two or more persons in any one accident; and

(iii) $20,000 because of injury to or destruction of property of others in any one accident.

(2) An operator's policy of liability insurance must insure the person named as insured in the policy against loss from the liability imposed upon the operator by law for damages arising out of the use by the operator of any motor vehicle not owned by the operator, within the same territorial limits and subject to the same limits of liability that are set forth in subsection (1) with respect to the operator's policy of liability insurance.

(3) A motor vehicle liability policy must state the name and address of the named insured, the coverage afforded by the policy, the premium charged for the policy, the policy period, and the limits of liability and contain an agreement or be endorsed that insurance is provided under the policy in accordance with the coverage defined in this part with respect to bodily injury and death or property damage, or both, and is subject to all the provisions of this part.

(4) A motor vehicle liability policy need not insure any liability under any workers' compensation law or any liability on account of bodily injury to or death of an employee of the insured while engaged in the employment, other than domestic, of the insured or while engaged in the operation, maintenance, or repair of a motor vehicle or any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

(5) A motor vehicle liability policy is subject to the following provisions, which need not be contained in the policy:

(a) The liability of the insurance carrier with respect to the insurance required by this part becomes absolute whenever injury or damage covered by the motor vehicle liability policy occurs. The policy may not be canceled or annulled as to the liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage. A statement made by the insured or on behalf of the insured and a violation of the policy may not defeat or void the policy.

(b) The satisfaction by the insured of a judgment for the injury or damage may not be a condition precedent to the right or duty of the insurance carrier to make payment on account of the injury or damage.

(c) The insurance carrier has the right to settle any claim covered by the policy, and if the settlement is made in good faith, the amount is deductible from the limits of liability specified in subsection (1)(b).

(d) The policy, the written application for the policy, if any, and any rider or endorsement that does not conflict with the provisions of this part constitute the entire contract between the parties.

(6) A motor vehicle policy is not subject to cancellation, termination, nonrenewal, or premium increase due to injury or damage incurred by the insured or operator unless the insured or operator is found to have violated a traffic law or ordinance of the state or a city, is found negligent or contributorily negligent in a court of law or by the arbitration proceedings contained in chapter 5 of Title 27, or pays damages to another party, whether by settlement or otherwise. A premium may not be increased during the term of the policy unless there is a change in exposure.

(7) Any policy that grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and the excess or additional coverage is not subject to the provisions of this part. With respect to a policy that grants the excess or additional coverage, the term "motor vehicle liability policy" applies only to that part of the coverage required by this section.

(8) A motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this part.

(9) A motor vehicle liability policy may provide for the prorating of the insurance under the policy with other valid and collectible insurance.

(10) The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carriers, which policies together meet the requirements.

(11) Any binder issued pending the issuance of a motor vehicle liability policy fulfills the requirements for the policy.

(12) A reduced limits endorsement may not be issued by a company to be attached to a policy issued in compliance with this section.

61-6-105. Department to administer law and make rules. (1) The department shall administer and enforce the provisions of this part and may make rules necessary for the administration of the system.

(2) The rules must:

(a) establish standards and procedures for accessing the system by authorized personnel of the department, the courts, law enforcement personnel, and any other entities authorized by the department that are consistent with specifications and standards of the insurance industry committee on motor vehicle administration and other applicable industry standards;

(b) determine a schedule for the implementation of the system, subject to the testing requirements in 61-6-157;

(c) provide for the suspension of a vehicle's registration when:

(i) a person fails to respond to a written inquiry from the department or its designee concerning the insurance status of a vehicle;

(ii) a person misrepresents or provides false information to the department or its designee regarding the operational status or use of a vehicle for which liability insurance is mandatory;

(iii) the department has reason to believe that a vehicle owner is not complying with the mandatory liability insurance requirements of 61-6-301; or

(iv) the department receives a report from a court that a person has been convicted of a violation of 61-6-301 or 61-6-302 and the surrender of the vehicle registration receipt and license plates under 61-6-304 has been ordered;

(d) prohibit the reinstatement of a vehicle's registration and the new registration of a vehicle unless the applicable reinstatement fees have been paid;

(e) set a fee for the reinstatement of a vehicle's registration following a suspension imposed by the department. The fee may not exceed $100 and is in addition to any other fine or penalty prescribed by the law.

(f) provide for periodic insurance data file transfers from insurers under specifications and standards set forth in 61-6-157 to identify vehicles that are not covered by an insurance policy and to monitor ongoing compliance with mandatory vehicle liability insurance requirements;

(g) provide for random checks to identify vehicles that are not covered by an insurance policy or specific checks to determine whether a vehicle that has previously been shown as uninsured is now insured; and

(h) provide for a hearing for a person aggrieved by a suspension order issued by the department under the provisions of this part.

(3) The department may adopt additional rules to:

(a) assist authorized users in interpreting responses received from the system and determining the appropriate action to be taken as a result of a response; and

(b) otherwise clarify system operations and business rules.

(1) The department, upon the receipt of a certified copy of a judgment, shall suspend the license and any nonresident's operating privilege of any person against whom a judgment was rendered, except as provided in this section and in 61-6-125.

(2) If the judgment creditor consents in writing, in a form that the department prescribes, that the judgment debtor be allowed a license or a nonresident's operating privilege, the department may, in its discretion, allow the debtor a license or nonresident's operating privilege from the date of consent. The debtor's license or nonresident's operating privilege continues until the judgment creditor's consent is revoked in writing notwithstanding default in the payment of the judgment, or of any installments prescribed in 61-6-125, provided the judgment debtor furnishes proof of compliance with 61-6-301.

61-6-125. Installment payment of judgments — default. (1) A judgment debtor upon due notice to the judgment creditor may apply to the court in which the judgment was rendered for the privilege of paying the judgment in installments. The court, in its discretion and without prejudice to any other legal remedies that the judgment creditor may have, may order payment in installments and fix the amounts and times of the payments.

(2) The department may not suspend a license or a nonresident's operating privilege and shall restore any license or nonresident's operating privilege suspended following nonpayment of a judgment, when the judgment debtor gives proof of compliance with 61-6-301 and obtains an order permitting the payment of the judgment in installments, and while the payment of any installment is not in default.

(3) If the judgment debtor fails to pay any installment as specified by a court order, then the department shall, upon notice of the default, suspend the license or nonresident's operating privilege of the judgment debtor until the judgment is satisfied, as provided in this part.

61-6-132. Alternate methods of giving proof. (1) Proof of financial responsibility when required under this part with respect to a motor vehicle or with respect to a person who is not the owner of a motor vehicle may be given by filing:

(a) a certificate of insurance as provided in 61-6-133 or 61-6-134;
(b) a bond as provided in 61-6-137;
(c) a certificate or deposit of money or securities as provided in 61-6-138; or
(d) a certificate of self-insurance, as provided in 61-6-143, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, the self-insurer will pay the same judgments and in the same amounts that an insurer would have been obligated to pay under an owner's motor vehicle liability policy if it had issued a policy to the self-insurer.

(2) A motor vehicle may not be or continue to be registered in the name of any person required to file proof of financial responsibility unless the proof is furnished for the motor vehicle.

(1) The nonresident owner of a motor vehicle not registered in this state may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the motor vehicle or motor vehicles described in such certificate is registered, or if such nonresident does not own a motor vehicle, then in the state in which the insured resides, provided such certificate otherwise conforms to the provisions of this part, and the department shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

(a) Said insurance carrier shall execute a power of attorney authorizing the department to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state.

(b) Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued herein.

(2) If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertaking or agreements, the department shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues.

(1) This part does not apply to or affect policies of automobile insurance against liability that are required by any other law of this state, and those policies, if they contain an agreement or are endorsed to conform to the requirements of this part, may be certified as proof of financial responsibility under this part.

(2) This part does not apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on the insured's behalf of motor vehicles not owned by the insured.

History: **En. Sec. 23, Ch. 204, L. 1951; R.C.M. 1947, 53-440; amd. Sec. 1952, Ch. 56, L. 2009.**

61-6-137. Bond as proof of responsibility. (1) Proof of financial responsibility may be furnished by filing with the department the bond of a surety company authorized to transact business in the state or a bond with at least two individual sureties each owning real estate within this state and together having equities equal in value to at least twice the amount of the bond. The real estate must be scheduled in the bond approved by a judge of a court of record. The bond must be conditioned for payments in amounts and under the same circumstances that would be required in a motor vehicle liability policy and may not be cancelable except after 10 days' written notice to the department. Upon the filing of notice to this effect by the department in the office of the county clerk and recorder of the county in which the real estate is located, the bond constitutes a lien in favor of the state upon the scheduled real estate of any surety. The lien exists in favor of any holder of a judgment against the person who has filed the bond.

(2) The person in whose favor the lien exists may, for the person's own use and benefit and at the person's sole expense, bring an action or actions in the name of the state against the company or persons executing the bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of any person who has executed the bond. The provisions of the Montana Rules of Civil Procedure, except to the extent that they are inconsistent with the provisions of this part, are applicable to and constitute the rules of practice in the foreclosure actions or proceedings. The provisions of the Montana Rules of Civil Procedure relative to new trials and appeals, except to the extent that they are inconsistent with the provisions of this part, apply to the actions or proceedings.

The state treasurer may not accept any deposit and issue a certificate and the department may not accept the certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides.

(2) The deposit must be held by the state treasurer to satisfy, in accordance with the provisions of this part, any execution on a judgment issued against the person making the deposit for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use of property, resulting from the ownership, maintenance, use, or operation of a motor vehicle after the deposit was made. Money or securities deposited may not be subject to attachment or execution unless the attachment or execution arises out of a suit for damages as described in this subsection.

61-6-142. Duration of proof — when money or securities may be canceled or returned. (1) The department shall direct and the state treasurer shall return to the person entitled any money or securities deposited pursuant to this part as proof of financial responsibility, or the department shall waive the requirement of filing proof under this part, in any of the following events:

(a) at any time after 3 years from the date the proof was required when during the 3-year period preceding the request the department has not received record of a conviction or a forfeiture of bail that would require or permit the suspension or revocation of the license or nonresident's operating privilege of the person by or for whom the proof was furnished;

(b) in the event of the death of the person on whose behalf the proof was filed or the permanent incapacity of the person to operate a motor vehicle; or

(c) in the event the person who has given proof surrenders the person's license to the department.

(2) However, the department may not consent to the return of any money or securities if any action for damages upon a liability covered by the proof is then pending or any judgment upon any liability is then unsatisfied or if the person who has deposited the money or securities has, within 1 year immediately preceding the request, been involved as an operator or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of the facts or that the applicant has been released from all liability or has been finally adjudicated not to be liable for the injury or damage is sufficient evidence in the absence of evidence to the contrary in the records of the department.

(3) Whenever any person whose proof has been canceled or returned under subsection (1)(c) applies for a license within a period of 3 years from the date proof was originally required, the application must be refused unless the applicant complies with the insurance or bond requirements under 61-6-301 and 61-6-302.

61-6-143. Self-insurers. (1) Any person in whose name more than 25 motor vehicles are registered may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the department as provided in subsection (2) of this section.

(2) The department may, in its discretion, upon the application of such a person, issue a certificate of self-insurance when it is satisfied that such person is possessed and will continue to be possessed of ability to pay judgments obtained against such person.

(3) Upon not less than 5 days' notice and a hearing pursuant to such notice, the department may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within 30 days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance.

(1) The department, in cooperation with the commissioner of insurance, shall establish an accessible common carrier-based motor vehicle insurance verification system to verify the compliance of a motor vehicle owner or operator with motor vehicle liability policy requirements under 61-6-103, 61-6-301, and 61-6-302 and facilitate or monitor proof of financial responsibility filings under 61-6-133 and 61-6-134.

(2) The department may contract with a private vendor or vendors to establish and maintain the system.

(3) The system must:

(a) send requests to insurers for verification of motor vehicle liability insurance using electronic services established by the insurers, through the internet, world wide web, or a similar proprietary or common carrier electronic system in compliance with the specifications and standards of the insurance industry committee on motor vehicle administration and other applicable industry standards;

(b) include appropriate provisions to secure its data against unauthorized access and to maintain a record of all requests and responses;

(c) be accessible, without fee, to authorized personnel of the department, the courts, law enforcement personnel, county treasurers, and authorized agents under the provisions of 61-3-116;

(d) interface, wherever possible, with existing department and law enforcement systems;

(e) receive insurance data file transfers from insurers under specifications and standards set forth in subsection (3)(a) to identify vehicles that are not covered by an insurance policy;

(f) provide a means by which low-volume insurers that are unable to deploy an online interface with the system can report insurance policy data to the department or its designee for inclusion in the system;

(g) provide a means to track separately or distinguish motor vehicles that are subject to a certificate of self-insurance under 61-6-143, a surety or indemnity bond under 61-6-137 or 61-6-301, or a deposit of cash or securities under 61-6-138;

(h) be available 24 hours a day, 7 days a week, subject to reasonable allowances for scheduled maintenance or temporary system failures, to verify the insurance status of any vehicle in a manner prescribed by the department; and

(i) be used only for information-gathering and educational purposes until the completion of an appropriate testing period of not less than 6 months.

(4) The provisions of Title 2, chapter 6, parts 10 and 11, do not apply to the information contained in the verification system.

(5) Every insurer shall cooperate with the department in establishing and maintaining the system and shall provide access to motor vehicle liability policy status information to verify liability coverage:

(a) for a vehicle insured by that company that is registered in this state; and

(b) if available, for a vehicle that is insured by that company or that is operated in this state and that is the subject of an accident investigation regardless of where the vehicle is registered.

Liability of Vehicle Owner — Contract Indemnification Limitations

Part Cross-References

Liability, Title 27, ch. 1, part 7.

61-6-201. Liability of owner for negligence of employee driver. The owner of a vehicle running or traveling upon any highway or road for the conveyance of passengers is liable for all damage to person or property done by any person in the owner's employment as a driver while driving the vehicle, whether done willfully or negligently or otherwise, in the same manner that driver would be liable.

61-6-202. Motor carrier transportation contract indemnification — limitation. (1) Except as provided in subsection (2), a motor carrier transportation contract provision that requires one party to the contract to indemnify, hold harmless, insure, or defend the other party to the contract or the other party's officers, employees, or agents for liability, damages, losses, or costs that are caused by the negligence, recklessness, or intentional misconduct of the other party or the other party's officers, employees, or agents is void as against the public policy of this state.

(2) A motor carrier transportation contract may contain a provision requiring one party to the contract to indemnify, hold harmless, or insure the other party to the contract or the other party's officers, employees, or agents for liability, damages, losses, or costs, including but not limited to reasonable attorney fees, only to the extent that the liability, damages, losses, or costs are caused by the negligence, recklessness, or intentional misconduct of a third party or of the indemnifying party or the indemnifying party's officers, employees, or agents.

(3) This section does not apply to the Uniform Intermodal Interchange and Facilities Access Agreement administered by the intermodal association of North America or other agreements providing for the interchange, use, or possession of intermodal chassis or containers or other intermodal equipment.

(4) As used in this section, "motor carrier transportation contract" means a contract, agreement, or understanding covering:

(a) the transportation of property for compensation or hire by a motor carrier;

(b) entrance onto a property by a motor carrier for the purpose of loading, unloading, or transporting property for compensation or hire; or

(c) a service incidental to an activity described in subsection (4)(a) or (4)(b), including but not limited to storage of property.

61-6-301. Required motor vehicle insurance — family member exclusion. (1) (a) Except as provided in subsection (1)(b), an owner of a motor vehicle that is registered and operated in Montana by the owner or with the owner's permission shall continuously provide insurance against loss resulting from liability imposed by law for bodily injury or death or damage to property suffered by any person caused by maintenance or use of a motor vehicle in an amount not less than that required by 61-6-103, or a certificate of self-insurance issued in accordance with 61-6-143.

(b) Notwithstanding the mandatory motor vehicle liability insurance protection provided for in subsection (1)(a), nothing in this part may be construed to prohibit the exclusion from insurance coverage of a named family member in a motor vehicle liability insurance policy.

(2) A motor vehicle owner who prefers to post an indemnity bond with the department in lieu of obtaining a policy of liability insurance may do so. The bond must guarantee that any loss resulting from liability imposed by law for bodily injury, death, or damage to property suffered by any person caused by accident and arising out of the operation, maintenance, and use of the motor vehicle sought to be registered must be paid within 30 days after final judgment is entered establishing the liability. The indemnity bond must guarantee payment in the amount provided for insurance under subsection (1).

(3) Any bond given in connection with this section is a continuing instrument and must cover the period for which the motor vehicle is to be registered and operated. The bond must be on a form approved by the commissioner of insurance and must be with a surety company authorized to do business in the state.

(4) It is unlawful for a person to operate a motor vehicle upon ways of this state open to the public as defined in 61-8-101 without a valid policy of liability insurance in effect in an amount not less than that required by 61-6-103 unless the person has been issued a certificate of self-insurance under 61-6-143, has posted an indemnity bond with the department as provided in this section, or is operating a vehicle exempt under 61-6-303.

61-6-302. Proof of compliance. (1) The registration receipt required by 61-3-322 must contain a statement that unless the vehicle is eligible for an exemption under 61-6-303, it is unlawful to operate the vehicle without a valid motor vehicle liability insurance policy, a certificate of self-insurance, or a posted indemnity bond, as required by 61-6-301.

(2) (a) Each owner or operator of a motor vehicle shall carry in the motor vehicle as proof of compliance with 61-6-301 either:

(i) an insurance card approved by the department but issued by the insurance carrier to the motor vehicle owner; or

(ii) an electronic device on which an electronic document issued by the insurance carrier showing proof of compliance with 61-6-301 may be displayed.

(b) If the insurance card or electronic document is issued under a commercial automobile insurance policy or a self-insured fleet, the insurance card or electronic document must indicate the status as "commercially insured" or "fleet".

(c) A motor vehicle owner or operator shall exhibit the insurance card or display the electronic document on demand of a justice of the peace, a city or municipal judge, a peace officer, a highway patrol officer, or a field deputy or inspector of the department.

(d) A person commits an offense under this subsection if the person fails to carry in the motor vehicle the insurance card or an electronic device on which the electronic document may be displayed or fails to exhibit the insurance card or display the electronic document on demand of a person specified in subsection (2)(c).

(e) For the purposes of this subsection (2), "insurance card" includes an electronic representation or equivalent of a documentary insurance card that the insurer delivers by electronic means, as defined in 33-15-601, to satisfy the requirements of this subsection (2).

(3) In lieu of charging an operator who is not the owner of a vehicle with violating subsection (2), the officer may issue a complaint and notice to appear charging the owner with a violation of 61-6-301 and serve the complaint and notice to appear on the owner of the vehicle:

(a) personally; or

(b) by certified mail, return receipt requested, at the address for the owner listed on the registration receipt for the vehicle or, following query through available law enforcement systems, at the address maintained for the vehicle's owner by the jurisdiction in which the vehicle is titled and registered, or both.

(4) An owner or operator charged with violating subsection (2) may not be convicted if:

(a) the arresting or issuing officer or another person authorized to access information from the online motor vehicle liability insurance verification system under 61-6-309 submits to the system, when implemented, a request that provides proof of insurance valid at the time the alleged violation took place; or

(b) when the system under 61-6-157 is not available, the person produces in court or the office of the arresting or issuing officer proof of insurance valid at the time the alleged violation took place.

61-6-303. Exempt vehicles. The following vehicles and their drivers are exempt from the provisions of 61-6-301:

(1) a vehicle owned by the United States government or any state or political subdivision;

(2) a vehicle for which cash, securities, or a bond has been deposited or filed with the department upon terms and conditions providing the same benefits available under a required motor vehicle liability insurance policy;

(3) a vehicle owned by a self-insurer certified as provided in 61-6-143;

(4) an implement of husbandry or special mobile equipment that is only incidentally operated on a highway or property open to use by the public;

(5) a vehicle operated upon a highway only for the purpose of crossing the highway from one property to another;

(6) a commercial vehicle registered or proportionally registered in this and any other jurisdiction if the vehicle is covered by a motor vehicle liability insurance policy complying with the laws of another jurisdiction in which it is registered;

(7) a motorcycle or quadricycle;

(8) a vehicle moved solely by human or animal power;

(9) a vehicle owned by a nonresident if it is currently registered in the owner's resident jurisdiction and the owner is in compliance with the motor vehicle liability insurance requirements, if any, of that jurisdiction.

61-6-304. Penalties. (1) Conviction of a first offense under 61-6-301 or 61-6-302 is punishable by a fine of not less than $250 or more than $500. A second conviction is punishable by a fine of $350. A third or subsequent conviction is punishable by a fine of $500 or by imprisonment in the county jail for not more than 10 days, or both.

(2) Upon a second or subsequent conviction under 61-6-301 or 61-6-302, the sentencing court shall order the surrender of the vehicle registration receipt and license plates for the vehicle operated at the time of the offense if that vehicle was operated by the registered owner or a member of the registered owner's immediate family or by a person whose operation of that vehicle was authorized by the registered owner. The court shall report the surrender of the registration receipt and license plates to the department, which shall immediately suspend the vehicle's registration. The vehicle's registration status may not be reinstated until proof of compliance with 61-6-301 is furnished to the department, but if the vehicle is transferred to a new owner, the new owner is entitled to register the vehicle. The surrendered license plates must be recycled or destroyed by the court unless the court decides to retain the license plates for the owner until the registration suspension has been completed or the requirements for a restricted registration receipt have been met. Upon proof of compliance with 61-6-301 and payment of fees required under 61-3-333 for replacement license plates and registration decal and under 61-3-341 for a replacement registration receipt, during the period of 90 days from the date of a second conviction or 180 days from the date of a third or subsequent conviction, the department shall issue a restricted registration receipt to the offender. A restricted registration receipt limits the use of the motor vehicle operated at the time of the offense to use solely for employment purposes until the date indicated on the restricted registration receipt.

(3) Upon a fourth or subsequent conviction under 61-6-301 or 61-6-302, the court shall order the surrender of the driver's license of the offender, if the vehicle operated at the time of the offense was registered to the offender or a member of the offender's immediate family. The court shall send the driver's license, along with a copy of the complaint and the dispositional order, to the department, which shall immediately suspend the driver's license. The department may not reinstate a driver's license suspended under this subsection until the registered owner provides the department proof of compliance with 61-6-301 and the department determines that the registered owner is otherwise eligible for licensure.

(4) An offender is considered to have been previously convicted for the purposes of sentencing if less than 5 years have elapsed between the commission of the present offense and a previous conviction.

(2) (a) Except as provided in subsection (2)(b), the response received from the system supersedes an insurance card or electronic document showing proof of compliance with 61-6-301 produced or displayed by a vehicle owner or operator, and notwithstanding the display of an insurance card or electronic document by the owner or operator, the peace officer may issue a complaint and notice to appear to the owner or operator for a violation of 61-6-301 or 61-6-302.

(b) Subsection (2)(a) does not apply if the vehicle is:

(i) covered under a commercial automobile insurance coverage policy;

(ii) part of a self-insured fleet as provided in 61-6-143; or

(iii) included in an insurance binder, as allowed by 33-15-411, that has not been entered into the system at the time the system is accessed under subsection (1) of this section.

(3) Except upon reasonable cause to believe that a driver has violated another traffic regulation or that the driver's vehicle is unsafe or not equipped as required by law, a peace officer may not use the verification system to stop a driver for operating a motor vehicle in violation of 61-6-301.

Part 1
Uniform Accident Reporting Act

61-7-101. Short title — definition. (1) This part will be cited as the "Uniform Accident Reporting Act".

(2) As used in this part, "accident" means any event in which a vehicle collides with any object, person, deceased person, or animal or any event in which a person is injured or killed or property damage is caused as a result of at least one vehicle's movement.

History: En. Sec. 18, Ch. 210, L. 1939; R.C.M. 1947, 32-1217; amd. Sec. 2, Ch. 235, L. 2011.

61-7-102. Application. The provisions of this part shall apply upon highways and elsewhere throughout the state.

History: En. Sec. 22, Ch. 263, L. 1955; R.C.M. 1947, 32-2124(part).

61-7-105. Duty to give information and render aid. (1) The driver of any vehicle required to stop pursuant to 61-7-103 shall:

(a) give the driver's name, address, and the registration number of the vehicle the driver is driving and shall upon request and if available show a driver's license to the person struck or the driver or occupant of or person attending any vehicle collided with;

(b) render to any person injured in the accident reasonable assistance, including the transporting or the making of arrangements for the transporting of the person to a physician, surgeon, or hospital for medical or surgical treatment if it is apparent that the treatment is necessary or if transportation is requested by the injured person; and

(c) if any person in the accident is injured, deceased, or otherwise incapacitated or if notice is required pursuant to 61-7-108, remain at the scene of the accident until an on-duty peace officer with authority to investigate the accident gives the driver express permission to leave. This subsection (1)(c) does not apply when the driver reasonably believes it is necessary to leave the scene in order to seek emergency medical care for any person involved in the accident or to give notice to authorities pursuant to 61-7-108.

(2) A driver may not delegate to another the duties imposed under this section.

61-7-109. Written reports of accidents — additional information — form of report. (1) The operator of a motor vehicle that is in any manner involved in an accident within this state in which a person is killed or injured or in which damage to the property of a person in excess of $1,000 is sustained shall, within 10 days after the accident, report the matter in writing to the department unless the accident was investigated and reported by a law enforcement officer as provided in subsection (3).

(2) The department may require the driver of a vehicle involved in an accident of which report must be made as provided in this section to file supplemental reports whenever the original report is insufficient and may require witnesses of accidents to render reports.

(3) A law enforcement officer who in the regular course of duty investigates a motor vehicle accident in which a person is killed or injured or in which damage to the property of a person exceeds $1,000, either at the time of and at the scene of the accident or after the accident by interviewing participants or witnesses, shall within 10 days after completing the investigation forward a written report of the accident to the department.

(4) The form of the accident report required under this section must contain information sufficient to enable the department to determine whether the requirements for the deposit of security for safety responsibility are inapplicable by reason of the existence of insurance or other exemptions specified in chapter 6 of this title.

(5) A report required by subsection (1) or (2) may not be used as evidence in any trial, civil or criminal, arising out of an accident.

61-7-114. Accident reports confidential. (1) All required accident reports and supplemental reports must be without prejudice to the individual reporting and must be for the confidential use of the department or other governmental agencies for accident prevention, roadway design, motor carrier safety monitoring purposes, or for the administration of the laws of this state relating to the deposit of security and proof of financial responsibility by persons driving or the owners of motor vehicles. The department may disclose the identity of a person involved in an accident when the identity is not otherwise known or when the person denies being present at the accident.

(2) Except as provided in this section, all accident reports and supplemental information filed as required by this part are confidential and not open to general public inspection. Except as provided in subsection (2)(e), copying of lists of reports is not permitted. The report and supplemental information, including witness statements, filed by law enforcement personnel, as required by this part, may be examined and copied, without obtaining a court order, by:

(a) a person named in the report or involved in the accident;

(b) the representative of the person referred to in subsection (2)(a), designated in writing, or the insurance carrier of that person;

(c) a party to a civil action arising from the accident;

(d) the executor, the administrator, or the attorney representing the executor or administrator if the person is deceased; or

(e) the general public, including commercial entities, for purposes of research into the history of vehicles, but the department may not disclose the name, address, or telephone number of, or other information allowing the identification of, any reporting person, accident victim, peace officer, or other person or any insurer named in a report or supplemental information, including witness statements.

General Provisions

61-8-101. Application — exceptions. (1) As used in this chapter, "ways of this state open to the public" means any highway, road, alley, lane, parking area, or other public or private place adapted and fitted for public travel that is in common use by the public.

(2) The provisions of this chapter relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except:

(a) where a different place is specifically referred to in a given section;

(b) the provisions of 61-8-301 and 61-8-401(1)(b), (1)(c), and (2), with regard to operating a vehicle while under the influence of drugs, apply anywhere within this state;

(c) the provisions of 61-8-301 and 61-8-401 except subsections (1)(b), (1)(c), and (2) thereof, 61-8-402 through 61-8-405, and 61-8-465, with regard to operating a vehicle while under the influence of alcohol, apply upon all ways of this state open to the public.

(3) The operation of motor vehicles directly across the public roads and highways of this state, especially as required in the transportation of natural resource products, including agricultural products and livestock, shall not be considered to be the operation of such vehicles on the public roads and highways of this state or on ways of this state open to the public, provided that such crossings are adequately marked with warning signs or devices. Such crossings are subject to provisions relating to stopping before entry and to restoration of any damage as may reasonably be prescribed by the state or local agency in control of safety of operation of the public highway involved.

61-8-102. Uniformity of interpretation — definitions. (1) Interpretation of this chapter in this state must be as consistent as possible with the interpretation of similar laws in other states.

(2) As used in this chapter, unless the context requires otherwise, the following definitions apply:

(a) "Authorized emergency vehicle" means a vehicle of a governmental fire agency organized under Title 7, chapter 33, an ambulance, or an emergency vehicle designated or authorized by the department.

(b) "Bicycle" means a vehicle propelled solely by human power on which any person may ride, irrespective of the number of wheels, except scooters, wheelchairs, and similar devices. The term includes an electrically assisted bicycle.

(c) "Bicycle trailer" means a device with one or more wheels that is designed to be towed by a bicycle.

(d) "Business district" means the territory contiguous to and including a highway when within any 600 feet along a highway there are buildings in use for business or industrial purposes, including but not limited to hotels, banks, office buildings, railroad stations, and public buildings that occupy at least 300 feet of frontage on one side or 300 feet collectively on both sides of the highway.

(e) "Controlled-access highway" means a highway, street, or roadway in respect to which owners or occupants of abutting lands and other persons have no legal right of access to or from the highway, street, or roadway except at the points and in the manner as determined by the public authority having jurisdiction over the highway, street, or roadway.

(f) "Crosswalk" means:

(i) that part of a roadway at an intersection included within the connections of the lateral lines of the sidewalks on opposite sides of the highway measured from the curbs or, in the absence of curbs, from the edges of the traversable roadway; or

(ii) any portion of a roadway at an intersection or elsewhere distinctly indicated for pedestrians crossing by lines or other markings on the surface.

(g) "Electrically assisted bicycle" means a vehicle on which a person may ride that has two tandem wheels and an electric motor capable of propelling the vehicle and a rider who weighs 170 pounds no faster than 20 miles an hour on a paved, level surface.

(h) "Flag person" means a person who directs, controls, or alters the normal flow of vehicular traffic on a street or highway as a result of a vehicular traffic hazard then present on that street or highway. This person, except a uniformed traffic enforcement officer exercising the officer's duty as a result of a planned vehicular traffic hazard, must be equipped as required by the rules of the department of transportation.

(i) "Highway" has the meaning provided in 61-1-101, but includes ways that have been or are later dedicated to public use.

(j) "Ignition interlock device" means ignition equipment that:

(i) analyzes the breath to determine blood alcohol concentration;

(ii) is approved by the department pursuant to 61-8-441; and

(iii) is designed to prevent a motor vehicle from being operated by a person who has consumed a specific amount of an alcoholic beverage.

(k) (i) "Intersection" means the area embraced within the prolongation or connection of the lateral curb lines or if there are no curb lines then the lateral boundary lines of the roadways of two highways that join one another at or approximately at right angles or the area within which vehicles traveling on different highways joining at any other angle may come in conflict.

(ii) When a highway includes two roadways 30 feet or more apart, then every crossing of each roadway of the divided highway by an intersecting highway must be regarded as a separate intersection. If the intersecting highways also include two roadways 30 feet or more apart, then every crossing of two roadways of the highways must be regarded as a separate intersection.

(l) "Laned roadway" means a roadway that is divided into two or more clearly marked lanes for vehicular traffic.

(m) "Local authorities" means every county, municipal, and other local board or body having authority to enact laws relating to traffic under the constitution and laws of this state.

(n) "Moped" means a vehicle equipped with two or three wheels, foot pedals to permit muscular propulsion, and an independent power source providing a maximum of 2 brake horsepower. The power source may not be capable of propelling the device, unassisted, at a speed exceeding 30 miles an hour on a level surface. The device must be equipped with a power drive system that functions directly or automatically only and does not require clutching or shifting by the operator after the drive system is engaged.

(o) "Noncommercial motor vehicle" or "noncommercial vehicle" means any motor vehicle or combination of motor vehicles that is not included in the definition of commercial motor vehicle in 61-1-101 and includes but is not limited to the vehicles listed in 61-1-101(9)(b).

(p) "Official traffic control devices" means all signs, signals, markings, and devices not inconsistent with this title that are placed or erected by authority of a public body or official having jurisdiction for the purpose of regulating, warning, or guiding traffic.

(q) "Pedestrian" means any person on foot or any person in a manually or mechanically propelled wheelchair or other low-powered, mechanically propelled vehicle designed specifically for use by a physically disabled person.

(r) "Police vehicle" means a vehicle used in the service of any law enforcement agency.

(s) "Private road" or "driveway" means a way or place in private ownership and used for vehicular travel by the owner and those having express or implied permission from the owner, but not by other persons.

(t) "Residence district" means the territory contiguous to and including a highway not comprising a business district when the property on the highway for a distance of 300 feet or more is primarily improved with residences or residences and buildings in use for business.

(u) "Right-of-way" means the privilege of the immediate use of the roadway.

(v) "Roadway" means the portion of a highway that is improved, designed, or ordinarily used for vehicular travel, including the paved shoulder.

(w) "School bus" has the meaning provided in 20-10-101.

(x) "Sidewalk" means the portion of a street that is between the curb lines or the lateral lines of a roadway and the adjacent property lines and that is intended for use by pedestrians.

(y) "Traffic control signal" means a device, whether manually, electrically, or mechanically operated, by which traffic is alternately directed to stop and to proceed.

(z) "Urban district" means the territory contiguous to and including any street that is built up with structures devoted to business, industry, or dwelling houses situated at intervals of less than 100 feet for a distance of one-fourth mile or more.

61-8-103. Provisions uniform throughout state — power of local authorities. The provisions of this chapter shall be applicable and uniform throughout this state and in all political subdivisions and municipalities therein and no local authority shall enact or enforce any ordinance, rule, or regulation in conflict with the provisions of this chapter unless expressly authorized herein. Local authorities may, however, adopt additional traffic regulations which are not in conflict with the provisions of this chapter.

History: En. Sec. 27, Ch. 263, L. 1955; amd. Sec. 1, Ch. 201, L. 1957; R.C.M. 1947, 32-2130.

(2) The driver of a police vehicle or authorized emergency vehicle may:

(a) park or stand, irrespective of the provisions of this chapter;

(b) proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;

(c) exceed the speed limits as long as the driver does not endanger life or property;

(d) disregard regulations governing direction of movement or turning in specified directions.

(3) The exemptions granted to a police vehicle or authorized emergency vehicle apply only when the vehicle is making use of an audible or visual signal, or both, meeting the requirements of 61-9-402.

(4) The provisions of this section do not relieve the driver of a police vehicle or authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, and the provisions do not protect the driver from the consequences of the driver's reckless disregard for the safety of others.

61-8-201. Obedience to traffic control devices — exception for certain vehicles and funeral processions. (1) Unless otherwise directed by a peace officer, flag person, crossing guard, or public safety worker, the driver of a vehicle shall obey the instructions of an official traffic control device applicable to the driver's vehicle and placed in accordance with the provisions of this chapter. The driver of an authorized emergency vehicle, a police vehicle, or a highway patrol vehicle and the driver of a motor vehicle in a funeral procession are exempt from obedience to official traffic control devices and flag persons as provided in this chapter.

(2) A provision of this chapter for which traffic control devices or flag persons are required may not be enforced against an alleged violator if at the time and place of the alleged violation an official traffic control device or flag person is not in proper position and sufficiently legible or visible to be seen by an ordinarily observant person. Whenever a particular section of this chapter does not state that official traffic control devices or flag persons are required, the section is effective even though traffic control devices are not erected or in place.

(3) Official traffic control devices or flag persons that are placed or held in position substantially conforming to the requirements of this chapter and the requirements of the uniform system adopted by the department of transportation pursuant to 61-8-202 are presumed to have been placed by an official act or at the discretion of a lawful authority.

(2) (a) An automated enforcement system designed to detect traffic violations that is attached to a traffic control device may not be used to enforce traffic laws.

(b) Subsection (2)(a) does not apply to automated enforcement systems attached to traffic control devices at railroad grade crossings.

History: En. Sec. 32, Ch. 263, L. 1955; R.C.M. 1947, 32-2135; amd. Sec. 2, Ch. 447, L. 2009.

61-8-207. Traffic control signal legend. Except for lane use control signals and special pedestrian control signals carrying a legend, whenever traffic is controlled by traffic control signals exhibiting different colored lights or colored lighted arrows successively one at a time or in combination, only the colors green, red, and yellow may be used. The lights indicate and apply to drivers of vehicles and pedestrians as follows:

(1) (a) Vehicular traffic facing a circular green signal may proceed straight through or turn left or right unless a traffic control device at the place prohibits either turn. However, vehicular

traffic, including vehicles turning right or left, must yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time the signal is exhibited.

(b) Vehicular traffic facing a green arrow signal shown alone or in combination with another indication may cautiously enter the intersection only to make either the movement indicated by the arrow or another movement that is permitted by another indication shown at the same time. Vehicular traffic making the movements permitted by this subsection (1)(b) must yield the right-of-way to pedestrians who are lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

(c) Unless otherwise directed by a pedestrian control signal as provided in 61-8-208, a pedestrian facing a green signal, except when the only green signal is a turn arrow, may proceed in the direction of the green signal across the roadway within any marked or unmarked crosswalk. A driver of a vehicle shall yield the right-of-way to the pedestrian.

(2) (a) Vehicular traffic facing a steady circular yellow or yellow arrow signal is warned that the traffic movement permitted by the related green signal is being terminated or that a red signal will be exhibited immediately thereafter. Vehicular traffic may not enter the intersection when the red signal is exhibited after the yellow signal.

(b) Unless otherwise directed by a pedestrian control signal as provided in 61-8-208, a pedestrian facing a steady circular yellow or yellow arrow signal is advised that there is insufficient time to cross the roadway before a red indication is shown.

(3) (a) Vehicular traffic facing a steady circular red signal must stop at a marked stop line. If there is not a marked stop line, vehicular traffic must stop before entering the crosswalk on the near side of the intersection. If there is not a marked crosswalk, vehicular traffic must stop before entering the intersection and, except as provided in subsection (3)(c), must remain standing until an indication to proceed is shown.

(b) Vehicular traffic facing a steady red arrow signal may not enter the intersection to make the movement indicated by the arrow and must stop at a marked stop line unless the traffic is entering the intersection to make a movement indicated by another signal. If there is not a marked stop line, vehicular traffic must stop before entering the crosswalk on the near side of the intersection. If there is not a marked crosswalk, vehicular traffic must stop before entering the intersection and must remain standing until an indication is shown that permits movement.

(c) (i) Except when a traffic control device is in place that prohibits a turn, vehicular traffic facing a steady circular red signal may cautiously enter the intersection to turn right or to turn left from a one-way street onto another one-way street after stopping as required under subsection (3)(a). After stopping, the operator of a vehicle shall yield the right-of-way to any vehicle in the intersection or approaching the intersection close enough to constitute an immediate hazard during the time that the operator is moving within the intersection.

(ii) An operator of a vehicle entering an intersection as provided in subsection (3)(c)(i) shall yield the right-of-way to pedestrians within the intersection or within an adjacent crosswalk.

(d) Unless otherwise directed by a pedestrian control signal as provided in 61-8-208, a pedestrian facing a steady circular red or red arrow signal alone may not enter the roadway.

(4) (a) If an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section are applicable except as to those provisions that by their very nature can have no application.

(b) A required stop must be made at a sign or marking on the pavement indicating where the stop must be made, but in the absence of any sign or marking, the stop must be made at the signal.

(1) A pedestrian facing a "Walk" signal or a walking person symbol may proceed across the roadway in the direction of the signal and the operators of all vehicles shall yield the right-of-way to the pedestrian.

(2) A pedestrian may not start to cross the roadway in the direction of a signal exhibiting a flashing or steady "Don't Walk" signal or upraised palm symbol, but a pedestrian who has partially completed crossing on the "Walk" signal or walking person symbol shall proceed to a sidewalk or safety island while the "Don't Walk" signal or upraised palm symbol is showing. An operator of a vehicle shall yield the right-of-way to a pedestrian who has partially completed crossing and is proceeding to the sidewalk or safety island.

(3) A pedestrian may not start to cross a roadway in the direction of a steady "Don't Walk" signal or upraised palm symbol.

61-8-209. Flashing signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic control device, it requires obedience by vehicular traffic as follows:

(a) When a red lens is illuminated with rapid intermittent flashes, an operator of a vehicle shall stop at a marked stop line. If there is no marked stop line, an operator shall stop before entering the nearest crosswalk at an intersection. If there is no crosswalk, an operator shall stop at the point nearest the intersecting roadway where the operator has a view of approaching traffic. The right to proceed is subject to the rules applicable after making a stop at a stop sign, as provided in 61-8-344.

(b) When a yellow lens is illuminated with rapid intermittent flashes, the operator of a vehicle may proceed through the intersection or past the flashing yellow signal only with caution.

(2) This section does not apply at railroad grade crossings. Conduct of an operator of a vehicle approaching a railroad grade crossing is governed by the provisions of 61-8-347.

(2) A person may not place or maintain and a public authority may not permit commercial advertising on an official traffic control device on a highway, except for business signs included as a part of official motorist service panels or roadside area information panels approved by the department of transportation.

(3) This section does not prohibit the erection of signs upon private property adjacent to highways that give useful directional information and that are of a type that cannot be mistaken for official signs.

(1) An operator of a vehicle may drive in the lane over which a steady downward green arrow signal is located.

(2) An operator of a vehicle must be prepared to vacate, in a safe manner, the lane over which a steady yellow X signal is located because a lane control change is being made to a steady red X signal.

(3) An operator of a vehicle may not use the lane over which the steady red X signal is located.

(4) An operator of a vehicle may use a lane over which a steady white two-way left-turn arrow signal is located for a left turn but not for through travel. The operator must be aware that common use of the lane by oncoming vehicular traffic is also permitted.

(5) An operator of a vehicle may use a lane over which a steady white one-way left-turn arrow signal is located for a left turn but not for through travel.

(2) A municipality may enact and enforce 61-8-715 and subsection (1) of this section as an ordinance.

(3) A person who is convicted of the offense of reckless driving or of reckless endangerment of a highway worker is subject to the penalties provided in 61-8-715.

(4) (a) A person commits the offense of reckless endangerment of a highway worker if the person purposely, knowingly, or negligently drives a motor vehicle in a highway work zone in a manner that endangers persons or property or if the person purposely removes, ignores, or intentionally strikes an official traffic control device in a work zone for reasons other than:

(i) avoidance of an obstacle;

(ii) an emergency; or

(iii) to protect the health and safety of an occupant of the vehicle or of another person.

(b) As used in this section:

(i) "highway worker" means an employee of the department of transportation, a local authority, a utility company, or a private contractor; and

(ii) "work zone" has the meaning provided in 61-8-314.

(a) on a federal-aid interstate highway outside an urbanized area of 50,000 population or more is 80 miles an hour at all times and the speed limit for vehicles traveling on federal-aid interstate highways within an urbanized area of 50,000 population or more is 65 miles an hour at all times;

(b) on any other public highway of this state is 70 miles an hour during the daytime and 65 miles an hour during the nighttime;

(c) in an urban district is 25 miles an hour.

(2) A vehicle subject to the speed limits imposed in subsection (1) may exceed the speed limits imposed in subsection (1) by 10 miles an hour in order to overtake and pass a vehicle and return safely to the right-hand lane under the following circumstances:

(a) while traveling on a two-lane road; and

(b) in a designated passing zone.

(3) Subject to the maximum speed limits set forth in subsection (1), a person shall operate a vehicle in a careful and prudent manner and at a reduced rate of speed no greater than is reasonable and prudent under the conditions existing at the point of operation, taking into account the amount and character of traffic, visibility, weather, and roadway conditions.

(4) Except when a special hazard exists that requires lower speed for compliance with subsection (3), the limits specified in this section are the maximum lawful speeds allowed.

(5) "Daytime" means from one-half hour before sunrise to one-half hour after sunset. "Nighttime" means at any other hour.

(6) The speed limits set forth in this section may be altered by the transportation commission or a local authority as authorized in 61-8-309, 61-8-310, 61-8-313, and 61-8-314.

61-8-309. Establishment of special speed zones — engineering and traffic investigation. (1) (a) If the commission determines upon the basis of an engineering and traffic investigation that a speed limit set by 61-8-303 or 61-8-312 is greater or less than is reasonable or safe under the conditions found to exist at an intersection, curve, or dangerous location or on a segment of a highway less than 50 miles in length under its jurisdiction, the commission may set a reasonable and safe special speed limit at that location. In the case of a school zone adjacent to a state highway, the commission is not required to base its speed limit determination solely upon the results of the engineering and traffic investigation.

(b) If a local authority requests the department of transportation or an engineer, as provided in subsection (1)(c)(i), to conduct an engineering and traffic investigation based on the belief that a speed limit on a highway under the jurisdiction of the department of transportation is greater than is reasonable or safe, the commission may not increase the speed limit under consideration as a result of the investigation.

(c) (i) A local authority may request at its own expense that an engineering and traffic investigation be completed by a licensed professional engineer selected from a list compiled and approved by a committee as provided in subsection (1)(c)(ii).

(ii) A committee containing two department of transportation staff appointed by the director and two representatives of associations whose membership comprises cities, towns, and counties, as authorized by 7-5-2141 and 7-5-4141, shall review credentials submitted by licensed professional engineers and shall determine who appears on the list of individuals authorized to conduct engineering and traffic investigations for local governments. The list must be updated every 2 years.

(iii) Upon completion of an engineering and traffic investigation conducted for a local government, the department of transportation shall submit a report to the commission with findings and recommendations. The commission shall decide on an appropriate speed limit based on the traffic investigation within 120 days from the date the investigation is submitted to the department of transportation.

(d) A local authority may request a temporary special reduced or increased speed zone for a route or route segment that is under consideration for a reduced or increased speed limit under subsection (1)(a), (1)(b), or (1)(c). If a local authority makes multiple requests for temporary special reduced or increased speed zones, the local authority shall prioritize the requests. The department of transportation shall conduct a preliminary visual and engineering review of a route or a route segment for which a temporary special speed zone is requested. The reviewing party must include a representative of the local authority. Upon completion of the preliminary review, if the department of transportation concurs with the local authority that a temporary special reduced or increased speed limit is warranted, a temporary special reduced or increased speed zone may be established upon formal approval by the commission. The temporary special reduced or increased speed limit remains in effect until a complete traffic and engineering study has been done on the route or route segment and the commission has made a determination on changing the speed limit.

(2) Pending completion of an engineering and traffic investigation as provided for in subsection (1), the commission may temporarily set a speed limit of not less than 75 miles an hour on a segment of the federal-aid interstate highway system that it reasonably believes is not suitable for the limit established in 61-8-303(1)(a).

(3) The department of transportation shall erect and maintain appropriate signs giving notice of special limits. If the special limits apply to a school zone, the department shall consider

the use of electronic signs in lieu of or in addition to other appropriate signs. When the signs are erected, the limits are effective for those zones at all times or at other times that the commission sets.

(4) The authority of the commission under this section includes the authority to set reduced nighttime speed limits on curves and other dangerous locations.

(5) This section does not authorize the commission to set a statewide speed limit.

(6) (a) The violation of a speed limit established under this section, except subsection (2), is a misdemeanor offense and is punishable as provided in 61-8-711.

(b) The violation of a speed limit established under subsection (2) is punishable as provided in 61-8-725.

61-8-310. When local authorities may and shall alter limits or establish or alter area of school zone. (1) If a local authority in its jurisdiction determines on the basis of an engineering and traffic investigation that the speed permitted under 61-8-303 and 61-8-309 through 61-8-313 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may set a reasonable and safe limit that:

(a) decreases the limit at an intersection;

(b) increases the limit within an urban district, but not to more than 65 miles an hour during the nighttime;

(c) decreases the limit outside an urban district, but not to less than 35 miles an hour on a paved road or less than 25 miles an hour on an unpaved road; or

(d) decreases the limit in a school zone or in an area near a senior citizen center, as defined in 23-5-112, or a designated crosswalk that is close to a school or a senior citizen center to not less than 80%, rounded down to the nearest whole number evenly divisible by 5, of the limit that would be set on the basis of an engineering and traffic investigation, but not less than 15 miles an hour. If warranted by an engineering and traffic investigation, a local authority may adopt variable speed limits to adapt to traffic conditions by time of day, provided that the variable limits comply with the provisions of 61-8-206.

(2) A board of county commissioners may set limits, as provided in subsection (1)(c), without an engineering and traffic investigation on a county road.

(3) A local authority in its jurisdiction may determine the proper speed for all arterial streets and shall set a reasonable and safe limit on arterial streets that may be greater or less than the speed permitted under 61-8-303 for an urban district.

(4) (a) An altered limit established as authorized under this section is effective at all times or at other times determined by the authority when appropriate signs giving notice of the altered limit are erected upon the highway.

(b) If a local authority decreases a speed limit in a school zone, the local authority shall erect signs conforming with the manual adopted by the department of transportation under 61-8-202 giving notice that the school zone has been entered, of the altered speed limit and the penalty provided in 61-8-726, and that the school zone has ended.

(5) Except as provided in subsection (1)(d), the commission has exclusive jurisdiction to set special speed limits on all federal-aid highways or extensions of federal-aid highways in all municipalities or urban areas. The commission shall set these limits in accordance with 61-8-309.

(6) A local authority establishing or altering the area of a school zone shall consult with the department of transportation and the commission if the school zone includes a state highway or a federal-aid highway or extension of a federal-aid highway.

(7) A local authority shall consult with district officials for a school when:

(a) establishing or altering the area of a school zone near the school; or

(b) setting a speed limit pursuant to subsection (1)(d) in a school zone near the school.

(8) A speed limit set on an unpaved road under subsection (1)(c) must be the same for all types of motor vehicles that may be operated on the road.

(9) The violation of a speed limit established under subsections (1)(a) through (1)(c) is a misdemeanor offense and is punishable as provided in 61-8-711. The violation of a speed limit established under subsection (1)(d) is a misdemeanor offense and is punishable as provided in 61-8-726.

61-8-311. Minimum speed regulations. (1) A person may not drive a motor vehicle at a speed slow enough to impede or block the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law.

(2) On a two-lane highway where passing is unsafe because of oncoming traffic or other conditions, the operator of a slow-moving vehicle behind which four or more vehicles are formed in line shall turn off the roadway at the nearest area where a sufficient and safe turnout exists in order to permit the vehicles following it to proceed. If the shoulder of the highway to the right of the slow-moving vehicle is wide enough and is in a condition allowing safe travel, the operator of the slow-moving vehicle may drive onto the shoulder and proceed at a safe speed until passed. As used in this section, a slow-moving vehicle is one that is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. The department of transportation is authorized to designate and construct turnouts and to erect official traffic control devices at appropriate places advising motorists of this statute.

(3) If the department of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway impede the normal and reasonable movement of traffic, the commission or the local authority may set a minimum speed limit below which a person may not operate a vehicle except when necessary for safe operation or in compliance with law.

(a) a federal-aid interstate highway is 65 miles an hour; and

(b) any other public highway is 60 miles an hour during the daytime and 55 miles an hour during the nighttime as those terms are defined in 61-8-303.

(2) Except as provided in 61-8-303, 61-8-309, and 61-8-310, the speed limit for a vehicle subject to a term permit under 61-10-124(2)(d) or a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles subject to special permits under 61-10-124(4) is 65 miles an hour unless otherwise stated in the permit.

(3) A person may not operate a motor-driven cycle at any time mentioned in 61-9-201 at a speed greater than 35 miles an hour unless the motor-driven cycle is equipped with a headlamp or lamps that are adequate to reveal a person or vehicle at a distance of 300 feet ahead.

61-8-313. Special speed limitations. (1) A person may not drive a vehicle equipped with solid rubber or cushion tires at a speed greater than 10 miles per hour.

(2) A person may not drive a vehicle over a bridge or other elevated structure constituting a part of a highway at a speed which is greater than the maximum speed which can be maintained with safety to the bridge or structure when the structure is signposted as provided in this section.

(3) The department of transportation upon request from a local authority may, or upon its own initiative shall, conduct an investigation of a bridge or other elevated structure constituting a part of a highway, and if it finds on investigation that the structure cannot safely withstand vehicles traveling at the speed otherwise permissible under this chapter, the commission shall set the maximum speed of vehicles which the structure can withstand, and the department shall erect and maintain suitable signs stating the maximum speed at a distance of not less than 100 feet before each end of the structure.

(4) Upon the trial of a person charged with a violation of this section, proof of the setting of the maximum speed by the commission and the existence of the signs is conclusive evidence of the maximum speed which can be maintained with safety to the bridge or structure.

61-8-314. Traffic violations in construction zone and work zone — definitions. (1) As used in this section, the following definitions apply:

(a) "Highway worker" has the same meaning as in 61-8-301.

(b) "Public highway" has the same meaning as in 60-1-103.

(c) "Work zone" means an area on a public highway or on the adjacent right-of-way where construction, repair, maintenance, or survey work is being performed by the department of transportation, a local authority, a utility company, or a private contractor with the department of transportation or with a local authority. The boundaries of the work zone must be clearly identified by the posting of signs.

(2) A person may not operate a motor vehicle in a work zone on a public highway in violation of any of the provisions of part 3 of this chapter.

(3) The speed limit in a work zone must be set by the department of transportation or the local authority based on traffic conditions or the condition of the construction, repair, maintenance, or survey project.

(4) (a) If the department of transportation, the local authority, the utility company, or the private contractor determines, based on traffic conditions or the condition of the construction, repair, maintenance, or survey project, that special speed limits in work zones are warranted, then the department, the local authority, the utility company, or the private contractor shall post signs that:

(i) conform to the department of transportation's manual on uniform traffic control devices;

(ii) indicate the boundaries of the work zone; and

(iii) display the speed limit in effect within the work zone.

(b) The department of transportation, the local authority, the utility company, or the private contractor shall clearly indicate at the boundary of a work zone that a person who violates any of the provisions of part 3 of this chapter in the work zone is subject to the fine provided in subsection (5)(a).

(c) The boundaries of the work zone may not exceed 500 feet in advance of and beyond the actual construction activity.

(d) The department of transportation, the local authority, the utility company, or the private contractor shall remove or cover the signs when no work is in progress and no hazard exists.

(5) A person convicted of a traffic violation in a work zone is guilty of a misdemeanor. Upon arrest and conviction:

(a) if a highway worker was present in the work zone at the time and place of the traffic violation, the person shall be punished by a fine of not less than double the penalty provided for the violation in part 7 of this chapter; or

(b) if no highway worker was present in the work zone at the time and place of the traffic violation, the person is subject to the penalty provided for the violation in part 7 of this chapter.

61-8-316. Fleeing from or eluding peace officer. (1) A person operating a motor vehicle commits the offense of fleeing from or eluding a peace officer if a uniformed peace officer operating a police vehicle in the lawful performance of the peace officer's duty gives the person a visual or audible signal by hand, voice, emergency light, or siren directing the person to stop the motor vehicle and the person knowingly fails to obey the signal by increasing the speed of the motor vehicle, continuing at a speed that is 10 or more miles an hour above the applicable speed limit, extinguishing the motor vehicle's lights, or otherwise fleeing from, eluding, or attempting to flee from or elude the peace officer.

(2) (a) Except as provided in subsection (2)(b), a person convicted of or pleading guilty or nolo contendere to an offense under subsection (1) shall be imprisoned for a term not to exceed 1 year or fined an amount not to exceed $2,000, or both.

(b) A person convicted of an offense of fleeing from or eluding a peace officer during which the person causes serious bodily injury to or the death of any other person shall be imprisoned for a term not to exceed 10 years or fined an amount not to exceed $10,000, or both.

61-8-320. Right-of-way for bicycles. (1) The operator of a motor vehicle may not:

(a) intentionally interfere with the movement of a person who is lawfully riding a bicycle; or

(b) overtake and pass a person riding a bicycle unless the operator of the motor vehicle can do so safely without endangering the person riding the bicycle.

(2) The operator of a motor vehicle shall yield the right-of-way to a person who is riding a bicycle within a designated bicycle lane.

History: En. Sec. 24, Ch. 352, L. 2003.

61-8-321. Drive on right side of roadway — exceptions. (1) Upon all roadways of sufficient width, a vehicle must be operated upon the right half of the roadway, except as follows:

(a) when overtaking and passing another vehicle proceeding in the same direction under the rules governing the passing movement;

(b) when the right half of a roadway is closed to traffic while under construction or repair;

(c) upon a roadway divided into three marked lanes for traffic under the rules applicable on a divided roadway;

(d) upon a roadway designated by official traffic control devices for one-way traffic;

(e) when the operator of a vehicle is complying with the provisions of 61-8-346;

(f) when an obstruction exists that makes it necessary to drive to the left of the center of the roadway; or

(g) when a police vehicle or authorized emergency vehicle is performing a job-related duty as provided in 61-8-107.

(2) A person operating a vehicle to the left of the center of the roadway for any of the reasons provided in subsection (1) shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the roadway that are within a distance that constitutes an immediate hazard.

(3) (a) Except as provided in subsection (3)(b) and subject to subsection (4), upon all roadways having two or more lanes for traffic moving in the same direction, a vehicle must be driven in the right-hand lane.

(b) A vehicle being operated upon a roadway having two or more lanes for traffic moving in the same direction is not required to be driven in the right-hand lane when:

(i) overtaking and passing another vehicle proceeding in the same direction;

(ii) traveling at a speed greater than the traffic flow;

(iii) moving left to allow traffic to merge;

(iv) traveling on a roadway within the official boundaries of a city or town, except as provided in subsection (4);

(v) preparing for a left turn at an intersection or into a private road or driveway when a left turn is legally permitted;

(vi) exiting onto a left-hand exit from a controlled-access highway;

(vii) an obstruction or hazardous conditions make it necessary to drive in a lane other than the right-hand lane;

(viii) road or vehicle conditions make it safer to drive in a lane other than the right-hand lane; or

(ix) authorized snow-removal equipment is operating on the roadway.

(4) When traveling upon an interstate highway, as defined in 60-5-102, within the official boundaries of a city or town, a vehicle must be driven in the right-hand lane unless otherwise directed or permitted by an official traffic control device.

History: En. Sec. 48, Ch. 263, L. 1955; R.C.M. 1947, 32-2151; amd. Sec. 6, Ch. 352, L. 2003; amd. Sec. 1, Ch. 236, L. 2017.

Compiler's Comments

2017 Amendment: Chapter 236 inserted (1)(g) regarding police or emergency vehicle performing job-related duty; in (3) substituted current language requiring vehicles to be driven in right-hand lane on roadway having two or more lanes of traffic moving in same direction and providing exceptions for former text that read: "A vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing must be operated in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway"; inserted (4) requiring vehicles to be driven in right-hand lane on interstate highway when within boundaries of a city or town unless otherwise directed or permitted by a traffic control device; and made minor changes in style. Amendment effective October 1, 2017.

61-8-322. Passing vehicles proceeding in opposite directions. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction, each driver shall give to the other at least one-half of the main-traveled portion of the roadway.

History: En. Sec. 49, Ch. 263, L. 1955; R.C.M. 1947, 32-2152; amd. Sec. 67, Ch. 421, L. 1979.

61-8-323. Overtaking vehicle on left. The following rules govern the overtaking and passing of vehicles proceeding in the same direction, subject to the limitations, exceptions, and special rules provided in this chapter:

(1) The operator of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left of the other vehicle at a safe distance and may not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(2) Except when overtaking and passing on the right is permitted, the operator of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle upon an audible signal or the use of signal lamps, as provided in 61-9-218, and may not increase the speed of the vehicle until completely passed by the overtaking vehicle. When giving way to the right on a two-lane highway, the operator of the vehicle being overtaken may travel upon the shoulder at a safe speed until passed if the shoulder is wide enough and is in a condition allowing safe travel.

History: En. Sec. 50, Ch. 263, L. 1955; R.C.M. 1947, 32-2153; amd. Sec. 2, Ch. 15, L. 1983; amd. Sec. 1, Ch. 119, L. 1997; amd. Sec. 7, Ch. 352, L. 2003.

61-8-324. Overtaking vehicle on right. (1) The operator of a vehicle may overtake and pass on the right of another vehicle only under the following conditions:

(a) when the vehicle overtaken is making or about to make a left turn; or

(b) on a roadway with unobstructed pavement of sufficient width for two or more lanes of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(2) The operator of a vehicle may overtake and pass another vehicle on the right only under conditions permitting safe movement. The movement may not be made by driving off the pavement or main-traveled portion of the roadway, except that a person operating a bicycle may pass on the shoulder, provided the movement may be done in safety.

History: En. Sec. 51, Ch. 263, L. 1955; R.C.M. 1947, 32-2154; amd. Sec. 8, Ch. 352, L. 2003; amd. Sec. 2, Ch. 255, L. 2015.

61-8-325. Limitations on overtaking on the left. (1) A vehicle may not be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless the left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit the overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken.

(2) A vehicle may not be driven to the left side of the roadway under the following conditions:

(a) when approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within a distance that creates a hazard in the event that another vehicle might approach from the opposite direction;

(b) when approaching within 100 feet of or traversing any intersection or railroad grade crossing, unless otherwise indicated by an official traffic control device; or

(c) when the view is obstructed upon approaching within 100 feet of any bridge, viaduct, or tunnel.

(3) The limitations provided in this section do not apply upon a one-way roadway.

History: En. Secs. 52, 53, Ch. 263, L. 1955; R.C.M. 1947, 32-2155, 32-2156; amd. Sec. 9, Ch. 352, L. 2003.

61-8-326. No-passing zones. (1) The department of transportation and local authorities may determine those portions of a highway in their respective jurisdictions where overtaking and passing or driving to the left side of the center of the roadway would be especially hazardous, and they may by official traffic control devices on the highway indicate the beginning and end of these zones. When the official traffic control devices are in place and clearly visible to an ordinarily observant person, an operator of a vehicle shall obey the directions of those devices.

(2) (a) Except as provided in subsection (2)(b), where official traffic control devices are in place to define a no-passing zone as set forth in subsection (1) an operator of a vehicle may not drive on the left side of the center of the roadway within the no-passing zone or on the left side of a pavement striping designed to mark the no-passing zone throughout its length.

(b) Subsection (2)(a) does not apply to the operator of a faster vehicle passing a bicycle when:

(i) the bicycle is traveling at less than half the posted speed limit;

(ii) the faster vehicle is capable of overtaking and passing the bicycle without exceeding the posted speed limit; and

(iii) there is sufficient clear sight distance to the left side of the center of the roadway to meet the overtaking and passing requirements in 61-8-325.

(3) The provisions of this section do not apply under the conditions provided in 61-8-321(1) or to the operator of a vehicle that is turning left into or from an alley, private road, or driveway.

History: En. Sec. 54, Ch. 263, L. 1955; amd. Sec. 1, Ch. 97, L. 1957; amd. Sec. 60, Ch. 316, L. 1974; R.C.M. 1947, 32-2157; amd. Sec. 3, Ch. 512, L. 1991; amd. Sec. 10, Ch. 352, L. 2003; amd. Sec. 3, Ch. 255, L. 2015.

61-8-327. One-way roadways, rotary traffic islands, and roundabouts. (1) The department of transportation or a local authority may designate a highway, roadway, part of a roadway, or specific lanes under its respective jurisdiction for one-way traffic and shall erect official traffic control devices giving notice of that designation.

(2) Upon a roadway designated by official traffic control devices for one-way traffic a vehicle may be driven only in the direction designated.

(3) A vehicle passing around a rotary traffic island or a roundabout may be driven only to the right of the island or the center of the roundabout.

(4) For the purposes of this section, a "roundabout" is a circular intersection where all entering traffic must yield to the vehicles within the intersection.

61-8-328. Driving on roadways laned for traffic. Whenever a roadway has been divided into two or more clearly marked lanes for traffic, the following rules, in addition to all other consistent rules, apply:

(1) A vehicle must be operated as nearly as practicable entirely within a single lane and may not be moved from the lane until the operator has first ascertained that the movement can be made with safety.

(2) Upon a roadway that is divided into three lanes and that provides for two-way movement of traffic, a vehicle may not be operated in the center lane except:

(a) when overtaking and passing another vehicle traveling in the same direction where passing is allowed and where the center lane is clear of traffic within a safe distance; or

(b) when the center lane is at the time allocated exclusively to traffic moving in the direction that the vehicle is proceeding and the allocation is designated by official traffic control devices.

(3) Official traffic control devices may be erected directing specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway. Operators of vehicles shall obey the directions of every official traffic control device that designates use of specific lanes.

(4) A person may turn a vehicle left across a lane marked with two yellow lines into a public or private parking lot, private road, private driveway, or roadway if the turn can be made safely and if the person does not hinder the flow of oncoming traffic.

(5) Official traffic control devices may be installed that prohibit the changing of lanes on sections of a roadway, and operators of vehicles shall obey the directions of those devices.

(6) A motor vehicle may not be driven or parked in a bicycle lane that is signed and delineated as a bicycle lane by official traffic control devices.

History: En. Sec. 56, Ch. 263, L. 1955; R.C.M. 1947, 32-2159; amd. Sec. 2, Ch. 119, L. 1997; amd. Sec. 12, Ch. 352, L. 2003.

(2) A motor vehicle being driven upon a roadway outside of a business or residence district, including in a caravan or motorcade, whether or not towing other vehicles, must be operated in a manner that allows sufficient space between each vehicle or combination of vehicles to enable any other vehicle to enter and occupy the space without danger. This provision does not apply to funeral processions.

History: En. Sec. 57, Ch. 263, L. 1955; R.C.M. 1947, 32-2160; amd. Sec. 13, Ch. 352, L. 2003.

61-8-330. Driving on divided highways. (1) Where a highway has been divided into two or more roadways by leaving a space delineated by two double yellow lines or two yellow lines with a crosshatch pattern or by a physical barrier or a clearly indicated dividing section that is constructed in a way that impedes vehicular traffic, a vehicle may be driven only upon the right-hand roadway unless directed or permitted by official traffic control devices or police officers to use another roadway.

(2) A vehicle may not be driven over, across, or within a space, barrier, or section described in subsection (1) except through an opening in the physical barrier or dividing section or space or at an established crossover or intersection unless specifically prohibited by a public authority.

History: En. Sec. 58, Ch. 263, L. 1955; R.C.M. 1947, 32-2161; amd. Sec. 14, Ch. 352, L. 2003.

61-8-331. Restricted and controlled access. (1) A person may not operate a vehicle onto or from a controlled-access roadway except at entrances and exits that are established by public authority.

(2) On a controlled-access highway or facility a person may not:

(a) operate a vehicle over, upon, or across a curb, central dividing section, or other separation or dividing line;

(b) make a left turn or a semicircular or U-turn except through an opening provided for that purpose in the dividing curb, section, separation, or line if travel through the opening is not prohibited by an official traffic control device;

(c) operate a vehicle except in the proper lane, in the proper direction, and to the right of the central dividing curb, separation, section, or line;

(d) operate a vehicle from a local service road except through an opening provided for that purpose in the dividing curb, section, or line that separates the service road from the highway or facility;

(e) construct, operate, or maintain a road or private driveway connecting with the highway or facility without first obtaining permission in writing from the public authority having jurisdiction.

(1) The department of transportation may by rule and local authorities may by ordinance regulate or prohibit the use of a controlled-access highway under their respective jurisdictions by any class or kind of traffic that is found to be incompatible with the normal and safe movement of traffic or by any vehicle.

(2) The department or the local authority that adopts the prohibitory regulation shall erect and maintain official traffic control devices on the controlled-access highway on which these regulations are applicable. A person may not violate the restrictions stated on the official traffic control devices.

61-8-333. Required position and method of turning at intersections. (1) The operator of a vehicle intending to turn at an intersection shall do so as follows:

(a) Both the approach for a right turn and a right turn must be made as close as practicable to the right-hand curb or edge of the roadway.

(b) At an intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn must be made in that portion of the right half of the roadway nearest the center line of the roadway and by passing to the right of the center line where it enters the intersection. After entering the intersection, the left turn must be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable the left turn must be made in that portion of the intersection to the left of the center of the intersection.

(c) At an intersection where traffic is restricted to one direction on one or more of the roadways, the operator of a vehicle intending to turn left shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of the vehicle. After entering the intersection, the left turn must be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in the direction upon the roadway being entered.

(d) A person making a turn under subsection (1)(a), (1)(b), or (1)(c) is entitled to the full use of the lane from which the turn may be legally made.

(2) (a) A person operating a bicycle who intends to turn left shall follow the course described in subsection (1) or in subsection (2)(b).

(b) A person operating a bicycle who intends to turn left shall approach the turn as close as practicable to the right curb or edge of the roadway. After proceeding across the intersecting roadway, the person shall make the turn as close as practicable to the curb or edge of the roadway on the far right side of the intersection. After turning, the person shall yield to through traffic and shall comply with any official traffic control device or police officer regulating traffic on the highway along which the person intends to proceed.

(3) Local authorities in their respective jurisdictions may place official traffic control devices within or adjacent to intersections, directing that a different course from that specified in this section be traveled by vehicles turning at an intersection. Where official traffic control devices that direct a different course are placed, the operator of a vehicle may not turn the vehicle other than as directed by the official traffic control devices.

(4) Where a special lane has been indicated by official traffic control devices allowing operators of vehicles proceeding in opposite directions to make left turns:

(a) a left turn may not be made from any other lane; and

(b) a vehicle may not be operated in the lane except when making a left turn from or onto the roadway or when making a U-turn when that movement is permitted by law.

(1) A person may not turn a vehicle at an intersection unless the vehicle is in proper position upon the roadway as required by 61-8-333 or turn a vehicle to enter a private road or driveway or otherwise turn a vehicle from a direct course or move right or left upon a roadway unless the movement can be made with reasonable safety and until an appropriate signal has been given. A person may not turn a vehicle without giving an appropriate signal in the manner provided in this section.

(2) A signal of intention to turn right or left, other than when passing, must be given continuously during not less than the last 100 feet traveled by the vehicle before turning in any business district, residence district, or urban district.

(3) A signal of intention to turn right or left, other than when passing, must be given continuously during not less than the last 300 feet traveled by the vehicle before turning in areas other than those set forth in subsection (2).

(4) A person may not stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal to the operator of a vehicle immediately to the rear when there is opportunity to give the signal.

(a) For a left turn, the operator's hand and arm must be extended horizontally.

(b) For a right turn, the operator's hand and forearm must be extended upward.

(c) For a stop or a decrease in speed, the operator's hand and arm must be extended downward.

(2) The person operating a bicycle may signal a right turn by extending the right hand and arm horizontally.

(b) The driver of a vehicle on a highway that intersects another highway without crossing it shall yield the right-of-way to all vehicles approaching from the other highway that are close enough to constitute an immediate hazard.

(2) The right-of-way rule declared in subsection (1) is modified at through highways and otherwise as stated in this chapter.

Once the operator has yielded, the operator may proceed and the operators of all other vehicles approaching the intersection on the through highway shall yield the right-of-way to the vehicle proceeding into or across the through highway.

(2) As used in this section, "through highway" means a highway or portion of a highway at the entrances to which vehicular traffic from intersecting highways is required by law to stop before entering or crossing and when stop signs are erected as provided in this chapter.

61-8-342. Vehicles approaching "Yield" sign. An operator of a vehicle approaching a "Yield" sign is subject to the following provisions:

(1) The operator shall slow to a speed that is reasonable for existing conditions and, if required for safety, shall stop before entering the intersection.

(2) After slowing or stopping, the operator shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway close enough to constitute an immediate hazard during the time that the operator is moving across or within the intersection or junction of roadways.

(3) An operator of a vehicle shall yield the right-of-way to pedestrians within crosswalks at the intersection.

(4) If an operator of a vehicle, after having driven past a "Yield" sign, is involved in a collision with another vehicle at an intersection or junction of roadways or with a pedestrian in an adjacent crosswalk, the collision is considered prima facie evidence of the operator's failure to yield right-of-way.

(2) The stop sign and its placement must conform to the sign manual adopted by the department of transportation.

(3) An operator of a vehicle approaching a stop sign shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, the operator shall stop at a clearly marked stop line. If there is not a clearly marked stop line, the operator shall stop at the point nearest the intersecting roadway where the operator has a view of approaching traffic on the intersecting roadway before entering the intersection except when directed to proceed by a police officer, highway patrol officer, or traffic control signal.

(1) Upon the immediate approach of an authorized emergency vehicle making use of audible and visual signals meeting the requirements of 61-9-402 or of a police vehicle properly and lawfully making use of an audible signal only, the operator of every other vehicle shall yield the right-of-way and shall immediately drive to a position parallel to, and as close as possible to, the right-hand edge or curb of the roadway clear of any intersection and shall stop and remain in that position until the authorized emergency vehicle or police vehicle has passed, except when otherwise directed by a police officer or highway patrol officer.

(2) This section does not relieve the driver of an authorized emergency vehicle or police vehicle from the duty to drive with due regard for the safety of all persons using the highway.

(3) Except as provided in subsection (4), upon approaching a stationary authorized emergency vehicle or police vehicle that is displaying visible signals of flashing or rotating amber, blue, red, or green lights, the operator of the approaching vehicle shall:

(a) reduce the vehicle's speed, proceed with caution, and, if possible considering safety and traffic conditions, move to a lane that is not adjacent to the lane in which the authorized emergency vehicle or police vehicle is located or move as far away from the authorized emergency vehicle or police vehicle as possible; or

(b) if changing lanes is not possible or is determined to be unsafe, reduce the vehicle's speed, proceed with caution, and maintain a reduced speed, appropriate to the road and the conditions, through the area where the authorized emergency vehicle or police vehicle is stopped.

(4) Upon approaching a stationary authorized emergency vehicle or police vehicle that is displaying visible signals of flashing or rotating amber, blue, red, or green lights on a public highway with a posted speed limit of 50 miles per hour or greater when driving in a lane that is directly next to the emergency vehicle or police vehicle, the operator of the approaching vehicle shall reduce the vehicle's speed by at least 20 miles per hour below the posted speed limit.

61-8-347. Obedience to signal indicating approach of train or other on-track equipment. (1) When a person operating a vehicle approaches a railroad crossing under any of the circumstances stated in this section, the operator of the vehicle shall slow the vehicle in order to stop as close as practicable but not less than 15 feet from the nearest rail of the railroad and may not proceed until the operator can do so safely. These requirements apply when:

(a) a clearly visible electric or mechanical signal device gives warning of the presence or immediate approach of a railroad train or other on-track equipment;

(b) a crossing gate is lowered or when a flag person gives a signal of the approach or passage of a railroad train or other on-track equipment;

(c) a railroad train approaching the crossing emits an audible signal, except at crossings within quiet zones established under 69-14-620, indicating that the train is an immediate hazard because of its speed or nearness to the crossing;

(d) an approaching railroad train or other on-track equipment is plainly visible and is in hazardous proximity to the crossing;

(e) there is insufficient space to drive completely through the crossing without stopping; or

(f) there is insufficient undercarriage clearance to clear the railroad crossing.

(2) A person may not operate a vehicle through, around, or under any crossing gate or barrier at a railroad grade crossing while the gate or barrier is closed or is being opened or closed.

61-8-348. All vehicles to stop at certain railroad grade crossings. (1) The department of transportation and local authorities in their respective jurisdictions may designate particularly dangerous highway grade crossings of railroads and erect stop signs at these crossings. Where these stop signs are erected, the operator of a vehicle shall stop as close as practicable but not less than 15 feet from the nearest rail of the railroad and may proceed only upon exercising due care.

(2) The operator of a vehicle upon a highway outside of the limits of an incorporated city or town who is approaching a highway grade crossing where a flag person or a mechanical device is not in place or maintained to warn the public of approaching trains or other on-track equipment

shall, before crossing the railroad tracks, stop the vehicle as close as practicable but not less than 15 feet from the nearest rail if:

(1) (a) Except as provided in subsection (1)(b), the driver of a motor vehicle carrying seven or more passengers for hire, a school bus with or without passengers, or a vehicle carrying explosive substances or flammable liquids as a cargo or part of a cargo, before crossing at grade any track or tracks of a railroad, shall stop the vehicle as close as practicable but not less than 15 feet from the nearest rail of the railroad and while stopped shall open the door, in the case of a school bus, and shall listen and look in both directions along the track for an approaching train or other on-track equipment and for signals indicating the approach of a train or other on-track equipment and may not proceed until the driver can do so safely. After stopping as required in this section and upon proceeding when it is safe to do so, the operator of a vehicle may cross only in a gear of the vehicle that requires no changing gears while traversing the crossing. The operator may not shift gears while crossing the track or tracks.

(b) A stop is not required at a crossing where a police officer, highway patrol officer, or official traffic control device directs traffic to proceed.

(2) As used in this section, "official traffic control device" does not include a railroad grade crossing signal.

(3) Before making a crossing, the person operating or moving the vehicle or equipment shall first stop the vehicle or equipment as close as practicable but not less than 15 feet from the nearest rail of the railroad and while stopped shall listen and look in both directions along the track for any approaching train or other on-track equipment and for signals indicating the approach of a train or other on-track equipment. The person may not proceed until the crossing can be made safely.

(4) A crossing may not be made when warning is given by automatic signal, crossing gates, a flag person, or other official traffic control device of the immediate approach of a railroad train

or car or other on-track equipment. If a flag person is provided by the railroad, movement over the crossing must be under the flag person's direction.

61-8-351. Meeting or passing school bus — vehicle operator liability for violation — penalty. (1) Upon overtaking from either direction a school bus that has stopped on the highway or street to receive or discharge school children, a driver of a motor vehicle:

(a) shall stop the motor vehicle not less than approximately 30 feet before reaching the school bus when there is in operation on the bus a visual flashing red signal as specified in 61-9-402; and

(b) may not proceed until the children have entered the school bus or have alighted and reached the side of the highway or street and until the school bus ceases operation of its visual flashing red signal.

(2) The driver of a motor vehicle shall slow to a rate of speed that is reasonable under the conditions existing at the point of operation and must be prepared to stop when meeting or overtaking from either direction a school bus that is preparing to stop on the highway or street to receive or discharge school children as indicated by flashing amber lights as specified in 61-9-402.

(3) Each bus used for the transportation of school children must bear upon the front and rear plainly visible signs containing the words "SCHOOL BUS" in letters not less than 8 inches in height and, in addition, must be equipped with visual signals meeting the requirements of 61-9-402. Amber flashing lights must be actuated by the driver approximately 150 feet in cities and approximately 500 feet in other areas before the bus is stopped to receive or discharge school children on the highway or street. Red lights must be actuated by the driver of the school bus whenever but only whenever the school bus is stopped on the highway or street whether inside or outside the corporate limits of any city or town to receive or discharge school children. However, a school district board of trustees may, in its discretion, adopt a policy prohibiting the operation of amber or red lights when a school bus is stopped at the school site to receive or discharge school children and the receipt or discharge does not involve street crossing by the children. The lights may not be operated in violation of that policy.

(4) The requirements that a driver of a motor vehicle shall stop when a school bus receives or discharges school children under subsection (1) and the requirements that amber and red lights must be actuated by a school bus driver under subsection (3) do not apply when a school bus receives or discharges school children in a designated school bus pullout on a state highway. A designated school bus pullout must meet the following requirements:

(a) The pullout must be located on a roadway separated by a physical barrier, such as a guardrail, raised median, drainage ditch, or irrigation ditch.

(b) The separate roadway must be designed, constructed, and signed specifically for use by school buses, with sufficient space for safe ingress and egress from the main traveled way.

(c) The pullout must be approved by the local affected school district, by a resolution of the district trustees, and by the district superintendent as a mandatory school bus stop for receiving and discharging school children.

(5) When a school bus is being operated upon a highway for purposes other than the actual transportation of children either to or from school or for school functions, all markings on the bus indicating "SCHOOL BUS" must be covered or concealed.

(6) The driver of a motor vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus that is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone that is a part of or adjacent to the highway and where pedestrians are not permitted to cross the roadway.

(7) (a) A person who observes a violation of this section may prepare a written, in addition to an oral, report indicating that a violation has occurred. The report may contain information concerning the violation, including:

(i) the time and approximate location at which the violation occurred;

(ii) the license plate number and color of the motor vehicle involved in the violation;

(iii) identification of the motor vehicle as a passenger car, truck, bus, motorcycle, or other type of motor vehicle; and

(iv) a description of the person operating the motor vehicle when the violation occurred.

(b) A report under subsection (7)(a) constitutes particularized suspicion under 46-5-401(1) that an operator of the vehicle committed a violation of this section.

(8) Violation of subsection (1) is punishable upon conviction by a fine of not more than $500.

(1) Upon any highway outside of a business or residence district no person shall stop, park, or leave standing any vehicle, whether attended or unattended, upon the paved or main-traveled part of the highway when it is practical to stop, park, or so leave such vehicle off such part of said highway, but in every event an unobstructed width of the highway opposite a standing vehicle shall be left for the free passage of other vehicles. No person shall stop, stand, or park any vehicle upon such highway unless such vehicle can be seen by the driver of any other vehicle approaching from either direction within 500 feet and unless drivers approaching from opposite directions are visible to each other when both are at least 500 feet from the vehicle to be stopped, turned, or parked, except in cases of justifiable emergency.

(2) This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-traveled portion of a highway in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position.

(1) A person may not stop, stand, or park a vehicle, except when necessary to avoid conflict with other traffic or in compliance with law or the directions of a police officer, highway patrol officer, or official traffic control device, in any of the following places:

(a) on a sidewalk;
(b) in front of a public or private driveway;
(c) within an intersection;
(d) within 15 feet of a fire hydrant;
(e) on a crosswalk;
(f) within 20 feet of a crosswalk at an intersection;

(g) within 30 feet upon the approach to any flashing beacon, stop sign, or official traffic control device located at the side of a roadway;

(h) between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone, unless the local authorities indicate a different length by signs or markings;

(i) within 50 feet of the nearest rail of a railroad crossing;

(j) within 20 feet of the driveway entrance to any fire station and on the side of a street opposite the entrance to any fire station within 75 feet of the entrance when properly signposted;

(k) alongside or opposite any street excavation or obstruction when stopping, standing, or parking would obstruct traffic;

(l) on the roadway side of any vehicle stopped or parked at the edge or curb of a street;

(m) upon any bridge or other elevated structure upon a highway or within a highway tunnel;

(n) at any place where official traffic control devices prohibit stopping.

(2) A public bus stop may not be established in the areas described in subsections (1)(a) through (1)(c) and (1)(e). Otherwise, this section does not prohibit the establishment of public bus stops and the regulation of their use by the authority having jurisdiction. A bus stop may only be established pursuant to a traffic and engineering study.

(3) A person may not move a vehicle not lawfully under the person's control into a prohibited area or an unlawful distance away from a curb.

(4) As used in this section, "safety zone" means the area or space that is officially set apart within a roadway for the exclusive use of pedestrians and that is protected or is so marked or indicated by adequate signs as to be plainly visible at all times while set apart as a safety zone.

61-8-355. Additional parking regulations. (1) Except as otherwise provided in this section, a vehicle that is stopped or parked upon a two-way roadway must be stopped or parked with the right-hand wheels of the vehicle parallel to and within 18 inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder.

(2) Except when otherwise provided by the authority having jurisdiction, a vehicle that is stopped or parked upon a one-way roadway must be stopped or parked parallel to the curb or edge of the roadway in the direction of authorized traffic movement, with its right-hand wheels within 18 inches of the right-hand curb or as close as practicable to the right edge of the right-hand shoulder or with its left-hand wheels within 18 inches of the left-hand curb or as close as practicable to the left edge of the left-hand shoulder.

(3) A local authority may by ordinance permit angle parking on a roadway, except that angle parking may not be permitted on any federal-aid or state highway unless the department of transportation determines that the roadway is of sufficient width to permit angle parking without interfering with the free movement of traffic.

(4) The authority having jurisdiction may place official traffic control devices prohibiting or restricting the stopping, standing, or parking of vehicles on a highway where in its judgment this stopping, standing, or parking is dangerous to those using the highway or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic.

(1) A vehicle may not be parked or left standing upon the right-of-way of a public highway for a period longer than 48 hours or upon a city street or state, county, or city property for a period longer than 5 days.

(2) The abandonment of a vehicle, other than a bicycle, on a public highway, a city street, public property, or private property creates a prima facie presumption that the last-registered owner of the vehicle is responsible for the abandonment and is liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less the amount realized if the vehicle is sold.

(3) The filing of a theft report with a law enforcement agency prior to the abandonment relieves the last-registered owner of liability under subsection (2).

61-8-359. Riding on motorcycles or quadricycles. (1) A person operating a motorcycle on public streets or highways may ride only upon the permanent and regular seat attached to the motorcycle. The operator may not carry any other person and another person may not ride on a motorcycle unless the motorcycle is designed to carry more than one person, in which event a passenger may ride upon the permanent and regular seat if designed for two persons or upon another seat firmly attached to the rear or side of the operator.

(2) A passenger may not be carried in a position that will interfere with the operation of the motorcycle or the view of the operator.

(3) A person operating a motorcycle may not carry any packages, bundles, or articles that would prevent the operator from keeping both hands on the handlebars or that would interfere with the operation of the vehicle in a safe and prudent manner.

(4) A person may ride upon a motorcycle only while sitting astride the seat, facing forward, with one leg on each side of the motorcycle.

(5) Except as provided in subsections (5)(a) and (5)(b) and subject to 61-9-101(4), motorcycles must be operated with lights on at all times when operated on any public roadway. A motorcycle may be operated without lights from one-half hour before sunrise to one-half hour after sunset if:

(a) the motorcycle is registered under 61-3-411 as a collector's item and if persons and vehicles are clearly discernible at a distance of 500 feet; or

(b) the motorcycle is being driven to the nearest repair facility for headlamp repair.

(6) No more than two motorcycles may be operated side by side in a single traffic lane.

(7) All motor vehicles, including motorcycles and quadricycles, are entitled to the full use of a traffic lane, and a vehicle may not be driven or operated in a manner that deprives any other

vehicle of the full use of a traffic lane, except that motorcycles may, with the consent of both drivers, be operated no more than two abreast in a single traffic lane.

(8) Every person riding a motorcycle or quadricycle upon a roadway is granted all of the rights and is subject to all of the duties applicable to the driver of a motor vehicle except for those provisions which, by their nature, can have no application.

(9) A person operating a motorcycle or quadricycle shall operate the motorcycle or quadricycle in a reasonable and prudent manner at all times.

(c) a vehicle performing road maintenance; and

(d) a vehicle in a marked work zone.

History: **En. Sec. 1, Ch. 374, L. 1991; amd. Sec. 1, Ch. 428, L. 2009; amd. Sec. 3, Ch. 426, L. 2017.**

Compiler's Comments

2017 Amendment: Chapter 426 in (2)(d) substituted "work zone" for "construction zone". Amendment effective October 1, 2017.

61-8-371. Operation of motor vehicle or off-highway vehicle below high-water mark on certain state or federal lands prohibited — exceptions. (1) Except as provided in 77-1-111(3), 77-1-806(4), and subsections (2) and (3) of this section, a person may not operate a motor vehicle or an off-highway vehicle below the ordinary high-water mark, as defined in 23-2-301, of class I or class II waters, as defined in 23-2-301, that occurs on state or federal lands or below the ordinary high-water mark of class I waters flowing through private lands, within that portion of the streambed that is covered with water.

(2) A motor vehicle or an off-highway vehicle may be operated below the ordinary high-water mark on state or federal lands on an established road or trail that enters or crosses a stream, but the stream crossing must be by the shortest practical or designated route to the road or trail on the opposite bank.

(3) The prohibition in subsection (1) does not apply to:

(a) off-highway or motor vehicle use that occurs on state or federal land that is designated for off-highway or motor vehicle use below the ordinary high-water mark if the use is in accordance with the requirements of the authorization;

(b) off-highway or motor vehicle use conducted on state or federal land pursuant to and in accordance with a specific written authorization from the appropriate land management agency for that use below the ordinary high-water mark; and

(c) operation of an off-highway vehicle by a nonambulatory person who is using the vehicle for recreational use, as defined in 23-2-301, as long as operation of the vehicle is prudent and minimizes destruction.

(4) The state may authorize the use of a motor vehicle or off-highway vehicle on state property below the ordinary high-water mark only when the state has determined that the use will have a minimal impact on the streambed and on the fish and wildlife ecology of the stream or river. Federal land management agencies are requested to apply the same criteria when authorizing use of federal land.

History: **En. Sec. 1, Ch. 491, L. 1991; amd. Sec. 202, Ch. 542, L. 2005; amd. Sec. 5, Ch. 472, L. 2009.**

61-8-372. Littering with lighted matches, cigarettes, and other burning material and dumping ashtray prohibited — penalty — posting. (1) A person may not throw away lighted matches, tobacco, cigarettes, cigars, or other lighted material on a forest road, private road, city street, county road, public highway, or railroad right-of-way, except lighted materials used as safety signaling devices, in this state.

(2) A person may not empty an ashtray containing matches, ashes, cigarette or cigar refuse, or other related material on a forest road, private road, city street, county road, public highway, or railroad right-of-way in this state.

(3) A person convicted of violating subsection (1) or (2) shall be fined a maximum of $500.

(4) Municipalities, the forest service, county governments, property owners, public transit operators, federal highway administrators, and any other appropriate entity may, at their discretion, post copies of this section in conspicuous locations.

History: **En. Sec. 1, Ch. 67, L. 1997; amd. Sec. 2, Ch. 513, L. 2001.**

61-8-375. Unlawful operation of motorized nonstandard vehicle — exception. A person may not operate a motorized nonstandard vehicle on ways of this state open to the public unless the operation is specifically authorized by ordinance or regulation passed by the local governing body of the county, city, or town for a public way under its jurisdiction.

History: En. Sec. 3, Ch. 468, L. 2005.

61-8-376. Authorized operation of electric personal assistive mobility devices. Electric personal assistive mobility devices, as defined in 61-1-101, are permitted to operate on sidewalks, unless they are prohibited by official traffic control devices, on bike paths, and on roads and streets that have a speed limit of 35 miles an hour or less.

History: En. Sec. 4, Ch. 468, L. 2005; amd. Sec. 12, Ch. 468, L. 2005.

61-8-377. Medium-speed electric vehicle — operating requirements. (1) A medium-speed electric vehicle may be operated only on a highway for which the posted speed limit does not exceed 45 miles an hour.

(2) Except as provided in subsection (1), the provisions of this chapter apply to the operator of a medium-speed electric vehicle.

History: En. Sec. 2, Ch. 233, L. 2007.

61-8-378. Low-speed electric vehicle — golf cart operated by person with low-speed restricted driver's license — operating requirements. (1) A low-speed electric vehicle may be operated only by a person with a low-speed restricted driver's license.

(2) A low-speed electric vehicle or golf cart operated by a person with a low-speed restricted driver's license may be operated only on a highway for which the posted speed limit does not exceed 25 miles per hour.

(3) A low-speed electric vehicle or golf cart operated by a person with a low-speed restricted driver's license may not cross a highway with a posted speed limit of greater than 45 miles per hour.

(4) Except as provided in subsections (1) through (3), the provisions of this chapter apply to a low-speed electric vehicle or golf cart operated by a person with a low-speed restricted driver's license.

History: En. Sec. 1, Ch. 209, L. 2011.

61-8-379. Definitions. As used in 61-8-380 through 61-8-384, the following definitions apply:

(1) "Funeral escort vehicle" means a motor vehicle properly equipped pursuant to 61-8-381.

(2) "Funeral lead vehicle" means a motor vehicle, including a funeral hearse that is properly equipped pursuant to 61-8-381, leading and facilitating the movement of a funeral procession.

(3) "Funeral procession" means two or more motor vehicles, one of which is carrying the remains of a deceased person, in the daylight hours, including a funeral lead vehicle and a funeral escort vehicle.

History: En. Sec. 203, Ch. 542, L. 2005.

61-8-380. Funeral procession right-of-way — funeral lead vehicle and funeral escort vehicle in funeral procession. (1) Except as provided in subsection (4), pedestrians and operators of motor vehicles shall yield the right-of-way to a motor vehicle that is part of a funeral procession being led by a funeral lead vehicle or a funeral escort vehicle.

(2) After a funeral lead vehicle enters an intersection, the other vehicles in the funeral procession may continue to follow the funeral lead vehicle through the intersection despite any official traffic control device, right-of-way provisions of this chapter, or local ordinance if the operator exercises reasonable care toward any other vehicle or pedestrian. When the funeral lead vehicle arrives at an intersection, it must comply with the requirements of any official traffic control device, right-of-way provision of this chapter, and local ordinance.

(3) Except as provided in subsection (4), a driver of a funeral escort vehicle may direct the drivers of other vehicles in a funeral procession to proceed through an intersection or to make turns or other movements despite any official traffic control device. The driver of a funeral escort vehicle may direct and control the drivers of vehicles not in a funeral procession, including those in or approaching an intersection, to stop, proceed, or make turns or other movements

without regard to an official traffic control device. Persons directing traffic shall comply with the requirements for a flag person as defined in 61-8-102. However, use of a funeral escort vehicle is not required.

(4) A vehicle in a funeral procession has the right-of-way at intersections regardless of official traffic control devices provided the driver of that vehicle and the drivers of all vehicles in the funeral procession meet all the requirements of 61-8-379 through 61-8-384, except that an operator of a vehicle in a funeral procession shall yield the right-of-way to an approaching authorized emergency vehicle giving an audible or visual signal or when directed to do so by a highway patrol officer or police officer. This section does not relieve the driver of a vehicle in a funeral procession from the duty to drive with due regard for the safety of all persons using the highway.

History: En. Sec. 5, Ch. 338, L. 1991; amd. Sec. 204, Ch. 542, L. 2005.

61-8-381. Equipment required for funeral vehicle — restricted light use. (1) A funeral escort vehicle or a funeral lead vehicle must be equipped with at least one lighted rotating or oscillating lamp exhibiting an amber light or lens visible under normal atmospheric conditions for a distance of 500 feet from the front of the vehicle.

(2) A funeral escort vehicle or a funeral lead vehicle may illuminate a rotating or oscillating amber light only when the vehicle is in use in a funeral procession.

History: En. Sec. 6, Ch. 338, L. 1991.

61-8-382. Driving in funeral procession. (1) A vehicle in a funeral procession shall follow the preceding vehicle in the funeral procession as closely as is practicable and safe.

(2) An ordinance, law, or regulation requiring that motor vehicles be operated to allow sufficient space between them to enable another vehicle to enter and occupy that space without danger does not apply to vehicles in a funeral procession.

(3) The driver of a motor vehicle in a funeral procession may not drive the vehicle at a speed greater than:

(a) 55 miles per hour on a highway where the posted speed limit is 55 miles per hour or more; or

(b) 5 miles per hour below the posted speed limit on other streets or roads.

(4) A vehicle being operated in a funeral procession must have its headlights and taillights illuminated.

(5) The turn signals must be flashing simultaneously as warning lights on a vehicle that:

(a) is the first vehicle in a funeral procession; or

(b) the driver has reason to believe is the last vehicle in a funeral procession.

History: En. Sec. 7, Ch. 338, L. 1991.

61-8-383. Vehicles not in funeral procession. The driver of a vehicle that is not part of a funeral procession may not:

(1) drive between the vehicles forming a funeral procession while they are in motion except when:

(a) authorized to do so by a police officer; or

(b) driving an authorized emergency vehicle emitting an audible or visible signal;

(2) join a funeral procession to secure the right-of-way granted by 61-8-380;

(3) pass a funeral procession on a multiple-lane highway on the funeral procession's right side unless the funeral procession is in the farthest left lane;

(4) enter an intersection, even if the driver is facing a green traffic control signal, when a funeral procession being conducted in compliance with 61-8-379 through 61-8-384 is proceeding through a red traffic control signal at that intersection as permitted by 61-8-380 unless the driver can do so without crossing the path of the funeral procession. If the red signal changes to green while the funeral procession is within the intersection, the driver of a vehicle facing a green signal may proceed subject to the right-of-way of a vehicle participating in a funeral procession.

History: En. Sec. 8, Ch. 338, L. 1991; amd. Sec. 205, Ch. 542, L. 2005.

61-8-384. Liability. The operator of a vehicle in a funeral procession, including a funeral lead vehicle or a funeral escort vehicle, is not negligent if the person operates the vehicle in accordance with the requirements of 61-8-379 through 61-8-384. When no negligence exists on the part of the operator of a vehicle in a funeral procession, none may be imputed to the funeral director or mortician organizing the procession, to the agent of the funeral director or mortician, or to a member of a local law enforcement agency acting as the agent, with or without compensation, of the funeral director or mortician.

History: En. Sec. 9, Ch. 338, L. 1991; amd. Sec. 206, Ch. 542, L. 2005.

61-8-385 through 61-8-390 reserved.

61-8-391. Operation of golf carts — unlawful operation — exception — required equipment. (1) A person may not operate a golf cart on a public street or highway open to the public unless the operation is specifically authorized by ordinance or regulation passed by the local governing body of the county, city, or town for a public street or highway under its jurisdiction.

(2) A person operating a golf cart under this section must have a valid driver's license.

(3) A golf cart may not be operated on a public street or highway when permitted by this section unless it is equipped with:

(a) at least one and not more than two headlamps;

(b) at least one taillamp;

(c) at least one reflector;

(d) stop lamps;

(e) a horn; and

(f) a mirror that reflects to the driver a view of the highway.

(4) Except as provided in 61-3-321, a golf cart is exempt from titling, registration, and mandatory liability insurance requirements under this title.

History: En. Sec. 1, Ch. 247, L. 2011.

61-8-401. Driving under influence of alcohol or drugs — definitions. (1) It is unlawful and punishable, as provided in 61-8-442, 61-8-714, and 61-8-731 through 61-8-734, for a person who is under the influence of:

(a) alcohol to drive or be in actual physical control of a vehicle upon the ways of this state open to the public;

(b) a dangerous drug to drive or be in actual physical control of a vehicle within this state;

(c) any other drug to drive or be in actual physical control of a vehicle within this state; or

(d) alcohol and any dangerous or other drug to drive or be in actual physical control of a vehicle within this state.

(2) The fact that any person charged with a violation of subsection (1) is or has been entitled to use alcohol or a drug under the laws of this state does not constitute a defense against any charge of violating subsection (1).

(3) (a) "Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination of alcohol and drugs, a person's ability to safely operate a vehicle has been diminished.

(b) Subject to 61-8-440, as used in this part, "vehicle" has the meaning provided in 61-1-101, except that the term does not include a bicycle.

(4) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person driving or in actual physical control of a vehicle while under the influence of alcohol, the concentration of alcohol in the person at the time of a test, as shown by analysis of a sample of the person's blood or breath drawn or taken within a reasonable time after the alleged act, gives rise to the following inferences:

(a) If there was at that time an alcohol concentration of 0.04 or less, it may be inferred that the person was not under the influence of alcohol.

(b) If there was at that time an alcohol concentration in excess of 0.04 but less than 0.08, that fact may not give rise to any inference that the person was or was not under the influence of alcohol, but the fact may be considered with other competent evidence in determining the guilt or innocence of the person.

(c) If there was at that time an alcohol concentration of 0.08 or more, it may be inferred that the person was under the influence of alcohol. The inference is rebuttable.

(5) The provisions of subsection (4) do not limit the introduction of any other competent evidence bearing upon the issue of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

(6) Each municipality in this state is given authority to enact 61-8-406, 61-8-408, 61-8-410, 61-8-411, 61-8-465, 61-8-714, 61-8-722, 61-8-731 through 61-8-734, and subsections (1) through (5) of this section, with the word "state" in 61-8-406, 61-8-411, 61-8-465, and subsection (1) of this section changed to read "municipality", as an ordinance and is given jurisdiction of the enforcement of the ordinance and of the imposition of the fines and penalties provided in the ordinance.

(7) Absolute liability as provided in 45-2-104 is imposed for a violation of this section.

61-8-402. Implied consent — blood or breath tests for alcohol, drugs, or both — refusal to submit to test — administrative license suspension. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a test or tests of the person's blood or breath for the purpose of determining any measured amount or detected presence of alcohol or drugs in the person's body.

(2) (a) The test or tests must be administered at the direction of a peace officer when:

(i) the officer has reasonable grounds to believe that the person has been driving or has been in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person has been placed under arrest for a violation of 61-8-401 or 61-8-465;

(ii) the person is under the age of 21 and has been placed under arrest for a violation of 61-8-410; or

(iii) the officer has probable cause to believe that the person was driving or in actual physical control of a vehicle:

(A) in violation of 61-8-401 and the person has been involved in a motor vehicle accident or collision resulting in property damage;

(B) involved in a motor vehicle accident or collision resulting in serious bodily injury, as defined in 45-2-101, or death; or

(C) in violation of 61-8-465.

(b) The arresting or investigating officer may designate which test or tests are administered.

(3) A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is considered not to have withdrawn the consent provided by subsection (1).

(4) If an arrested person refuses to submit to one or more tests requested and designated by the officer as provided in subsection (2), the refused test or tests may not be given except as provided in subsection (5), but the officer shall, on behalf of the department, immediately seize the person's driver's license. The peace officer shall immediately forward the license to the department, along with a report certified under penalty of law stating which of the conditions set forth in subsection (2)(a) provides the basis for the testing request and confirming that the person refused to submit to one or more tests requested and designated by the peace officer. Upon receipt of the report, the department shall suspend the license for the period provided in subsection (8).

(5) If the arrested person has refused to provide a breath, blood, or urine sample under 61-8-409 or this section in a prior investigation in this state or under a substantially similar statute in another jurisdiction or the arrested person has a prior conviction or pending offense for a violation of 45-5-104, 45-5-106, 45-5-205, 61-8-401, 61-8-406, or 61-8-411 or a similar statute in another jurisdiction, the officer may apply for a search warrant to be issued pursuant to 46-5-224 to collect a sample of the person's blood for testing.

(6) (a) An arrested person who refuses to submit to one or more tests as provided in subsection (4) shall pay the department an administrative fee of $300, which must be deposited in the state special revenue account established pursuant to subsection (6)(b).

(b) There is a blood-draw search warrant processing account in the state special revenue fund established pursuant to 17-2-102(1)(b). Money provided to the department of justice pursuant to this subsection (6) must be deposited in the account and may be used only for the purpose of providing forensic analysis of a driver's blood to determine the presence of alcohol or drugs.

(c) The department shall adopt rules establishing procedures for the collection, distribution, and strict accountability of any funds received pursuant to this section.

(7) Upon seizure of a driver's license, the peace officer shall issue, on behalf of the department, a temporary driving permit, which is effective 12 hours after issuance and is valid for 5 days following the date of issuance, and shall provide the driver with written notice of the license suspension and the right to a hearing provided in 61-8-403.

(8) (a) Except as provided in subsection (8)(b), the following suspension periods are applicable upon refusal to submit to one or more tests:

(i) upon a first refusal, a suspension of 6 months with no provision for a restricted probationary license;

(ii) upon a second or subsequent refusal within 5 years of a previous refusal, as determined from the records of the department, a suspension of 1 year with no provision for a restricted probationary license.

(b) If a person who refuses to submit to one or more tests under this section is the holder of a commercial driver's license, in addition to any action taken against the driver's noncommercial driving privileges, the department shall:

(i) upon a first refusal, suspend the person's commercial driver's license for a 1-year period; and

(ii) upon a second or subsequent refusal, suspend the person's commercial driver's license for life, subject to department rules adopted to implement federal rules allowing for license reinstatement, if the person is otherwise eligible, upon completion of a minimum suspension period of 10 years. If the person has a prior conviction of a major offense listed in 61-8-802(2) arising from a separate incident, the conviction has the same effect as a previous testing refusal for purposes of this subsection (8)(b).

(9) A nonresident driver's license seized under this section must be sent by the department to the licensing authority of the nonresident's home state with a report of the nonresident's refusal to submit to one or more tests.

(10) The department may recognize the seizure of a license of a tribal member by a peace officer acting under the authority of a tribal government or an order issued by a tribal court suspending, revoking, or reinstating a license or adjudicating a license seizure if the actions are conducted pursuant to tribal law or regulation requiring alcohol or drug testing of motor vehicle

operators and the conduct giving rise to the actions occurred within the exterior boundaries of a federally recognized Indian reservation in this state. Action by the department under this subsection is not reviewable under 61-8-403.

(11) A suspension under this section is subject to review as provided in this part.

(12) This section does not apply to tests, samples, and analyses of blood or breath used for purposes of medical treatment or care of an injured motorist, related to a lawful seizure for a suspected violation of an offense not in this part, or performed pursuant to a search warrant.

(13) This section does not prohibit the release of information obtained from tests, samples, and analyses of blood or breath for law enforcement purposes as provided in 46-4-301 and 61-8-405(6).

61-8-403. Right of appeal to court. (1) Within 30 days after notice of the right to a hearing has been given by a peace officer, a person may file a petition to challenge the license suspension or revocation in the district court in the county where the arrest was made.

(2) The court has jurisdiction and shall set the matter for hearing. The court shall give at least 10 days' written notice of the hearing to the county attorney of the county where the arrest was made and to the city attorney if the incident leading to the suspension or revocation resulted in a charge filed in a city or municipal court. The county attorney or city attorney may represent the state. If the county attorney and the city attorney cannot agree on who will represent the state, the county attorney shall represent the state.

(3) Upon request of the petitioner, the court may order the department to return the seized license or issue a stay of the suspension or revocation action pending the hearing.

(4) (a) The court shall take testimony and examine the facts of the case, except that the issues are limited to whether:

(i) a peace officer had reasonable grounds to believe that the person had been driving or was in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol, drugs, or a combination of the two and the person was placed under arrest for violation of 61-8-401 or 61-8-465;

(ii) the person is under 21 years of age and was placed under arrest for a violation of 61-8-410;

(iii) the officer had probable cause to believe that the person was driving or in actual physical control of a vehicle in violation of 61-8-401 and the person was involved in a motor vehicle accident or collision resulting in property damage, bodily injury, or death; and

(iv) the person refused to submit to one or more tests designated by the officer.

(b) Based on the issues in subsection (4)(a) and no others, the court shall determine whether the petitioner is entitled to a license or whether the petitioner's license is subject to suspension or revocation.

(5) This section does not grant a right of appeal to a state court if a driver's license is initially seized, suspended, or revoked pursuant to a tribal law or regulation that requires alcohol or drug testing of motor vehicle operators.

61-8-404. Evidence admissible — conditions of admissibility. (1) Upon the trial of a criminal action or other proceeding arising out of acts alleged to have been committed by a person in violation of 61-8-401, 61-8-406, 61-8-410, 61-8-411, 61-8-465, or 61-8-805:

(a) evidence of any measured amount or detected presence of alcohol, drugs, or a combination of alcohol and drugs in the person at the time of a test, as shown by an analysis of the person's blood or breath, is admissible. A positive test result does not, in itself, prove that the person was under the influence of a drug or drugs at the time the person was in control of a motor vehicle. A person may not be convicted of a violation of 61-8-401 based upon the presence of a drug or drugs in the person unless some other competent evidence exists that tends to establish that the person was under the influence of a drug or drugs while driving or in actual physical control of a motor vehicle within this state.

(b) a report of the facts and results of one or more tests of a person's blood or breath is admissible in evidence if:

(i) a breath test or preliminary alcohol screening test was performed by a person certified by the forensic sciences division of the department to administer the test;

(ii) a blood sample was analyzed in a laboratory operated or certified by the department or in a laboratory exempt from certification under the rules of the department and the blood was withdrawn from the person by a person competent to do so under 61-8-405(1);

(c) a report of the facts and results of a physical, psychomotor, or physiological assessment of a person is admissible in evidence if it was made by a person trained by the department or by a person who has received training recognized by the department.

(2) If the person under arrest refused to submit to one or more tests under 61-8-402, whether or not a sample was subsequently collected for any purpose, proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed while the person was driving or in actual physical control of a vehicle upon the ways of this state open to the public, while under the influence of alcohol, drugs, or a combination of alcohol and drugs. The trier of fact may infer from the refusal that the person was under the influence. The inference is rebuttable.

(3) The provisions of this part do not limit the introduction of any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of alcohol and drugs.

61-8-405. Administration of tests. (1) Only a physician, registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse may, at the request of a peace officer, withdraw blood for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. This limitation does not apply to the sampling of breath.

(2) In addition to any test administered at the direction of a peace officer, a person may request that an independent blood sample be drawn by a physician or registered nurse for the purpose of determining any measured amount or detected presence of alcohol, drugs, or any combination of alcohol and drugs in the person. The peace officer may not unreasonably impede the person's right to obtain an independent blood test. The officer may but has no duty to transport the person to a medical facility or otherwise assist the person in obtaining the test. The cost of an independent blood test is the sole responsibility of the person requesting the test. The failure or inability to obtain an independent test by a person does not preclude the admissibility in evidence of any test given at the direction of a peace officer.

(3) Upon the request of the person tested, full information concerning any test given at the direction of the peace officer must be made available to the person or the person's attorney.

(4) A physician, registered nurse, or other qualified person acting under the supervision and direction of a physician or registered nurse does not incur any civil or criminal liability as

a result of the proper administering of a blood test when requested in writing by a peace officer to administer a test.

(5) The department in cooperation with any appropriate agency shall adopt uniform rules for the giving of tests and may require certification of training to administer the tests as considered necessary.

(6) If a peace officer has probable cause to believe that a person has violated 61-8-401, 61-8-406, 61-8-410, 61-8-411, 61-8-465, or 61-8-805 and a sample of blood, breath, urine, or other bodily substance is taken from that person for any reason, a portion of that sample sufficient for analysis must be provided to a peace officer if requested for law enforcement purposes and upon issuance of a subpoena as provided in 46-4-301.

61-8-409. Preliminary alcohol screening test. (1) A person who operates or is in actual physical control of a vehicle upon ways of this state open to the public is considered to have given consent to a preliminary alcohol screening test of the person's breath, for the purpose of estimating the person's alcohol concentration, upon the request of a peace officer who has a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410 or 61-8-465.

(2) The person's obligation to submit to a test under 61-8-402 is not satisfied by the person submitting to a preliminary alcohol screening test pursuant to this section.

(3) The peace officer shall inform the person of the right to refuse the test and that the refusal to submit to the preliminary alcohol screening test will result in the suspension for up to 1 year of that person's driver's license.

(4) If the person refuses to submit to a test under this section, a test will not be given except as provided in 61-8-402(5). However, the refusal is sufficient cause to suspend the person's driver's license as provided in 61-8-402.

(5) A hearing as provided for in 61-8-403 must be available. The issues in the hearing must be limited to determining whether a peace officer had a particularized suspicion that the person was driving or in actual physical control of a vehicle upon ways of this state open to the public while under the influence of alcohol or in violation of 61-8-410 and whether the person refused to submit to the test.

(6) The provisions of 61-8-402(3) through (10) that do not conflict with this section are applicable to refusals under this section. If a person refuses a test requested under 61-8-402 and this section for the same incident, the department may not consider each a separate refusal for purposes of suspension under 61-8-402.

(7) A test may not be conducted or requested under this section unless both the peace officer and the instrument used to conduct the preliminary alcohol screening test have been certified by the department pursuant to rules adopted under the authority of 61-8-405(5).

61-8-410. Operation of vehicle by person under 21 years of age with alcohol concentration of 0.02 or more. (1) It is unlawful for a person under the age of 21 who has an alcohol concentration of 0.02 or more to drive or be in actual physical control of a vehicle upon ways of this state open to the public. Absolute liability, as provided for in 45-2-104, is imposed for a violation of this section.

(2) Upon a first conviction under this section, a person shall be punished by a fine of not less than $100 or more than $500.

(3) Upon a second conviction under this section, a person shall be punished by a fine of not less than $200 or more than $500 and, if the person is 18 years of age or older, by incarceration for not more than 10 days.

(4) Upon a third or subsequent conviction under this section, a person shall be punished by a fine of not less than $300 or more than $500 and, if the person is 18 years of age or older, by incarceration for not less than 24 consecutive hours or more than 60 days.

(5) In addition to the punishment provided in this section, regardless of disposition:

(a) the person shall comply with the chemical dependency education course and chemical dependency treatment provisions in 61-8-732 as ordered by the court; and

(b) the department shall suspend the person's driver's license for 90 days upon the first conviction, 6 months upon the second conviction, and 1 year upon the third or subsequent conviction. A restricted or probationary driver's license may not be issued during the suspension period until the person has paid a license reinstatement fee in accordance with 61-2-107 and, if the person was under the age of 18 at the time of the offense, has completed at least 30 days of the suspension period.

(6) A conviction under this section may not be counted as a prior conviction under 61-8-401 or 61-8-406.

(2) The department's rules must be based upon federal standards issued for similar devices.

(3) An ignition interlock device that is approved by the department must also:

(a) be designed so it does not impede safe operation of the vehicle;

(b) correlate well with the level established for alcohol impairment;

(c) work accurately and reliably in an unsupervised environment and under extreme weather conditions;

(d) require a deep lung breath sample or use an equally accurate measure of blood alcohol concentration equivalence;

(e) resist tampering and show evidence of tampering if it is attempted;

(f) be difficult to circumvent;

(g) minimize inconvenience of a sober user;

(h) operate reliably over the range of automobile environments and in connection with various manufacturing standards; and

(i) be manufactured by a person who is adequately insured for product liability.

(4) An ignition interlock device provider shall include in any lease agreement for an ignition interlock device a warning that a person who knowingly tampers with, circumvents, or otherwise misuses the device is subject to criminal prosecution.

61-8-442. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — ignition interlock device — 24/7 sobriety and drug monitoring program — forfeiture of vehicle. (1) In addition to the punishments provided in 61-8-714, 61-8-722, and 61-8-465, regardless of disposition and if a probationary license is recommended by the court, the court may, for a person convicted of a first offense under 61-8-401, 61-8-406, 61-8-411, or 61-8-465:

(a) restrict the person to driving only a motor vehicle equipped with a functioning ignition interlock device during the probationary period and require the person to pay the reasonable cost of leasing, installing, and maintaining the device; or

(b) require the person to participate in a court-approved alcohol or drug detection testing program and pay the fees associated with the testing program.

(2) If a person is convicted of a second or subsequent violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465, in addition to the punishments provided in 61-8-714, 61-8-722, and 61-8-465, regardless of disposition, the court shall:

(a) if recommending that a probationary license be issued to the person, restrict the person to driving only a motor vehicle equipped with a functioning ignition interlock device during the probationary period and require the person to pay the reasonable cost of leasing, installing, and maintaining the device;

(b) require the person to participate in the 24/7 sobriety and drug monitoring program provided for in 44-4-1203 and pay the fees associated with the program or require the person to participate in a court-approved alcohol or drug detection testing program and pay the fees associated with the testing program; or

(c) order that each motor vehicle owned by the person at the time of the offense be seized and subjected to the forfeiture procedure provided under 61-8-421.

(3) Any restriction or requirement imposed under this section must be included in a report of the conviction made by the court to the department in accordance with 61-11-101 and placed upon the person's driving record maintained by the department in accordance with 61-11-102.

(4) The duration of a restriction imposed under this section must be monitored by the department.

61-8-460. Unlawful possession of open alcoholic beverage container in motor vehicle on highway. (1) Except as provided in subsection (2), a person commits the offense of unlawful possession of an open alcoholic beverage container in a motor vehicle if the person knowingly possesses an open alcoholic beverage container within the passenger area of a motor vehicle on a highway.

(2) This section does not apply to an open alcoholic beverage container:

(a) in a locked glove compartment or storage compartment;

(b) in a motor vehicle trunk or luggage compartment or in a truck bed or cargo compartment;

(c) behind the last upright seat of a motor vehicle that is not equipped with a trunk;

(d) in a closed container in the area of a motor vehicle that is not equipped with a trunk and that is not normally occupied by the driver or a passenger; or

(e) in the immediate possession of a passenger:

(i) of a motor vehicle, including a bus, taxi, or limousine, that is used for the transportation of persons for compensation and that includes the provision of a hired driver; or

(ii) in the living quarters of a camper, travel trailer, or motor home.

(3) (a) A person convicted of the offense of unlawful possession of an open alcoholic beverage container in a motor vehicle shall be fined an amount not to exceed $100.

(b) A violation of this section is not a criminal offense within the meaning of 3-1-317, 3-1-318, 45-2-101, 46-18-236, 61-8-104, and 61-8-711 and may not be recorded or charged against a driver's record, and an insurance company may not hold a violation of this section against the insured or increase premiums because of the violation. The surcharges provided for in 3-1-317, 3-1-318, and 46-18-236 may not be imposed for a violation of this section.

History: En. Sec. 1, Ch. 348, L. 2005.

61-8-461. Definitions. As used in 61-8-460, the following definitions apply:

(1) "Alcoholic beverage" means a compound produced for human consumption as a drink that contains 0.5% or more of alcohol by volume.

(2) "Bus" means a motor vehicle with a manufacturer's rated seating capacity of 11 or more passengers, including the driver.

(3) "Camper" has the meaning provided in 61-1-101.

(4) "Highway" has the meaning provided in 61-1-101, including the shoulders of the highway.

(5) "Motor home" has the meaning provided in 61-1-101.

(6) "Motor vehicle" has the meaning provided in 61-1-101.

(7) "Open alcoholic beverage container" means a bottle, can, jar, or other receptacle that contains any amount of an alcoholic beverage and that is open or has a broken seal or the contents of which are partially removed.

(8) "Passenger area" means the area designed to seat the driver and passengers while a motor vehicle is in operation and any area that is readily accessible to the driver or a passenger while the driver or a passenger is seated in the vehicle, including an unlocked glove compartment.

History: En. Sec. 2, Ch. 348, L. 2005.

61-8-462 through 61-8-464 reserved.

61-8-465. Aggravated DUI. (1) A person commits the offense of aggravated driving under the influence if the person is in violation of 61-8-401, 61-8-406, or 61-8-411 and:

(a) the person's alcohol concentration, as shown by analysis of the person's blood or breath, is 0.16 or more;

(b) the person is under the order of a court or the department to equip any motor vehicle the person operates with an approved ignition interlock device;

(c) the person's driver's license or privilege to drive is suspended, canceled, or revoked as a result of a prior violation of 61-8-401, 61-8-402, 61-8-406, or 61-8-411;

(d) the person refuses to provide a breath sample as required in 61-8-402 and the person's driver's license or privilege to drive was suspended, canceled, or revoked under 61-8-402 within 10 years of the commission of the present offense; or

(e) the person has one prior conviction or pending charge for a violation of 45-5-106, 45-5-205, 61-8-401, 61-8-406, 61-8-411, or this section within 10 years of the commission of the present offense or has two or more prior convictions or pending charges, or any combination thereof, for violations of 45-5-106, 45-5-205, 61-8-401, 61-8-406, or 61-8-411.

(2) Except as provided in subsection (6), a person convicted of a first violation of the offense of aggravated driving under the influence shall be punished by:

(a) a fine of $1,000, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, a fine of $2,000; and

(b) a term of imprisonment for not less than 48 hours or more than 1 year, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, a term of imprisonment for not less than 72 consecutive hours.

(3) (a) Except as provided in subsection (6), a person convicted of a second violation of the offense of aggravated driving under the influence shall be punished by:

(i) a fine of $2,500, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, a fine of $5,000; and

(ii) a term of imprisonment for not less than 15 days or more than 1 year, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, a term of imprisonment for not less than 45 days.

(b) Except for the minimum term of imprisonment provided in subsection (3)(a)(ii), the mandatory minimum imprisonment term may be suspended pending successful completion of court-ordered chemical dependency assessment, education, or treatment by the person.

(c) The mandatory minimum imprisonment term may not be served under home arrest and may not be suspended unless the judge finds the imposition of the imprisonment sentence will pose a risk to the person's physical or mental well-being.

(4) (a) Except as provided in subsection (6), a person convicted of a third violation of the offense of aggravated driving under the influence shall be punished by:

(i) a fine of $5,000, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, a fine of $10,000; and

(ii) a term of imprisonment for not less than 40 consecutive days or more than 1 year, except that if one or more passengers under 16 years of age were in the vehicle at the time of the offense, a term of imprisonment for not less than 90 consecutive days.

(b) Except for the minimum term of imprisonment provided in subsection (4)(a)(ii), the mandatory minimum imprisonment term may be suspended pending successful completion of court-ordered chemical dependency assessment, education, or treatment by the person.

(c) The mandatory minimum imprisonment term may not be served under home arrest and may not be suspended unless the judge finds the imposition of the imprisonment sentence will pose a risk to the person's physical or mental well-being.

(5) During the suspended sentence imposed by the court under subsection (3)(b) or (4)(b):

(a) the person is subject to all conditions of the suspended sentence imposed by the court, including mandatory participation in drug or DUI courts if available;

(b) the person is subject to all conditions of the 24/7 sobriety and drug monitoring program if available and if imposed by the court; and

(c) if the person violates any condition of the suspended sentence or any treatment requirement, the court may impose the remainder of any imprisonment term that was imposed and suspended.

(6) If the person has a prior conviction under 45-5-106, the person shall be punished as provided in 61-8-731 for a fourth or subsequent offense of driving under the influence of alcohol or drugs, with an excessive alcohol concentration, or under the influence of delta-9-tetrahydrocannabinol or aggravated driving under the influence.

(7) Absolute liability, as provided for in 45-2-104, is imposed for a violation of this section.

(1) (a) Except as provided in subsection (1)(b), when traffic control signals are not in place or not in operation, the operator of a vehicle shall yield the right-of-way, slowing down or stopping if necessary, to a pedestrian crossing the roadway within a marked crosswalk or within an unmarked crosswalk at an intersection, but a pedestrian may not suddenly leave a curb or other place of safety and walk or run into the path of a vehicle that is so close that it is impossible for the operator to yield. This provision does not apply under the conditions provided in 61-8-503(2).

(b) When a vehicle is stopped at a marked crosswalk or at an unmarked crosswalk at an intersection, the operator of a vehicle may make a right-hand turn if the pedestrian is in the opposite half of the roadway and is not in danger.

(2) When a vehicle is stopped at a marked crosswalk or at an unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the operator of any other vehicle approaching from the rear may not overtake and pass the stopped vehicle.

(3) A person may not operate a vehicle through a column of school children crossing a roadway or past a school crossing guard while the crossing guard is directing the movement of

children across a roadway and while the crossing guard is holding an official sign in the stop position.

61-8-605. Riding on roadways. (1) A person operating a bicycle on a roadway at less than the normal speed of traffic shall ride in the right-hand lane of the roadway, subject to the following provisions:

(a) If the right-hand lane is wide enough to be safely shared with overtaking vehicles, a bicyclist shall ride far enough to the right as judged safe by the bicyclist to facilitate the movement of overtaking vehicles unless other conditions make it unsafe to do so.

(b) A bicyclist may use a lane other than the right-hand lane when:

(i) overtaking and passing a slower vehicle;

(ii) preparing for a left turn at an intersection or into a private road or driveway;

(iii) the right-hand lane is a dedicated right-turn lane and the bicyclist does not intend to turn right; or

(iv) it is necessary to avoid a condition that makes it unsafe to ride in the right-hand lane of the roadway.

(2) A person operating a bicycle on a one-way roadway with two or more marked traffic lanes may ride as close to the left side of the roadway as judged safe by the bicyclist.

(3) Persons riding bicycles on a roadway shall ride in single file except when:

(a) riding on paths or parts of roadways set aside for the exclusive use of bicycles;

(b) overtaking and passing another bicycle;

(c) riding on a paved shoulder or in a parking lane, in which case the persons may ride two abreast; or

(d) riding within a single lane on a laned roadway with at least two lanes in each direction, in which case the persons may ride two abreast only if they do not impede the normal and reasonable movement of traffic more than they would otherwise impede traffic by riding single file and in accordance with the provisions of this chapter.

(4) A bicyclist is not expected or required to ride:

(a) over or through hazards at the edge of a roadway, including but not limited to fixed or moving objects, parked or moving vehicles, bicycles, pedestrians, animals, surface hazards, or narrow lanes; or

(b) without a reasonable margin of safety on the right side of the roadway.

61-8-607. Lamps and other equipment on bicycles and mopeds. (1) A bicycle or moped when in use at dawn, dusk, or nighttime must be equipped with:

(a) a lamp on the front emitting a white light visible from a distance of at least 500 feet to the front. In lieu of a lamp affixed to the bicycle or moped, a bicyclist may use a lamp with equal intensity and visibility affixed to the cyclist's helmet and facing forward.

(b) facing the rear, either a lamp emitting a red light visible from a distance of at least 500 feet to the rear or a red reflector visible from a distance of at least 500 feet to the rear when illuminated by low-beam motor vehicle headlamps; and

(c) reflective material large and reflective enough to be visible from the left and right sides from a distance of at least 500 feet when illuminated by low-beam motor vehicle headlamps.

(2) A bicycle or moped must be equipped with a brake enabling the operator to stop the bicycle or moped within no more than 25 feet from a speed of 10 miles an hour on dry, level, clean pavement.

61-8-704. Erection of signs — definition. (1) The operator of a motor vehicle may not be arrested under 61-8-703 unless signs have been placed at or near the state line on the primary highway system, outside towns or cities having over 2,500 population, and outside county seats on the primary highways to indicate the legal rate of speed.

(2) Any municipality that uses radio microwaves or another electrical device for law enforcement purposes shall erect and maintain appropriate signs giving notice of that use at a conspicuous place at or near the corporate limits of the municipality, upon each state highway and arterial street or highway entering the municipality, and at other places considered necessary by the municipal authorities for the information of the traveling public.

(3) Signs giving notice that the speed of vehicles may be measured by radio microwaves or other electrical device must be placed as required for speed signs in subsection (1). However, the absence of signs may not in itself invalidate an otherwise proper arrest.

(4) As used in this section, "arterial street" means any federal or state numbered route, controlled-access highway, or other major radial or circumferential street or highway designated by local authorities within their respective jurisdictions as part of a major arterial system or highway.

61-8-711. Violation of chapter — penalty. (1) It is a misdemeanor for a person to violate any of the provisions of this chapter unless the violation is declared to be a felony.

(2) Each person convicted of a misdemeanor for a violation of any of the provisions of this chapter for which another penalty is not provided shall for a first conviction be punished by a fine of not less than $10 or more than $100. For a second conviction within 1 year after the first conviction, the person shall be punished by a fine of not less than $25 or more than $200. Upon a third or subsequent conviction within 1 year after the first conviction, the person shall be punished by a fine of not less than $50 or more than $500.

(3) Except as provided in subsection (4), failure to pay a fine imposed under this chapter is a civil contempt of the court. On failure of payment of a fine, the court may:

(a) order enforcement of the fine by execution in the manner provided in 25-13-204 and under the provisions of Title 25, chapter 13; or

(b) if the court finds that the person is unable to pay, order the person to perform community service.

(4) If property is not found in an amount necessary to satisfy the unpaid portion of the fine and if the court makes a written finding that community service is inappropriate, the person shall be imprisoned in the county jail in the county in which the offense was committed, and the imprisonment shall be the number of days that the fine is divisible by the dollar amount of the incarceration credit contained in 46-18-403.

(5) Upon conviction, the court costs or any part of the court costs may be assessed against the defendant in the discretion of the court.

(2) (a) A violation of a speed limit imposed pursuant to 61-8-303 is not a criminal offense within the meaning of 3-1-317, 45-2-101, 46-18-236, 61-8-104, and 61-8-711 and, except as provided in subsection (2)(b) or (4), may not be recorded or charged against a driver's record, and an insurance company may not hold a violation of a speed limit against the insured or increase premiums because of the violation if the speed limit is exceeded by no more than:

(i) 10 miles an hour during the daytime; or

(ii) 5 miles an hour during the nighttime.

(b) If a driver is guilty of exceeding 90 miles an hour in violation of 61-8-303(1)(a), the violation may be recorded or charged against a driver's record and an insurance company may hold the violation against an insured driver's premium.

(3) The surcharge provided for in 3-1-317 may not be imposed for a violation of 61-8-303.

(4) The recordkeeping restrictions provided in subsection (2) with respect to a person's driving record do not apply to a speed limit violation or conviction that was committed by:

(a) a Montana resident in another state whose violation or conviction was reported to the department by a court or the licensing authority in the state in which the violation occurred; or

(b) a person who holds a commercial driver's license regardless of whether or not the violation occurred while the person was operating a commercial motor vehicle.

(5) This section does not apply to the violation of a special speed zone established under 61-8-309 or 61-8-310.

History: En. Sec. 3, Ch. 43, L. 1999; amd. Sec. 1, Ch. 4, Sp. L. June 1999; amd. Sec. 26, Ch. 428, L. 2005; amd. Sec. 8, Ch. 393, L. 2013; amd. Sec. 4, Ch. 395, L. 2015.

61-8-726. Violating speed limit in school zone — penalty doubled — disposition of fines. (1) A person convicted of violating a special speed limit in a school zone imposed by a local authority pursuant to 61-8-310(1)(d) is guilty of a misdemeanor. Upon arrest and conviction, the person shall be punished by a fine of not less than double the penalty provided for the violation in 61-8-711.

(2) The fine proceeds must be allocated as follows:

(a) 50% of the fine collected must be distributed as provided in 3-10-601, 46-17-402, or 46-18-235; and

(b) 50% must be forwarded to the local authority that adopted the special speed limit as provided in 61-8-310(1)(d) for the purposes of erecting signs providing notice of the school zone, the speed limit, and the penalty or for other local law enforcement needs.

History: En. Sec. 1, Ch. 232, L. 2005; amd. Sec. 3, Ch. 83, L. 2009.

61-8-727 through 61-8-730 reserved.

61-8-731. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — under influence of delta-9-tetrahydrocannabinol — aggravated driving under the influence — penalty for fourth or subsequent offense. (1) Except as provided in subsection (3), if a person is convicted of a violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465, the person has either a single conviction under 45-5-106 or any combination of three or more prior convictions under 45-5-104, 45-5-205, 45-5-628(1)(e), 61-8-401, 61-8-406, or 61-8-465, and the offense under 45-5-104 occurred while the person was operating a vehicle while under the influence of alcohol, a dangerous drug, any other drug, or any combination of the three, as provided in 61-8-401(1), the person is guilty of a felony and shall be punished by:

(a) (i) being sentenced to the department of corrections for placement in an appropriate correctional facility or program for a term of not less than 13 months or more than 2 years. The court shall order that if the person successfully completes a residential alcohol treatment program approved by the department of corrections, the remainder of the sentence must be served on probation. The imposition or execution of the sentence may not be deferred or suspended, and the person is not eligible for parole.

(ii) being sentenced to either the department of corrections or the Montana state prison or Montana women's prison for a term of not more than 5 years, all of which must be suspended, to run consecutively to the term imposed under subsection (1)(a); and

(iii) a fine in an amount of not less than $5,000 or more than $10,000; or

(b) (i) being sentenced to an appropriate treatment court program for a term of not more than 5 years, with required completion; and

(ii) a fine in an amount of not less than $5,000 or more than $10,000.

(c) If sentenced under subsection (1)(b), the person may be entitled to a suspended sentence and is not eligible for a deferred imposition of sentence.

(2) The department of corrections may place an offender sentenced under subsection (1)(a) in a residential alcohol treatment program approved by the department of corrections.

(3) If a person is convicted of a violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465, the person has either a single conviction under 45-5-106 or any combination of four or more prior convictions under 45-5-104, 45-5-205,45-5-628(1)(e), 61-8-401, 61-8-406, or 61-8-465, the offense under 45-5-104 occurred while the person was operating a vehicle while under the influence of alcohol, a dangerous drug, any other drug, or any combination of the three, as provided

in 61-8-401(1), and the person was, upon a prior conviction, placed in a residential alcohol treatment program under subsection (2), whether or not the person successfully completed the program, the person shall be sentenced to the department of corrections for a term of not less than 13 months or more than 5 years or be fined an amount of not less than $5,000 or more than $10,000, or both.

(4) The court shall, as a condition of probation, order:

(a) that the person abide by the standard conditions of probation promulgated by the department of corrections;

(b) a person who is financially able to pay the costs of imprisonment, probation, and alcohol treatment under this section;

(c) that the person may not frequent an establishment where alcoholic beverages are served;

(d) that the person may not consume alcoholic beverages;

(e) that the person may not operate a motor vehicle unless authorized by the person's probation officer;

(f) that the person enter in and remain in an aftercare treatment program for the entirety of the probationary period;

(g) that the person submit to random or routine drug and alcohol testing; and

(h) that if the person is permitted to operate a motor vehicle, the vehicle be equipped with an ignition interlock system.

(5) The sentencing judge may impose upon the defendant any other reasonable restrictions or conditions during the period of probation. Reasonable restrictions or conditions may include but are not limited to:

(a) payment of a fine as provided in 46-18-231;

(b) payment of costs as provided in 46-18-232 and 46-18-233;

(c) payment of costs of assigned counsel as provided in 46-8-113;

(d) community service;

(e) any other reasonable restrictions or conditions considered necessary for rehabilitation or for the protection of society; or

(f) any combination of the restrictions or conditions listed in subsections (5)(a) through (5)(e).

(6) Following initial placement of a defendant in a treatment facility under subsection (2), the department of corrections may, at its discretion, place the offender in another facility or program.

(7) The provisions of 46-18-203, 46-23-1001 through 46-23-1005, 46-23-1011 through 46-23-1014, and 46-23-1031 apply to persons sentenced under this section.

Defendant to bear expense of alternative imprisonment — alcohol-related offenses, 61-8-734.

61-8-732. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — assessment, education, and treatment required. (1) In addition to the punishments provided in 61-8-465, 61-8-714, 61-8-722, and 61-8-731, regardless of disposition, a defendant convicted of a violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465 shall complete:

(a) a chemical dependency assessment;

(b) for a first conviction, except as provided in subsection (8)(b), a chemical dependency education course; and

(c) on a second or subsequent conviction for a violation of 61-8-401, 61-8-406, or 61-8-411, except a fourth or subsequent conviction for which the defendant completes a residential alcohol treatment program under 61-8-731(2), or as required by subsection (8) of this section, chemical dependency treatment.

(2) The sentencing judge may, in the judge's discretion, require the defendant to complete the chemical dependency assessment prior to sentencing the defendant. If the assessment is not ordered or completed before sentencing, the judge shall order the chemical dependency assessment as part of the sentence.

(3) The chemical dependency assessment and the chemical dependency education course must be completed at a treatment program approved by the department of public health and human services and must be conducted by a licensed addiction counselor. Approved programs must be evidence-based programs. The defendant may attend a treatment program of the defendant's choice as long as the treatment services are provided by a licensed addiction counselor. The defendant shall pay the cost of the assessment, the education course, and chemical dependency treatment and may use health insurance to cover the costs when possible.

(4) The assessment must describe the defendant's level of addiction, if any, and contain a recommendation as to education, treatment, or both. The assessment must conform to quality standards required by the department of public health and human services. A defendant who disagrees with the initial assessment may, at the defendant's cost, obtain a second assessment provided by a licensed addiction counselor or a program approved by the department of public health and human services.

(5) The treatment provided to the defendant at a treatment program must be at a level appropriate to the defendant's alcohol or drug problem, or both, as determined by a licensed addiction counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services. The rules must include evidence-based treatment programs or courses approved by the department that are likely to reduce recidivism. Upon determination, the court shall order the defendant's appropriate level of treatment. If more than one counselor makes a determination as provided in this subsection, the court shall order an appropriate level of treatment based upon the determination of one of the counselors.

(6) Each counselor providing education or treatment shall, at the commencement of the education or treatment, notify the court that the defendant has been enrolled in a chemical dependency education course or treatment program. If the defendant fails to attend the course or treatment program, the counselor shall notify the court of the failure.

(7) A court or counselor may not require attendance at a self-help program other than at an "open meeting", as that term is defined by the self-help program. A defendant may voluntarily participate in self-help programs.

(8) (a) Chemical dependency treatment must be ordered for a first-time offender convicted of a violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465 upon a finding of moderate or severe alcohol or drug use disorder made by a licensed addiction counselor pursuant to diagnosis and patient placement rules adopted by the department of public health and human services.

(b) If treatment is ordered under subsection (8)(a) for a first-time offender, the offender may not also be required to attend a chemical dependency education course.

(9) (a) On a second or subsequent conviction, the treatment program provided for in subsection (5) must be followed by monthly monitoring for a period of at least 1 year from the date of admission to the program.

(b) If a defendant fails to comply with the monitoring program imposed under subsection (9)(a), the court shall revoke the suspended sentence, if any, impose any remaining portion of the suspended sentence, and may include additional monthly monitoring for up to an additional 1 year.

(10) Notwithstanding 46-18-201(2), whenever a judge suspends a sentence imposed under 61-8-714 and orders the person to complete chemical dependency treatment under this section, the judge retains jurisdiction to impose any suspended sentence for up to 1 year.

2017 Amendment: Chapter 321 in (1)(b) at beginning inserted exception clause and reference to first conviction; in (3) inserted second sentence concerning evidence-based programs, and at end inserted "and may use health insurance to cover the costs when possible"; in (4) inserted second sentence concerning conformity to quality standards required by the department of public health and human services; in (5) inserted second sentence concerning evidence-based treatment programs or courses likely to reduce recidivism; in (8)(a) substituted "moderate or severe alcohol or drug use disorder" for "chemical dependency"; inserted (8)(b) concerning a prohibition on requiring a chemical dependency education course for certain first-time offenders; and made minor changes in style. Amendment effective July 1, 2017.

Applicability: Section 44, Ch. 321, L. 2017, provided: "[This act] applies to offenses committed after June 30, 2017."

61-8-733. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — ignition interlock device — 24/7 sobriety and drug monitoring program — forfeiture of vehicle. (1) On the second or subsequent conviction of a violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465 or a second or subsequent conviction under 61-5-212 when the reason for the suspension or revocation was that the person was convicted of a violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465 or a similar offense under the laws of any other state or the suspension was under 61-8-402 or 61-8-409 or a similar law of any other state for refusal to take a test for alcohol or drugs requested by a peace officer who believed that the person might be driving under the influence, the court, in addition to the punishments provided in 61-5-212, 61-8-465, 61-8-714, and 61-8-722 and any other penalty imposed by law, shall:

(a) if recommending that a probationary license be issued to the person, restrict the person to driving only a motor vehicle equipped with a functioning ignition interlock device during the probationary period and require the person to pay the reasonable cost of leasing, installing, and maintaining the device;

(b) require the person to participate in the 24/7 sobriety and drug monitoring program provided for in 44-4-1203 and pay the fees associated with the program or require the person to participate in a court-approved alcohol or drug detection testing program and pay the fees associated with the testing program; or

(c) order that each motor vehicle owned by the person at the time of the offense be seized and subjected to the procedure provided under 61-8-421.

(2) A vehicle used by a person as a common carrier in the transaction of business as a common carrier is not subject to forfeiture unless it appears that the owner or other person in charge of the vehicle consented to or was privy to the violation. A vehicle may not be forfeited under this section for any act or omission established by the owner to have been committed or omitted by a person other than the owner while the vehicle was unlawfully in the possession of a person other than the owner in violation of the criminal laws of this state or the United States.

(3) Forfeiture of a vehicle encumbered by a security interest is subject to the secured person's interest if the person did not know and could not have reasonably known of the unlawful possession, use, or other act on which the forfeiture is sought.

History: En. Sec. 10, Ch. 525, L. 1997; amd. Sec. 7, Ch. 300, L. 2003; amd. Sec. 2, Ch. 583, L. 2005; amd. Sec. 3, Ch. 448, L. 2009; amd. Sec. 23, Ch. 153, L. 2013; amd. Sec. 9, Ch. 309, L. 2013; amd. Sec. 18, Ch. 424, L. 2015.

61-8-734. Driving under influence of alcohol or drugs — driving with excessive alcohol concentration — conviction defined — place of imprisonment — home arrest — exceptions — deferral of sentence not allowed. (1) (a) For the purpose of determining the number of convictions for prior offenses referred to in 61-8-465, 61-8-714, 61-8-722, or 61-8-731, "conviction" means a final conviction, as defined in 45-2-101, in this state, conviction for a violation of a similar statute or regulation in another state or on a federally recognized Indian reservation, or a forfeiture of bail or collateral deposited to secure the defendant's appearance in court in this state, in another state, or on a federally recognized Indian reservation, which forfeiture has not been vacated.

(b) An offender is considered to have been previously convicted for the purposes of sentencing if less than 10 years have elapsed between the commission of the present offense and a previous conviction unless the offense is the offender's third or subsequent offense, in which case all previous convictions must be used for sentencing purposes.

(c) A previous conviction under 61-8-714 or 61-8-722 for violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465 and a previous conviction for a violation of 45-5-104, 45-5-205, or 45-5-628(1)(e) when the offense under 45-5-104 occurred while the person was operating a vehicle in violation of 61-8-401(1) may be counted for purposes of determining the number of a subsequent conviction for violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465.

(2) Except as provided in 61-8-731, the court may order that a term of imprisonment imposed under 61-8-465, 61-8-714, 61-8-722, or 61-8-731 be served in another facility made

available by the county and approved by the sentencing court. The defendant, if financially able, shall bear the expense of the imprisonment in the facility. The court may impose restrictions on the defendant's ability to leave the premises of the facility and require that the defendant follow the rules of that facility. The facility may be, but is not required to be, a community-based prerelease center as provided for in 53-1-203. The prerelease center may accept or reject a defendant referred by the sentencing court.

(3) Subject to the limitations set forth in 61-8-465, 61-8-714, and 61-8-722 concerning minimum periods of imprisonment, the court may order that a term of imprisonment imposed under those sections be served by imprisonment under home arrest, as provided in Title 46, chapter 18, part 10.

(4) A court may not defer imposition of sentence under 61-8-465, 61-8-714, 61-8-722, or 61-8-731.

(5) The provisions of 61-2-107, 61-5-205(2), and 61-5-208(2), relating to suspension of driver's licenses and later reinstatement of driving privileges, apply to any conviction under 61-8-465, 61-8-714, or 61-8-722 for a violation of 61-8-401, 61-8-406, 61-8-411, or 61-8-465.

History: En. Sec. 11, Ch. 525, L. 1997; amd. Sec. 4, Ch. 512, L. 1997; amd. Sec. 2, Ch. 224, L. 2001; amd. Sec. 10, Ch. 556, L. 2003; amd. Sec. 2, Ch. 54, L. 2005; amd. Sec. 5, Ch. 149, L. 2011; amd. Sec. 9, Ch. 282, L. 2011; amd. Sec. 24, Ch. 153, L. 2013; amd. Sec. 2, Ch. 312, L. 2013; amd. Sec. 19, Ch. 424, L. 2015.

61-8-735 through 61-8-740 reserved.

61-8-741. Suspension of imprisonment sentence for DUI court participation — DUI court defined. (1) If a person participates in a DUI court, the court may, at the court's discretion, suspend all or a portion of an imprisonment sentence under 61-8-465, 61-8-714 or 61-8-722, except for the mandatory minimum imprisonment term.

(2) If a person participating in a DUI court fails to comply with the conditions imposed by the DUI court, the court shall revoke the suspended imprisonment sentence and any sentence subsequently imposed must commence from the effective date of the revocation.

(3) For purposes of this section, "DUI court" means any court that has established a special docket for handling cases involving persons convicted under 61-8-401, 61-8-406, 61-8-411, or 61-8-465 and that implements a program of incentives and sanctions intended to assist a participant to complete treatment ordered pursuant to 61-8-732 and to end the participant's criminal behavior associated with driving under the influence of drugs or alcohol or with excessive blood alcohol concentration.

History: En. Sec. 1, Ch. 226, L. 2011; amd. Sec. 25, Ch. 153, L. 2013; amd. Sec. 20, Ch. 424, L. 2015.

Part 8
Commercial Motor Vehicle Safety

Part Cross-References

Commercial driver's license defined, 61-1-101.
Commercial motor vehicle defined, 61-1-101.
Licensing provisions, Title 61, ch. 5, part 1.
Revocation, suspension, or cancellation of licenses, Title 61, ch. 5, part 2.

61-8-801. Purpose. (1) The purpose of this part is to reduce the number of commercial motor vehicle accidents in Montana, to provide greater safety to the motoring public and others by establishing stringent criteria governing the operation of commercial motor vehicles, and to deny the privilege of operating commercial motor vehicles upon the public streets and highways to those commercial motor vehicle operators who are not qualified.

(2) To fulfill this purpose, the legislature intends that this part:

(a) establish criteria and procedures for the operation of commercial motor vehicles that require safety practices commensurate with the danger inherent to their operation;

(b) provide for increased administrative punishment for commercial motor vehicle operators who use alcohol while operating commercial motor vehicles;

(c) provide greater control of commercial motor vehicle operators using the streets and highways; and

(d) conform Montana's laws on commercial driver licensing with federal regulations based on the Commercial Motor Vehicle Safety Act of 1986, Public Law 99-570, as amended.

History: En. Sec. 1, Ch. 378, L. 1989; amd. Sec. 10, Ch. 207, L. 2001; amd. Sec. 211, Ch. 542, L. 2005; amd. Sec. 6, Ch. 296, L. 2011.

61-8-802. Suspension of commercial driver's license — disqualification — major offenses. (1) Upon receipt of a report of a major offense committed by a person who holds a commercial driver's license or a person required to have a commercial driver's license, the department shall suspend the person's commercial driver's license and disqualify the person from operating a commercial motor vehicle:

(a) upon receipt of a report of a first major offense, for 1 year, except that if the major offense occurred while operating a commercial motor vehicle transporting placardable hazardous materials, the suspension must be for 3 years; or

(b) upon receipt of a report of a second or subsequent major offense arising from an incident that is separate from the prior major offense, for life, subject to department rules adopted to implement federal rules allowing for license reinstatement, if the person is otherwise eligible, upon completion of a minimum suspension period of 10 years.

(2) For purposes of this section, the term "major offense" refers to a refusal to take a test under an implied consent law in this or any other jurisdiction, a test result under an implied consent law in any other jurisdiction that shows an alcohol concentration of 0.08 or more while operating a noncommercial motor vehicle or an alcohol concentration of 0.04 or more while operating a commercial motor vehicle, or a conviction in this or any other jurisdiction of any of the following offenses:

(a) driving or being in actual physical control of a motor vehicle while under the influence of alcohol, a drug, or a combination of the two;

(b) driving or being in actual physical control of:

(i) a noncommercial motor vehicle and having an alcohol concentration of 0.08 or more; or

(ii) a commercial motor vehicle and having an alcohol concentration of 0.04 or more;

(c) leaving the scene of an accident involving death or personal injury or failing to give information and render aid;

(d) using a motor vehicle in the commission of a felony, other than a felony under 61-8-804;

(e) operating a commercial motor vehicle while the person's commercial driver's license is revoked, suspended, or canceled or the person is disqualified from operating a commercial motor vehicle; or

(f) causing a fatality through negligent or criminal operation of a commercial motor vehicle.

History: En. Sec. 2, Ch. 378, L. 1989; amd. Sec. 27, Ch. 195, L. 1993; amd. Sec. 11, Ch. 207, L. 2001; amd. Secs. 14, 22, Ch. 428, L. 2003; amd. Sec. 27, Ch. 428, L. 2005.

61-8-803. Suspension of commercial driver's license — serious traffic violations. (1) If the department receives notice from a court or another licensing jurisdiction that a person holding or required to hold a commercial driver's license has been convicted of more than one serious traffic violation in separate incidents within a 3-year period, the department shall suspend the person's commercial driver's license:

(a) for 60 days upon receipt of notice of the second conviction; or

(b) for 120 days upon receipt of notice of the third or subsequent conviction.

(2) For purposes of this section, "serious traffic violation" means conviction, when operating a commercial motor vehicle, of:

(a) speeding 15 or more miles an hour above a posted speed limit;

(b) reckless driving;

(c) improper or erratic traffic lane changes;

(d) following too closely;

(e) a violation of a state law or local ordinance relating to the operation of a motor vehicle, excluding a parking, weight, or equipment violation, that arises in connection with a fatal accident;

(f) operating a commercial motor vehicle without a commercial driver's license;

(g) operating a commercial motor vehicle without a commercial driver's license in one's possession or refusing to display a commercial driver's license upon request;

(h) operating a commercial motor vehicle without the proper class of commercial driver's license or endorsements, or both, for the specific vehicle type or types being operated or for the passengers or type or types of cargo being transported; or

(i) using a mobile device to send text messages while operating a commercial motor vehicle in violation of a state or local law or ordinance on motor vehicle traffic control.

(3) A person is considered to have committed a second or subsequent serious traffic violation if less than 3 years have passed between the date of an offense that resulted in a prior conviction and the date of the offense that resulted in the most recent conviction.

61-8-804. Suspension of commercial driver's license — felony involving a controlled substance while driving a commercial vehicle. If the department receives information that a person who holds or is required to hold a commercial driver's license has been convicted of using a commercial or noncommercial motor vehicle in the commission of a felony involving the manufacture, distribution, or dispensing of a controlled substance, as defined by federal regulations, or a felony involving possession with intent to manufacture, distribute, or dispense a controlled substance, the department shall suspend the person's commercial driver's license for life and may not reinstate the license at any time for any reason.

History: **En. Sec. 4, Ch. 378, L. 1989; amd. Sec. 29, Ch. 195, L. 1993; amd. Sec. 16, Ch. 428, L. 2003.**

61-8-805. Suspension for operating commercial vehicle with alcohol concentration of 0.04 or more — hearing. (1) A person whose alcohol concentration is 0.04 or more while the person drives or is in actual physical control of a commercial motor vehicle is subject to the suspension of the person's commercial driver's license. The peace officer who determines that the person is operating a commercial motor vehicle with an alcohol concentration of 0.04 or more shall immediately seize the person's commercial driver's license and, on behalf of the department, give the person written notice of the license suspension and the right to a hearing under 61-8-808. Upon receipt of a report certified under penalty of law from the peace officer that the person was operating a commercial motor vehicle with an alcohol concentration of 0.04 or more, the department shall suspend the license, with no provision for a restricted probationary commercial license, for:

(a) 1 year, upon receipt of the first report of a 0.04 or more alcohol concentration violation, except that if the violation occurred in a commercial motor vehicle transporting placardable hazardous materials, the suspension must be for 3 years; and

(b) life, upon receipt of a second or subsequent 0.04 or more alcohol concentration violation report at any time as determined from the records of the department, subject to federal rules allowing for driver rehabilitation and license reinstatement, if otherwise eligible, upon service of a minimum period of 10 years' suspension.

(2) A peace officer who determines that a commercial motor vehicle operator has a measured amount or detected presence of alcohol in the operator's body while operating a commercial motor vehicle shall place the commercial motor vehicle operator out of service as mandated by federal regulations for 24 hours.

(3) The fact that a person charged with a violation of the provisions of subsection (1) is entitled to use alcohol under the laws of Montana is not a defense against a charge of violating the provisions of subsection (1).

(4) For purposes of this section, a conviction for violation of 61-8-401 or 61-8-406 while operating a commercial motor vehicle or a prior refusal to be tested under an implied consent law must be treated as a prior report of a 0.04 or more alcohol concentration violation and must be used in determining the length of the license suspension under subsection (1).

History: **En. Sec. 5, Ch. 378, L. 1989; amd. Sec. 3, Ch. 563, L. 1991; amd. Sec. 9, Ch. 789, L. 1991; amd. Sec. 30, Ch. 195, L. 1993; amd. Sec. 9, Ch. 88, L. 1997; amd. Sec. 6, Ch. 105, L. 1997; amd. Sec. 13, Ch. 207, L. 2001; amd. Sec. 17, Ch. 428, L. 2003.**

61-8-806. Blood and breath tests of commercial vehicle operators — procedure — suspension. (1) A person who operates a commercial motor vehicle upon the ways of this state open to the public is considered to have given consent to one or more tests of the person's blood or breath for the purpose of determining a measured amount or detected presence of alcohol in the person's body if the person is requested to submit to the test or tests by a peace officer who has reasonable grounds to believe that the person was driving or in actual physical control of a commercial motor vehicle upon the ways of this state open to the public while having a measured alcohol concentration or detected presence of alcohol. The peace officer may designate the blood or breath test or tests to be administered and may request that the person submit to a preliminary alcohol screening test before a blood, breath, or urine test is taken.

(2) A person who is unconscious or who is otherwise incapable of refusal is considered not to have withdrawn the consent provided in subsection (1).

(3) If a person refuses to submit to one or more tests designated by the officer, the test or tests may not be given, but the officer shall immediately seize the person's commercial driver's license and forward the license to the department, along with a report certified under penalty of law that the officer had reasonable grounds to believe that the person was driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while having a measurable alcohol concentration or detected presence of alcohol and that the person had refused to submit to one or more tests upon the request of the officer. Upon receipt of the report, the department shall suspend the license for a period provided in subsection (5).

(4) Upon seizure of a person's commercial driver's license, the peace officer shall issue, on behalf of the department, a temporary 5-day noncommercial driving permit, effective 12 hours after the time of issuance, and shall provide the person with written notice of the license suspension and the right to a hearing under 61-8-808.

(5) Upon receipt of the officer's certified report, the department shall suspend the person's commercial driver's license, with no provision for a restricted probationary commercial driver's license, for:

(a) 1 year, upon a first refusal, except that if the violation occurred in a commercial motor vehicle transporting placardable hazardous materials, the suspension for a first refusal must be for 3 years;

(b) life, upon a second or subsequent refusal at any time as determined from the records of the department, subject to department rules adopted to implement federal rules allowing for driver rehabilitation and license reinstatement, if otherwise eligible, upon service of a minimum period of 10 years' suspension. If the person has a prior conviction of a major offense listed in 61-8-802(2) arising from a separate incident, the conviction has the same effect as a previous testing refusal for purposes of this subsection (5)(b).

61-8-808. Right of appeal to court. (1) Within 30 days after notice of the suspension and the right to a hearing has been given by the peace officer under 61-8-805 or 61-8-806, the person may file a petition to challenge the suspension in the district court in the county where the finding of 0.04 or more alcohol concentration or refusal was made.

(2) The court has jurisdiction and shall set the matter for hearing. The court shall give at least 10 days' written notice to the county attorney of the county where the appeal is filed. The county attorney shall represent the state.

(3) The court shall take testimony and examine the facts of the case, except that:

(a) with regard to a suspension under 61-8-805, the issue is limited to whether the person was driving or had actual physical control of a commercial motor vehicle while the person's alcohol concentration was 0.04 or more; and

(b) with regard to a suspension under 61-8-806, the issues are limited to whether a peace officer had reasonable grounds to believe that the person had been driving or was in actual physical control of a commercial motor vehicle upon ways of this state open to the public while the person had a measurable or detectable alcohol concentration, whether the person was ordered to submit to a test, and whether the person refused to submit to the test.

(4) The court shall determine whether the petitioner is entitled to a commercial driver's license or is subject to suspension as provided in this part.

61-8-812. Operation of out-of-service vehicle — criminal and civil penalties — suspension of commercial driver's license. (1) A person may not operate a commercial motor vehicle during any period in which the person, the commercial motor vehicle the person is operating, or the motor carrier operation is subject to an out-of-service order issued under state or federal authority.

(2) A violation of this section is a misdemeanor and a person convicted of a violation of this section shall be fined not less than $25 or more than $500 for the first offense and not less than $25 or more than $1,000 for each subsequent offense.

(3) (a) In addition to the misdemeanor penalties provided in subsection (2) and suspension of the person's commercial driver's license as provided in subsection (4), a person who violates an out-of-service order issued under state or federal authority is subject to a civil penalty not to exceed $2,985 for a first offense and a civil penalty of $5,970 for a second or subsequent offense.

(b) The department or the county attorney of the county in which the violation occurred may petition the district court to impose the civil penalty. Venue for an action to collect a civil penalty pursuant to this section is the county in which the violation occurred or in the first judicial district.

(c) A civil penalty collected under this section must be deposited in the state general fund.

(4) Upon receipt of notice from a court of competent jurisdiction or another licensing jurisdiction that a person holding a commercial driver's license has been convicted of violating an out-of-service order, the department shall suspend the person's commercial driver's license for:

(a) 6 months for a first conviction;

(b) 2 years for a second conviction if the vehicle being operated by the person at the time of the violation was not transporting placardable hazardous materials or was not designed or being used to transport more than 15 passengers, inclusive of the driver; and

(c) 3 years:

(i) for a second conviction if the vehicle:

(A) being operated at the time of the violation was transporting placardable hazardous materials; or

(B) was designed or being used to transport more than 15 passengers, inclusive of the driver; and

(ii) for a third or subsequent conviction.

(5) For purposes of this section, an offender is considered to have been previously convicted if less than 10 years have elapsed between the commission of the present offense and a previous conviction.

(6) A temporary or probationary commercial driver's license may not be issued while a commercial driver's license is suspended under subsection (4).

2017 Amendment: Chapter 323 in (3)(a) at end substituted "a civil penalty not to exceed $2,985 for a first offense and a civil penalty of $5,970 for a second or subsequent offense" for "a civil penalty of not less than $1,100 or more than $2,750". Amendment effective October 1, 2017.

61-8-813. Suspension of commercial driver's license — railroad crossing offenses. (1) The department shall suspend a person's commercial driver's license upon the report of a conviction of any of the following railroad crossing offenses or conduct:

(a) for drivers who are not required to always stop:

(i) failing to slow down and check that the tracks are clear of an approaching train or other on-track equipment; or

(ii) failing to stop before reaching the crossing if the tracks are not clear;

(b) for drivers who are always required to stop, failing to stop before driving onto the crossing;

(c) for all drivers:

(i) failing to have sufficient space to drive completely through the crossing without stopping;

(ii) failing to obey a traffic control device or the directions of an enforcement official at the crossing; or

(iii) failing to negotiate a crossing because of insufficient undercarriage clearance.

(2) Upon receipt of a report of a conviction of any railroad crossing offense or conduct described in subsection (1), the following suspension periods must be imposed:

(a) 60 days upon a first conviction;

(b) 120 days upon a second conviction within a 3-year period; or

(c) 1 year upon a third or subsequent conviction within a 3-year period.

History: En. Sec. 2, Ch. 428, L. 2003; amd. Sec. 6, Ch. 256, L. 2009.

61-8-814. Probationary driver's license ineligibility. A person whose commercial driver's license or commercial motor vehicle operating privilege is suspended under this part:

(1) is not eligible for a restricted probationary driver's license that would permit operation of a commercial motor vehicle during the period of suspension; and

(2) may not operate a commercial motor vehicle until the period of suspension is completed and the person is otherwise eligible, under state and federal law, to have the commercial driver's license restored or to reapply for a commercial driver's license.

History: En. Sec. 3, Ch. 428, L. 2003.

61-8-815. Employer not to permit operation of commercial motor vehicle in violation of state law or federal regulation — criminal and civil penalties. (1) An employer may not knowingly allow, require, permit, or authorize a person to operate a commercial motor vehicle in the United States:

(a) during any period in which the person's commercial driver's license has been suspended, revoked, or canceled by a state, the person has lost the privilege to operate a commercial motor vehicle in a state, or the person has been disqualified from operating a commercial motor vehicle;

(b) during any period in which the person has more than one commercial driver's license;

(c) during any period in which the person, the commercial motor vehicle the person is operating, or the motor carrier operation is subject to an out-of-service order; or

(d) in violation of a federal, state, or local law or regulation pertaining to railroad crossings.

(2) A violation of this section is a misdemeanor, and a person convicted of a violation of this section shall be fined not less than $25 or more than $500 for the first offense and not less than $25 or more than $1,000 for each subsequent offense.

(3) (a) Except as provided in subsection (3)(b), an employer who violates this section is subject to a civil penalty of not less than $2,750 or more than $11,000.

(b) An employer who violates subsection (1)(d) is subject to a civil penalty of not more than $10,000.

(c) The department or the county attorney of the county in which the violation occurred may petition the district court to impose the civil penalty. Venue for an action to collect a civil penalty pursuant to this section is in the county in which the violation occurred or in the first judicial district.

(d) A civil penalty collected under this section must be deposited in the state general fund.

History: En. Sec. 3, Ch. 428, L. 2005.

61-8-816. Commencement of commercial driver's license suspension or disqualification. A suspension or disqualification under this part commences either from the date of receipt by the department of a report of conviction from a court or another licensing jurisdiction or the day following the completion of a previously imposed period of suspension or disqualification, whichever occurs later.

History: En. Sec. 4, Ch. 428, L. 2005.

61-8-817. Notification to other states of traffic violations. The department, upon receipt of a report of a conviction or a violation of any state or local law relating to motor vehicle traffic control, other than a parking violation, by a person who holds a commercial driver's license from another state or who is licensed in another state, shall report the conviction to the licensing entity in the state where the driver is licensed as follows:

(1) beginning September 30, 2005, within 30 days of conviction; and

(2) beginning September 30, 2008, within 10 days of conviction.

History: En. Sec. 5, Ch. 428, L. 2005.

Professional Tow Trucks

Part Cross-References

Removal and sale of abandoned vehicles, Title 61, ch. 12, part 4.

61-8-901. Short title. This part may be cited as the "Montana Professional Tow Truck Act".

History: En. Sec. 1, Ch. 283, L. 1995.

61-8-902. Purpose. The legislature recognizes that:

(1) wrecked, disabled, and abandoned motor vehicles on the public roadways create hazards that imperil lives and property and require expeditious removal;

(2) officers investigating accidents on the public roadways need immediately available towing and recovery vehicles staffed by competent operators and adequately equipped to clear the roadways and remove hazardous obstructions with minimum damage to property;

(3) certain standards and classifications are needed for professional tow trucks and equipment used for towing and recovering wrecked, disabled, and abandoned motor vehicles or other objects creating hazards on the public roadways;

(4) encouragement of a competitive and qualified professional towing industry requires establishment of a uniform and equitable qualification system based on the equipment and the standards provided in 61-8-905 through 61-8-907 and a system for the fair consideration of all qualified tow truck companies; and

(5) the use of nonqualified tow truck companies or private motor vehicles to tow or recover for hire wrecked, disabled, or abandoned vehicles creates additional hazards and, except in limited situations, should be prohibited. However, when a person or tow truck company responds in good faith to life-threatening emergency situations, it should not be liable for civil damages for acts or omissions, other than damages occasioned by gross negligence or by willful or wanton acts or omissions.

History: En. Sec. 2, Ch. 283, L. 1995.

61-8-903. Definitions. As used in this part, the following definitions apply:

(1) "Boom" means an engineered structure that is either mechanically or hydraulically operated and that is capable of lifting and supporting an overhead, vertical load.

(2) "Commercial tow truck operator" or "operator" means an individual, partnership, corporation, or other business entity that owns or operates a commercial tow truck as defined in 61-9-416.

(3) "Department" means the department of justice provided for in 2-15-2001.

(4) "Letter of appointment" means a letter granted by the department pursuant to 61-8-920 that authorizes the holder to participate in the law enforcement rotation system provided for in 61-8-908.

(5) "Local government" means a county, a municipality, or other local board or body that has authority to enact laws relating to traffic.

(6) (a) "Qualified tow truck operator" means a commercial tow truck operator:

(i) that has equipment that:

(A) meets the requirements of 61-8-906, 61-8-907, and 61-9-416; and

(B) has been classified in accordance with 61-8-905;

(ii) that participates in the law enforcement rotation system provided for in 61-8-908;

(iii) that meets the requirements of subsection (6)(b); and

(iv) that has been issued a letter of appointment pursuant to 61-8-920.

(b) (i) If the operator is a firm or other entity, at least 75% of the employees who operate a tow truck must hold a certification from a nationally recognized certification program for tow truck operators or have a minimum of 1 year of experience in the towing business for hire in Montana.

(ii) If the operator is an individual, the individual must hold a certification from a nationally recognized certification program for tow truck operators or have a minimum of 1 year of experience in the towing business for hire in Montana.

(7) "Rotation area" means the base area where a qualified tow truck operator is dispatched and operates.

History: **En. Sec. 3, Ch. 283, L. 1995; amd. Sec. 1, Ch. 88, L. 2003; amd. Sec. 1, Ch. 136, L. 2011; amd. Sec. 2, Ch. 143, L. 2011.**

61-8-904. Prohibition — exception. (1) A commercial tow truck operator may not operate for compensation upon the public roadways of this state unless the operator complies with the provisions of 61-8-906(1) and 61-8-907.

(2) A commercial tow truck operator may not participate in the law enforcement rotation system provided for in 61-8-908 unless the operator complies with the provisions of this part.

(3) Except as provided in 61-9-416, the provisions of 61-8-901 through 61-8-908, 61-8-910, and 61-8-920 do not apply to a commercial tow truck operator that does not operate for compensation.

History: **En. Sec. 4, Ch. 283, L. 1995; amd. Sec. 2, Ch. 88, L. 2003; amd. Sec. 1, Ch. 80, L. 2011; amd. Sec. 3, Ch. 143, L. 2011.**

61-8-905. Classification standards. (1) Commercial tow trucks are divided into the following five classes based on the manufacturer's rating:

(a) Class A tow truck equipment must have a minimum manufacturer's boom or combined boom rating of 4 tons and must be mounted on a truck chassis with a minimum manufacturer's rating of 10,000 pounds gross vehicle weight.

(b) Class B tow truck equipment must have a minimum manufacturer's boom or combined boom rating of 8 tons and must be mounted on a truck chassis with a minimum manufacturer's rating of 18,000 pounds gross vehicle weight.

(c) Class C tow truck equipment must have a minimum manufacturer's boom or combined boom rating of 16 tons and must be mounted on a chassis that has a minimum manufacturer's rating of 32,000 pounds gross vehicle weight.

(d) Class D tow truck equipment includes manufactured rollbacks and car carriers with manufacturer's gross vehicle ratings of 10,000 pounds and over. The rollbacks and car carriers must be mounted on a truck-trailer chassis that, at a minimum, is equal to the minimum gross weight of the rollback or car carrier. Class D also includes any piece of towing equipment without a boom.

(e) Class E includes two or more tow trucks working together with a combined manufacturer's rating of a minimum of 80,000 pounds with access to supportive equipment, such as forklifts, banders, and air bags, for the recovery of rollovers and wrecked, disabled, and abandoned vehicles whose cargo requires special handling. Class E refers to tow truck companies and not to tow truck equipment.

(2) An operator of noncommercially manufactured or modified tow truck equipment in use on October 1, 1995, that wishes to participate in the law enforcement rotation system must have its equipment classified by the department within a time period set by the department. Once the equipment is classified, further modifications may not be made.

(3) An operator of new noncommercially manufactured or modified tow truck equipment must have its equipment independently certified before participating in the law enforcement rotation system. Once the equipment is classified, further modifications to the equipment must be recertified.

History: **En. Sec. 5, Ch. 283, L. 1995; amd. Sec. 3, Ch. 88, L. 2003.**

61-8-906. Liability insurance — storage requirements. (1) Notwithstanding the provisions of 61-6-301, a commercial tow truck operator shall continuously provide:

(a) insurance against loss resulting from liability imposed by law for bodily injury or death or damage to property caused by the maintenance or use of a commercial tow truck, as defined in 61-9-416, or occurring on the business premises of a commercial tow truck operator in an amount not less than:

(i) $300,000 for class A tow trucks;

(ii) $500,000 for class B tow trucks; and

(iii) $750,000 for class C tow trucks;

(b) insurance in an amount not less than $20,000 to cover the damage to cargo or other property entrusted to the care of the commercial tow truck operator; and

(c) garage keepers legal liability insurance or on-hook liability insurance in an amount not less than $50,000.

(2) A commercial tow truck operator shall provide proof of the insurance required in subsection (1) to the department.

(3) A qualified tow truck operator shall provide a storage facility, either a fenced lot or a building, that is:

(a) adequate for the secure storage and safekeeping of stored vehicles;

(b) located in a place that is reasonably convenient for public access;

(c) available to public access between 8 a.m. and 5 p.m., Monday through Friday, excluding legal holidays;

(d) large enough to store all the vehicles towed for law enforcement agencies; and

(e) if a fenced lot, constructed of chain link at least 6 feet high or constructed of materials and in a manner sufficient to deter trespassing or vandalism.

History: En. Sec. 6, Ch. 283, L. 1995; amd. Sec. 5, Ch. 88, L. 2003; amd. Sec. 116, Ch. 114, L. 2003; amd. Sec. 72, Ch. 130, L. 2005; amd. Sec. 1, Ch. 224, L. 2009.

61-8-907. Inspection — fees — decal. (1) The tow truck equipment of a commercial tow truck operator must have an annual safety inspection. A highway patrol officer, an employee of the department of transportation appointed as a peace officer in accordance with 61-12-201, or an inspector certified by the department shall conduct the inspection and require the commercial tow truck operator to provide proof of compliance with the provisions of 61-8-906.

(2) (a) Upon satisfactory completion of the inspection and verification of the insurance requirements, a decal showing the last inspection date and the expiration date of the insurance coverage must be affixed in a prominent place on the tow truck.

(b) If the commercial tow truck operator is participating in the law enforcement rotation system, the decal must also show the classification of the operator's tow truck equipment.

(3) The department may establish inspection and decal fees that may not exceed the actual costs of the inspection and the decal. The fees for the inspection and decal must be deposited in the highway nonrestricted account provided for in 15-70-125.

History: En. Sec. 7, Ch. 283, L. 1995; amd. Sec. 6, Ch. 88, L. 2003; amd. Sec. 19, Ch. 267, L. 2017.

Compiler's Comments

2017 Amendment: Chapter 267 in (3) at end substituted "highway nonrestricted account provided for in 15-70-125" for "state highway account in the state special revenue fund". Amendment effective July 1, 2017.

61-8-908. State law enforcement rotation system — letter of appointment — local government rotation system. (1) The department shall establish and maintain an equitable rotation system among qualified tow truck operators that apply to the department in writing to be placed on the system and receive a letter of appointment under 61-8-920. The rotation system:

(a) must be administered by the highway patrol in a manner that will give priority to public safety;

(b) must be based on the classification of equipment as provided in 61-8-905; and

(c) may include only qualified tow truck operators.

(2) Each qualified tow truck operator participating in the rotation system shall have available and show upon the request of a law enforcement officer:

(a) all Montana motor vehicle identification numbers or department of transportation numbers for the operator's tow trucks operating in the rotation system;

(b) the operator's federal tax identification number;

(c) the operator's company phone number and street address; and

(d) the operator's letter of appointment as issued under 61-8-920.

(3) The operator shall display on both sides of each tow truck the operator's business name and location and the numbers required by subsection (2)(a). The information required by this subsection must be plainly seen and able to be read at all times.

(4) Any charges for towing service must be calculated from the operator's business location, as it is assigned on the operator's letter of appointment.

(5) The rotation system is not applicable when the owner or driver of a wrecked or disabled vehicle obstructing a public roadway requests a tow truck operator of the owner's or driver's choice and the operator meets the insurance requirements provided in 61-8-906 and the safety inspection requirements provided in 61-8-907.

(6) (a) (i) The law enforcement officer at the scene of the wreck shall call the qualified tow truck operator that is next on the rotation list if:

(A) a request for a tow truck is not made by the owner or driver;

(B) the requested tow truck cannot respond in a timely manner; or

(C) the law enforcement officer determines that the requested tow truck is unable to handle the wrecked or disabled vehicle.

(ii) If the qualified tow truck operator is not classified to handle the wrecked or disabled vehicle, the officer shall call the qualified tow truck operator next on the rotation list that is classified to handle the wrecked or disabled vehicle.

(b) If a qualified tow truck operator classified to handle the wrecked or disabled vehicle is not reasonably available, the law enforcement officer may request other equipment to remove the hazard.

(7) The department shall administer the state law enforcement rotation system. A qualified tow truck operator may examine the rotation system schedule established by the department in order to determine if the system is being administered in an equitable manner.

(8) A qualified tow truck operator gives implied consent to a reasonable inspection during normal business hours of its premises, vehicles, and equipment by the department of transportation, highway patrol, or a local government to ensure compliance with this part.

(9) A local law enforcement agency may adopt and administer a local law enforcement rotation system that complies with the provisions of this part. A tow truck operator desiring to be placed on the local law enforcement rotation system must be a qualified tow truck operator as provided in this part.

(10) The highway patrol or local law enforcement shall provide upon request a record of rotation system calls for all classes of tow trucks.

(11) Complaints about the rotation system must be referred in writing to the complaint resolution committee established in 61-8-912.

61-8-909. Good faith immunity. A person who renders assistance in an emergency that is life-threatening to the occupant of a wrecked, disabled, or abandoned vehicle or that is creating an immediate hazard on a public roadway or who renders emergency assistance as directed by a law enforcement officer or other emergency responder at the scene of a motor vehicle accident is immune from damages arising from acts or omissions related to the rendering of assistance unless the damages are occasioned by the gross negligence or by the willful or wanton acts or omissions of the person rendering the assistance.

History: En. Sec. 9, Ch. 283, L. 1995.

61-8-910. Violation — penalty. A commercial tow truck operator that violates a provision of this part is guilty of a misdemeanor and is subject to the penalty provided in 61-8-711.

History: En. Sec. 10, Ch. 283, L. 1995; amd. Sec. 8, Ch. 88, L. 2003.

61-8-911. Rulemaking authority. The department shall adopt reasonable and necessary rules to administer the provisions of this part.

61-8-912. Tow truck complaint resolution committee — membership — responsibilities. (1) The department shall establish a tow truck complaint resolution committee, and the attorney general shall appoint the members. Committee members serve 3-year terms, may serve more than one term, and must include:

(a) two representatives of the tow truck industry, one from the eastern half of the state and one from the western half of the state;

(b) a representative of the commercial motor carrier industry;

(c) a member of the public;

(d) a representative of the insurance industry; and

(e) a representative of the highway patrol.

(2) The committee shall meet as often as necessary, either in person or by teleconference, to review and resolve complaints about tow truck issues, including towing charges, that are submitted in writing to a committee member and to review information submitted to it as provided in this part.

(3) The department shall establish rules to govern the committee's procedure for reviewing and resolving complaints.

History: En. Sec. 4, Ch. 88, L. 2003.

61-8-913. Notice to owner — payment of removal and storage costs — request for reissuance of certificate of title. (1) Within 15 days after the date that a wrecked or disabled vehicle is removed from a public roadway by a qualified tow truck operator at the request of a law enforcement officer under 61-8-908, the qualified tow truck operator shall send a certified letter to the vehicle owner or lienholder, as shown in the department's records, notifying the owner or lienholder that the vehicle has been towed and is being stored by the qualified tow truck operator. The certified letter must be sent return receipt requested and postage prepaid to the owner or lienholder at the latest address shown in the department's records.

(2) The owner or lienholder of the vehicle may not reclaim the vehicle until the owner, the lienholder, or the owner's or lienholder's insurance provider has paid the costs incurred by the qualified tow truck operator in removing and storing the vehicle.

(3) If the removal and storage costs have not been paid within 30 days after the date that the notice provided for in subsection (1) was postmarked, the qualified tow truck operator may request, on a form provided by the department, that the department cancel the vehicle's certificate of title, remove any perfected security interest, and reissue the certificate of title to the qualified tow truck operator. In the request, the qualified tow truck operator shall certify that the notice required in subsection (1) was sent and that the owner or lienholder has not made payment as required in subsection (2). A copy of the notice required in subsection (1) must be attached to the request.

(4) Upon receipt of a valid request as provided in subsection (3), the department shall cancel the certificate of title to the vehicle and reissue the certificate of title to the qualified tow truck operator. The qualified tow truck operator shall pay all required fees on the vehicle. After the department has reissued the certificate of title, the former owner or lienholder has no further right, title, claim, or interest in or to the vehicle.

History: En. Sec. 5, Ch. 176, L. 2003; amd. Sec. 73, Ch. 130, L. 2005; amd. Sec. 1, Ch. 185, L. 2013.

61-8-914 through 61-8-919 reserved.

61-8-920. Rotation system — letter of appointment — requirements. (1) A commercial tow truck operator may not participate in the law enforcement rotation system provided for in 61-8-908 without a letter of appointment from the department.

(2) The department may assign a letter of appointment to a commercial tow truck operator if the operator meets the following requirements:

(a) Each towing business must be operated independently. One company cannot be dependent on another for any required operation.

(b) If the operator owns more than one towing business, each business must have a different identifiable name, address, and telephone number that is answered at the business location during normal business hours. An after-hours central dispatch center may receive calls for multiple businesses if the dispatch center is capable of acknowledging each individual call by the applicable company name.

(c) The operator shall provide adequate staffing for each business with personnel who are present at the business location to answer all incoming calls and who are able to release impounded vehicles from 8 a.m. to 5 p.m., Monday through Friday, except for state-recognized holidays. In addition, each business location must be staffed by a sufficient number of drivers for a 24-hour a day operation.

(d) There must be adequate equipment for each company to operate independently. Tow trucks may be used only for the company for which they are registered and within the rotation area for which they are approved by the department unless otherwise specifically provided for by the department.

(e) The operator must have a business location with its own outside entrance, or if a building has one main entrance, the location must have doors clearly marking and separating each business with a sign at the front door and a sign plainly visible from the street indicating the company's name, telephone number, and office hours. Separate businesses in the same rotation area may be housed in one building, but there must be a solid wall from floor to ceiling to separate each business.

(f) Each company shall maintain its own set of required records and books, including but not limited to a vehicle transaction file and billing invoices at its business location. If there is a corporate accountant or bookkeeper for more than one company, all records and files for each company that are required to be maintained at the business location must be maintained separately.

(g) The operator must have impound and storage areas at the business location and in the operator's assigned rotation area that meet the requirements of 61-8-906(3).

(h) The operator shall maintain at least one truck meeting the minimum classification standards set out in 61-8-905.

(3) A qualified tow truck operator may have only one letter of appointment for a business location in a single rotation area. A request for an additional letter of appointment must be for a complete and separate business location that is capable of operating independently within the same or another rotation area and that meets the requirements of subsection (2).

(4) Each letter of appointment must specify the rotation area to which the qualified tow truck operator is assigned.

(5) A commercial tow truck operator may petition the department in writing for a waiver of one or more of the requirements of subsection (2). Except as provided in subsection (6), the department may grant a waiver if it finds that:

(a) the towing service otherwise available within the rotation area is inadequate to meet the needs of the public;

(b) the request has the highway patrol district commander's approval; and

(c) the petition is otherwise reasonable.

(6) In the event a commercial tow truck operator meets all the requirements of this section and receives a letter of appointment in the same rotation area as a qualified tow truck operator that had earlier been granted a waiver pursuant to subsection (5), the department shall rescind the waiver.

(7) A letter of appointment must be issued in the name of the applicant and is not transferable to any other person or business.

(8) A letter of appointment is valid until suspended, superseded, or revoked by the department.

Part 1
General Provisions

61-9-101. Application — exceptions. (1) The provisions of this chapter relating to the operation of vehicles refer exclusively to the operation of vehicles upon highways except as provided in subsection (4) or where a different place is specifically referred to in a given section.

(2) The operation of motor vehicles directly across the public roads and highways of this state, especially as required in the transportation of natural resource products, including agricultural products and livestock, may not be considered to be the operation of the vehicles on the public roads and highways of this state. The crossings must be adequately marked with warning signs or devices relating to stopping before entry and to restoration of any damage, as may reasonably be prescribed by the state or local agency in control of safety of operation of the public highway involved.

(3) If a provision of this chapter conflicts with federal laws or regulations governing motor vehicle equipment standards, the applicable federal law or regulation supersedes.

(4) (a) Except as provided in subsection (4)(b) and subject to subsection (4)(c), the provisions of this chapter apply to the operation and equipping of a motorcycle or quadricycle only when the motorcycle or quadricycle is being operated on a paved highway. A person operating a motorcycle or quadricycle on an unpaved highway shall operate the motorcycle or quadricycle in a reasonable and prudent manner.

(b) Except as provided in subsection (4)(c), the requirements of 61-9-417 and 61-9-418(2)(c) apply to the operation of a motorcycle or quadricycle at all times specified in those sections.

(c) The provisions of this chapter do not apply to the operation and equipping of a quadricycle that is being operated for agricultural purposes on an unpaved highway or on a paved highway that is not part of the federal-aid interstate system as defined in 60-1-103.

61-9-102. Uniformity of interpretation — definitions. (1) This chapter must be interpreted and construed in order to effectuate its general purpose to make uniform the law of those states which enact it.

(2) As used in this chapter, unless the context requires otherwise, the following definitions apply:

(a) "Authorized emergency vehicle" has the meaning provided in 61-8-102.

(b) "Emergency service vehicle" means an emergency service vehicle of a state, county, or municipal department or a public service vehicle, commercial tow truck, or commercial road service truck, which by the nature of its operation causes a vehicular traffic hazard.

(c) "Explosives" means any chemical compound or mechanical mixture that is commonly used or intended for the purpose of producing an explosion and that contains any oxidizing and combustive units or other ingredients in such proportions, quantities, or packing that an ignition by fire, friction, concussion, percussion, or detonator of any part of the compound or mixture may cause a sudden generation of highly heated gases so that the resultant gaseous pressures are capable of producing destructive effects on contiguous objects or of destroying life or limb.

(d) "Farm tractor" means a motor vehicle designed and used primarily as a farm implement for drawing plows, mowing machines, and other implements of husbandry.

(e) "Police vehicle" has the meaning as provided in 61-8-102.

(f) "Right-of-way" has the meaning provided in 61-8-102.

History: En. Sec. 155, Ch. 263, L. 1955; R.C.M. 1947, 32-21-158; amd. Sec. 212, Ch. 542, L. 2005.

61-9-103. Provisions uniform throughout state — power of local authorities. (1) The provisions of this chapter must be applicable and uniform throughout this state and in all political subdivisions and municipalities in this state, and a local authority may not enact or enforce any ordinance, rule, or regulation in conflict with the provisions of this chapter unless expressly authorized in this chapter. Local authorities may adopt additional traffic regulations that are not in conflict with the provisions of this chapter.

(2) As used in this section "local authorities" has the meaning provided in 61-8-102.

(a) is in such unsafe condition as to endanger a person;
(b) is not equipped with lamps and other equipment as required in this chapter; or
(c) is equipped in a manner in violation of this chapter.

(2) It is a misdemeanor for a person to perform an act forbidden or fail to perform an act required under this chapter.

(3) The use of additional parts and accessories on a vehicle not inconsistent with the provisions of this chapter is not prohibited.

(4) The provisions of this chapter do not apply to implements of husbandry, road machinery, road rollers, or farm tractors except as made applicable in this chapter.

(5) All lamps and equipment required by this chapter must be maintained in proper working order and adjustment at all times.

(6) (a) Except as provided in subsection (6)(b) and subject to subsection (6)(c), the provisions of this chapter apply to the operation of a motorcycle or quadricycle only when the motorcycle or quadricycle is being operated on a paved highway. A person operating a motorcycle or quadricycle on an unpaved highway shall operate the motorcycle or quadricycle in a reasonable and prudent manner.

(b) Except as provided in subsection (6)(c), the requirements of 61-9-417 and 61-9-418(2)(c) apply to the operation of a motorcycle or quadricycle at all times specified in those sections.

(c) The provisions of this chapter do not apply to the operation and equipping of a quadricycle that is being operated for agricultural purposes on an unpaved highway or on a paved highway that is not part of the federal-aid interstate system as defined in 60-1-103.

61-9-201. When lighted lamps are required. Every vehicle upon a highway within this state at any time from one-half hour after sunset to one-half hour before sunrise and at any other time when due to insufficient light or unfavorable atmospheric conditions persons and vehicles on the highway are not clearly discernible at a distance of 500 feet ahead shall display lighted lamps and illuminating devices as hereinafter respectively required for different classes of vehicles, subject to exceptions with respect to parked vehicles.

61-9-202. Visibility distance and mounted height of lamps. (1) Whenever requirement is hereinafter declared as to the distance from which certain lamps and devices shall render objects visible or within which such lamps or devices shall be visible, said provisions shall apply during the times stated in 61-9-201 in respect to a vehicle without load when upon a straight, level, unlighted highway under normal atmospheric conditions unless a different time or condition is expressly stated.

(2) Whenever requirement is hereinafter declared as to the mounted height of lamps or devices it shall mean from the center of such lamp or device to the level ground upon which the vehicle stands when such vehicle is without a load.

61-9-203. Headlamps on motor vehicles. (1) A motor vehicle other than a motorcycle, quadricycle, or motor-driven cycle must be equipped with at least two headlamps, with at least one on each side of the front of the motor vehicle, that comply with the requirements and limitations set forth in this chapter.

(2) A motorcycle, quadricycle, or motor-driven cycle must be equipped with at least one and not more than two headlamps that comply with the requirements and limitations of this chapter. If a motorcycle is registered under 61-3-411 as a collector's item, it need not be equipped

with headlamps; however, if it is not equipped with headlamps, it may not be operated upon a highway or street from one-half hour after sunset to one-half hour before sunrise or if persons and vehicles are not clearly discernible at a distance of 500 feet. A motorcycle may be equipped with a means of modulating the high beam of its headlamps between high and low beam at a rate of 200 to 280 flashes a minute; however, an operator may not modulate the headlamps at that rate during periods when headlamps are required to be lighted by 61-9-201.

(3) A headlamp upon a motor vehicle, including a motorcycle, quadricycle, and motor-driven cycle, must be located at a height, measured from the center of the headlamp, of not more than 54 inches or less than 22 inches, to be measured as provided in 61-9-202(2).

(4) When headlamps are required to be lighted by 61-9-201, a person may not operate a motor vehicle on a highway with headlamps that are composed of, covered by, or treated with a tinted or colored material, substance, system, or component that obscures the headlamps or diminishes the distance of visibility required by this section.

(5) This section does not prohibit the operation or sale of a motor vehicle the headlamps of which are composed of, covered by, or treated with a tinted or colored material, substance, system, or component with which the vehicle was sold or could have been equipped for sale when new as standard or optional equipment in compliance with federal statute or regulation governing the sale at the time of manufacture.

61-9-204. Taillamps. (1) A motor vehicle, trailer, semitrailer, and pole trailer and any other vehicle that is being drawn at the end of a combination of vehicles must be equipped with at least one properly functioning taillamp mounted on the rear that emits a red light plainly visible from a distance of 500 feet to the rear, except that in the case of a combination of vehicles, only the taillamp on the rearmost vehicle need actually be seen from the distance specified. The vehicles mentioned in this subsection, other than a motorcycle, quadricycle, motor-driven cycle, or truck tractor, registered in this state and manufactured or assembled after January 1, 1956, must be equipped with at least two properly functioning taillamps, with at least one mounted on each side of the rear of the vehicle, that emit a red light plainly visible from a distance of 1,000 feet to the rear of the vehicle.

(2) A taillamp upon a vehicle must be located at a height of not more than 72 inches or less than 15 inches.

(3) Either a taillamp or a separate lamp must illuminate with a white light the rear registration plate and render it clearly legible from a distance of 50 feet to the rear. A taillamp or taillamps, together with a separate lamp for illuminating the rear registration plate, must be lighted whenever the headlamps are lighted.

(4) Taillamps are not required on a motorcycle that is registered under 61-3-411 as a collector's item, but the motorcycle may not be operated on a highway or street from one-half hour after sunset to one-half hour before sunrise or when persons and vehicles are not clearly discernible at a distance of 500 feet unless it is equipped with the required taillamps.

(5) A person may not operate a motor vehicle on a highway with taillamps that are covered by a lens or a plastic cover or with a tinted or colored material, substance, system, or component placed on or in front of rear lamps, taillamps, license plate lamps, or rear lamp combinations that obscures the taillamps or diminishes the distance of visibility required by this section.

(6) (a) A custom vehicle or street rod may use a blue dot taillight, as defined in subsection (6)(b), as a stop lamp, a rear signal lamp, or a rear reflector.

(b) "Blue dot taillight" means a red lamp installed in the rear of a motor vehicle containing a blue or purple insert that is not more than 1 inch in diameter.

61-9-205. New motor vehicles to be equipped with reflectors. (1) Every new motor vehicle hereafter sold and operated upon a highway, other than a truck tractor, shall carry on the rear, either as a part of the taillamps or separately, two red reflectors, except that every motorcycle, quadricycle, and motor-driven cycle shall carry at least one reflector meeting the requirements of this section, and except that vehicles of the type mentioned in 61-9-208 shall be equipped with reflectors as required in those sections applicable thereto.

(2) Every such reflector shall be mounted on the vehicle at a height not less than 15 inches or more than 60 inches measured as set forth in 61-9-202(2) and shall be of such size and characteristics and so mounted as to be visible at night from all distances within 300 feet to 50 feet from such vehicle when directly in front of lawful upper beams of headlamps, except that visibility from a greater distance may be required of reflectors on certain types of vehicles.

61-9-206. Stop lamps — when required. (1) A person may not sell a new motor vehicle in this state or drive a vehicle on the highways unless it is equipped with at least two properly functioning stop lamps. A vehicle manufactured before January 1, 1956, and all motorcycles, quadricycles, and motor-driven cycles must be equipped with at least one properly functioning stop lamp.

(2) The stop lamp or lamps on the rear of a vehicle must display a red light that is actuated upon application of the service (foot) brake and, in a vehicle manufactured or assembled on or after January 1, 1964, must be visible from a distance of not less than 300 feet to the rear in normal sunlight. In a vehicle manufactured or assembled before January 1, 1964, the stop lamp or lamps must be visible from a distance of not less than 100 feet. The stop lamp may be incorporated with one or more other rear lamps.

(3) A stop lamp may not project a glaring light.

61-9-207. Application of succeeding sections. Sections 61-9-208 through 61-9-229 apply as stated in those sections to vehicles of the type enumerated in those sections when operated upon a highway. The vehicles must be equipped as required and all lamp equipment required must be lighted at all times mentioned in 61-9-201 except that clearance and side marker lamps need not be lighted on a vehicle when operated within a municipality when there is sufficient light to render clearly discernible persons and vehicles on the highway at a distance of 1,000 feet.

History: En. Sec. 118, Ch. 263, L. 1955; R.C.M. 1947, 32-21-121; amd. Sec. 9, Ch. 431, L. 1997.

61-9-208. Additional equipment required on certain vehicles. In addition to other equipment required in this chapter, the following vehicles must be equipped as stated in this section under the conditions stated in 61-9-207:

(1) On a bus or truck there must be on the rear, two reflectors, one at each side.

(2) On a bus or truck 80 inches or more in overall width, in addition to the requirements in subsection (1):

(a) on the front, two clearance lamps, one at each side;

(b) on the rear, two clearance lamps, one at each side;

(c) on each side, two side marker lamps, one at or near the front and one at or near the rear;

(d) on each side, two reflectors, one at or near the front and one at or near the rear.

(3) On a truck tractor, on the front, two clearance lamps, one at each side.

(4) On a trailer or semitrailer having a gross weight in excess of 3,000 pounds:

(a) on the front, two clearance lamps, one at each side;

(b) on each side, two side marker lamps, one at or near the front and one at or near the rear;

(c) on each side, two reflectors, one at or near the front and one at or near the rear;

(d) on the rear, two clearance lamps, one at each side, also two reflectors, one at each side.

(5) On a pole trailer in excess of 3,000 pounds gross weight:

(a) on each side, one side marker lamp and one clearance lamp that may be in combination, to show to the front, side, and rear; and

(b) on the rear of the pole trailer or load, two reflectors, one at each side.

(6) On a trailer, semitrailer, or pole trailer weighing 3,000 pounds or less:

(a) on the front, a steel safety chain or cable that must be securely fastened to the towing unit with the minimum diameter of any portion of the chains or cables being one-fourth of an inch. A safety chain or cable may not be connected to the ball but must be connected to the hitch or other frame member of the towing vehicle to prevent the drawbar from dropping to the ground if the ball, socket, or coupler fails;

(b) on the rear, two reflectors and two stoplights, one on each side.

61-9-209. Color of clearance lamps, side marker lamps, reflectors, and backup lamps. (1) Front clearance lamps and those marker lamps and reflectors mounted on the front or on the side near the front of a vehicle must display or reflect an amber color.

(2) Rear clearance lamps and those marker lamps and reflectors mounted on the rear or on the sides near the rear of a vehicle must display or reflect a red color.

(3) All lighting devices, reflectors, and stoplights mounted on the rear of a vehicle must display or reflect a red color, except:

(a) the signal devices, as defined in 61-9-218;

(b) the light illuminating the license plate that must be a white lamp; and

(c) the light emitted by a backup lamp that must be white.

61-9-210. Mounting of reflectors, clearance lamps, and side marker lamps. (1) Reflectors when required by 61-9-208 shall be mounted at a height not less than 24 inches and not higher than 60 inches above the ground on which the vehicle stands, except that if the highest part of the permanent structure of the vehicle is less than 24 inches the reflector at such point shall be mounted as high as that part of the permanent structure will permit.

(2) The rear reflectors on a pole trailer may be mounted on each side of the bolster or load.

(3) Any required red reflector on the rear of a vehicle may be incorporated with the taillamp, but such reflector shall meet all the other reflector requirements of this chapter.

(4) Clearance lamps shall be mounted on the permanent structure of the vehicle in such a manner as to indicate its extreme width and as near the top thereof as practicable. Clearance lamps and side marker lamps may be mounted in combination provided illumination is given as required herein with reference to both.

61-9-211. Visibility of reflectors, clearance lamps, and marker lamps. (1) Every reflector upon any vehicle referred to in 61-9-208 shall be of such size and characteristics and so maintained as to be readily visible at nighttime from all distances within 600 feet to 100 feet from the vehicle when directly in front of lawful upper beams of headlamps. Reflectors required to be mounted on the sides of the vehicle shall reflect the required color of light to the sides, and those mounted on the rear shall reflect a red color to the rear.

(2) Front and rear clearance lamps shall be capable of being seen and distinguished under normal atmospheric conditions, at the times lights are required, at a distance of 500 feet from the front and rear respectively of the vehicle.

(3) Side marker lamps shall be capable of being seen and distinguished under normal atmospheric conditions, at the times lights are required, at a distance of 500 feet from the side of the vehicle on which mounted.

History: En. Sec. 122, Ch. 263, L. 1955; R.C.M. 1947, 32-21-125.

61-9-212. Obstructed lights not required. Whenever motor and other vehicles are operated in combination during the time that lights are required, any lamp (except taillamps) need not be lighted which, by reason of its location on a vehicle of the combination, would be obscured by another vehicle of the combination, but this shall not affect the requirements that lighted clearance lamps be displayed on the front of the foremost vehicle required to have clearance lamps or that all lights required on the rear of the rearmost vehicle of any combination shall be lighted.

History: En. Sec. 123, Ch. 263, L. 1955; R.C.M. 1947, 32-21-126.

61-9-213. Lamp or flag on projecting load. (1) Whenever the load upon a vehicle extends to the rear 4 feet or more beyond the rear of the vehicle, the following lamps and reflectors must be displayed at the extreme rear end of the load, at the times specified in 61-9-201:

(a) a red lamp plainly visible from a distance of at least 500 feet to the sides and 1,000 feet to the rear and located to indicate maximum overhang; and

(b) a red reflector visible at night at all distances from 100 feet to 600 feet to the rear when directly in front of lawful lower beams of headlamps.

(2) The red lights and reflectors required under this section must be in addition to the red lights required upon a vehicle. At any other time there must be displayed at the extreme rear end of the load a red flag or cloth not less than 12 inches square, marking the extremities of the load, at each point where a lamp or reflector would otherwise be required by this section.

History: En. Sec. 124, Ch. 263, L. 1955; R.C.M. 1947, 32-21-127; amd. Sec. 12, Ch. 431, L. 1997.

61-9-214. Lamps on parked vehicles. (1) Whenever a vehicle is lawfully parked upon a street or highway during the hours between one-half hour after sunset and one-half hour before sunrise and in the event there is sufficient light to reveal any person or object within a distance of 500 feet upon such street or highway no lights need be displayed upon such parked vehicle.

(2) Whenever a vehicle is parked or stopped upon a roadway or shoulder adjacent thereto, whether attended or unattended, during the hours between one-half hour after sunset and one-half hour before sunrise and there is not sufficient light to reveal any person or object within a distance of 500 feet upon such highway, such vehicle so parked or stopped shall be equipped with one or more lamps meeting the following requirements: at least one lamp shall display a white or amber light visible from a distance of 500 feet to the front of the vehicle, and the same lamp or at least one other lamp shall display a red light visible from a distance of 500 feet to the rear of the vehicle, and the location of said lamp or lamps, shall always be such that at least one lamp or combination of lamps meeting the requirements of this section is installed as near as practicable to the side of the vehicle which is closest to passing traffic. The foregoing provisions shall not apply to a motor-driven cycle.

(3) Any lighted headlamp upon a parked vehicle shall be depressed or dimmed.

61-9-215. Lamps on farm tractors, farm equipment, and implements of husbandry. (1) A farm tractor and a self-propelled farm equipment unit or implement of husbandry not equipped with an electric lighting system must at all times mentioned in 61-9-201 be equipped with at least one lamp displaying a white light visible from a distance of not less than 500 feet to the front of the vehicle, at least one lamp displaying a red light visible from a distance of not less than 500 feet to the rear of the vehicle, and two red reflectors visible from a distance of 100 to 600 feet to the rear when illuminated by the upper beams of headlamps. The lights required in this section must be positioned so that one lamp showing to the front and one lamp or reflector showing to the rear indicates the farthest projection of the tractor, unit, or implement on the side of the road used in passing the vehicle.

(2) A combination of farm tractor and towed unit of farm equipment or implement of husbandry not equipped with an electric lighting system or an implement of husbandry being towed by a motor vehicle must at all times mentioned in 61-9-201 be equipped with the following lamps:

(a) at least one lamp mounted to indicate the extreme left projection of the combination and displaying a white light visible from a distance of not less than 500 feet to the front of the combination; and

(b) two lamps each displaying a red light visible from a distance of not less than 500 feet to the rear of the combination, or at least one lamp displaying a red light visible from a distance of not less than 500 feet to the rear of the combination and two red reflectors visible from a distance of 100 to 600 feet to the rear of the combination when illuminated by the upper beams of headlamps. The lamps or reflectors must be mounted to indicate the extreme left and right rear projections of the towed unit or implement on the highway.

(3) A farm tractor and a self-propelled unit of farm equipment or implement of husbandry equipped with an electric lighting system must at all times mentioned in 61-9-201 be equipped with two multiple-beam or single-beam headlamps meeting the requirements of 61-9-220 or 61-9-222 and two red lamps visible from a distance of not less than 500 feet to the rear, or one red lamp visible from a distance of not less than 500 feet to the rear and two red reflectors visible from a distance of 100 to 600 feet to the rear when illuminated by the upper beams of headlamps. The red lamps or reflectors must be mounted in the rear of the farm tractor or self-propelled implement of husbandry to indicate the extreme left and right projections of the vehicle on the highway.

(4) A combination of farm tractor and towed farm equipment or towed implement of husbandry equipped with an electric lighting system must at all times mentioned in 61-9-201 be equipped with the following lamps:

(a) The farm tractor element of the combination must be equipped with two single-beam or multiple-beam headlamps meeting the requirements of 61-9-220 or 61-9-222.

(b) The towed unit of farm equipment or implement of husbandry element of the combination must be equipped with two red lamps visible from a distance of not less than 500 feet to the rear or one red lamp visible from a distance of not less than 500 feet to the rear and two red reflectors visible from a distance of 100 to 600 feet to the rear when illuminated by the upper beams of headlamps. The red lamps or reflectors must be located to indicate the extreme left and right projections of the towed unit or implement on the highway.

(c) The combination must also be equipped with a lamp displaying a white or amber light, or a shade of color between white and amber, visible from a distance of not less than 500 feet to the front and a lamp displaying a red light visible from a distance of not less than 500 feet to the rear. The lamp or lamps must indicate to the front and rear the farthest projection of the combination on the side of the road used by other vehicles in passing the combination.

61-9-217. Spot lamps, fog lamps, and auxiliary lamps. (1) A motor vehicle may not be equipped with more than two spot lamps and a lighted spot lamp must be turned off upon approaching another moving vehicle from either direction.

(2) A motor vehicle may not be equipped with more than two fog lamps that provide a low, wide-angle light pattern to increase short-range visibility. Fog lamps must be mounted on the front at a height not more than 30 inches above the level surface upon which the vehicle stands and so aimed that when the vehicle is not loaded none of the high-intensity portion of the light to the left of the center of the vehicle at a distance of 25 feet ahead projects higher than a level of 4 inches below the level of the center of the lamp from which it comes. Lighted fog lamps meeting the requirements of this subsection may be used with lower headlamp beams as specified in 61-9-220(2). A fog lamp may not be used as a substitute for headlamps.

(3) A motor vehicle may not be equipped with more than two auxiliary driving lamps that produce a long-range, pencil-shaped light pattern and that are used to supplement the upper beams of headlamps. Auxiliary driving lamps must be mounted on the front at a height not less than 16 inches or more than 42 inches above the level surface upon which the vehicle stands. The provisions of 61-9-220 apply to a combination of headlamps and auxiliary driving lamps. An auxiliary driving lamp may not be used as a substitute for headlamps or lighted at any time the headlamps are required to be on in the low-beam position.

(4) An auxiliary off-road lamp mounted more than 42 inches above the level surface upon which the vehicle stands may not be lighted while the vehicle is operated or parked on a highway.

61-9-218. Signal lamps and signal devices — when required. (1) A motor vehicle or combination of vehicles may be equipped and when required under this chapter must be equipped with signal lamps showing to the front and rear for the purpose of indicating an intention to turn either to the right or left. The lamps showing to the front must be located on the same level and as widely spaced laterally as practicable. Except as provided in subsection (3), when in use, the lamps must display a white or amber light, or a shade of color between white and amber, visible from a distance of not less than 300 feet to the front in normal sunlight. The lamps showing to the rear must be located at the same level and as widely spaced laterally as practicable. Except as provided in subsection (3), when in use, the lamps must display a red or amber light, or a shade of color between red and amber, visible from a distance of not less than 300 feet to the rear in normal sunlight. When actuated the lamps must indicate the intended direction of turning by flashing the lights showing to the front and rear on the side toward which the turn is made.

(2) Except as provided in subsection (3), a motor vehicle, trailer, semitrailer, or pole trailer must be equipped with signal lamps meeting the requirements of this section.

(3) On a motor vehicle manufactured or assembled before January 1, 1964, the signal lamps required by this section must be visible from a distance of not less than 100 feet. Signal lamps are not required on any vehicle manufactured or assembled before January 1, 1953.

(4) A stop lamp or signal lamp or device may not project a glaring light.

(2) Any motor vehicle may be equipped with not more than one running board courtesy lamp on each side thereof which shall emit a white or amber light without glare.

(3) Any motor vehicle may be equipped with not more than two backup lamps either separately or in combination with other lamps, but any such backup lamps shall not be lighted when the motor vehicle is in forward motion.

(4) Any vehicle may be equipped with lamps which may be used for the purpose of warning the operators of other vehicles of the presence of a vehicular traffic hazard requiring the exercise of unusual care in approaching, overtaking, or passing, and when so equipped may display such warning in addition to any other warning signals required by this chapter. The lamps used to display such warning to the front shall be mounted at the same level and as widely spaced laterally as practicable and shall display simultaneously flashing white or amber lights, or any shade of color between white and amber. The lamps used to display such warning to the rear shall be mounted at the same level and as widely spaced laterally as practicable, and shall show simultaneously flashing amber or red lights, or any shade of color between amber and red. These warning lights shall be visible from a distance of not less than 500 feet under normal atmospheric conditions at night.

61-9-220. Multiple-beam road-lighting equipment. Except as provided in this part, the headlamps or the auxiliary driving lamps or combination of both on a motor vehicle other than a motorcycle, quadricycle, motor-driven cycle, or low-speed electric vehicle, must be arranged so that the driver may select between distributions of light projected to different elevations. The selection can be made automatically, subject to the following limitations:

(1) There must be an uppermost distribution of light, or composite beam, capable of revealing persons and vehicles at a distance of at least 350 feet ahead for all conditions of loading.

(2) There must be a lowermost distribution of light, or composite beam, capable of revealing persons and vehicles at a distance of at least 100 feet ahead. On a straight level road under any condition of loading the high-intensity portion of the beam may not be directed to strike the eyes of an approaching driver.

(3) A motor vehicle, other than a motorcycle, quadricycle, motor-driven cycle, or low-speed electric vehicle, manufactured after January 1, 1956, that has multiple-beam road-lighting equipment must be equipped with a beam indicator that must be lighted whenever the uppermost distribution of light from the headlamps is in use, and may not otherwise be lighted. The indicator must be readily visible without glare to the driver of the vehicle.

61-9-221. Use of multiple-beam road-lighting equipment. Whenever a motor vehicle is being operated on a roadway or shoulder adjacent to a roadway during the times specified in 61-9-201, the driver shall use a distribution of light, or composite beam, capable of revealing persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(1) Whenever the driver of a vehicle approaches an oncoming vehicle within 1,000 feet, the driver shall use a distribution of light or composite beam that does not project into the eyes of the oncoming driver. The lowermost distribution of light specified in 61-9-220(2) must avoid glare at all times, regardless of road contour and loading.

(2) Whenever the driver of a vehicle follows another vehicle within 500 feet to the rear, the driver shall use a distribution of light permissible under this chapter other than the uppermost distribution of light specified in 61-9-220(1).

History: En. Sec. 133, Ch. 263, L. 1955; R.C.M. 1947, 32-21-136; amd. Sec. 18, Ch. 431, L. 1997.

61-9-222. Single-beam road-lighting equipment. Headlamps arranged to provide a single distribution of light shall be permitted on motor vehicles manufactured and sold prior to July 1, 1956, in lieu of multiple-beam road-lighting equipment herein specified if the single distribution of light complies with the following requirements and limitations:

(1) The headlamps shall be so aimed that when the vehicle is not loaded none of the high-intensity portion of the light shall at a distance of 25 feet ahead project higher than a level of 5 inches below the level of the center of the lamp from which it comes, and in no case higher than 42 inches above the level on which the vehicle stands at a distance of 75 feet ahead.

(2) The intensity shall be sufficient to reveal persons and vehicles at a distance of at least 200 feet.

History: En. Sec. 134, Ch. 263, L. 1955; R.C.M. 1947, 32-21-137.

61-9-223. Lighting equipment on motor-driven cycles. The headlamp or headlamps upon every motor-driven cycle may be of the single-beam or multiple-beam type but in either event shall comply with the requirements and limitations as follows:

(1) Every said headlamp or headlamps on a motor-driven cycle shall be of sufficient intensity to reveal a person or a vehicle at a distance of not less than 100 feet when the motor-driven cycle is operated at any speed less than 25 miles per hour and at a distance of not less than 200 feet when the motor-driven cycle is operated at a speed of 25 or more miles per hour, and at a distance of not less than 300 feet when the motor-driven cycle is operated at a speed of 35 or more miles per hour.

(2) In the event the motor-driven cycle is equipped with a multiple-beam headlamp or headlamps the upper beam shall meet the minimum requirements set forth above and shall not exceed the limitations set forth in 61-9-220(1) and the lowermost beam shall meet the requirements applicable to a lowermost distribution of light as set forth in 61-9-220(2).

(3) In the event the motor-driven cycle is equipped with a single-beam lamp or lamps, said lamp or lamps shall be so aimed that when the vehicle is loaded none of the high-intensity portion of light at a distance of 25 feet ahead shall project higher than the level of the center of the lamp from which it comes.

(1) At all times specified in 61-9-201, at least two lighted lamps shall be displayed, one on each side at the front of every motor vehicle other than a motorcycle, quadricycle, or motor-driven cycle, except when such vehicle is parked, subject to the regulations governing lights on parked vehicles.

(2) Whenever a motor vehicle equipped with headlamps as herein required is also equipped with any auxiliary lamps or a spot lamp or any other lamp on the front thereof projecting a beam of intensity greater than 300 candlepower, not more than a total of four of any such lamps on the front of a vehicle shall be lighted at any one time when upon a highway.

(1) A lighted lamp or illuminating device upon a motor vehicle other than headlamps, spot lamps, auxiliary lamps, or flashing turn signals, emergency vehicle warning lamps, and school bus warning lamps that projects a beam of light of an intensity greater than 300 candlepower must be so directed that the high intensity portion of the beam may not strike the level of the roadway on which the vehicle stands at a distance of more than 75 feet from the vehicle.

(2) A person may not drive or move a vehicle or equipment upon a highway with a lamp or device displaying a red light visible from in front of the center of the vehicle. This section does

not apply to a vehicle upon which a red light visible from the front is expressly authorized or required by this code.

(3) Flashing, blinking, sequential, rotating, or pulsating lights are prohibited except on vehicles that are authorized by this chapter to contain the lights or on a vehicle as a means for indicating a right or left turn or the presence of a vehicular traffic hazard requiring unusual care in approaching, overtaking, or passing.

(4) License plate decorative lighting that is not original manufacturer's equipment or undercarriage decorative lighting that rotates, flashes, or oscillates or that displays a color authorized by this chapter for use by police vehicles and authorized emergency vehicles may not be illuminated on a vehicle that is operated upon a highway or street.

(5) As used in this section "school bus" has the meaning provided in 20-10-101.

61-9-302. Service brakes — adequacy. Every motor vehicle, trailer, semitrailer, and pole trailer and combination of these vehicles, except special mobile equipment, must be equipped with service brakes complying with the performance requirements of 61-9-312 and adequate to control the movement of and to stop and hold the vehicle under all conditions of loading and on any grade incident to its operation.

History: En. Sec. 1, Ch. 139, L. 1965; R.C.M. 1947, 32-21-143.1(a); amd. Sec. 215, Ch. 542, L. 2005.

61-9-303. Parking brakes — adequacy. Every such vehicle and combination of vehicles, except motorcycles, quadricycles, and motor-driven cycles, shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power, provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

61-9-304. Brakes required on all wheels — exceptions. Every vehicle must be equipped with brakes acting on all wheels except:

(1) trailers, semitrailers, pole trailers of a gross weight not exceeding 3,000 pounds, provided that:

(a) the total weight on and including the wheels of the trailer or trailers may not exceed 40% of the gross weight of the towing vehicle when connected to the trailer or trailers; and

(b) the combination of vehicles consisting of the towing vehicle and its total towed load is capable of complying with the performance requirements of 61-9-312;

(2) any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of 61-9-312;

(3) trucks and truck tractors having three or more axles need not have brakes on the front wheels, if the vehicle was manufactured before July 25, 1980. However, the trucks and truck tractors must be capable of complying with the performance requirements of 61-9-312.

(4) special mobile equipment;

(5) the wheel of a sidecar attached to a motorcycle or to a motor-driven cycle, or the front wheel of a motor-driven cycle need not be equipped with brakes. However, a quadricycle, motorcycle, or motor-driven cycle must be capable of complying with the performance requirements of 61-9-312.

61-9-305. Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of 3,000 pounds, manufactured or assembled after January 1, 1966, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least 15 minutes upon breakaway from the towing vehicle.

History: En. Sec. 1, Ch. 139, L. 1965; R.C.M. 1947, 32-21-143.1(d).

61-9-306. Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1966, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

61-9-308. Two means of emergency brake operation. (1) A towing vehicle, when used to tow another vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, must be equipped with two means for emergency application of the trailer brakes. One of these means must apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure that may not be lower than 20 pounds per square inch or higher than 45 pounds per square inch. The other means must be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation must be clearly indicated. The manual means may not be arranged to prevent operation of the automatic means. The automatic and the manual means required by this section may be separate.

(2) A towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, must have, in addition to the single control device required by 61-9-309, a second control device that can be used to operate the brakes on towed vehicles in emergencies. The second control must be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system is so arranged that failure of the pressure upon which the second control depends causes the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

History: En. Sec. 1, Ch. 139, L. 1965; R.C.M. 1947, 32-21-143.1(g); amd. Sec. 21, Ch. 431, L. 1997.

61-9-309. Single control to operate all brakes. A motor vehicle, trailer, semitrailer, or pole trailer, and a combination of these vehicles, except motorcycles, quadricycles, and motor-driven cycles, equipped with brakes must have one control device that can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles can be operated by a single control on the towing vehicle.

61-9-310. Reservoir capacity and check valve. (1) A bus, truck, or truck tractor with air operated brakes must be equipped with at least one reservoir sufficient to ensure that, when fully charged to the maximum pressure as regulated by the air compressor governor cutout setting, a full service brake application is made without lowering the reservoir pressure by more than 20%. Each reservoir must be provided with means for readily draining accumulated oil or water.

(2) A truck with three or more axles equipped with vacuum assistor type brakes or a truck tractor and truck used for towing a vehicle equipped with vacuum brakes must be equipped with a reserve capacity or a vacuum reservoir sufficient to ensure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application is made without depleting the vacuum supply by more than 40%.

(3) A motor vehicle, trailer, semitrailer, or pole trailer, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, must have reservoirs or reserve capacity safeguarded by a check valve or equivalent device that, in the event of failure or leakage in its connection to the source of compressed air or vacuum, prevents the stored air or vacuum from being depleted by the leak or failure.

History: En. Sec. 1, Ch. 139, L. 1965; R.C.M. 1947, 32-21-143.1(i); amd. Sec. 23, Ch. 431, L. 1997.

61-9-311. Warning devices. (1) A bus, truck, or truck tractor using compressed air for the operation of its own brakes or the brakes on a towed vehicle must have a warning signal, other than a pressure gauge, readily audible or visible to the driver that will operate at any time the air reservoir pressure of the vehicle is below 60 pounds per square inch. In addition, each vehicle must be equipped with a pressure gauge visible to the driver that indicates in pounds per square inch the pressure available for braking.

(2) A truck tractor, truck used for towing a vehicle equipped with vacuum operated brakes, or a truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, must be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver that will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than 8 inches of mercury.

(3) When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be combined into a single device that will serve both purposes. A gauge or gauges indicating pressure or vacuum is not an adequate means of satisfying this requirement.

61-9-312. Performance ability of brakes. On a dry, hard, approximately level stretch of highway free from loose material, a motor vehicle or combination of vehicles, upon application of the service brake, must be capable of stopping at a speed of 20 miles an hour within the following distances:

(1) 25 feet for passenger motor vehicles, except buses and pioneer vehicles;

(2) 40 feet for buses, trucks, and tractor trucks;

(3) 45 feet for motor vehicles registered or qualified to be registered as pioneer vehicles under 61-3-411(2)(a) when equipped with two-wheel brakes or 25 feet when equipped with four-wheel brakes;

(4) 40 feet for all combinations of vehicles; and

(5) 30 feet for motorcycles, quadricycles, and motor-driven cycles.

(2) An operator of a commercial motor vehicle that has an engine compression brake device with a factory-installed muffler or an equivalent after-market muffler may not be prohibited from using the engine compression brake device.

(3) The department of transportation employees who are designated as peace officers pursuant to 61-10-154 shall work with law enforcement in the enforcement of standards adopted pursuant to this section.

(4) Notice of a deficiency must be given pursuant to 61-9-501.

(5) A violation of the rules adopted to implement to this section is punishable as provided in 61-9-521.

History: En. Sec. 1, Ch. 357, L. 2003; amd. Sec. 217, Ch. 542, L. 2005; amd. Sec. 1, Ch. 146, L. 2009.

Part 4
Miscellaneous Regulations

61-9-401. Horns, security alarms, and warning devices. (1) A motor vehicle when operated upon a highway must be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than 200 feet. A horn or other warning device may not emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall when reasonably necessary to ensure safe operation give audible warning with the horn but may not otherwise use the horn when upon a highway.

(2) A vehicle may not be equipped with and a person may not use upon a vehicle a siren, whistle, or bell, except as otherwise permitted in this section.

(3) A vehicle may be equipped with a security alarm signal device that cannot be used by the driver as an ordinary warning signal while the vehicle is in motion.

(4) An authorized emergency vehicle may be equipped with a siren, whistle, or bell capable of emitting sound audible under normal conditions from a distance of not less than 500 feet and of a type approved by the department. The siren may not be used except when the vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which event the driver of the vehicle shall sound the siren when reasonably necessary to warn pedestrians and other drivers of the vehicle's approach.

61-9-402. Audible and visual signals on police, emergency vehicles, and on-scene command vehicles — immunity. (1) A police vehicle must be equipped with a siren capable of giving an audible signal and may be equipped with alternately flashing or rotating red or blue lights as specified in this section.

(2) An authorized emergency vehicle must be equipped:

(a) with a siren and an alternately flashing or rotating red light as specified in this section; and

(b) with signal lamps mounted as high and as widely spaced laterally as practicable that are capable of displaying to the front two alternately flashing red lights located at the same level and to the rear two alternately flashing red lights located at the same level. These lights must have sufficient intensity to be visible at 500 feet in normal sunlight.

(3) A bus used for the transportation of school children must be equipped with signal lamps mounted as high and as widely spaced laterally as practicable, displaying to the front two red and two amber alternating flashing lights and to the rear two red and two amber alternating flashing lights. These lights must have sufficient intensity to be visible at 500 feet in normal sunlight. The warning lights must be as prescribed by the board of public education and approved by the department.

(4) A police vehicle and an authorized emergency vehicle may, and an emergency service vehicle must, be equipped with alternately flashing or rotating amber lights as specified in this section.

(5) The use of signal equipment as described in this section imposes upon the operators of other vehicles the obligation to yield right-of-way or to stop and to proceed past the signal or light as provided in 61-8-346 and subject to the provisions of 61-8-209 and 61-8-303.

(6) An employee, agent, or representative of the state or a political subdivision of the state or of a governmental fire agency organized under Title 7, chapter 33, who is operating a police vehicle, an authorized emergency vehicle, or an emergency service vehicle and using signal equipment in rendering assistance at a highway crash scene or in response to any other

hazard on the roadway that presents an immediate hazard or an emergency or life-threatening situation is not liable, except for willful misconduct, bad faith, or gross negligence, for injuries, costs, damages, expenses, or other liabilities resulting from a motorist operating a vehicle in violation of subsection (5).

(7) Blue, red, and amber lights required in this section must be mounted as high as and as widely spaced laterally as practicable and be capable of displaying to the front two alternately flashing lights of the specified color located at the same level and to the rear two alternately flashing lights of the specified color located at the same level or one rotating light of the specified color, mounted as high as is practicable and visible from both the front and the rear. These lights must have sufficient intensity to be visible at 500 feet in normal sunlight. Except as provided in 61-9-204(6), only police vehicles, as defined in 61-8-102, may display blue lights, lenses, or globes.

(8) A police vehicle and authorized emergency vehicle may be equipped with a flashing signal lamp that is green in color, visible from 360 degrees, and attached to the exterior roof of the vehicle for purposes of designation as the on-scene command and control vehicle in an emergency or disaster. The green light must have sufficient intensity to be visible at 500 feet in normal sunlight. Only the on-scene command and control vehicle may display green lights, lenses, or globes.

(9) Only a police vehicle or an authorized emergency vehicle may be equipped with the means to flash or alternate its headlamps or its backup lights.

(10) A violation of subsection (5) is considered reckless endangerment of a highway worker, as provided in 61-8-301(4), and is punishable as provided in 61-8-715.

61-9-403. Mufflers — prevention of noise. (1) Every motor vehicle shall at all times be equipped with a muffler in good working order and in constant operation to prevent excessive or unusual noise and annoying smoke, and no person shall use a muffler cutout, bypass, or similar device upon a motor vehicle on a highway.

(2) The engine and power mechanism of every motor vehicle shall be so equipped and adjusted as to prevent the escape of excessive fumes or smoke.

61-9-404. Mirrors. A motor vehicle must be equipped with a mirror that reflects to the driver a view of the highway for a distance of at least 200 feet to the rear of the motor vehicle.

History: En. Sec. 144, Ch. 263, L. 1955; amd. Sec. 1, Ch. 113, L. 1959; R.C.M. 1947, 32-21-147; amd. Sec. 28, Ch. 431, L. 1997.

61-9-405. Windshields required, exception — unobstructed and equipped with wipers — window tinting and sunscreening — restrictions — exemptions. (1) A motor vehicle, except a motorcycle, quadricycle, motor-driven cycle, or farm tractor, must be equipped with a front windshield meeting the requirements of 61-9-408, unless the driver wears safety glasses, goggles, or face shields at all times during the operation of the motor vehicle.

(2) A person may not drive a motor vehicle with:

(a) a sign, poster, substance, or other nontransparent material upon the front windshield, side wings, or side or rear windows of the vehicle that materially obstructs, obscures, or impairs the driver's clear view of the highway or an intersecting highway; or

(b) a windshield that is shattered or in such a defective condition that it materially impairs or obstructs the driver's clear view.

(3) The windshield on a motor vehicle must be equipped with a device for clearing rain, snow, or other moisture from the windshield. The device must be maintained in good working order.

(4) A person may not operate a motor vehicle that is required to be registered in this state upon a highway if:

(a) the windshield has sunscreening material that is not clear and transparent below the AS-1 line or if it has a sunscreening material that is red, yellow, or amber in color above the AS-1 line;

(b) the front side windows have sunscreening or other transparent material that has a luminous reflectance of more than 35% or has light transmission of less than 24%;

(c) the rear window or side windows behind the front seat have sunscreening or other transparent material that has a luminous reflectance of more than 35% or has light transmission of less than 14%, except for the rear window or side windows behind the front seat on a multipurpose vehicle, van, or bus; or

(d) the windows of a camper, motor home, pickup cover, slide-in camper, or other motor vehicle do not meet the standards for safety glazing material specified by federal law in 49 CFR 571.205.

(5) As used in 61-9-428, 61-9-429, and this section, the following definitions apply:

(a) "Glass-plastic glazing material" means a laminate of one or more layers of glass and one or more layers of plastic in which a plastic surface of the glazing faces inward when the glazing is installed in a vehicle.

(b) "Light transmission" means the ratio of the amount of total light, expressed in percentages, that is allowed to pass through the sunscreening or transparent material to the amount of total light falling on the motor vehicle window.

(c) "Luminous reflectance" means the ratio of the amount of total light, expressed in percentages, that is reflected outward by the sunscreening or transparent material to the amount of total light falling on the motor vehicle window.

(d) "Multipurpose vehicle" means a motor vehicle designed to carry 10 or fewer passengers that is constructed on a truck chassis or with special features for occasional off-road use.

(e) "Pickup cover" means a camper having a roof and sides but without a floor designed to be mounted on and removable from the cargo area of a pickup truck by the user.

(f) "Slide-in camper" means a camper having a roof, floor, and sides designed to be mounted on and removable from the cargo area of a truck by the user.

(g) "Sunscreening material" means a film, material, tint, or device applied to motor vehicle windows for the purpose of reducing the effects of the sun.

(6) Except as provided in subsection (7), subsection (4) applies to all vehicles that are equipped with tinted windows, including windows with less than 100% light transmission to which additional sunscreening material has been applied.

(7) Subsection (4) does not apply to a multipurpose vehicle that is equipped with tinted windows that were installed by the manufacturer of the vehicle or to a hearse, ambulance, government vehicle, or any other vehicle to which a currently valid certificate of waiver is affixed as specified under 61-9-428. A certificate of waiver must be issued by the department for a vehicle that was registered in this state on October 1, 1991, and was equipped with a sunscreening device or other material prohibited under subsection (4) on October 1, 1991.

61-9-406. Restrictions as to tire equipment — particular tires, chains, or traction devices — definitions. (1) A solid rubber tire on a vehicle must have rubber on its entire traction surface at least 1 inch thick above the edge of the flange of the entire periphery.

(2) A person may not operate or move on a highway a motor vehicle, trailer, or semitrailer having a metal tire in contact with the roadway.

(3) A tire on a vehicle moved on a highway may not have on its periphery a block, stud, flange, cleat, spike, or other protuberance of a material other than rubber that projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery with tires having protuberances that will not injure the highway. It is also permissible to use tire chains of reasonable proportions or pneumatic tires, the traction surfaces of which have been embedded with material, such as wood, wire, plastic or metal, that may not protrude more than one-sixteenth of an inch beyond the tire tread or that are clearly marked by the manufacturer on the sidewall "all season m&s" (or "all season mud and snow"), upon a vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. Except as provided in subsection (4), the use of pneumatic tires embedded as provided in this section is permitted only between October 1 and May 31 of each year, except that one of those tires may be used for a spare in case of tire failure. School buses equipped with such embedded pneumatic tires may operate from August 15 through the following June 15.

(4) Pneumatic tires that feature an embedded block, stud, flange, cleat, spike, or other protuberance that is retractable may be used at any time of the year. However, the protuberance may not be engaged or extended other than between October 1 and May 31 of each year on roads that do not contain ice or snow.

(5) The department of transportation and local authorities, as defined in 61-8-102, in their respective jurisdictions may in their discretion issue special permits authorizing the operation upon a highway of farm tractors or other farm machinery or of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks, the operation of which upon the highway would otherwise be prohibited under this section.

(6) The department of transportation may determine at any time that dangerous or unsafe conditions on a highway require particular tires, tire chains, or traction devices for vehicles in addition to or beyond the ordinary pneumatic rubber tires.

(7) The department of transportation shall place and maintain signs and other traffic control devices on a highway designated under subsection (6) that indicate the tire, tire chain, or traction device requirement determined for vehicles. The signs or traffic control devices may not prohibit the use of pneumatic tires embedded as provided in subsection (3) between October 1 and May 31 of each year, but when the department of transportation determines that chains are required and that no other traction devices will suffice, the requirement is applicable to tires on driver wheels of one axle, as defined in 61-10-104, of a vehicle, including embedded tires. The signs or traffic control devices may differentiate in requirements for four-wheel-drive vehicles in gear.

(8) As used in this section:

(a) "metal tire" means a tire the surface of which in contact with the highway is wholly or partly metal or other hard, nonresilient material; and

(b) "pneumatic tire" means a tire in which compressed air or nitrogen is designed to support the load.

61-9-407. Fenders, splash aprons, or flaps required on certain vehicles — dimension and location. (1) A person may not move, or permit to be moved, a vehicle, except a motorcycle, quadricycle, motor-driven cycle, or farm tractor, as defined in this title, upon the public highways without having first equipped the rearmost wheels or set of wheels of the vehicle with fenders, splash aprons, or flaps. The fenders, splash aprons, or flaps must be designed, constructed, and attached to the vehicle in a manner that arrests and deflects dirt, mud, water, rocks, and other substances that may be picked up by the rear wheels of the vehicle and thrown into the air, as follows:

(a) If the vehicle is equipped with fenders, the fenders must extend in full width from a point above and forward of the center of the tire or tires over and to the rear of the tires.

(b) If the vehicle is equipped with splash aprons or flaps, the splash aprons or flaps must extend downward in full width from a point not lower than halfway between the center of the tire or tires and the top of the tire or tires and to the rear of the tires.

(c) If the vehicle is in excess of 8,000 pounds gross vehicle weight or rating, the fenders, splash aprons, or flaps must extend downward to a point that is not more than 10 inches above the surface of the highway when the vehicle is empty.

(d) If the vehicle is 8,000 pounds or less gross vehicle weight or rating, the fenders, splash aprons, or flaps must extend downward to a point that is not more than 20 inches above the surface of the highway when the vehicle is empty.

(2) Fenders, splash aprons, or flaps, as used in subsection (1), must be constructed as follows:

(a) when measured on the cross-sections of the tread of the wheel or on the combined cross-sections of the treads of multiple wheels, the fender, splash apron, or flap extends at least to each side of the width of the tire or of the combined width of the multiple tires; and

(b) the fender, splash apron, or flap is capable at all times of arresting and deflecting dirt, mud, water, or other substance that may be picked up and carried by the wheel or wheels.

(3) This section does not apply to a street rod as defined in 61-1-101, motor vehicles not originally equipped with fenders, splash aprons, or flaps, or motor vehicles for which fenders, splash aprons, or flaps were not required by federal law or regulation at the time of manufacture.

61-9-408. Safety glazing material in motor vehicles. (1) A person may not sell a new motor vehicle and a new motor vehicle may not be registered unless the vehicle is equipped with safety glazing material wherever glazing material is used in doors, windows, and windshields. These provisions apply to all passenger-type motor vehicles, including passenger buses and school buses. With respect to trucks, including truck tractors, the requirements as to safety glazing material apply to all glazing material used in doors, windows, and windshields in the driver's compartments of the vehicles.

(2) The term "safety glazing materials" means glazing materials constructed, treated, or combined with other materials to reduce substantially in comparison with ordinary sheet glass or plate glass the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(2) A motor vehicle manufactured after January 1, 1968, must be equipped at each designated seating position with a safety belt system required for that seating position by the standards of the United States department of transportation at the time that the vehicle was manufactured.

(3) The safety belts required by this section must remain installed and in good working condition.

61-9-411. Certain vehicles to carry flares or other warning devices. (1) No person shall operate any motor truck of 1-ton capacity or greater, passenger bus, or truck tractor upon any highway outside the corporate limits of municipalities at any time unless there shall be carried in such vehicle, except as provided in subsection (2), the following equipment:

(a) at least three flares or three red electric lanterns or three portable red emergency reflectors each of which shall be capable of being seen and distinguished at a distance of not less than 600 feet under normal atmospheric conditions at nighttime. No portable reflector unit shall be used for the purpose of compliance with the requirements of this section unless it is so designed and constructed as to display a minimum of 24 square inches of reflective surface, or two reflecting elements; one above the other, either of which shall be capable of reflecting red light clearly visible from all distances within 600 feet to 100 feet under normal atmospheric conditions at night when directly in front of lawful upper beams of headlamps;

(b) at least three red-burning fusees unless red electric lanterns or red portable emergency reflectors are carried;

(c) at least two red cloth flags, no less than 12 inches square, with standards to support such flags.

(2) No person shall operate at the time and under the conditions stated in subsection (1) any motor vehicle used for the transportation of explosives, any cargo tank truck used for the transportation of flammable liquids or compressed gases, or any motor vehicle using compressed gas as a fuel unless there shall be carried in such vehicle three red electric lanterns or three portable red emergency reflectors meeting the requirements of subsection (1), and there shall not be carried in any said vehicle any flares, fusees, or signal produced by flame.

(3) As an alternative to the equipment required in subsections (1) and (2), three emergency reflective triangles conforming with U.S. department of transportation motor vehicle safety standard 125 may be carried.

61-9-412. Display of warning devices when vehicle disabled. (1) Whenever a motor truck, passenger bus, truck, tractor, trailer, semitrailer, or pole trailer is disabled upon the traveled portion of any highway or the shoulder of a highway outside of any municipality at any time when lighted lamps are required on vehicles, the driver of that vehicle shall display the following warning devices upon the highway during the time the vehicle is disabled on the highway except as provided in subsection (2):

(a) A lighted fusee, a lighted red electric lantern, or a portable red emergency reflector must be immediately placed at the traffic side of the vehicle in the direction of the nearest approaching traffic.

(b) As soon as possible after complying with subsection (1)(a), but within the burning period of the fusee (15 minutes), the driver shall place three liquid burning flares (pot torches), three lighted red electric lanterns, or three portable red emergency reflectors on the traveled portion of the highway in the following order:

(i) one approximately 100 feet from the disabled vehicle in the center of the lane occupied by the vehicle and toward traffic approaching in that lane;

(ii) one approximately 100 feet in the opposite direction from the disabled vehicle and in the center of the traffic lane occupied by the vehicle;

(iii) one at the traffic side of the disabled vehicle not less than 10 feet rearward or forward of the vehicle in the direction of the nearest approaching traffic. If a lighted red electric lantern or a red portable emergency reflector has been placed at the traffic side of the vehicle in accordance with subsection (1)(b)(i), it may be used for this purpose.

(2) Whenever any vehicle referred to in this section is disabled within 500 feet of a curve, hillcrest, or other obstruction to view, the warning signal in that direction must be placed in order to afford ample warning to other users of the highway but in no case less than 500 feet from the disabled vehicle.

(3) Whenever any vehicle of a type referred to in this section is disabled upon any roadway of a divided highway during the time that lights are required, the appropriate warning devices prescribed in subsections (1) and (5) must be placed as follows:

(a) one at a distance of approximately 200 feet from the vehicle, in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane;

(b) one at a distance of approximately 100 feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane;

(c) one at the traffic side of the vehicle and approximately 10 feet from the vehicle in the direction of the nearest approaching traffic.

(4) Whenever any vehicle of a type referred to in this section is disabled upon the traveled portion of a highway or the shoulder of a highway outside of any municipality at any time when the display of fusees, flares, red electric lanterns, or portable red emergency reflectors is not required, the driver of the vehicle shall display two red flags upon the roadway in the lane of traffic occupied by the disabled vehicle, or at a distance of approximately 100 feet in advance of the vehicle, and one at a distance of approximately 100 feet to the rear of the vehicle.

(5) (a) Whenever a motor vehicle used in the transportation of explosives, a cargo tank truck used for the transportation of any flammable liquid or compressed flammable gas, or a motor vehicle using compressed gas as a fuel is disabled upon any highway of this state at any time or place mentioned in subsection (1), the driver of the vehicle shall immediately display one red electric lantern or portable red emergency reflector placed on the roadway at the traffic side of the vehicle and two red electric lanterns or portable red reflectors, one placed approximately 100 feet to the front and one placed approximately 100 feet to the rear of the disabled vehicle in the center of the traffic lane occupied by the vehicle.

(b) Flares, fusees, or signals produced by flame may not be used as warning devices for disabled vehicles of the type mentioned in this subsection (5).

(6) The flares, fusees, red electric lanterns, portable red emergency reflectors and flags to be displayed as required in this section must conform with the applicable requirements of 61-9-411.

(7) As used in this section, "flammable liquid" means any liquid that has a flash point of 70 degrees Fahrenheit or less as determined by a Tagliabue or equivalent closed cup test device.

61-9-413. Vehicles transporting explosives. (1) Any person operating any vehicle transporting any explosive as a cargo or part of a cargo upon a highway shall at all times comply with the provisions of this section.

(2) Said vehicle shall be marked or placarded on each side and the rear with the word "EXPLOSIVES" in letters not less than 8 inches high, or there shall be displayed on the rear of such vehicle a red flag not less than 24 inches square marked with the word "DANGER" in white letters 6 inches high.

(3) Every said vehicle shall be equipped with not less than two fire extinguishers, filled and ready for immediate use, and placed at a convenient point on the vehicle so used.

(4) The department is hereby authorized and directed to promulgate such additional regulations governing the transportation of explosives and other dangerous articles by vehicles upon the highway as it shall deem advisable for the protection of the public.

61-9-414. Logging trucks. (1) A truck or truck trailer combination, except pole trailers, actively engaged in transporting logs must be equipped with chains, cables, steel straps, or fiber webbing with working load limits that meet or exceed the manufacturer's marked value. The number of tie-down assemblies must be determined by the working load limits and the total weight of the load. The working load limits must equal or exceed 1½ times the total weight of the load.

(2) A pole trailer actively engaged in transporting logs upon the highways of the state must be equipped as follows:

(a) At least three wrappers are required as standard equipment. The wrappers must:

(i) have a minimum working load limit of at least 3,000 pounds; and

(ii) be long enough to encompass any load when secured by a binder.

(b) (i) Wrappers used to secure loads of logs together must be fastened by means of a binder.

(ii) The complete wrapper and binder assembly must have a working load limit of at least 3,000 pounds.

(iii) The handle, or leverage portion of the binder, when in use in tightening and holding the wrapper, must be securely fastened to the wrapper or to the binder so that it cannot be accidentally loosened.

(c) At least two wrappers must be in use on all loads. The wrappers must be placed as close as reasonably possible to the front and rear bunks.

(d) If short logs are loaded on top of longer logs, sufficient wrappers must be used to secure both ends of the short logs to the main body of the load. A log may not extend laterally beyond the stakes that form the outer boundary of the load at the top of the stakes. Logs or poles loaded above the tops of the stakes must be loaded in a pyramidal fashion.

(3) For the purposes of this section:

(a) "binder" means a device attached to a wrapper that provides tension on and secures a wrapper; and

(b) "wrapper" means an indirect tie-down device, the tension of which is intended to secure a stack of logs.

61-9-415. Slow-moving vehicles. (1) It is unlawful for a person to operate on a state highway, a farm, rural, or county road, or a city street of this state a slow-moving vehicle or equipment, an animal-drawn vehicle, or any other machinery, including all road construction or maintenance machinery, except when engaged in actual construction or maintenance work either guarded by a flag person, as defined in 61-8-102, or clearly visible warning signs, that normally travels or is normally used at a speed of less than 25 miles an hour, unless there is displayed on the rear of the vehicle an emblem as provided in subsection (2). The requirement of the emblem is in addition to any lighting devices required by law.

(2) The emblem required by subsection (1) must be of substantial construction and must be a based-down equilateral triangle of fluorescent yellow-orange film or equivalent quality paint with a base of 14 inches and a height of 12 inches. The triangle must be bordered with reflective red strips having a minimum width of 1¾ inches, with the vertices of the overall triangle truncated so that the remaining height is a minimum of 14 inches. The emblem must be mounted on the rear of the vehicle near the horizontal geometric center of the vehicle at a height of 3 to 5 feet above the roadway and must be maintained in a clean, reflective condition.

(3) In addition to the requirements in subsection (2), on a highway that has only two lanes for traffic moving in opposite directions, when an overtaking vehicle being operated in conformity with 61-8-303 does not have a clear lane for passing as required by 61-8-325, the driver of a slower-moving, overtaken vehicle shall, at the first opportunity and when a safe turnout exists, move the overtaken vehicle off the main-traveled portion of the highway until the overtaking vehicle is safely clear of the overtaken vehicle.

(4) On an interstate highway or on any other four-lane highway, a slow-moving vehicle, subject to the requirements of this section, must be driven in the right lane as far to the right as possible, including the shoulder of the highway.

History: En. Sec. 127, Ch. 263, L. 1955; amd. Sec. 1, Ch. 247, L. 1969; R.C.M. 1947, 32-21-130(b), (c), (e); amd. Sec. 34, Ch. 431, L. 1997; amd. Sec. 1, Ch. 449, L. 1999; amd. Sec. 222, Ch. 542, L. 2005.

61-9-416. Commercial tow truck definition — requirements. (1) "Commercial tow truck" means a motor vehicle operating for compensation that is equipped with specialized equipment designed and intended for towing or the recovery of wrecked, disabled, or abandoned vehicles or other objects creating a hazard on the public roadways. If a tow truck owner or operator's business profits or benefits in any way from towing a vehicle, the tow truck must be considered a commercial tow truck for the purposes of Title 61, chapter 8, and this chapter.

(2) A commercial tow truck must be equipped with:

(a) not less than two red flares, two red lanterns, or two warning lights or reflectors. The reflectors must be of a type approved by the department.

(b) at least two highway warning signs as provided in 61-9-431.

(c) a dry chemical fire extinguisher of at least 5 pound capacity or an equivalent alternative type of fire extinguisher, approved by the department;

(d) a lamp emitting a flashing red or amber light meeting the requirements of 61-9-402(7), or both a red and amber light, mounted on top of the cab of the tow truck or on the top of the crane or hoist if the light can be seen from the front of the tow truck. The light from the lamp must be visible for a distance of 1,000 feet under normal atmospheric conditions and must be mounted so that it can be securely fastened with the lens of the lamp facing the rear of the tow truck upon which it is mounted. When standing at the location from which the disabled vehicle is to be towed, the operator of the tow truck may unfasten the red light and place it in a position considered advisable to warn approaching drivers. When the disabled vehicle is ready for towing, the red light must be turned to the rear of the tow truck upon which it is mounted and securely locked in this position. Additional red or amber lights of an approved type may be displayed at either side or both sides of the tow truck during the period of preparation at the location from which the disabled vehicle is to be towed.

(e) one or more brooms, and the operator of the tow truck engaged to remove a disabled vehicle from the scene of an accident shall remove all glass and debris deposited upon the roadway by the disabled vehicle that is to be towed;

(f) a shovel, and whenever practical, the tow truck operator engaged to remove a disabled vehicle shall spread dirt upon that portion of the roadway where oil or grease has been deposited by the disabled vehicle; and

(g) a portable electrical extension cord or other device for use in displaying stop, turn, and taillamps on the rear of the disabled vehicle. The length of the extension cord may not be less than the length of the combined vehicles. When a disabled vehicle is towed, the tow truck operator shall provide for the rear light that is capable of displaying a stop signal, turn signal, and taillamps by means of the extension cord or other device referred to in this subsection.

(3) The operator of a commercial tow truck used for the purpose of rendering assistance to other vehicles shall, when the rendering of assistance necessitates the obstruction of a portion of the roadway, place a highway warning sign as required in 61-9-431.

(4) The owner or operator of a commercial tow truck who complies with the requirements of 61-8-906 and 61-8-907 and this section may stop or park the tow truck upon a highway for the purpose of rendering assistance to a disabled vehicle, notwithstanding other provisions of this code.

(5) A commercial tow truck company that is in compliance with 61-9-431 and that is operating an emergency service vehicle and using signal equipment in rendering assistance at a highway crash scene or in response to any other hazard on the roadway that presents an immediate hazard or an emergency or life-threatening situation is not liable, except for willful misconduct, bad faith, or gross negligence, for injuries, costs, damages, expenses, or other liabilities resulting from a motorist operating a vehicle in violation of 61-9-402(5).

(1) All motorcycles or quadricycles operated on the streets and highways of this state must be equipped at all times with noise suppression devices, including an exhaust muffler, in good working order and in constant operation. In addition, all motorcycles and quadricycles operating on streets and highways must meet the following noise decibel limitations, on the standard A scale, to be measured at 50 feet from the closest point to the motorcycle or quadricycle:

(a) any cycle manufactured prior to 1970	92 db(A)
(b) any cycle manufactured after 1969 but prior to 1973	88 db(A)
(c) any cycle manufactured after 1972 but prior to 1975	86 db(A)
(d) any cycle manufactured after 1974 but prior to 1978	80 db(A)
(e) any cycle manufactured after 1977 but prior to 1988	75 db(A)
(f) any cycle manufactured after 1987	70 db(A)

(2) (a) Except as provided in subsection (2)(b), a motorcycle or quadricycle may be operated off of a highway on public lands only if the motorcycle's or quadricycle's noise emissions do not exceed 96 db(A), using test procedures established by the society of automotive engineers under standard J-1287.

(b) The noise limitations in subsection (2)(a) do not apply to motorcycles or quadricycles that are operated for special events permitted on closed courses by a state entity or local government.

(c) A motorcycle or quadricycle may not be operated off of a highway unless it is equipped with an adequate spark arrester to prevent the escape of sparks or other burning material from the motorcycle's or quadricycle's engine.

(2) A person who applies a sunscreening material or a glass-plastic glazing material in a manner that results in a motor vehicle having a window that violates the requirements of 61-9-405(4) is guilty of a misdemeanor and is punishable as provided in 46-18-212.

History: En. Sec. 3, Ch. 777, L. 1991.

61-9-430. Bumpers. (1) A motor vehicle of less than 10,000 pounds gross vehicle weight or rating registered in Montana, except a motorcycle, a quadricycle, a motor-driven cycle, or a farm tractor, must be equipped with a front bumper and, unless the vehicle is equipped with work-performing features that make installation impractical or unnecessary, with a rear bumper.

(2) This section does not apply to a street rod, as defined in 61-1-101, vehicles not originally equipped with front or rear bumpers, or vehicles for which bumpers were not required by federal law or regulation at the time of manufacture.

History: En. Sec. 40, Ch. 431, L. 1997; amd. Sec. 8, Ch. 458, L. 2005.

61-9-431. Use of warning signs, flares, reflectors, lanterns, and flag persons. (1) The operator of a commercial tow truck, in compliance with the requirements of 61-8-906 and 61-8-907, shall, when rendering assistance at a hazard on the highway that necessitates the obstruction of a portion or all of the roadway exclusive of the berm or shoulder, place at least two warning signs as required in this section as soon as is practicable under the circumstances. Flag persons and cones may be used to augment the warning signs.

(2) Highway warning signs must be of a uniform type, with dimensions of 3 x 3 feet, lettering 5 inches high, and reflectorized orange or reflectorized fluorescent pink background and black border, as prescribed by the department. The signs must be designed to be visible both during

the day and at night. The warning signs must bear the words “accident ahead”, “emergency vehicle ahead”, “lane closed ahead”, “road closed ahead”, “wreck ahead”, “tow truck ahead”, or “wrecker ahead”, as prescribed by the department.

(3) The operator of a commercial tow truck used for the purpose of rendering assistance at a hazard on the highway that necessitates the obstruction of a portion of the roadway shall place a highway warning sign as required in subsection (2):

(a) in an area in which the posted speed limit is 45 miles an hour or less, not less than 600 feet in advance of the hazard and an equal distance to the rear of the hazard; and

(b) in an area in which the posted speed limit is more than 45 miles an hour or no speed limit is posted, 1,000 feet in advance of the hazard, except on a divided highway where the hazard does not cause disruption of traffic traveling on the opposite side of the divided highway, and an equal distance to the rear of the hazard.

(4) A local government unit may adopt an ordinance exempting an operator of a commercial tow truck from the requirements of subsection (2) within the limits of an incorporated city or town.

(5) When a hazard exists on the highway during the hours of darkness, the operator of a commercial tow truck called to render assistance shall place warning signs upon the highway as prescribed in this section and shall also place at least one red flare, red lantern, or warning light or reflector in close proximity to each warning sign.

(6) A violation of warning signs placed as provided in subsection (3) is considered reckless endangerment of a highway worker, as provided in 61-8-301(4), and is punishable as provided in 61-8-715.

History: En. Sec. 7, Ch. 520, L. 1999; amd. Sec. 48, Ch. 352, L. 2003; amd. Sec. 6, Ch. 379, L. 2003; amd. Sec. 1, Ch. 113, L. 2013.

61-9-432. Low-speed and medium-speed electric vehicles — required equipment. (1) Low-speed electric vehicles and medium-speed electric vehicles, as defined in 61-1-101, must be equipped with:

(a) headlamps, front and rear turn signal lamps, taillamps, and stop lamps;

(b) three red reflectors, two of which must be placed on each side as far to the rear of the vehicle as practicable, and one of which must be placed on the rear of the vehicle;

(c) an exterior mirror mounted on the driver’s side of the vehicle and either an exterior mirror mounted on the passenger’s side of the vehicle or an interior mirror;

(d) a parking brake;

(e) a windshield that conforms to the federal motor vehicle safety standard provided in 49 CFR 571.205; and

(f) a seatbelt assembly that conforms to the federal motor vehicle safety standard provided in 49 CFR 571.209.

(2) A medium-speed electric vehicle must be equipped with a roll bar, roll cage, or crush-proof body design.

History: En. Sec. 3, Ch. 233, L. 2007; amd. Sec. 14, Ch. 209, L. 2011.

61-9-503. Owners and drivers to comply with inspection laws. (1) No person driving a vehicle may refuse to submit the vehicle to an inspection and test when required to do so by the department or an authorized officer or employee of the department.

(2) Every owner or driver, upon receiving a notice as provided in 61-9-501, shall comply and have the deficiencies corrected and forward notification of the correction to the department. In lieu of compliance with this subsection, the vehicle may not be operated, except as provided in subsection (3).

(3) No person may operate any vehicle after receiving notice except as may be necessary to return the vehicle to the residence or place of business of the owner or driver, if within a distance of 20 miles, or to a garage until the vehicle and its equipment have been placed in proper repair and adjustment and otherwise made to conform to the requirements of this chapter.

61-9-511. Violation of chapter — penalty. (1) It is a misdemeanor for any person to violate any of the provisions of this chapter unless the violation is declared to be a felony.

(2) A person convicted of a misdemeanor for a violation of any of the provisions of this chapter for which another penalty is not provided shall for a first conviction be punished by a fine of not less than $10 or more than $100. For a second conviction within 1 year, the person shall be punished by a fine of not less than $25 or more than $200. Upon a third or subsequent conviction within 1 year after the first conviction, the person shall be punished by a fine of not less than $50 or more than $500.

(3) Except as provided in subsection (4), failure to pay a fine imposed under this chapter is a civil contempt of the court. On failure of payment of a fine, the court may:

(a) order enforcement of the fine by execution in the manner provided in 25-13-204 and under the provisions of Title 25, chapter 13; or

(b) if the court finds that the person is unable to pay, order the person to perform community service.

(4) If property is not found in an amount necessary to satisfy the unpaid portion of the fine and if the court makes a written finding that community service is inappropriate, the person shall be imprisoned in the county jail in the county in which the offense has been committed. The imprisonment shall be the number of days that the fine is divisible by the dollar amount of the incarceration credit contained in 46-18-403.

(5) Upon conviction, the court costs or any part of the court costs may be assessed against the defendant in the discretion of the court.

Part 1
Standards, Permits, and Fees

61-10-101. Standards of maximum dimensions, weights, etc. The standards provided for in 61-10-102 through 61-10-104 and 61-10-106 through 61-10-110 govern the maximum dimensions, weights, and other characteristics of motor vehicles operating over the highways in the state to the exclusion of other standards or other requirements respecting the subject matter.

History: En. 32-1123.1 by Sec. 12, Ch. 316, L. 1974; R.C.M. 1947, 32-1123.1; amd. Sec. 1, Ch. 236, L. 1995.

61-10-102. Width — definitions. (1) Except as provided in subsections (2) and (3), a vehicle, including a bus, unloaded or with load, may not have a total outside width in excess of 102 inches. This width for buses is allowed only on paved highways 20 feet or more in width.

(2) (a) Subsection (1) does not apply to an implement of husbandry or a vehicle used for hauling hay that is moved or propelled upon the highway during daylight hours for a distance of not more than 100 miles if the movement is incidental to the farming operations of the owner of the implement of husbandry or the vehicle used for hauling hay. If the implement or vehicle is more than 12½ feet wide, it must be preceded by flag vehicle escorts to warn other highway users. This restriction does not apply to dual-wheel tractors under 15 feet overall width that are used in farming operations or to movement on a county road within 100 miles of the farming operation of the owner of an implement of husbandry or a vehicle used for hauling hay. Lights that meet the requirements of 61-9-219(4) must be displayed on the rear of the implement of husbandry or vehicle used for hauling hay. However, if the highway passes through a hazardous area, the implements or vehicles must be preceded and followed by flag vehicle escorts unless the movement of the implements or vehicles is restricted to a county road within 100 miles of the farming operation of the owner.

(b) An implement of husbandry or a vehicle used for hauling hay that exceeds 16½ feet in width and that is traveling on an interstate or a four-lane highway must be followed by a flag vehicle escort.

(c) A commercial vehicle that is hauling hay but does not qualify under subsection (2)(a) may be granted a permit subject to the provisions of 61-10-121 through 61-10-127 and the following requirements:

(i) travel during daylight hours only for an oversize shipment of large round bales of hay, whether the vehicle is loaded or with an empty hay rack, up to 144 inches; when empty, a square red or orange flag measuring 12 inches on each side must be attached to each corner of the hay rack; and

(ii) travel day or night for any other shipment of baled hay, whether the vehicle is loaded or with an empty hay rack, up to 114 inches.

(d) Subsection (1) does not apply to a commercial hay grinder moved or propelled upon the highway during daylight hours for a distance of not more than 100 miles if the movement is incidental to operations of the commercial hay grinder. A commercial hay grinder exceeding 102 inches in width must have a permit issued under 61-10-124. If the commercial hay grinder is more than 12½ feet wide, it must be preceded by flag vehicle escorts to warn other highway users. Lights that meet the requirements of 61-9-219(4) must be displayed on the rear of the commercial hay grinder. Movement of a commercial hay grinder that does not exceed 138 inches in width may occur on any day of the week, including holidays, and is restricted to movement during daylight hours. Movement of a commercial hay grinder may not exceed the posted speed limit, including the speed limit on an interstate highway.

(3) (a) The width of a recreational vehicle, as defined in 61-1-101, and a camper, as defined in 61-1-101, that is being operated for noncommercial purposes may exceed 102 inches if:

(i) the excess width is attributable to recreational vehicle or camper appurtenances that do not extend beyond the exterior rearview mirrors of the recreational vehicle, the camper, a vehicle being towed by the recreational vehicle, or the motor vehicle providing motive power; and

(ii) the rearview mirrors extend only the distance necessary to provide the appropriate field of view for the vehicle before the recreational vehicle or camper appurtenances are attached.

(b) For the purposes of this section, "recreational vehicle or camper appurtenances" means an awning and its support hardware or any appendage that is intended to be an integral part of the recreational vehicle or camper and that is installed by the manufacturer or dealer.

(4) A safety device that the department determines by rule adopted pursuant to 61-9-504 to be necessary for safe and efficient operation of motor vehicles is not included in the calculation of width provided in subsection (1).

(5) Except as provided in subsections (2)(a) and (2)(b), a rear flag vehicle escort is not required for a vehicle that exceeds 12½ feet in width, that is hauling or towing an implement of husbandry, construction equipment, or forestry equipment, and that is operating under this section or as authorized by special permit issued under 61-10-121 through 61-10-125 if the vehicle is operating at highway speed or with the flow of traffic.

(6) For the purposes of this section, the following definitions apply:

(a) "Construction equipment" means any vehicle, machine, or attachment designed or adapted for and used in construction, heavy construction, highway construction, and remodeling work.

(b) "Flag vehicle" means a vehicle equipped as required by law or by department of transportation rule to warn or guide vehicular traffic. When not being operated as a flag vehicle, signs must be removed.

61-10-104. Length — definitions. (1) A single truck, bus, or self-propelled vehicle, unladen or with load, may not have an overall length, inclusive of front and rear bumpers, in excess of 55 feet.

(2) (a) When used in a truck tractor-semitrailer combination, the semitrailer may not exceed 53 feet in length, excluding those portions not designed to carry a load, except as provided by 61-10-124. When used in a truck tractor-semitrailer-trailer or a truck tractor-semitrailer-semitrailer combination, the semitrailer and trailer or the two semitrailers may not exceed 28½ feet each in length or 61 feet in combined trailer length, excluding those portions not designed to carry a load, except as provided by 61-10-124. Truck tractor-semitrailer, truck tractor-semitrailer-trailer, and truck tractor-semitrailer-semitrailer combinations are not subject to a combination length limit.

(b) (i) A stinger-steered boat transporter may not exceed 75 feet in length plus a maximum 3 feet of front overhang and 4 feet of rear overhang, except as provided by 61-10-124.

(ii) A stinger-steered automobile transporter may not exceed 80 feet in length plus a maximum 4 feet of front overhang and 6 feet of rear overhang, except as provided by 61-10-124.

(c) All other combinations of vehicles may not have a combination length in excess of 75 feet, except as provided by 61-10-124. If the combination consists of more than two units, the rear units of the combination must be equipped with breakaway brakes.

(3) A motor vehicle may not tow more than one motor vehicle, and a motor vehicle may not draw more than three motor vehicles attached to it by the triple saddle-mount method (that is, by mounting the front wheels of one vehicle on the bed of another, leaving only the rear wheels of the vehicle in contact with the roadway), and this combination may not have a combination length in excess of 75 feet.

(4) A passenger vehicle or truck of less than 2,000 pounds "manufacturer's rated capacity" may not tow more than one trailer or semitrailer, and this combination may not have a length in excess of 65 feet.

(5) (a) The length of a vehicle combination consisting of a truck or truck tractor and one pole trailer or semitrailer hauling raw logs may not exceed 75 feet in overall length. As used in this subsection (5)(a), the term "length" means the total length of the vehicle combination beginning at the front of the front bumper of the truck or truck tractor and extending to the most distant end of the logs being hauled. A term permit for an overlength vehicle combination, as provided in 61-10-124(2), does not apply to the vehicle combination described in this subsection (5)(a). A vehicle combination exceeding 75 feet must have a trip permit.

(b) The maximum overhang of any log may not exceed 15 feet, except by special, single-trip permit. Overhang is measured from the center of the rear-most axle to the most distant end of the logs being hauled.

(c) The provisions in subsections (5)(a) and (5)(b) do not apply to a vehicle combination hauling utility poles.

(6) As used in this chapter, the following definitions apply:

(a) "Axle" means a transverse beam that is the common axis of rotation of one or more wheels and that, to receive credit for allowable total gross loading, must be capable of continuously transmitting a proportionate share of the total gross load to the roadway when the axle is in operation.

(b) "Combination length" means the total length of a combination of vehicles, such as a truck tractor-semitrailer-trailer combination, measured from the front bumper of the motor vehicle to the back bumper or rear extremity of the last trailer, including the connection tongues.

(c) "Combined trailer length" means the total length of a combination of trailers measured from the front of the first trailer to the back of the last trailer, including the connection tongues and loads.

(d) "Length", except as provided in subsection (5)(a), means the total longitudinal dimension of a single vehicle, a trailer, or a semitrailer. The length of a trailer or semitrailer is measured from the front of the cargo-carrying unit to its rear, exclusive of safety or energy efficiency devices, air-conditioning units, air compressors, flexible fender extensions, splash and spray suppressant devices, bolsters, mechanical fastening devices, and hydraulic lift gates.

(e) "Rocky Mountain double" means a combination of vehicles that includes a truck tractor pulling a long semitrailer and a shorter trailer.

(f) "Steering axle" means an axle that pivots at the hub to allow the wheel to follow the travel of the vehicle. A steering axle is capable of being steered but need not always be connected to a steering wheel.

(g) "Stinger-steered automobile transporter" means a truck tractor-semitrailer combination that has a fifth wheel on a drop frame located behind and below the rear axle of the truck tractor and that is designed and used for the transportation of vehicles.

(h) "Stinger-steered boat transporter" means a truck tractor-semitrailer combination that has a fifth wheel on a drop frame located behind and below the rear axle of the truck tractor and that is designed and used for the transportation of assembled boats or boat hulls.

61-10-107. *(Temporary)* **Maximum gross weight.** (1) (a) An axle may not carry a load in excess of 20,000 pounds, and no two consecutive axles more than 40 inches or less than 96 inches apart may carry a load in excess of 34,000 pounds. An axle load is the total load transmitted to the road by all wheels whose centers are included between two parallel transverse vertical planes 40 inches apart, extending across the full width of the vehicle. For purposes of this section, axles 40 inches or less apart are considered to be a single axle. Except as provided in subsection (1)(b), the maximum gross weight allowed on a vehicle, group of axles, or combination of vehicles must be determined by the formula:

$$W = 500((LN/(N - 1)) + 12N + 36)$$

in which W equals gross weight, L equals wheelbase in feet, and N equals number of axles, except that two consecutive sets of tandem axles may carry a gross load of 34,000 pounds each if the overall distance between the first and last axles of the consecutive sets of tandem axles is 36 feet or more. The maximum gross weight allowed on a vehicle may not exceed the weight limits adopted by the department. The department shall adopt rules for weight limits based upon the most recent version of 23 CFR, part 658, appendix c, for vehicles operating in Montana.

(b) A vehicle traveling on U.S. highway 93 from the border between Canada and the United States to 10 miles south of the border or on Montana highway 16 from the border between Canada and the United States to 20 miles south of the border is subject to the specific maximum allowable gross weight limit provided in rules adopted by the department but is not subject to maximum gross weight limits determined by the formula in subsection (1)(a).

(2) (a) Notwithstanding a vehicle's conformance with the requirements of subsection (1), except for the steering axle, all axles weighing over 11,000 pounds must have at least four tires or have wide-base tires. The maximum load on an axle, other than a steering axle, equipped with wide-base tires is limited to 500 pounds for each inch of tire width.

(b) The provisions of subsection (2)(a) do not apply to passenger buses.

(c) For the purposes of this section, wide-base tires are tires that are 14 or more inches in nominal width. The maximum tire weight limit is computed for wide-base tires based on the number of inches shown on the tire marking, or if the tire marking is shown by metric size, the tire weight limit is computed by conversion of the metric size.

(3) This section does not apply to highways that are a part of the national system of interstate and defense highways (as referred to in 23 U.S.C. 127) when application of this section would prevent this state from receiving federal funds for highway purposes. *(Terminates on occurrence of contingency—sec. 2, Ch. 342, L. 2005.)*

61-10-107. *(Effective on occurrence of contingency)* **Maximum gross weight.** (1) An axle may not carry a load in excess of 20,000 pounds, and no two consecutive axles more than 40 inches or less than 96 inches apart may carry a load in excess of 34,000 pounds. The maximum gross weight allowed on a vehicle may not exceed the weight limits adopted by the department. The department shall adopt rules for weight limits based upon the most recent version of 23 CFR, part 658, appendix c, for vehicles operating in Montana.

(2) (a) Notwithstanding a vehicle's conformance with the requirements of subsection (1), except for the steering axle, all axles weighing over 11,000 pounds must have at least four tires or have wide-base tires. The maximum load on an axle, other than a steering axle, equipped with wide-base tires is limited to 500 pounds for each inch of tire width.

(b) The provisions of subsection (2)(a) do not apply to passenger buses.

(c) For the purposes of this section, wide-base tires are tires that are 14 or more inches in nominal width. 61-10-110. Federal law. Sections 61-10-101 through 61-10-104 and 61-10-106 through 61-10-109 do not authorize, without a permit issued as provided by law, the operation of a combination of vehicles having a gross weight, axle load, or size in excess of that authorized in those sections or the operation on the national system of interstate and defense highways of a combination of vehicles having a gross weight or size in excess of the maximum weight and size permitted by law in this state before July 1, 1956, or permitted by federal law or regulation. If federal law allows establishment of weight and size limits in excess of the allowable limits permitted in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-109, without penalty or denial of federal funds for highway purposes, the department of transportation may, by permit designating highway routing, authorize the movement on highways under its jurisdiction of vehicles or combinations of vehicles of a weight or size in excess of the limits provided for in those sections, but within the limits necessary to qualify for federal-aid highway funds.

61-10-111. Governor's authority to exempt vehicles from size and weight limits. (1) The governor may, through executive order, exempt vehicles from the size and weight limits imposed under this part:

(a) upon a request of the director of the department of transportation and any other agency involved in the need to move oversize or overweight vehicles on the highway during emergency circumstances;

(b) for a specified, limited period of time; and

(c) during emergency circumstances and to meet unusual conditions to ensure the general welfare of the public.

(2) The agency director who requests the executive order may specify the areas in which the exemption is in effect, the duration of the exemption, the types of vehicles to be exempted, and any other appropriate conditions of the order.

(3) For the purposes of this section, "emergency circumstances" means conditions brought about by a weather event or a natural or other occurrence for which the movement of vehicles that may exceed size and weight limits is necessary for responding to the event or occurrence or for moving supplies, agricultural or other products, or equipment in a manner that is necessary because of the event or occurrence.

61-10-114 through 61-10-120 reserved.

61-10-121. Permits for excess size and weight — exempt from environmental review — agents. (1) (a) Upon application and with good cause shown, the department of transportation, or its agent under subsection (4), and local authorities in their respective jurisdictions may issue telephonically or in writing a special permit authorizing the applicant to operate or move a vehicle, combination of vehicles, load, object, or other thing of a size or weight exceeding the maximum specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 upon a highway under the jurisdiction of and for the maintenance of which the body granting the permit is responsible. However, only the department may issue permits for movement of a vehicle or combination of vehicles carrying built-up or reducible loads in excess of 9 feet in width or exceeding the length, height, or weight specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110. This permit must be issued in the public interest. A carrier receiving this permit must have public liability and property damage insurance for the protection of the traveling public as a whole. A permit may not be issued for a period greater than the period for which the GVW license is valid, including grace periods, as provided in this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(b) The department may issue oversize permits to dealers in implements of husbandry and self-propelled machinery. The permits may be transferred from unit to unit by the dealer for the fee set forth in 61-10-124. These oversize permits may not restrict dealers in implements of husbandry and self-propelled machinery from traveling on a Saturday or Sunday and expire on December 31 of each year, with no grace period. For the purposes of this section, a dealer in implements of husbandry or self-propelled machinery must be a resident of the state. A post-office box number is not a permanent address under this section.

(2) The applicant for a special permit shall specifically describe the powered vehicle or towing vehicle and generally describe the type of vehicle, combination of vehicles, load, object, or other thing to be operated or moved and the particular state highways over which the vehicle, combination of vehicles, load, object, or other thing is to be moved and whether the permit is required for a single trip or for continuous operation.

(3) Issuance of a permit pursuant to this section is exempt from the provisions of Title 75, chapter 1, parts 1 and 2, when existing roads through existing rights-of-way are used.

(4) The department may enter into a contract with a private party to act as an agent of the department for the purpose of issuing, in writing, a special permit allowed under this section.

(5) This section does not authorize a local authority to require a fee and a permit for the movement of a vehicle, combination of vehicles, load, object, or other thing of a size exceeding the maximum specified in 61-10-101 through 61-10-104 on a highway that is under the jurisdiction of an entity other than the local authority.

61-10-122. Discretion of issuer — conditions. The department of transportation or local authority may issue or withhold a special permit at its discretion or, if the permit is issued, limit the number of trips or establish seasonal or other time limitations within which the vehicle, combination of vehicles, load, object, or other thing described may be operated on the public highways indicated, or otherwise limit or prescribe conditions of operation of the vehicle, combination of vehicles, load, object, or other thing when necessary to assure against damage to the road foundation, surfaces, or structures or safety of traffic, and may require an undertaking or other security considered necessary to compensate for injury to a roadway or road structure. During harvest no permit may be denied to oversize harvest or harvest-related agricultural machinery solely on the grounds that the travel takes place on a Saturday or Sunday. No permit may be denied to dealers in implements of husbandry and self-propelled machinery solely on the grounds that the travel may take place on a Saturday or Sunday.

(2) The vehicle, loaded or unloaded, may not exceed 55 feet in length or 20 feet in width.

(3) A single load may not be moved on the vehicle a distance greater than 75 miles from the point of origin on public roads.

(4) When the vehicle is hauling a load, it must be accompanied by two pilot cars. Each car must be equipped with a flashing warning light, a red flag, and a sign with the words "wide load" written on it. One car must precede the vehicle by not less than 100 yards or more than one-fourth mile, and one car must follow the vehicle at a distance not less than 100 yards or more than one-fourth mile. The following pilot car must be in radio contact with the vehicle at all times.

(5) The speed of the vehicle must be reasonable and proper but not in excess of 35 miles per hour.

(6) The vehicle may be operated only between the hours of sunrise and sunset.

(7) The vehicle may not be operated on an interstate or a controlled-access highway as defined in 61-8-102.

(8) A term or blanket permit may be issued for the vehicle.

(2) (a) Except as provided in subsections (2)(b), (2)(d), (2)(f), (2)(h), (4), and (5), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; or an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. Except as provided in subsection (2)(g), a Rocky Mountain double may not exceed 81 feet in combined trailer length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (4) and (5). Special permits for vehicle combinations may specify and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). This permit expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(f) (i) An annual permit may be issued for nondivisible loads up to 120 feet in length. The fee for this permit is $125.

(ii) Portions of a nondivisible load hauled on a public road off of the interstate highway may be detached and reloaded on the same hauling unit if the separate pieces are necessary to the operation of the machine or equipment that is being hauled and if the arrangement does not exceed limits for which a permit may be issued.

(iii) An applicant for a nondivisible load permit for use as provided in subsection (6)(b) is responsible for providing information regarding the number of work hours required to dismantle the load.

(iv) For use as provided in subsection (6)(b) and for the purposes of this section, emergency response vehicles and casks designed and used for the transport of spent nuclear materials are considered nondivisible loads.

(g) A Rocky Mountain double carrying baled hay may not exceed 88 feet of combined trailer length.

(h) A term permit may be issued for an overlength vehicle moving a mobile home or a manufactured home, as defined in 15-24-201, when the vehicle does not exceed 110 feet in length or 16 feet in width.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) a combination of vehicles powered by a cab-over or tilt-cab truck tractor or a truck may not exceed an overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck tractor may not exceed an overall length of 110 feet, inclusive of the front and rear bumpers and overhang;

(d) an individual cargo unit of the combination may not exceed 28½ feet in length and 102 inches in width;

(e) gross weight fees under 61-10-201 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) the combination must have a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(h) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is $200.

(5) The department of transportation may issue special permits under subsection (4) for vehicle combinations that consist of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; and

(b) the person, firm, or corporation applying for the permit:

(i) restricts truck-trailer-trailer operations authorized by the permit to the hauling of talc ore, chlorite, dolomite, limestone, and custom combine equipment;

(ii) operated the truck-trailer-trailer combination before July 1, 1987;

(iii) restricts the truck-trailer-trailer operations authorized by the permit to the specified routes that those vehicles used before July 1, 1987; and

(iv) provides the department of transportation with an affidavit confirming the routes used before July 1, 1987, for truck-trailer-trailer operations.

(6) For the purposes of this section, a "nondivisible load" is:

(a) on public roads off of interstate highways, a load that cannot be readily or reasonably dismantled and that is reduced to a minimum practical size and weight;

(b) on interstate highways, a load or vehicle exceeding applicable length or weight limits that, if separated into smaller loads or vehicles, would:

(i) compromise the intended use of the vehicle;

(ii) destroy the value of the load or vehicle; or

(iii) require more than 8 work hours to dismantle using appropriate equipment. *(Void on occurrence of contingency—sec. 2, Ch. 285, L. 2003.)*

61-10-124. *(Effective on occurrence of contingency)* **Special permits — fees.** (1) Except as provided in subsections (2)(d) and (4), in addition to the regular registration and gross vehicle weight fees, a fee of $10 for each trip permit and a fee of $75 for each term permit issued for size in excess of that specified in 61-10-101 through 61-10-104 must be paid for all movements under special permits on the public highways under the jurisdiction of the department of transportation.

(2) (a) Except as provided in subsections (2)(b), (2)(d), (2)(f), (2)(g), (4), and (5), term or blanket permits may not be issued for an overwidth vehicle, combination of vehicles, load, or other thing in excess of 15 feet; an overlength vehicle, combination of vehicles, load, object, or other thing in excess of 95 feet; or an overheight vehicle, combination of vehicles, load, or other thing in excess of 14 feet or of a limit determined by the department. A vehicle, combination of vehicles, load, or other thing in excess of these dimensions is limited to trip permits. A Rocky Mountain double may not exceed 81 feet in combined trailer length. A Rocky Mountain double is not subject to a combination length limit. Special permits for vehicle combinations of more than two trailers or more than two units designed for or used to carry a load are not permitted except as provided in subsections (4) and (5). Special permits for vehicle combinations may specify and special permits under subsections (4) and (5) must specify highway routing and otherwise limit or prescribe conditions of operation of the vehicle or combination, including but not limited to required equipment, speed, stability, operational procedures, and insurance.

(b) A term permit may be issued to a dealer in implements of husbandry and self-propelled machinery for an overwidth or overlength vehicle referred to in subsection (2)(a). This permit expires on December 31 of each year, with no grace period.

(c) With payment of the appropriate gross weight fees required by 61-10-201 and with payment of the fee prescribed in subsection (1), allowable gross weight of a five-axle combination logging vehicle is 80,000 pounds.

(d) A term permit may be issued for any combination of vehicles that exceeds 95 feet in length but does not exceed 100 feet in combination length, except a truck-trailer-trailer or a truck tractor-semitrailer-trailer-trailer combination, for travel only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, or on other highways within a 2-mile radius of an interchange on the interstate system in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange. The fee for this permit is $125.

(e) A term permit may be issued for a truck tractor-semitrailer combination when the semitrailer exceeds 53 feet in length but does not exceed 57 feet in length.

(f) (i) An annual permit may be issued for nondivisible loads up to 120 feet in length. The fee for this permit is $125.

(ii) Portions of a nondivisible load hauled on a public road off of the interstate highway may be detached and reloaded on the same hauling unit if the separate pieces are necessary to the operation of the machine or equipment that is being hauled and if the arrangement does not exceed limits for which a permit may be issued.

(iii) An applicant for a nondivisible load permit for use as provided in subsection (6)(b) is responsible for providing information regarding the number of work hours required to dismantle the load.

(iv) For use as provided in subsection (6)(b) and for the purposes of this section, emergency response vehicles and casks designed and used for the transport of spent nuclear materials are considered nondivisible loads.

(g) A term permit may be issued for an overlength vehicle moving a mobile home or a manufactured home, as defined in 15-24-201, when the vehicle does not exceed 110 feet in length or 16 feet in width.

(3) Except as provided in subsection (2)(b), a permit may not be issued for a period of time greater than the period for which the GVW license is valid as provided in this title, including grace periods allowed by this title. Owners of vehicles licensed in other jurisdictions may, at the discretion of the department of transportation, purchase permits to expire with their registration. A license required by the state governs the issuance of a special permit.

(4) The department may issue special permits to the operating company for a truck-trailer-trailer or truck tractor-semitrailer-trailer-trailer combination of vehicles under the following conditions:

(a) the combination may be operated only on highways that are part of the federal-aid interstate system, as defined in 60-1-103, and within a 2-mile radius of an interchange on the interstate system on other highways only in order to obtain necessary services or to load or unload at a terminal. When a terminal is beyond a 2-mile radius, the department may authorize travel between the terminal and the interchange.

(b) a combination of vehicles powered by a cab-over or tilt-cab truck tractor or a truck may not exceed an overall length of 105 feet, inclusive of front and rear bumpers and overhang;

(c) a combination of vehicles powered by a conventional truck tractor may not exceed an overall length of 110 feet, inclusive of the front and rear bumpers and overhang;

(d) an individual cargo unit of the combination may not exceed 28½ feet in length and 102 inches in width;

(e) gross weight fees under 61-10-201 must be paid on the truck or truck tractor for the declared registered gross weight of the special vehicle combination, but not to exceed the formula in 61-10-107;

(f) the combination must have a special overlength permit issued at a fee of $200 for a term permit or $20 for each trip permit;

(g) travel of the combination may be restricted to specific routes, hours of operation, specific days, or seasonal periods; and

(h) the department may enforce any other restrictions determined by the department to be necessary. The permit is not transferable, and the fee for the permit is $200.

(5) The department of transportation may issue special permits under subsection (4) for vehicle combinations that consist of a truck-trailer-trailer if:

(a) the vehicle combination's overall length, inclusive of front and rear bumpers, is not more than 95 feet; and

(b) the person, firm, or corporation applying for the permit:

(i) restricts truck-trailer-trailer operations authorized by the permit to the hauling of talc ore, chlorite, dolomite, limestone, and custom combine equipment;

(ii) operated the truck-trailer-trailer combination before July 1, 1987;

(iii) restricts the truck-trailer-trailer operations authorized by the permit to the specified routes that those vehicles used before July 1, 1987; and

(iv) provides the department of transportation with an affidavit confirming the routes used before July 1, 1987, for truck-trailer-trailer operations.

(6) For the purposes of this section, a "nondivisible load" is:

(a) on public roads off of interstate highways, a load that cannot be readily or reasonably dismantled and that is reduced to a minimum practical size and weight;

(b) on interstate highways, a load or vehicle exceeding applicable length or weight limits that, if separated into smaller loads or vehicles, would:

(i) compromise the intended use of the vehicle;

(ii) destroy the value of the load or vehicle; or

(iii) require more than 8 work hours to dismantle using appropriate equipment.

Compiler's Comments

Contingent Voidness: Section 2, Ch. 285, L. 2003, provided: "If the department of transportation receives notice that the increase in the combined trailer length that is allowed for a Rocky Mountain double carrying baled hay will threaten federal highway funding, then [this act] is void. The department shall notify the code commissioner that the department has received a notice and the date upon which the notice was received."

61-10-125. Other fees. (1) There is charged for a single trip permit for a load that is over the gross allowable load provided for by the formula in 61-10-107(1) but that does not exceed axle limits set forth in 61-10-107(1):

(a) $10 for distances to and including 100 miles;

(b) $30 for distances from 101 to 199 miles; and

(c) $50 for distances over 200 miles traveled.

(2) (a) There is charged a fee of:

(i) $200 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 5,000 pounds in excess axle weight;

(ii) $500 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 10,000 pounds in excess axle weight, with no single axle exceeding 5,000 pounds in excess axle weight;

(iii) $750 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 15,000 pounds in excess axle weight, with no single axle exceeding 5,000 pounds in excess axle weight;

(iv) $1,000 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 20,000 pounds in excess axle weight, with no single axle exceeding 5,000 pounds in excess axle weight and no tandem axle exceeding 15,000 pounds in excess axle weight;

(v) $1,500 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 25,000 pounds in excess axle weight, with no axle or axle group exceeding the maximum weight allowed by a weight analysis conducted by the department of transportation;

(vi) $2,000 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 30,000 pounds in excess axle weight, with no axle or axle group exceeding the maximum weight allowed by a weight analysis conducted by the department of transportation;

(vii) $3,000 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 35,000 pounds in excess axle weight, with no axle or axle group exceeding the maximum weight allowed by a weight analysis conducted by the department of transportation;

(viii) $4,000 for a term permit for a load that is in excess of the limits set forth in 61-10-107(1) but that does not exceed a total of 40,000 pounds in excess axle weight, with no axle or axle group exceeding the maximum weight allowed by a weight analysis conducted by the department of transportation.

(b) The fees provided in subsection (2)(a) are annual fees but may be prorated on a quarterly basis and may be paid quarterly, semiannually, or annually. However, if the fee is paid other than annually, there is an additional fee of $10 each time a fee is paid.

(c) A permit issued under this subsection (2) is valid for a period of no less than 1 calendar quarter and no more than 1 calendar year.

(d) The department of transportation or its agent may not issue a term permit for loads that exceed 10,000 pounds in excess axle weight unless the person applying for the term permit has obtained approval from the department of transportation, through a weight analysis, for the configuration of the vehicle.

(3) There is charged for a permit to move a load that exceeds the single axle, tandem axle, or axle group limits set forth in 61-10-107(1) the following fee based upon the sum of excess in axle or axle group weights:

Total Excess Axle Weight (pounds)	Calculated Cost of 25 Miles of Travel (dollars)
5,000	3.50
10,000	7.00
15,000	10.50
20,000	14.00
25,000	17.50

90,000	63.00
95,000	66.50
100,000	70.00
over 100,000	70.00 + 3.50 per 5,000 lbs. or part of 5,000 lbs. in excess of 100,000 lbs.

(4) For purposes of subsection (3):

(a) mileage must be rounded off in units of 25 miles and mileage in excess of a 25-mile increment must be assessed at the next higher 25-mile increment; and

(b) weight must be rounded off in 5,000-pound increments and weight in excess of a 5,000-pound increment must be assessed at the next higher 5,000-pound increment.

(5) A vehicle must be licensed to the maximum allowable weight authorized under 61-10-107 before an overweight permit may be issued.

(2) The department of transportation by order, or a local road authority by ordinance or resolution, may prohibit the operation of or impose restrictions on the weight and speed of a vehicle traveling on a public highway under its respective jurisdiction and for which it is responsible for maintenance whenever the highway will be seriously damaged or destroyed by deterioration, rain, snow, or other climatic conditions, unless the use of vehicles on the highway is prohibited or the permissible vehicle weights and speed are reduced. The department of transportation or the authority that enacts the ordinance or resolution shall erect signs designating the department's order or the authority's ordinance or resolution at each end of that portion of the highway affected, and the order, ordinance, or resolution is not effective until the signs are erected. The department of transportation or the authority by ordinance or resolution may prohibit the operation of trucks or other commercial vehicles or impose limitations on their

weight on designated highways, subject to the provisions of subsection (3). These prohibitions and limitations must be designated by appropriate signs placed on the highways.

(3) Neither the department of transportation nor a local authority may prohibit the operation of or impose a restriction on the weight of a vehicle loaded with perishable seed potatoes that is traveling on a public highway if:

(a) the vehicle is being operated within its legal licensed gross vehicle weight;

(b) the driver possesses a federal-state inspection certificate issued for the load; and

(c) the vehicle takes the most direct route from the point of loading to the nearest nonrestricted road.

(4) Hay grinders and their towing units are exempt from weight limits imposed by the department of transportation under this section.

The department of transportation may adopt rules to implement 61-10-124 and may by rule prescribe standards for the qualifications of drivers operating special vehicle combinations under 61-10-124 and for the equipping and operation of such combinations to enhance highway traffic safety.

History: En. Sec. 5, Ch. 474, L. 1987; amd. Sec. 3, Ch. 512, L. 1991; amd. Sec. 3, Ch. 672, L. 1991.

61-10-130. Custom combiner's special permit — fee — collection — distribution — not transferable. (1) In lieu of the taxes required by 15-24-301 and in lieu of motor vehicle license fees, gross vehicle weight fees, and overwidth, overlength, and overheight permits provided for in Title 61, a nonresident engaged in the business of custom combining who brings equipment into the state may pay a special permit fee of $40 for each unit. A unit includes:

(a) one truck suitable for hauling grain;

(b) one header trailer or one combine trailer; and

(c) pickup trucks and all other equipment, except combines, used by a nonresident and brought into the state as part of the nonresident's business of custom combining.

(2) In lieu of gross vehicle weight fees and overwidth, overlength, and overheight permits, Montana residents engaged in the business of custom combining may pay the annual farm gross vehicle weight fees and a special permit fee of $20 for each unit. A unit includes:

(a) one truck suitable for hauling grain;

(b) one header trailer or one combine trailer; and

(c) pickup trucks used by the resident in the resident's business of custom combining.

(3) When used to transport agricultural products, a truck authorized to be used under a custom combiner's special permit may be operated only within a 100-mile radius from the harvested field to the point of first unloading. The truck may not haul agricultural products from one commercial elevator to another commercial elevator. The truck may be operated on any highway, except a highway that is part of the federal-aid interstate system, without incurring excess weight penalties under 61-10-145 if the total gross weight of the truck does not exceed allowable weight limitations by more than 20% for each axle and the maximum load for each inch of tire width does not exceed 670 pounds. A trip permit is not required. If the truck exceeds the tolerance provided under this subsection, the fine or penalty imposed applies to all weight over the legal limit allowed by 61-10-107.

(4) A combine trailer authorized to be used under subsection (1)(b) or (2)(b) may be operated under the same limitations, except that the 100-mile limitation does not apply and the combine trailer may be used upon any highway of the state, including a highway that is part of the

federal-aid interstate system. If the combine trailer exceeds the tolerance provided under subsection (3), the fine or penalty imposed applies to all weight over the legal limit allowed by 61-10-107.

(5) The fee required by this section must be collected by the department of transportation. Upon payment of the fee, the department of transportation shall provide an identifying device to be displayed on each truck, header trailer, or combine trailer and other equipment used by the nonresident or resident in the person's business of custom combining in the state. The device is valid for the calendar year in which the fee is collected.

(6) All fees collected under this section must be distributed not later than January 31 immediately following the period of licensure as follows:

(a) 62½% to the state general fund; and

(b) 37½% to the state special revenue fund for the department of transportation.

(7) The identifying devices and fee paid for each unit are not transferable from one vehicle to another or transferable on the sale or change of ownership.

(8) The department of transportation may adopt rules, as provided in Title 2, chapter 4, to implement the provisions of this section.

61-10-131 through 61-10-140 reserved.

61-10-141. Officers authorized to weigh vehicles and require removal of excessive loads — definition. (1) (a) A peace officer, officer of the highway patrol, or employee of the department of transportation may weigh any vehicle regulated by 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110, except recreational vehicles, travel trailers, or motor homes, by means of either portable scales used on an engineered site or stationary scales. The peace officer, officer of the highway patrol, or employee of the department of transportation may require that the vehicle be driven to the nearest stationary scales or engineered site for use of portable scales if those stationary scales or an engineered site is within 2 miles.

(b) If it is determined in the weighing process that the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 have been exceeded, the peace officer, officer of the highway patrol, or employee of the department of transportation may then require the driver to unload at a designated facility that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110. If the excess weight does not exceed 10,000 pounds, an excess weight permit may be issued in accordance with 61-10-121. The permit authorizes the driver of the excess weight load to proceed to a designated facility where the load can be safely reduced to legal limits.

(2) Commodities and material unloaded as required by this section must be cared for by the owner or operator of the vehicle at the risk of that owner or operator. Commodities or material unloaded as required by this section may not be left on the highway right-of-way.

(3) The department of transportation may establish, maintain, and operate weigh stations, either intermittently or on a continuous schedule, and may require all trucks and commercial motor vehicles of 26,000 pounds GVW or greater to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements. The department may require vehicles over 10,000 pounds to be inspected and weighed by portable scale crews when the portable scales are used on an engineered site.

(4) For the purposes of this section, "engineered site" means:

(a) a turnout designed and constructed by the department of transportation that has indents in the pavement to level portable scales; or

(b) a site where leveling pads can be used in strict accordance with all of the manufacturer's manuals and specifications.

61-10-144. Violation of standards — tolerance. (1) It is a misdemeanor for a person, firm, or corporation to violate any provision of 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110.

(2) The operator of a vehicle or combination of vehicles may move over the highways to the first open stationary scale or portable scale on an engineered site, as defined in 61-10-141(4), without incurring the excess weight penalties set forth in 61-10-145 if the total gross weight of the vehicle or combination of vehicles does not exceed allowable total gross weight limitations by more than 10% and if the weight carried by any axle or combination of axles does not exceed the allowable axle weight limitations by more than 10%. If the vehicle or combination of vehicles is not in excess of the allowable total gross or axle weight limitations by more than 10%, the department may issue a single trip permit for the fee of $10, allowing the vehicle or combination of vehicles to move over the highways to the first facility where its load can be safely adjusted or to its destination. Violations of total gross or axle weight limitations in excess of 10% are subject to the fines provided in 61-10-145, and all loads in excess of 10% of the total gross or axle weight limitations:

(a) may be required to be adjusted or reduced to conform to the size and weight limitations before the vehicle or combination of vehicles is moved from the point of weighing; or

(b) may be issued a permit as authorized by 61-10-141.

(3) Farm vehicles transporting agricultural products from a harvesting combine or other harvesting machinery may be operated on any highway, except a highway that is part of the federal-aid interstate system, within a 100-mile radius of the harvested field to the point of first unloading without incurring excess weight penalties under 61-10-145 if the total gross weight of the farm vehicle or combination of vehicles does not exceed allowable weight limitations by more than 20% for each axle and the maximum load for each inch of tire width does not exceed 670 pounds. A single trip permit, as required in subsection (2), is not applicable to the farm vehicle or combination of vehicles. When a farm vehicle or combination of vehicles violates any of the

provisions of this subsection, the fine or penalty imposed applies to that portion of the load above the legal limit.

(1) A person, firm, or corporation convicted of violating 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 shall be punished by a fine of not less than $30 or more than $100. A person, firm, or corporation convicted of operating a motor vehicle upon the public highways of this state with weight upon a wheel, axle, or group of axles greater than the maximum permitted by 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 shall be fined, in addition to other penalties provided by law for the offense, the following amounts:

(a) $30 for any excess weight up to and including 2,000 pounds;
(b) $75 for any excess weight more than 2,000 pounds and less than 4,001 pounds;
(c) $125 for any excess weight more than 4,000 pounds and less than 6,001 pounds;
(d) $175 for any excess weight more than 6,000 pounds and less than 8,001 pounds;
(e) $250 for any excess weight more than 8,000 pounds and less than 10,001 pounds;
(f) $275 for any excess weight more than 10,000 pounds and less than 12,001 pounds;

(h) $400 for any excess weight more than 14,000 pounds and less than 16,001 pounds;
(i) $500 for any excess weight more than 16,000 pounds and less than 18,001 pounds;
(j) $600 for any excess weight more than 18,000 pounds and less than 20,001 pounds;
(k) $1,000 for any excess weight more than 20,000 pounds and less than 25,001 pounds;
(l) $2,000 for any excess weight more than 25,000 pounds.

(2) If a motor vehicle is equipped with a retractable axle that is not fully extended and carrying its proportionate share of the load while the motor vehicle is operated upon the highways of this state, the weight penalties in subsection (1) apply to all weight over the legal maximum allowed by the fixed axles regardless of whether the axle is extended at the time of weighing. In addition to the penalties in subsection (1), the owner or operator shall be fined $100 for failure to have the retractable axle fully extended while the gross weight of the vehicle exceeds the legal maximum allowed by the fixed axles.

(3) A complaint filed and a summons or notice to appear issued pertaining to a violation of the gross weight regulations in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 must specify the amount of the excess weight that the defendant is alleged to have had upon the vehicle or combination of vehicles.

(4) It is a misdemeanor, punishable as provided in 46-18-212, for a person, firm, or corporation to violate any of the provisions of 61-10-123, 61-10-141, or 61-10-142.

61-10-154. Department of transportation to adopt motor carrier safety standards — enforcement — designation of peace officers — duties — violations. (1) As used in this section, the terms "for-hire motor carrier", "private motor carrier", "gross vehicle weight rating", and "gross combination weight rating" have the same meaning as provided in 49 CFR 390.5.

(2) The department of transportation shall adopt, by rule, standards for safety of operations of:

(a) any for-hire motor carrier or any private motor carrier;

(b) any motor vehicle or vehicle combination used in interstate commerce that has a gross vehicle weight rating, gross combination weight rating, gross vehicle weight, or gross combination weight, whichever is greater, of 10,001 pounds or more;

(c) any motor vehicle or vehicle combination used in intrastate commerce that has a gross vehicle weight rating, gross combination weight rating, gross vehicle weight, or gross combination weight, whichever is greater, of 26,001 pounds or more and that is not a farm vehicle operating solely in Montana;

(d) any motor vehicle that is designed or used to transport at least 16 passengers, including the driver, and that is not used to transport passengers for compensation;

(e) any motor vehicle that is designed or used to transport at least nine passengers, including the driver, for compensation; or

(f) any motor vehicle that is used to transport hazardous materials of a type or quantity that requires the vehicle to be marked or placarded in accordance with federal hazardous materials regulations in 49 CFR, part 172.

(3) Standards of safety adopted under this section must substantially comply, within allowed tolerance guidelines, to the federal motor carrier safety regulations and the federal hazardous material regulations as applied to motor carriers and vehicles transporting passengers or property in commerce.

(4) The department of transportation shall work with the highway patrol in the enforcement of safety standards adopted pursuant to this section. The highway patrol and the department of transportation shall cooperate to ensure minimum duplication and maximum coordination of enforcement efforts.

(5) In order to enforce compliance with safety standards adopted pursuant to this section, the department of transportation shall designate employees as peace officers. The designated employees must be employed in the administration of the motor carrier services functions of the department of transportation. Each employee designated as a peace officer may:

(a) issue citations and make arrests in connection with violations of safety standards adopted under this section;

(b) issue summonses;

(c) accept bail;

(d) serve warrants for arrest;

(e) make reasonable inspections of cargo carried by commercial motor vehicles;

(f) enforce the provisions of Title 49 of the United States Code and regulations that have been adopted under Title 49 and make reasonable safety inspections of commercial motor vehicles used by motor carriers; and

(g) require production of documents relating to the cargo, driver, routing, or ownership of commercial motor vehicles.

(6) In addition to other enforcement duties assigned under 61-10-141 and this section, an employee of the department of transportation who is appointed as a peace officer pursuant to 61-12-201 or this section has:

(a) the same authority to enforce provisions of the motor carriers law as that granted to the public service commission under 69-12-203;

(b) the duty to secure or make copies, or both, of all bills of lading or other evidence of delivery for shipment of agricultural seeds, as defined in 80-5-120, that have been sold or are intended for sale in Montana and to forward the copies to the department of agriculture within 24 hours of the date that the bill of lading was obtained; and

(c) the authority, if probable cause exists, to stop and inspect a supply tank connected to the engine of any diesel-powered motor vehicle operating on the public highways of this state in order to determine compliance with Title 15, chapter 70, part 4.

(7) A violation of the standards adopted pursuant to this section is punishable as provided in 61-9-512, and the court, upon conviction, as defined in 61-5-213, shall forward a record of conviction to the department within 5 days in accordance with 61-11-101.

(8) The department of transportation shall report to the revenue and transportation interim committee biennially on its enforcement of the provisions of Title 15, chapter 70, part 4, pursuant to the authority provided in subsection (6)(c) and on any impacts that enforcement has had on the state special revenue fund.

61-10-206. Special fees — certain farm vehicles. (1) Except for motortrucks owned and operated by cooperative associations or cooperative marketing associations, there must be paid and collected annually a fee equal to 35% of the fees provided in 61-10-201 on:

(a) motortrucks owned and operated by ranchers or farmers in:

(i) the transportation of their own ranch, farm, orchard, or dairy products from point of production to market;

(ii) the transportation of timber harvested on their own ranch, farm, orchard, or dairy from point of harvest to market;

(iii) the transportation of supplies, commodities, or equipment to be used on the ranch, farm, orchard, or dairy;

(iv) the infrequent or seasonal transportation by one farmer for another for any purpose other than commercial hire of products of the farm, orchard, or dairy; or

(v) the transportation of supplies or commodities to be used on the farm, orchard, or dairy; and

(b) one truck tractor and lowboy trailer used by contractors engaged exclusively in soil conservation work and land leveling activities that result in direct benefit to agriculture.

(2) The minimum fee is $6.

(3) A motor vehicle or trailer designed and used to apply fertilizer to agricultural land must be treated as special mobile equipment.

61-10-209. Monthly payment — quarterly payment — penalty for failure to pay fee. (1) When the gross weight of a vehicle exceeds 24,000 pounds, the gross weight or special fees for trucks, tractors, or buses may be paid for a 1-month period for one-twelfth the regular fee or for a 3-month period for one-fourth the regular fee at the beginning of any quarter of the calendar year. For each fee paid other than at the time of payment of the annual vehicle registration fee, an additional fee of $5 must be charged. The department may adopt rules relative to the issuance and display of certificates or insignia, which must state the months for which the vehicle is licensed.

(2) A vehicle licensed under this section may not be operated over the public highways after the expiration of:

(a) the 1-month period until the owner pays the required fee for a license for an additional 1-month or 3-month period or for the remainder of the year; or

(b) the 3-month period unless the owner or operator of the vehicle, within 10 calendar days or 7 business days as provided by law, whichever is greater, pays the required fee for a license for an additional 1-month or 3-month period or for the remainder of the year.

(3) A person who operates a vehicle upon the public highways in violation of subsection (2) is guilty of a misdemeanor. In addition the person is required to purchase a gross weight license for the vehicle involved at the fee covering an entire year's license for operation of the vehicle less the fees for the period of the year already paid.

(4) If, within 5 days after a requirement under subsection (3) is applicable, a license for a full year has not been purchased as required, the Montana highway patrol, county sheriff, or city police may impound the vehicle in the manner that is directed for these cases by the department until the requirement is met.

61-10-211. Fees on motortrucks, truck tractors, trailers, and semitrailers from other states. (1) In lieu of other fees for the licensing of vehicles, there must be collected a fee for each motortruck and truck tractor already licensed for the year in another jurisdiction and operated upon an itinerant basis in this state. The fee provided in subsection (2) must be collected upon each entrance of the vehicle into the state and must be based upon the number of miles to be traveled in the state and the registered gross vehicle weight of the motortruck or truck tractor as shown in the application of the nonresident operator.

(2) The fee for each trip in Montana is:

	0-200 miles	201-400 miles	over 400 miles
Up to 46,000 lbs.	$10	$15	$20
46,001 through 80,000 lbs.	20	30	40
Over 80,001 lbs.	50	65	80
Triple combination	60	80	100

(3) The fees do not apply to any trailer the principal use of which is as temporary or permanent living quarters, or to any vehicle of a carnival that is under contract with a state, county, or district fair association.

(4) A fee must be collected for each nonresident, unlicensed or unregistered trailer or semitrailer entering Montana. The fee for each trip in Montana is:

(a) $10 for each trip of 200 miles or less;

(b) $15 for each trip of over 200 miles to 400 miles; and

(c) $20 for each trip of over 400 miles.

Multistate Highway Transportation Agreement

Part Cross-References

Interstate cooperative agreements for collection of taxes and fees, 60-2-311.

61-10-1101. Multistate Highway Transportation Agreement — enactment and text. The Multistate Highway Transportation Agreement is hereby enacted into law and entered into with all other jurisdictions legally joining in the agreement in the form substantially as follows:

MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

Pursuant to and in conformity with the laws of their respective jurisdictions, the participating jurisdictions, acting by and through their officials lawfully authorized to execute this agreement, do mutually agree as follows:

Article I. Findings and Purposes

Section 1. Findings. The participating jurisdictions find that:

(a) the expanding regional economy depends on expanding transportation capacity;

(b) highway transportation is the major mode for movement of people and goods in the western states;

(c) uniform application in the West of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption, and related transportation costs, which are necessary to permit increased productivity;

(d) a number of western states, already having adopted substantially the 1964 bureau of public roads recommended vehicle size and weight standards, still find current federal limits more restrictive; and

(e) the participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for the regional economy and transportation requirements, consistent with and in recognition of principles of highway safety.

Section 2. Purposes. The purposes of this agreement are to:

(a) adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system;

(b) establish a system authorizing the operation of vehicles traveling between two or more participating jurisdictions at more adequate size and weight standards;

(c) promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement;

(d) secure uniformity, insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards;

(e) provide means for the encouragement and utilization of research that will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article; and

(f) facilitate communication between legislators, state transportation administrators, and commercial industry representatives in addressing the emerging highway transportation issues in participating jurisdictions.

Article II. Definitions

Section 1. As used in this agreement:

(a) "cooperating committee" means a committee composed of the designated representatives from the participating jurisdictions;

(b) "designated representative" means a legislator or other person authorized under Article XII to represent the jurisdiction;

(c) "jurisdiction" means a state of the United States or the District of Columbia;

(d) "vehicle" means any vehicle defined by statute as subject to size and weight standards that operates in two or more participating jurisdictions.

Article III. General Provisions

Section 1. Qualifications for membership. Participation in this agreement is open to jurisdictions that subscribe to the findings, purposes, and objectives of this agreement and will seek legislation necessary to accomplish these objectives.

Section 2. Cooperation. The participating jurisdictions, working through their designated representatives, shall cooperate and assist each other in achieving the desired goals of this agreement pursuant to appropriate statutory authority.

Section 3. Effect of headings. Article and section headings contained in this agreement may not be considered to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of any article or section of the agreement.

Section 4. Vehicle laws and regulations. This agreement does not authorize the operation of a vehicle in any participating jurisdiction contrary to the laws or regulations of the jurisdiction.

Section 5. Interpretation. The final decision regarding interpretation of questions at issue relating to this agreement must be reached by unanimous joint action of the participating jurisdictions, acting through the designated representatives. Results of all actions must be placed in writing.

Section 6. Amendment. This agreement may be amended by unanimous joint action of the participating jurisdictions, acting through the officials of the jurisdictions authorized to enter into this agreement, subject to the requirements of section 4, Article III. Any amendment must be placed in writing and become a part of the agreement.

Section 7. Restrictions, conditions, or limitations. Any jurisdiction entering this agreement shall provide each other participating jurisdiction with a list of any restriction, condition, or limitation on the general terms of this agreement, if any.

Section 8. Additional jurisdictions. Additional jurisdictions may become members of this agreement by signing and accepting the terms of the agreement.

Article IV. Cooperating Committee

Section 1. Each participating jurisdiction must have two designated representatives. Pursuant to section 2, Article III, the designated representatives of the participating jurisdictions constitute the cooperating committee that may:

(a) collect, correlate, analyze, and evaluate information resulting or derivable from research and testing activities in relation to vehicle size and weight related matters;

(b) recommend and encourage the undertaking of research and testing in any aspect of vehicle size and weight or related matter when, in their collective judgment, appropriate or sufficient research or testing has not been undertaken;

(c) recommend changes in law or policy with emphasis on compatibility of laws and uniformity of administrative rules that would promote effective governmental action or coordination in the field of vehicle size and weight related matters;

(d) recommend improvements in highway operations, in vehicular safety, and in state administration of highway transportation laws; and

(e) perform functions necessary to facilitate the purposes of this agreement.

Section 2. Each designated representative of a participating jurisdiction is entitled to one vote only. An action of the committee may not be approved unless a majority of the total number of votes cast by the designated representatives of the participating jurisdictions are in favor of the action.

Section 3. The committee shall meet at least once annually and shall elect, from among its members, a presiding officer, a vice presiding officer, and a secretary.

Section 4. The committee shall submit annually to the legislature of each participating jurisdiction a report setting forth the work of the committee during the preceding year and including recommendations developed by the committee. The committee may submit additional reports as it considers appropriate or desirable.

Article V. Objectives of the Participating Jurisdictions

Section 1. Objectives. The participating jurisdictions hereby declare that:

(a) it is the objective of the participating jurisdictions to obtain more efficient and more economical transportation by motor vehicles between and among the participating jurisdictions by encouraging the adoption of standards that will, as minimums, allow the operation on all state highways, except those determined through engineering evaluation to be inadequate, with a single-axle weight not in excess of 20,000 pounds, a tandem-axle weight not in excess of 34,000 pounds, and a gross vehicle or combination weight not in excess of that resulting from application of the formula:

$$W = 500((LN/(N - 1)) + 12N + 36)$$

where

W = maximum weight in pounds carried on any group of two or more consecutive axles computed to nearest 500 pounds;

L = distance in feet between the extremes of any group of two or more consecutive axles;

N = number of axles in group under consideration;

(b) it is the further objective of the participating jurisdictions that the operation of a vehicle or combination of vehicles in interstate commerce according to the provisions of subsection (a) of this section be authorized under special permit authority by each participating jurisdiction for vehicle combinations in excess of statutory weight of 80,000 pounds or statutory lengths;

(c) it is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including but not limited to the development of uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and other matters as may be pertinent;

(d) the cooperating committee may recommend that the participating jurisdictions jointly secure congressional approval of this agreement and specifically of the vehicle size and weight standards set forth in subsection (a) of this section;

(e) it is the further objective of the participating jurisdictions to:

(1) establish transportation laws and regulations to meet regional and economic needs and to promote an efficient, safe, and compatible transportation network;

(2) develop standards that facilitate the most efficient and environmentally sound operation of vehicles on highways consistent with and in recognition of principles of highway safety; and

(3) establish programs to increase productivity and reduce congestion, fuel consumption, and related transportation costs and enhance air quality through the uniform application of state vehicle regulations and laws.

Article VI. Entry Into Force and Withdrawal

Section 1. This agreement becomes effective when enacted into law by any two or more jurisdictions. Thereafter, this agreement becomes effective as to any other jurisdiction upon its enactment of the agreement, except as otherwise provided in section 8, Article III.

Section 2. Any participating jurisdiction may withdraw from this agreement by canceling it but a withdrawal may not take effect until 30 days after the designated representative of the withdrawing jurisdiction has given notice in writing of the withdrawal to all other participating jurisdictions.

Article VII. Construction and Severability

Section 1. This agreement must be liberally construed so as to effectuate the purposes of the agreement.

Section 2. The provisions of this agreement are severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any participating jurisdiction or the applicability of this agreement to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement is not affected. If this agreement is held contrary to the constitution of any jurisdiction participating in the agreement, the agreement remains in full force and effect as to the jurisdictions affected as to all severable matters.

Article VIII. Filing of Documents

Section 1. A copy of this agreement, its amendments, and rules promulgated under the agreement and interpretations of the agreement must be filed in the highway department in each participating jurisdiction and must be made available for review by interested parties.

Article IX. Existing Statutes Not Repealed

Section 1. All existing statutes prescribing weight and size standards and all existing statutes relating to special permits continue to be of force and effect until amended or repealed by law.

Article X. State Government Departments Authorized to Cooperate With Cooperating Committee

Section 1. Within appropriations available, the departments, agencies, and officers of the government of this state shall cooperate with and assist the cooperating committee within the scope contemplated by Article IV, subsections 1(a) and 1(b) of the agreement. The departments, agencies, and officers of the government of this state are authorized generally to cooperate with the cooperating committee.

Article XI. Funding

Section 1. Funds for the administration of this agreement, including participation in the cooperating committee and the actual expenses of the designated representatives, must be budgeted by each participating jurisdiction as appropriate.

Article XII. Selection of Designated Representatives

Section 1. The process for selecting the designated representatives to the cooperating committee must be established by law under this section.

Section 2. The persons authorized to represent the state of Montana as the designated representatives to the cooperating committee are the presiding officer of the senate highways and transportation committee and the presiding officer of the house transportation committee. The presiding officer may appoint a designee to serve in the presiding officer's place. The designee must be a legislator or an official of the Montana department of transportation.

Section 3. The presiding officers of the legislative committees shall each appoint one alternate designated representative. The alternate must be a legislator or an official of the Montana department of transportation and shall serve in the absence of the presiding officer.

Traffic regulation — enforcement — penalties, Title 61, ch. 8, part 7.

Part 1
General Provisions

61-11-101. Report of convictions and suspension or revocation of driver's licenses — surrender of licenses. (1) If a person is convicted of an offense for which chapter 5 or chapter 8, part 8, makes mandatory the suspension or revocation of the driver's license or commercial driver's license of the person by the department, the court in which the conviction occurs shall require the surrender to it of all driver's licenses then held by the convicted person. The court shall, within 5 days after the conviction, forward the license and a record of the conviction to the department. If the person does not possess a driver's license, the court shall indicate that fact in its report to the department.

(2) A court having jurisdiction over offenses committed under a statute of this state or a municipal ordinance regulating the operation of motor vehicles on highways, except for standing or parking statutes or ordinances, shall forward a record of the conviction, as defined in 61-5-213, to the department within 5 days after the conviction. The court may recommend that the department issue a restricted probationary license on the condition that the individual comply with the requirement that the person attend and complete a chemical dependency education course, treatment, or both, as ordered by the court under 61-8-732.

(3) A court or other agency of this state or of a subdivision of the state that has jurisdiction to take any action suspending, revoking, or otherwise limiting a license to drive shall report an action and the adjudication upon which it is based to the department within 5 days on forms furnished by the department.

(4) (a) On a conviction referred to in subsection (1) of a person who holds a commercial driver's license or who is required to hold a commercial driver's license, a court may not take any action, including deferring imposition of judgment, that would prevent a conviction for any violation of a state or local traffic control law or ordinance, except a parking law or ordinance, in any type of motor vehicle, from appearing on the person's driving record. The provisions of this subsection (4)(a) apply only to the conviction of a person who holds a commercial driver's license or who is required to hold a commercial driver's license and do not apply to the conviction of a person who holds any other type of driver's license.

(b) For purposes of this subsection (4), "who is required to hold a commercial driver's license" refers to a person who did not have a commercial driver's license but who was operating a commercial motor vehicle at the time of a violation of a state or local traffic control law or ordinance resulting in a conviction referred to in subsection (1).

(5) (a) If a person who holds a valid registry identification card or license issued pursuant to 50-46-307 or 50-46-308 is convicted of or pleads guilty to any offense related to driving under the influence of alcohol or drugs when the initial offense with which the person was charged was a violation of 61-8-401, 61-8-406, 61-8-410, or 61-8-411, the court in which the conviction occurs shall require the person to surrender the registry identification card or license.

(b) Within 5 days after the conviction, the court shall forward the registry identification card and a copy of the conviction to the department of public health and human services.

61-11-102. Records to be kept by department. (1) Except as provided in subsection (8), the department shall create and maintain a central database of electronic files that includes an individual Montana driving record for each person:

(a) who has been issued a Montana driver's license;

(b) who does not have a driver's license from, or active driving record in, another jurisdiction and for whom the department receives a report of conviction of a traffic violation or an offense requiring suspension or revocation of the person's driver's license; and

(c) whose driver's license or driving privileges have been suspended, revoked, canceled, or otherwise withdrawn by the department.

(2) An individual Montana driving record maintained under this section must include:

(a) personal information obtained from the application for a driver's license or a report of conviction;

(b) the person's driver's license number, license type, status, endorsements, restrictions, issue and expiration dates, and any suspensions, revocations, disqualifications, or cancellations that have been imposed against the person;

(c) all convictions reported to the department for the person; and

(d) traffic accidents in which the person was involved, except that a record of involvement in a traffic accident may not be entered on a licensee's record unless the licensee was convicted, as defined in 61-11-203, for an act causally related to the accident.

(3) (a) The department shall create and maintain a CDLIS driver record for each person who has been issued a Montana commercial driver's license or for whom a record of conviction, disqualification, or other licensure action has been taken for violations of any state or local law relating to motor vehicle traffic regulation, other than a parking violation, committed while operating a commercial motor vehicle.

(b) A CDLIS driver record maintained by the department must meet the requirements of 49 CFR 384.225.

(c) If the department receives notice that a person has been disqualified by the federal motor carrier safety administration as an imminent hazard under 49 CFR 383.52, the department shall record the disqualification on the CDLIS driver record.

(4) The department shall retain records created under this section for a period of time that meets or exceeds the standards established under 49 CFR, part 384.

(5) The department is further authorized, upon receiving a record of the conviction in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this state, to forward, by electronic or other means, a report of the conviction to the motor vehicle administrator in the state in which the person is a resident or licensed.

(6) The department may place on a computer storage device the information contained on original records or reproductions of original records made pursuant to this section. Signatures on records are not required to be placed on a computer storage device.

(7) (a) Except as provided in subsection (7)(b), a reproduction of the information placed on a computer storage device is an original of the record for all purposes and is admissible in evidence without further foundation in all courts or administrative agencies when the department certifies the record.

(b) An order, record, or paper generated from the department's central database of electronic files of individual Montana driving records may be certified electronically by the generating computer. The certification must be a certification of the order, record, or paper as it appeared on a specific date.

(c) A court, an office of a clerk of court, or an attorney licensed to practice law in this state may receive and use a computer-generated individual Montana driving record as evidence without further foundation when:

(i) the individual Montana driving record is electronically transmitted from the department's central database of electronic individual Montana driving records to a department-authorized terminal device maintained by the court, the office of the clerk of court, or the attorney; and

(ii) the judge, an officer of the court, or the attorney certifies that the record was not altered in any way.

(8) (a) Except as provided in subsection (4), the department may destroy any individual Montana driving record maintained under this section if there are no suspensions or revocations on the record and there has been no renewed credential in the immediately preceding 16 years.

(b) The department shall adopt rules governing the destruction of records.

Compiler's Comments

2017 Amendment: Chapter 323 in (7)(a) at end substituted "when the department certifies the record" for former text that read: "when the reproduction of the information is signed by a named custodian of the record and the following certification appears on each page:

The individual named below, being a designated custodian of the driver records of the department of justice, motor vehicle division, certifies this document as a true reproduction, in accordance with 61-11-102(7), of the information contained in a computer storage device of the department of justice, motor vehicle division.

Signed:.........................

(Print Full Name)"; substituted (8) for former text that read: "(8) The department may remove any individual Montana driving record from the active database of electronic files maintained under this section if there has been no change in license status on or additional reports of conviction to the record in the immediately preceding 16 years. Any individual driving record removed must be retained elsewhere by the department as an inactive record in an electronic storage device that is searchable and retrievable"; and made minor changes in style. 61-11-105. Release of information — fees. (1) Subject to the limitations of this section, the department shall, upon request, furnish a person the individual Montana driving record of a driver or licensee, containing the following data:

(a) the driver's or licensee's name, driver's license number, and date of birth;

(b) driver's license status, including the license type and any endorsements, the license issue date, license restrictions, any suspensions, revocations, or cancellations that have been imposed against the driver or licensee, and the license expiration date;

(c) convictions of the driver or licensee; and

(d) traffic accidents in which the driver or licensee was involved.

(2) The department may not enter into any agreement to disclose or sell, in bulk, any data contained in an individual Montana driving record unless the requester of the information provides the department with the names, driver's license numbers, and dates of birth of the

drivers or licensees from whose records a change in license status or conviction activity is to be reported.

(3) (a) The department may not disclose personal information or highly restricted personal information from an individual Montana driving record, except as permitted or required under 61-11-507, 61-11-508, or 61-11-509.

(b) The department may not disclose medical certification status, driver self-certification status, or medical certificate information from a CDLIS driver record as part of an individual Montana driving record except as expressly authorized under 49 CFR 384.225.

(4) Information relating to a traffic accident that did not involve a conviction, as defined in 61-11-203, may not be released by the department unless the release is requested or approved by a party involved in the accident or is required by court order or a duly executed subpoena.

(5) (a) Subject to the requirements of subsection (6) and except as provided in subsection (5)(b), a fee of $4 must be paid for each individual Montana driving record requested. A fee of $10 must be paid if a certified Montana record, as provided in 61-11-102(7), is requested. A fee of 6 cents must be paid for each individual Montana driving record that is searched by the department to report to a requester a change in license status or conviction activity from one or more individual Montana driving records.

(b) An individual Montana driving record must be provided without charge to any criminal justice agency, as defined in 44-5-103, or other state or federal agency.

(6) In addition to the fees required in 61-11-510(3) and subsection (5) of this section, an individual Montana driving record or any report compiled from one or more individual Montana driving records that are electronically transmitted to a requester by an authorized agent as provided in 61-3-116 or through a point of entry for electronic government services are subject to the convenience fee provided for in 2-17-1103 or 61-3-116.

(7) The department may require a requester, other than a federal, state, or local government agency, seeking one or more individual Montana driving records or any data otherwise contained in one or more individual Montana driving records in electronic format to use an authorized agent as provided in 61-3-116 or a point of entry for electronic government services to obtain the record or data.

Part 2
Habitual Traffic Offenders

61-11-201. Purpose. This part is predicated upon the belief and philosophy that innocent drivers and other innocent passengers and pedestrians have a constitutional right to live, free from fear of death or injury from habitual traffic offenders. Further, it is the purpose of this part to reduce the number of motor vehicle accidents in this state and to provide greater safety to the motoring public and others by denying to the habitual traffic offenders the privilege of operating a motor vehicle upon the public streets and highways of this state.

History: En. 31-175 by Sec 1, Ch. 362, L. 1974; R.C.M. 1947, 31-175.

61-11-202. Legislative intent. It is the legislative intent of this part to:

(1) establish criteria and procedures by which persons who have demonstrated their apparent indifference for the safety and welfare of others and their disrespect for the laws of this state and its political subdivisions and their disregard for the orders of its courts and administrative agencies may be adjudged habitual traffic offenders; and

(2) impose increased deprivation of the privilege to operate a motor vehicle upon these persons.

61-11-203. Definitions — habitual traffic offenders — point schedule. (1) As used in this part, the following definitions apply:

(a) "Conviction" has the meaning provided in 61-5-213.

(b) "Habitual traffic offender" means any person who within a 3-year period accumulates 30 or more conviction points according to the schedule specified in subsection (2).

(c) "License" means any type of license or permit to operate a motor vehicle.

(d) "Moving violation" means a violation of a traffic regulation of this state or another jurisdiction by a person while operating a motor vehicle or in actual physical control of a motor vehicle upon a highway.

(e) "Traffic regulation" includes any provision governing motor vehicle operation, equipment, safety, or driver licensing. A traffic regulation does not include provisions governing vehicle registration or local parking.

(2) Subject to subsection (3), the point schedule used to determine whether an individual is a habitual traffic offender is as follows:

(a) deliberate homicide resulting from the operation of a motor vehicle, 15 points;

(b) mitigated deliberate homicide, negligent homicide resulting from operation of a motor vehicle, or negligent vehicular assault, 12 points;

(c) any offense punishable as a felony under the motor vehicle laws of Montana or any felony in the commission of which a motor vehicle is used, 12 points;

(d) driving while under the influence of intoxicating liquor or narcotics or drugs of any kind or operation of a motor vehicle by a person with alcohol concentration of 0.08 or more, 10 points;

(e) operating a motor vehicle while the license to do so has been suspended or revoked, 6 points;

(f) failure of the driver of a motor vehicle involved in an accident resulting in death or injury to any person to stop at the scene of the accident and give the required information and assistance, as described in 61-7-105, 8 points;

(g) willful failure of the driver involved in an accident resulting in property damage of $250 to stop at the scene of the accident and give the required information or failure to otherwise report an accident in violation of the law, 4 points;

(h) reckless driving, 5 points;

(i) illegal drag racing or engaging in a speed contest in violation of the law, 5 points;

(j) any of the mandatory motor vehicle liability protection offenses under 61-6-301 and 61-6-302, 5 points;

(k) operating a motor vehicle without a license to do so, 2 points. However, this subsection (2)(k) does not apply to operating a motor vehicle within a period of 180 days from the date the license expired.

(l) speeding, except as provided in 61-8-725(2)(a), 3 points;

(m) all other moving violations, 2 points.

(3) There may not be multiple application of cumulative points when two or more charges are filed involving a single occurrence. If there are two or more convictions involving a single occurrence, only the number of points for the specific conviction carrying the highest points is chargeable against that defendant.

61-11-204. Department's duties. (1) If the records maintained by the department show that a person's driving record brings the person within the definition of a habitual traffic offender, the department shall:

(a) declare the person a habitual traffic offender;

(b) revoke the person's driver's license or driving privileges as provided in 61-11-211; and

(c) notify the person in writing of the declaration and revocation.

(2) The notice must be sent by first-class mail to the most current address on record with the department. The notice must include a record of the convictions and bond forfeitures upon which the habitual traffic offender designation was based. The notice must inform the person of the right under 61-11-210 to appeal the declaration and revocation. Service of the notice is complete upon mailing.

A copy of a driving record maintained by the department, including abstracts of the records of convictions and bond forfeitures in the custody of the department, certified in writing by the department to be a correct account of its records, may be admitted in evidence in a judicial proceeding under this part. A certified driving record is evidence that the person was convicted of each offense shown in the record. A copy of a driving record may be a copy of an original paper record, a digital image of a paper record, or an electronically transmitted copy of a record.

61-11-210. Appeals. (1) A person declared to be a habitual traffic offender may file a petition in the district court in the county in which the person resides, or in Lewis and Clark County if the person is not a resident of the state, challenging the declaration and revocation. The petition must be filed within 30 days after the person received notice under 61-11-204. Receipt under 61-11-204 is presumed to be on the third day after the date of mailing. After the petition is filed, a copy must be promptly served on the county attorney of the county in which the petition was filed. The county attorney shall represent the department in the proceeding. Proof of service must be filed with the clerk of the court prior to a hearing or grant of relief. Untimely service or lack of service upon the county attorney waives the right to a hearing. The filing of the petition does not stay enforcement of the revocation.

(2) Upon receipt from the county attorney of notice of the petition, the department shall give the county attorney a certified record of the convictions and bond forfeitures upon which the habitual traffic offender declaration was based.

(3) A hearing date must be set and at least 10 days' notice of the date must be given to the parties. The scope of the hearing is limited to whether the petitioner is the person named in the certified record of convictions and bond forfeitures upon which the habitual traffic offender declaration was based and whether the petitioner is a habitual traffic offender. The petitioner has the burden of proving that the department's actions are invalid or that its records are erroneous.

(4) If the court finds that the petitioner is the person declared by the department to be a habitual traffic offender and that the petitioner is a habitual traffic offender, the court shall dismiss the petition. If the court finds that the petitioner is not the person declared by the department to be a habitual traffic offender or that the petitioner is not a habitual traffic offender, the court shall grant the petition and provide the petitioner with appropriate relief, which must include an order that the department reimburse the petitioner for court fees paid by the petitioner.

(5) Upon a finding adverse to the petitioner, the clerk of the court shall file with the department a copy of the court's order, together with the petitioner's driver's license if the license has not been previously surrendered. If the petition is granted, the clerk of the court shall file with the department a copy of the court's order granting the petition. The order must state the grounds upon which the relief was granted and must specify the court findings on the conviction points, if any, that have been accrued by the petitioner. The department shall then correct the petitioner's driving record to comport with the court's specific findings.

A person who is declared to be a habitual traffic offender under this part who operates a motor vehicle in this state during the period of revocation of the person's driver's license or driving privileges is guilty of a misdemeanor and upon conviction shall be imprisoned for a period of not less than 14 days or more than 1 year or fined not more than $1,000, or both, and the department, upon receiving a record of the conviction of a person under this section, shall extend the period of revocation for an additional 1 year. However, in cases in which the prohibited operation of a motor vehicle by a habitual traffic offender is necessitated in a situation of extreme emergency in order to save life, limb, or property, the person may not be considered guilty of a violation under this part.

Part 5

Montana Driver Privacy Protection Act

61-11-501. Short title. This part may be cited as the "Montana Driver Privacy Protection Act".

History: En. Sec. 1, Ch. 363, L. 2001.

61-11-502. Purpose. The purpose of this part is to create a more restrictive state version of the federal prohibition on release and use of certain personal information from state motor vehicle records, found in 18 U.S.C. 2721, to protect an individual's privacy, consistent with the Montana constitution, by prohibiting the disclosure and use of personal information contained in Montana motor vehicle records, except when that use may be authorized by law.

History: En. Sec. 2, Ch. 363, L. 2001.

61-11-503. Definitions. As used in this part, the following definitions apply:

(1) "Disclose" means to engage in any practice or conduct that makes available or known, by means of any communication to another person, organization, or entity, personal information contained in a motor vehicle record.

(2) "Express consent" means an affirmative authorization given in writing by a person to whom personal information pertains that specifically allows the department to release personal information to another person, organization, or entity. Consent may be conveyed electronically if the conveyance includes an electronic signature, as defined in 30-18-102, from the person to whom the personal information pertains.

(3) "Highly restricted personal information" means an individual's photograph or image, social security number, or medical or disability information.

(4) "Motor vehicle record" means any record maintained by the department that pertains to a driver's license, commercial driver's license, driving permit, motor vehicle title, motor vehicle registration, or identification card issued by the department.

(5) "Person" does not mean a state agency or local government entity.

(6) (a) "Personal information" means information that identifies a person, including a person's name, address, telephone number, social security number, driver's license or identification number, date of birth, photograph or image, and medical or disability information.

(b) The term does not include the five-digit zip code of an address, information on vehicular accidents, driving or equipment-related violations, a person's driver's license or vehicle registration status, or a vehicle's insurance status.

(7) "Record" includes all books, papers, photographs, photostats, cards, film, tapes, recordings, electronic data, printouts, or other documentary materials, regardless of physical form or characteristics.

History: **En. Sec. 3, Ch. 363, L. 2001; amd. Sec. 4, Ch. 533, L. 2003; amd. Sec. 3, Ch. 130, L. 2007.**

61-11-504 and 61-11-505 reserved.

61-11-506. Disclosure of personal information from motor vehicle record prohibited. The department may not disclose personal information from a motor vehicle record unless the disclosure is permitted or required, as provided in 61-11-507, 61-11-508, or 61-11-509.

History: **En. Sec. 4, Ch. 363, L. 2001.**

61-11-507. Required disclosure. Upon application, proof of the identity of a person requesting a record, and payment of the fees required in 61-11-510, the department shall disclose personal information, excluding highly restricted personal information, from a motor vehicle record for use in implementing federal law and federal regulations regarding:

(1) motor vehicle or driver safety and theft;

(2) motor vehicle emissions;

(3) motor vehicle product alterations, recalls, or advisories;

(4) performance monitoring of motor vehicles and dealers by motor vehicle manufacturers; and

(5) removal of nonowner records from the original owner records of motor vehicle manufacturers.

History: **En. Sec. 5, Ch. 363, L. 2001.**

61-11-508. Permitted disclosure of personal information — specific uses. Upon application, proof of the identity of the person requesting a record, and payment of fees required in 61-11-510, the department may disclose personal information, including highly restricted personal information, from a motor vehicle record to:

(1) the person who is the subject of the motor vehicle record; or

(2) a person who represents that the use of the information will be strictly limited to one or more of the following:

(a) a federal, state, or local government agency, including a court or a law enforcement agency, and any individual acting on behalf of the agency in carrying out its functions, including representatives of the news media for a legitimate law enforcement purpose, as determined by the department; or

(b) a person, organization, or entity, upon the express consent of the person to whom the information pertains.

History: **En. Sec. 6, Ch. 363, L. 2001.**

61-11-509. Permitted disclosure of personal information, excluding highly restricted personal information — specific uses. Upon application, proof of the identity of the person requesting a record, and payment of the fees required in 61-11-510 and subject to the provisions of 61-11-105, the department may disclose personal information, excluding highly restricted personal information, from a motor vehicle record to a person who represents that the use of the personal information will be limited to one or more of the following uses:

(1) in the normal course of business by a legitimate business or its agents, employees, or contractors, but only:

(a) to verify the accuracy of personal information submitted by the individual to the business or its agents, employees, or contractors; and

(b) if the submitted information is not correct or is no longer correct, to obtain the correct information for the purposes of preventing fraud by pursuing legal remedies against or recovering on a debt or security interest against the individual;

(2) by a party in interest, or the agent of a party in interest, in a civil, criminal, administrative, or arbitral proceeding in any court or government agency or before any self-regulatory body,

including the service of process, an investigation in anticipation of litigation, and the execution or enforcement of judgments and orders, or pursuant to an order of any court;

(3) by an insurer or insurance-support organization or a self-insured entity or its agents, employees, or contractors, in connection with the following arising under insurance policies:

(a) the investigation of claims;

(b) antifraud activities;

(c) ratemaking; or

(d) underwriting;

(4) by an employer or its agent or insurer to obtain or verify information relating to a holder of a commercial driver's license required under federal or state law;

(5) to conduct research activities and produce statistical reports and journalistic articles as long as the personal information is not published, disclosed to a third party, or used to contact individuals;

(6) to provide notice to the owners of towed, abandoned, or impounded vehicles;

(7) for use by any licensed private investigative agency or licensed security service for any purpose provided under this section;

(8) for use in activities pertaining to:

(a) motor vehicle or driver safety and theft;

(b) motor vehicle emissions;

(c) motor vehicle product alterations, recalls, or advisories;

(d) performance monitoring of motor vehicles and dealers by motor vehicle manufacturers; and

(e) removal of nonowner records from the original owner records of motor vehicle manufacturers;

(9) for any other use that is specifically related to the operation of a motor vehicle or to public safety and that is authorized by state law; and

(10) for any use by a requester who demonstrates to the department that the requester has obtained the express consent of the person to whom the information pertains.

History: En. Sec. 7, Ch. 363, L. 2001; amd. Sec. 5, Ch. 533, L. 2003.

61-11-510. Prerequisites to disclosure. (1) Prior to the disclosure of personal information or highly restricted personal information, as provided in 61-11-507, 61-11-508, or 61-11-509, the department shall require the requester to complete and submit an application, in a form prescribed by the department, identifying the requester and specifying the statutorily recognized uses for which the personal information or highly restricted personal information is being sought.

(2) The department shall require the requester to provide identification acceptable to the department.

(3) (a) The department shall collect the appropriate fees paid by the requester and shall determine the amount of the fees in accordance with 61-3-101, 61-11-105, and this subsection (3), and as appropriate, in accordance with the terms of a contract between the department and the requester.

(b) The department shall ensure that fees established by policy or contract:

(i) recover the department's cost and expenses as provided in 2-6-1006 and 61-3-101;

(ii) include an additional amount necessary to compensate the department for costs associated with developing and maintaining the database from which information is requested; and

(iii) incorporate, when applicable, the convenience fee established under 2-17-1103.

(c) Except as provided in 61-11-105(5)(b) and subsection (3)(d) of this section, the department shall charge a fee to any person, including a representative of a federal, state, or local government entity or member of the news media who requests information under this section.

(d) The department may not charge a fee for information requested by the governor's office of budget and program planning, the state tax appeal board, any legislative branch agency or committee, or any criminal justice agency, as defined in 44-5-103.

History: En. Sec. 8, Ch. 363, L. 2001; amd. Sec. 6, Ch. 533, L. 2003; amd. Sec. 57, Ch. 348, L. 2015.

61-11-511 through 61-11-514 reserved.

61-11-515. Sale or disclosure of personal information by recipient. (1) A requester who receives personal information or highly restricted personal information pursuant to 61-11-507, 61-11-508, 61-11-509, or 61-11-510 may not sell or disclose the information, except for a use that is specifically permitted in 61-11-507, 61-11-508, or 61-11-509.

(2) A requester who sells or discloses personal information or highly restricted personal information to a third party under this section shall create and maintain records for a period of not less than 5 years from the date of the sale or disclosure. The records must show the name, address, telephone number, and any other identifying information required by the department of the third party who bought or received the information and must document the permitted use for which the information was obtained. The records must be produced or made available for inspection at the request of the department.

History: En. Sec. 9, Ch. 363, L. 2001.

61-11-516. Rulemaking. The department may adopt rules to implement this part. The rules may include procedures for:

(1) verifying the identity of a person requesting personal information;

(2) maintaining records of release of personal information by the department or by any recipient under this part; and

(3) providing for oversight of sale or disclosure of personal information to third parties.

History: En. Sec. 10, Ch. 363, L. 2001.

Municipal trafficways and public grounds, Title 7, ch. 14, part 41.

61-12-101. Powers of local authorities to regulate traffic. (1) The provisions of chapters 8 and 9 do not prevent local authorities with respect to sidewalks, streets, and highways under their jurisdiction and within the reasonable exercise of the police power from:

(a) regulating the standing or parking of vehicles;

(b) regulating the traffic by means of police officers or traffic control devices;

(c) regulating or prohibiting processions or assemblages on the highways;

(d) designating particular highways as one-way highways and requiring that all vehicles on those highways be moved in one specific direction;

(e) regulating the speed of vehicles in public parks;

(f) designating any highway as a through highway, as defined in 61-8-341, and requiring that all vehicles stop before entering or crossing a through highway and designating any intersection, as defined in 61-8-102, as a stop intersection and requiring all vehicles to stop at one or more entrances to stop intersections;

(g) restricting the use of highways as authorized in 61-10-128(2);

(h) regulating the operation of bicycles or mopeds, as defined in 61-8-102, and requiring the registration and licensing of bicycles or mopeds, including requiring a registration fee;

(i) regulating or prohibiting the turning of vehicles or specified types of vehicles at intersections;

(j) altering the speed limits as authorized in Title 7, chapter 14, and Title 61, chapter 8;

(k) regulating the operating of a vehicle by a person who is a habitual user of or under the influence of any narcotic drug or who is under the influence of any other drug to a degree that renders the person incapable of safely operating a vehicle within the incorporated limits of any city or town;

(l) regulating or prohibiting a person who is under the influence of intoxicating liquor from operating or being in actual physical control of a vehicle within the incorporated limits of a city or town;

(m) regulating or prohibiting the operation of a vehicle by a person in willful or wanton disregard for the safety of persons or property within the incorporated limits of a city or town;

(n) enacting as ordinances any provisions of chapter 8 or 9 and any other law regulating traffic, pedestrians, vehicles, and operators of vehicles that are not in conflict with state law or federal regulations and enforcing the ordinances;

(o) regulating the operation of motorized nonstandard vehicles on sidewalks, streets, and highways; and

(p) regulating the operation of golf carts on streets and highways.

(2) The powers of a local authority to regulate traffic do not include the power to require a fee and a permit for the movement of a vehicle, combination of vehicles, load, object, or other thing of a size exceeding the maximum specified in 61-10-101 through 61-10-104 on a highway that is under the jurisdiction of an entity other than the local authority.

61-12-102. Private parking services — parking citations. (1) As used in this section, the following definitions apply:

(a) "Local government" means a municipality, if the private parking service operates parking services within a municipality, or a county, if the services are not operated within a municipality.

(b) "Private parking service" means the service of providing areas for parking motor vehicles by the general public for compensation and includes those services conducted:

(i) on private property; or

(ii) on public property under contract or agreement with the local government.

(2) A local government may by ordinance allow a private parking service to impound a motor vehicle. A motor vehicle may not be impounded by attaching a device that makes the motor vehicle immobile.

(3) A private parking service may enter into an agreement with the local government to authorize employees of the private parking service to issue citations for parking violations as defined by state, municipal, or county laws, that occur within the boundaries of the private parking service's parking areas. All citations must be considered within the jurisdiction of the local government and must be handled in the same manner as citations issued by peace officers of the local government.

Enforcement by Department of Transportation Personnel

Part Cross-References

Duties of Department of Transportation, 60-2-202.

61-12-201. Appointment of employees and out-of-state personnel as peace officers — definition. (1) The director of transportation may appoint employees of the department as peace officers to carry out this part. The employees appointed may include only those employees of the department who are employed in the administration of the motor carrier services functions of the department and employees of other states. Out-of-state personnel may be appointed only for the purpose of enforcing gross vehicle weight laws at joint weigh station facilities. Each employee appointed must be issued a certificate of appointment and execute an oath of office, which must be entered into the records of the department.

(2) The department may enter into joint weigh station agreements with other states. If the department enters into a joint weigh station agreement with another state, the department may not reduce staff levels in the motor carrier services division of the department as a result of the agreement but may reassign staff. However, this subsection does not apply to a reduction in force for the department as a whole.

(3) As used in this part, "department" means the department of transportation.

61-12-204. Identification badge and uniform — safety equipment. (1) Employees of the department engaged in the enforcement of this part shall wear and prominently display an identification badge or device with the employee's name and title shown on the identification badge or device. The department may authorize uniform dress for department employees engaged in such enforcement.

(2) The department may issue soft body armor to an employee engaged in the enforcement of this part upon request of the employee after the employee's appointment as a peace officer.

History: En. Sec. 6, Ch. 242, L. 1971; amd. Sec. 47, Ch. 316, L. 1974; R.C.M. 1947, 32-1637; amd. Sec. 1, Ch. 333, L. 1991.

61-12-205. Power to inspect vehicle registration, receipts, and other documents. Employees of the department designated or appointed as peace officers under 61-10-154 or 61-12-201 may when officially dressed make reasonable inspections of vehicle registration receipts, department receipts and registrations, special permits, and other documents required to be carried in or for a vehicle traveling on the public highways of Montana.

History: En. Sec. 5, Ch. 242, L. 1971; amd. Sec. 46, Ch. 316, L. 1974; R.C.M. 1947, 32-1636; amd. Sec. 10, Ch. 366, L. 2005.

The employee may accept a deposit for appearance justifiable for the offense charged. The person who is arrested may be detained for a reasonable time for the purpose of issuing the notice or of awaiting the arrival of another peace officer who has been called to the scene, or the person may be transported, as provided in 46-7-101. If the employee accepts bail, the employee shall give a signed receipt to the offender, setting forth the amount received. The employee shall then deliver the bail money to the justice of the peace before whom the offender is to appear, and the justice of the peace shall give a receipt to the employee for the amount of bail money delivered. After the filing of the complaint and appearance of the defendant, the justice of the peace shall assume jurisdiction and may set and accept further appearance bail bond.

61-12-303. Requirements for license. (1) The commissioner may not issue a license to a company until the company has filed the following:

(a) a formal application in the form and detail that the commissioner may require, executed under oath by its president or other principal officer;

(b) a copy of the form of its contract;

(c) a certified copy of its charter or articles of incorporation and its bylaws, if any;

(d) a financial statement in the form and detail that the commissioner may require, executed on oath by its president or other principal officer;

(e) a certificate from the commissioner that it has complied with 61-12-304 in all cases in which a deposit of cash or a bond is required by this part;

(f) if the company is a corporation, a certificate from the secretary of state that the company has complied with this state's corporate laws.

(2) The commissioner may not issue a license to a company until the company has paid to the commissioner $100 as an annual license fee or the pro rata portion of the $100 necessary to be paid to the end of the current calendar year from the date of the application for the license.

(3) The commissioner may not issue a license to a company until the company has satisfied by an examination and evidence that the commissioner may require that the company has complied with the laws of the state, that its management is trustworthy and competent, and that the company is financially responsible.

History: En. Sec. 3, Ch. 131, L. 1931; re-en. Sec. 4211.3, R.C.M. 1935; R.C.M. 1947, 66-1103; amd. Sec. 19, Ch. 798, L. 1991; amd. Sec. 63, Ch. 472, L. 1999.

61-12-304. Deposits required. The commissioner may not grant a license to a company until it has deposited with the commissioner the sum of $25,000 in cash or in lieu thereof a bond in a form prescribed by the commissioner payable to the state of Montana in the sum of $25,000, with surety approved by the commissioner, conditioned upon the faithful performance of its service contracts and payment of any fines or penalties levied against it for failure to comply with this part. However, when any company proves to the commissioner that it has been in continuous, active operation in the state for a period of more than the preceding 5 years and has a paid membership of more than 5,000 members within the state or that there are more than 5,000 holders of its service contracts within the state and that it is being properly managed, is rendering to its members the services promised to them, and is financially responsible, the commissioner may not require a cash deposit or bond while the company remains in that condition. The cash deposit or bond is not a penalty but is for the protection of the public only.

61-12-401. Taking vehicle into custody. (1) The following law enforcement agencies may take into custody any motor vehicle found abandoned for a period of 48 hours or more on a public highway or for a period of 5 days or more on a city street, public property, or private property:

(a) the Montana highway patrol if the vehicle is upon the right-of-way of any public highway other than a county road;

(b) the sheriff of the county if the vehicle is upon the right-of-way of any county road;

(c) the city police if the vehicle is upon a city street.

(2) The Montana highway patrol, sheriff of the county, or city police may use their personnel, equipment, and facilities for the removal and storage of the vehicle or may hire other personnel, equipment, and facilities for those purposes.

(3) If the Montana highway patrol, the sheriff of the county, or the chief of police of the city in which the vehicle is being stored has hired other personnel, equipment, and facilities to remove and store a vehicle, the Montana highway patrol, sheriff, or chief of police shall either:

(a) pay the person hired to remove the vehicle an amount not to exceed the amount for a removal charge established by rules adopted by the department of environmental quality and may request reimbursement of the hired removal charge from the motor vehicle recycling and disposal program of the department of environmental quality in an amount and manner established by rules adopted by the department of environmental quality for this purpose; or

(b) authorize the person hired to remove the vehicle to submit directly to the department of environmental quality a claim for payment to be made directly to the person hired to remove the vehicle.

(4) (a) At the request of the owner or person in lawful possession or control of the private property, the sheriff of the county in which the vehicle is located or the city police of the city in which the vehicle is located may remove and hold it in the manner and upon the conditions provided in subsections (1) and (2).

(b) A private landowner owning property considered to be part of ways of this state open to the public, as defined in 61-8-101, who can demonstrate meeting the 5-day waiting period in subsection (1) by calling one of the law enforcement agencies listed in subsection (1) at the start of the 5-day period may remove the abandoned vehicle within the conditions provided for in subsections (1) and (2).

61-12-402. Notice to owner. (1) Within 72 hours after a vehicle is removed and held by or at the direction of the Montana highway patrol, the highway patrol shall notify the sheriff of the county or the chief of police of the city in which the vehicle is being stored of where and when the vehicle was taken into custody and of where the vehicle is being stored. In addition, the Montana highway patrol shall furnish the sheriff or the chief of police:

(a) a complete description of the vehicle, including year, make, model, serial number, and license number if available;

(b) any costs incurred to that date in the removal, storage, and custody of the vehicle; and

(c) any available information concerning the vehicle's ownership.

(2) The highway patrol shall notify the sheriff of the county or the chief of police of the city in which the vehicle was taken into custody of the location at which the vehicle is being stored if the vehicle was removed to a different county.

(3) The sheriff or the city police in the jurisdiction where the vehicle is being stored shall make reasonable efforts to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle taken into custody under 61-12-401. If a name and address are ascertained, the sheriff or the city police shall notify the owner, lienholder, or person of the location of the vehicle.

(4) If the vehicle is registered in the office of the department, notice is considered to have been given when a certified letter addressed to the registered owner of the vehicle and lienholder, if any, at the latest address shown by the records in the office of the department, return receipt requested and postage prepaid, is mailed at least 30 days before the vehicle is sold.

(5) If the identity of the last-registered owner cannot be determined, if the registration does not contain an address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the county where the motor vehicle is being stored is sufficient to meet all requirements of notice pursuant to this part. The notice by publication may contain multiple listings of abandoned vehicles. The notice must be provided in the same manner as prescribed in 25-13-701(1)(b).

(6) If the abandoned vehicle is in the possession of a motor vehicle wrecking facility licensed under 75-10-511, the wrecking facility may make the required search to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle and shall give the notices required in subsections (3) through (5). The wrecking facility shall deliver to the sheriff or the city police a certificate describing the efforts made to ascertain the name and address of the owner, lienholder, or person entitled to possession of the vehicle and shall deliver to the sheriff or the city police proof of the notice given.

(7) (a) A vehicle found by law enforcement officials to be a junk vehicle, as defined by 75-10-501, and that has a value of $500 or less may be directly submitted for disposal in accordance with the provisions of Title 75, chapter 10, part 5, upon a release given by the sheriff or the city police. The county representative designated to implement the county motor vehicle recycling and disposal program pursuant to 75-10-521 for the county where the vehicle is being stored shall determine the value of the vehicle. In the release, the sheriff or the city police shall include a description of the vehicle, including year, make, model, serial number, and license number if available. If the vehicle is being stored by a motor vehicle wrecking facility, the sheriff or the city police shall transmit the release to the motor vehicle wrecking facility and the facility

shall consider the release to meet the requirements for records under 61-3-225 and 75-10-512. If the vehicle is being stored by a qualified tow truck operator, as defined in 61-8-903, the sheriff or the city police shall transmit the release to the operator. Vehicles described in this section may be submitted for disposal without notice and without a required holding period.

(b) A licensed vehicle that otherwise meets the definition of a junk vehicle, as defined in 75-10-501, and that has a value of $500 or less may be directly submitted for disposal as provided in subsection (7)(a).

Part 8
Disclosure of Data From Rental Vehicles

61-12-801. Disclosure of data from rental vehicle — definitions. (1) (a) Except as provided in subsection (1)(b), a rental vehicle entity that rents a rental vehicle equipped with a global positioning system or a satellite navigation system to a person in this state shall disclose in the rental agreement or a written addendum to the rental agreement the presence and purpose of the system.

(b) A rental vehicle entity that uses a global positioning system or a satellite navigation system only to track lost or stolen vehicles or provide navigational services is not required to provide the disclosure in subsection (1)(a).

(2) As used in this section:

(a) "rental agreement" means a written agreement setting forth the terms and conditions governing the use of a rental vehicle that is provided by a rental vehicle entity for the rental of a rental vehicle for a period of not more than 90 days;

(b) "rental vehicle" means a light vehicle, a motorcycle, a motor-driven cycle, a quadricycle, or an off-highway vehicle that is used under a rental agreement by a person other than the owner of the rental vehicle;

(c) "rental vehicle entity" means a business entity that provides rental vehicles to the public without a driver, pilot, or operator under a rental agreement for a fee.

History: En. Sec. 1, Ch. 227, L. 2007.

Part 9
Licensure of Manufactured Home Dealers

61-12-901. Manufactured home dealers — licensure — bond requirements — rulemaking. (1) (a) Except as provided in subsection (1)(b), a person may not engage in the business of buying, selling, exchanging, accepting on consignment, or acting as a broker of a manufactured home that is not titled in the person's name unless the person is the holder of a manufactured home dealer's license issued by the department.

(b) This section does not apply to a person buying, selling, exchanging, accepting on consignment, or acting as a broker of a used manufactured home that is not titled in the person's name.

(2) (a) The department shall issue a manufactured home dealer's license to any person it determines is qualified to hold the license under the provisions of this section. The department may adopt rules establishing requirements for licensure.

(b) A manufactured home dealer's license authorizes the licensee to:

(i) sell any new manufactured home that is covered under a franchise agreement between the licensee and the manufacturer, importer, or distributor of the manufactured home;

(ii) sell any used manufactured home;

(iii) negotiate the purchase, sale, or exchange of a manufactured home from another licensed dealer or another person on behalf of a client when the licensee does not store, display, or take ownership of the manufactured home purchased, sold, or exchanged.

(3) A license issued by the department is valid until:

(a) voluntarily returned to the department for surrender and cancellation upon the cessation of the licensee's business operations; or

(b) suspended or revoked for a violation of this section or any other laws relating to the sale of a manufactured home.

(4) (a) An applicant for a manufactured home dealer's license shall submit a written application to the department. The application must be signed by the applicant and contain a verification by the applicant, under penalty of law, that the information contained in the application is true and correct. Any information provided in the license application process is subject to independent verification by the department or an authorized representative of the department. The department shall by rule establish the requirements for the application.

(b) After examining a license application and conducting any investigation necessary to verify the information contained in the application, if the department is satisfied that the applicant qualifies for the issuance of a license under the provisions of this section and rules adopted pursuant to this section, the department shall issue the license. The department may refuse, after examination and investigation, to issue a license to an applicant who is not qualified for licensure or whose prior financial or other activities or criminal record, as determined by the department:

(i) poses a threat to the effective regulation of manufactured home dealers;

(ii) poses a threat to the public interest of the state; or

(iii) creates a danger of illegal or deceptive practices being used in the conduct of the proposed dealership.

(5) The application provided to the department must contain but is not limited to the following information:

(a) the name under which the applicant intends to conduct business and the applicant's name, street address, and, if different, mailing address for the business;

(b) the name, date of birth, and social security number of any person who:

(i) possesses or will possess an ownership interest in the business for which the license is sought;

(ii) is a corporate officer or the managing member of a business entity applying for the license; or

(iii) is or will be designated by the applicant to manage or oversee the applicant's business;

(c) the geographic location of the physical lot or lots upon which manufactured homes will be displayed for sale and of a permanent nonresidential building that will be maintained as an office to store the actual physical or electronic records resulting from the purchase, sale, trade, or consignment of manufactured homes for which licensure is sought. The office may be a manufactured home or a site-built structure. The lot must be large enough to contain the office and have space to display a minimum of two double-wide units. An applicant may use more than one location to display manufactured homes for sale if the maximum distance between each display lot does not exceed 200 feet and if the distance between a display lot and the building in which sales records are stored does not exceed 1,000 feet.

(d) for each geographic location specified in the application, evidence of the applicant's compliance with applicable local land use planning, zoning, and business permitting requirements, if any. Evidence of compliance may be documented by means of a written verification of compliance signed by the authorized representative of the local land use planning or zoning board or the local business-permitting agency.

(e) a diagram or plat showing the geographic location, lot dimensions, and building and sign placement for the applicant's proposed established place of business, along with two or more photographs of the geographic location, building premises, and sign, as prescribed by the department. A dealer shall display at the dealer's established place of business at least one sign stating the name of the business and indicating that manufactured homes are offered for sale, trade, or consignment. The letters of the sign must be at least 6 inches in height and clearly visible and readable to the major avenue of traffic at a minimum distance of 150 feet.

(6) If an applicant intends to maintain more than one established place of business, the applicant shall file a separate license application for each proposed place of business and otherwise qualify for licensure at each place separately.

(7) Each application under this section must be accompanied by a $50 fee.

(8) (a) An applicant for a manufactured home dealer's license shall also file a bond of $50,000 with each application.

(b) All bonds must be conditioned upon the applicant conducting the business in accordance with the requirements of the law. All bonds must be approved by the department, filed with the department, and renewed annually.

(9) (a) As used in this section, "manufactured home" means a residential dwelling built in a factory in accordance with the United States department of housing and urban development code and the federal Manufactured Home Construction and Safety Standards.

(b) The term does not include a mobile home or housetrailer as defined in 15-24-201.

History: En. Sec. 1, Ch. 363, L. 2009.

Part 10
Recorded Data

61-12-1001. Definitions. As used in this part, the following definitions apply:

(1) "Event data recorder" has the meaning provided in 49 CFR 563.5 as in effect on October 1, 2011.

(2) "Owner" means a person:

(a) in whose name a motor vehicle is registered or titled;

(b) who leases a motor vehicle for at least 3 months;

(c) who is entitled to possession of a motor vehicle as the purchaser under a security agreement; or

(d) who is the attorney in fact, conservator, or personal representative for a person described in subsections (2)(a) through (2)(c).

History: En. Sec. 1, Ch. 272, L. 2015.

61-12-1002. Ownership of recorded data. Except as provided in 61-12-1004, the data on a motor vehicle event data recorder is exclusively owned by the owner or owners of the motor vehicle and may not be retrieved or used by any person other than an owner of the motor vehicle without the written consent of an owner.

History: En. Sec. 2, Ch. 272, L. 2015.

61-12-1003. Effect of vehicle ownership transfer on ownership of data — prohibited insurer and lessor actions. (1) Data on a motor vehicle event data recorder does not become the property of a lienholder or insurer solely because the lienholder or insurer succeeds in ownership of a motor vehicle as a result of an accident.

(2) An insurer may not condition the payment or settlement of an owner's claim on the owner's consent to the retrieval or use of the data on a motor vehicle event data recorder.

(3) An insurer or lessor of a motor vehicle may not require an owner to consent to the retrieval or use of the data on a motor vehicle event data recorder as a condition of providing the policy or lease.

History: En. Sec. 3, Ch. 272, L. 2015.

61-12-1004. Retrieval or use of data — exceptions. (1) Data from a motor vehicle event data recorder may be retrieved or used without the consent of the owner:

(a) if a court orders the production of the data pursuant to a valid search warrant;

(b) to facilitate or determine the need for emergency medical care for the driver or passenger of a motor vehicle that is involved in a motor vehicle crash or other emergency, including the retrieval of data from a company that provides subscription services to the owner of a motor vehicle for in-vehicle safety and security communications systems;

(c) by order of the district court provided that the owner has notice and 48 hours to object and request a hearing; or

(d) for the purposes of improving motor vehicle safety, security, or traffic management and provided that the identity of the owner or driver is not disclosed in connection with that retrieved data. For purposes of this subsection (1)(d), the disclosure of the vehicle identification number with the last 6 digits deleted does not constitute disclosure of the identity of the owner or driver.

(2) This part does not apply to data that is stored or transmitted pursuant to a subscription service agreement for the use of a recording device to record a history of where a motor vehicle travels or for the transmission of data to a central communications system.

History: En. Sec. 4, Ch. 272, L. 2015.

SEATBELTS

Part 1 — Montana Seatbelt Use Act

61-13-101. Short title.
61-13-102. Definitions.
61-13-103. Seatbelt use required — exceptions.
61-13-104. Penalty — no record permitted.
61-13-105. Education program.
61-13-106. Evidence not admissible.

Part 1
Montana Seatbelt Use Act

61-13-101. Short title. This part may be cited as the "Montana Seatbelt Use Act".

History: En. Sec. 1, Ch. 439, L. 1987.

61-13-102. Definitions. As used in this part, the following definitions apply:

(1) "Department" means the department of justice.

(2) "Highway" means the entire width between the boundary lines of each publicly maintained way when any part thereof is open to public use for vehicular travel.

(3) "Motor vehicle" means a vehicle propelled by its own power and designed primarily to transport persons or property upon the highways of the state.

(4) "Occupants" means the driver and passengers in a motor vehicle.

(5) "Seatbelt" means a system using a lap belt, a shoulder belt, or other belt or combination of belts installed in a motor vehicle to restrain occupants, which system conforms to federal motor vehicle safety standards.

History: En. Sec. 2, Ch. 439, L. 1987.

61-13-103. Seatbelt use required — exceptions. (1) A driver may not operate a motor vehicle upon a highway of the state of Montana unless each occupant of a designated seating position is wearing a properly adjusted and fastened seatbelt or, if 61-9-420 applies, is properly restrained in a child safety restraint.

(2) The provisions of this section do not apply to:

(a) an occupant of a motor vehicle who possesses a written statement from a licensed physician, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102, that the occupant is unable to wear a seatbelt for medical reasons;

(b) an occupant of a motor vehicle in which all seatbelts are being used by other occupants;

(c) an operator of a motorcycle or a motor-driven cycle;

(d) an occupant of a vehicle licensed as special mobile equipment; or

(e) an occupant who makes frequent stops with a motor vehicle during official job duties and who may be exempted by the department.

(3) The department may adopt rules to implement subsection (2)(e).

(4) The department or its agent may not require a driver who may be in violation of this section to stop except:

(a) upon reasonable cause to believe that the driver has violated another traffic regulation or that the driver's vehicle is unsafe or not equipped as required by law; or

(b) if a person in the vehicle who is under 6 years of age and weighs less than 60 pounds is not properly restrained under 61-9-420 or this section.

History: En. Sec. 3, Ch. 439, L. 1987; amd. Sec. 2, Ch. 407, L. 2003; amd. Sec. 234, Ch. 542, L. 2005; amd. Sec. 6, Ch. 242, L. 2007; amd. Sec. 3, Ch. 280, L. 2011.

61-13-104. Penalty — no record permitted. (1) A driver who violates 61-13-103 shall be fined $20, but the violation is not a misdemeanor pursuant to 45-2-101, 46-18-236, 61-8-104, or 61-8-711. A violation of 61-13-103 may not be counted as a moving violation for purposes of suspending a driver's license under 61-11-203(2)(m). Bond for this offense is $20, and a jail sentence may not be imposed.

(2) A violation of 61-13-103 may not be recorded or charged against the driver's record of a person violating 61-13-103.

(3) An insurance company may not hold a violation of 61-13-103 against the insured or increase the insured's premiums due to a violation of 61-13-103.

History: En. Sec. 4, Ch. 439, L. 1987; amd. Sec. 7, Ch. 365, L. 1993; amd. Sec. 5, Ch. 218, L. 2001; amd. Sec. 13, Ch. 556, L. 2003.

61-13-105. Education program. The highway traffic safety division of the department shall continue its program for public information and education concerning the benefits of wearing seatbelts and include within such program the requirements of 61-13-103 and the penalty specified in 61-13-104.

History: En. Sec. 5, Ch. 439, L. 1987.

61-13-106. Evidence not admissible. Evidence of compliance or failure to comply with 61-13-103 is not admissible in any civil action for personal injury or property damage resulting from the use or operation of a motor vehicle, and failure to comply with 61-13-103 does not constitute negligence.

History: En. Sec. 6, Ch. 439, L. 1987.

Part 1

Definitions and Policy

67-1-101. Definitions. Unless the context requires otherwise, in this title, the following definitions apply:

(1) "Aeronautics" means transportation by aircraft; the operation, construction, repair, or maintenance of aircraft, aircraft power plants and accessories, including the repair, packing, and maintenance of parachutes; the design, establishment, construction, extension, operation, improvement, repair, or maintenance of airports, restricted landing areas, or other air navigation facilities; and air instruction.

(2) (a) "Aeronautics instructor" means an individual engaged in giving instruction or offering to give instruction in aeronautics, either in flying or ground subjects, or both, for hire or reward, without advertising that occupation, without calling the facilities an "air school" or anything equivalent to an "air school", and without employing or using other instructors.

(b) The term does not include an instructor in a public school or university of this state or an institution of higher learning accredited and approved for carrying on collegiate work while engaged in duties as an instructor.

(3) "Air carrier" means a person or corporation owning, controlling, operating, or managing aircraft as a scheduled common carrier of passengers or freight for compensation within this state.

(4) "Aircraft" means a contrivance used or designed for navigation of or flight in the air.

(5) "Aircrew" includes:

(a) an individual who engages, as the person in command or as pilot, mechanic, or member of the crew, in the navigation of aircraft while under way;

(b) an individual who is directly in charge of the inspection, maintenance, overhauling, or repair of aircraft engines, propellers, or appliances except for an individual employed outside the United States, an individual employed by a manufacturer of aircraft, aircraft engines, propellers, or appliances to perform duties as inspector or mechanic in connection with them, and an individual performing inspection or mechanical duties in connection with aircraft owned or operated by the individual; and

(c) an individual who serves in the capacity of aircraft dispatcher or air traffic control tower operator.

(6) "Air instruction" means the imparting of aeronautical information by an aeronautics instructor or in or by an air school or flying club.

(7) "Air navigation" means the operation or navigation of aircraft in the air space over this state or upon an airport or restricted landing area within this state.

(8) "Air navigation facility" means a facility used in, available for use in, or designed for use in aid of air navigation, including airports, restricted landing areas, and structures, mechanisms, lights, beacons, marks, communicating systems, or other instrumentalities or devices used or useful as an aid or constituting an advantage or convenience to the safe taking off, navigation, and landing of aircraft or the safe and efficient operation or maintenance of an airport or restricted area and any combination of these facilities.

(9) "Airport" means an area of land or water that is intended or designed for the landing and takeoff of aircraft, whether or not facilities are provided for the shelter, servicing, or repair of aircraft or for receiving or discharging passengers or cargo, and all appurtenant areas used or suitable for airport buildings or other airport facilities and all appurtenant rights-of-way.

(10) "Airport authority" or "authority" means a regional airport authority or municipal airport authority created under chapter 11 and the governing body of a municipality that has determined to exercise the powers of a municipal airport authority under 67-11-102.

(11) "Airport hazard" means a structure, object of natural growth, or use of land that obstructs the air space required for the flight of aircraft in landing or taking off at an airport or restricted landing area or is otherwise hazardous to landing or taking off.

(12) "Airport protection privileges" means easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of airports or restricted landing areas, and other protection privileges, the acquisition or control of which is necessary to ensure safe approaches to the landing areas of airports and restricted landing areas and the safe and efficient operation of airports or restricted landing areas.

(13) (a) "Air school" means a person engaged in giving or offering to give instruction in aeronautics, either in flying or ground subjects, or both, for or without hire or reward, and advertising or representing to the public that the person gives or offers to give that instruction.

(b) The term does not include a public school or university of this state or an institution of higher learning accredited and approved for carrying on collegiate work.

(14) "Board" means the board of aeronautics provided for in 2-15-2506.

(15) "Bonds" means bonds, notes, interim certificates, debentures, or similar obligations issued by an authority under chapter 11.

(16) "Building or structure" means any edifice, structure, or construction of any kind, character, or description and any object of natural growth erected, constructed, grown, located or proposed to be erected, constructed, grown, or located within the airport affected area designated pursuant to 67-7-201, including any edifice, structure, or construction or object within the restricted zones erected, constructed, placed, or located on or over land or water, or both.

(17) "Civil aircraft" means an aircraft other than a public aircraft.

(18) "Commercial air operator" means any person owning, controlling, operating, or managing aircraft for any commercial purpose for compensation.

(19) "Department" means the department of transportation provided for in Title 2, chapter 15, part 25.

(20) "Flying club" means a person other than an individual that, neither for profit nor reward, owns, leases, or uses one or more aircraft for the purpose of instruction or pleasure, or both.

(21) "Governing body" means, except as provided in 67-7-103, a city commission, town council, or county commission and the boards, departments, and divisions of those entities, by whatever name they are known, that have charge of finances and management of a municipality or a county.

(22) "Height of buildings and structures" means, for the purposes of Title 67, chapter 7, the vertical distance measured from the ground or surface level of the airport on the side adjacent to the building or structure to the level of the highest point of the building or structure.

(23) "Municipal airport authority" or "municipal authority" means a municipal airport authority created under 67-11-102.

(24) "Municipality" means a county, city, village, or town of this state and any other political subdivision, public corporation, authority, or district in this state authorized by law to acquire, establish, construct, maintain, improve, and operate airports and other air navigation facilities.

(25) "Navigable air space" means air space above the minimum altitudes of flight prescribed by the laws of this state or by regulations of the department.

(26) "NPIAS airport" means an airport that is included in the federal aviation administration's national plan of integrated airport systems.

(27) "Operation of aircraft" or "operate aircraft" means the use of aircraft for the purpose of air navigation and includes the navigation or piloting of aircraft. A person who causes or authorizes the operation of aircraft, whether with or without the right of legal control, in the capacity of owner, lessee, or otherwise, of the aircraft, operates the aircraft.

(28) "Person" means an individual, firm, partnership, private, municipal, or public corporation, company, association, joint-stock association, or body politic and includes a trustee, receiver, assignee, or other similar representative.

(29) "Political subdivision" has the same meaning as municipality.

(30) "Public aircraft" means an aircraft used exclusively in the service of any government or of a political subdivision of a government, including the government of a state, territory, or possession of the United States, or the District of Columbia, but not including a government-owned aircraft engaged in carrying persons or property for commercial purposes.

(31) "Real property" means lands, structures, buildings, and interests in land, including lands under water and riparian rights, and all things and rights usually included within the term real property, including not only fee simple absolute but also all lesser interests, such as easements, rights-of-way, uses, leases, licenses, and all other incorporeal hereditaments and every estate, interest, or right, legal or equitable, pertaining to real property.

(32) "Regional airport authority" or "regional authority" means a regional airport authority created under 67-11-103.

(33) "Restricted landing area" means an area of land or water, or both, that is used or is made available for the landing and takeoff of aircraft, the use of which must, except in case of emergency, be only as provided by the department.

(34) "State airway" means a route in the navigable air space over and above the lands or waters of this state, designated by the department as a route suitable for air navigation.

(35) "Structure" means any object constructed or installed by a person, including but not limited to buildings, towers, smokestacks, and overhead transmission lines.

(36) "Tree" means any object of natural growth.

(37) "YDNL" means the 365-day average, in decibels, day-night average sound level as provided in 14 CFR 150.7.

67-1-102. Policy. It is hereby declared that the purpose of this title is to further the public interest and aeronautical progress by:

(1) providing for the protection and promotion of safety in aeronautics;

(2) cooperating in effecting a uniformity of the laws relating to the development and regulation of aeronautics in the several states;

(3) revising existing statutes relative to the development and regulation of aeronautics so as to grant to a state agency such powers and impose upon it such duties that the state may properly perform its functions relative to aeronautics and effectively exercise its jurisdiction over persons and property within such jurisdiction, may assist in the promotion of a statewide system of airports, may cooperate with and assist the political subdivisions of this state and others engaged in aeronautics, and may encourage and develop aeronautics;

(4) establishing uniform regulations, consistent with federal regulations and those of other states, in order that those engaged in aeronautics of every character may so engage with the least possible restriction, consistent with the safety and the rights of others; and

(5) providing for cooperation with the federal authorities in the development of a national system of civil aviation and for coordination of the aeronautical activities of those authorities and the authorities of this state by assisting in accomplishing the purposes of federal legislation and eliminating costly and unnecessary duplication of functions.

67-1-104. Governmental nature of aeronautical functions. The acquisition of lands for establishing airports or other air navigation facilities; the acquisition of airport protection privileges; the acquisition, establishment, construction, enlargement, improvement, maintenance, equipment, and operation of airports and other air navigation facilities, whether by the state separately or jointly with a municipality; the assistance of this state in that acquisition, establishment, construction, enlargement, improvement, maintenance, equipment, and operation; and the exercise of any other powers granted to the department are public and governmental functions exercised for a public purpose and as a matter of public necessity; and such lands and other property and privileges acquired and used by the state in the manner and for the purposes enumerated in this title are acquired and used for public and governmental purposes and as a matter of public necessity.

History: En. Sec. 21, Ch. 152, L. 1945; amd. Sec. 37, Ch. 348, L. 1974; amd. Sec. 2, Ch. 232, L. 1977; amd. Sec. 1, Ch. 234, L. 1977; R.C.M. 1947, 1-502.

67-1-105. Penalties. Unless otherwise provided, any person violating any of the provisions of chapters 1 through 3, except 67-3-212, or any of the rules or orders issued pursuant thereto is guilty of a misdemeanor and punishable by a fine of not more than $500 or by imprisonment in a county jail for not more than 90 days, or both.

Part 2
Uniform Principles

67-1-201. Short title. This part may be cited as the "Uniform State Law for Aeronautics".

History: **En. Sec. 10, Ch. 17, L. 1929; re-en. Sec. 2736.10, R.C.M. 1935; R.C.M. 1947, 1-606.**

67-1-202. State sovereignty in space. Sovereignty in the space above the lands and waters of this state is declared to rest in the state, except where assumed by the United States law.

History: **En. Sec. 5, Ch. 17, L. 1929; re-en. Sec. 2736.5, R.C.M. 1935; R.C.M. 1947, 1-601.**

67-1-203. Spatial ownership. The ownership of the space above the lands and waters of this state is declared to be vested in the several owners of the surface beneath, subject to the right of flight described in 67-1-204.

History: **En. Sec. 6, Ch. 17, L. 1929; re-en. Sec. 2736.6, R.C.M. 1935; R.C.M. 1947, 1-602.**

Cross-References

67-1-204. Lawfulness of flight and landings. (1) Flight in aircraft over the lands and waters of this state is lawful, unless it is at such a low altitude as to interfere with the then-existing use to which the land or water or the space over the land or water is put by the owner or unless conducted as to be imminently dangerous to persons or property lawfully on the land or water or in violation of the air commerce regulations that have been or may be promulgated by the department of transportation of the United States.

(2) Aircraft landings and takeoffs from the public waters of this state are lawful if proper safety precautions regarding public waters, as prescribed in 14 CFR, part 91, are taken prior to the landing or takeoff, except as otherwise provided by this section.

(3) Aircraft landings and takeoffs from public roads in this state are lawful if proper safety precautions, as approved by the governing jurisdiction of the roads, are taken prior to the landing or takeoff, except as otherwise provided in this section. However, the local governing jurisdiction may not incur liability as a result of an approval under this subsection.

(4) A person may not operate an aircraft, as pilot of the aircraft, either in the air, on the water, or on the ground, in a careless or reckless manner so as to endanger the life or property of others, including the aircraft being operated and passengers carried in the aircraft.

(5) The willful and malicious use of aircraft in stunting or diving over livestock in a manner calculated to frighten or stampede them is an unlawful use of aircraft, and actual and punitive damages, in addition to the penalties provided by this part, may be recovered in an action for damages caused by the willful and malicious use of the aircraft. As used in this subsection, "livestock" includes ostriches, rheas, and emus.

(6) The landing of an aircraft on the private lands or waters of another without consent is unlawful, except in the case of a forced landing. For damages caused by a forced landing, however, the owner or lessee of the aircraft or the pilot is liable for actual damage caused by the forced landing.

(7) A person may not knowingly operate, attempt to operate, or be in actual physical control of an aircraft while under the influence of alcohol or drugs. "Under the influence" means that as a result of taking into the body alcohol, drugs, or any combination of alcohol and drugs, a person's ability to safely operate the aircraft has been diminished to the slightest degree.

(8) A person having information regarding a violation of subsection (7) shall report the information to the department.

67-1-205. Penalties. A person who violates any provision of this part, except 67-1-204(8), shall be guilty of a misdemeanor and punishable by a fine of not more than $500 or by imprisonment for not more than 6 months, or both.

History: En. Sec. 8, Ch. 17, L. 1929; re-en. Sec. 2736.8, R.C.M. 1935; R.C.M. 1947, 1-604; amd. Sec. 2, Ch. 542, L. 1987.

67-1-206. Interpretation. This part shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states which enact it and to harmonize, as far as possible, with federal laws and regulations on the subject of aeronautics.

History: En. Sec. 9, Ch. 17, L. 1929; re-en. Sec. 2736.9, R.C.M. 1935; R.C.M. 1947, 1-605.

67-1-207 through 67-1-210 reserved.

67-1-211. Alcohol concentration standards — evidence admissible — administration of tests. (1) If a person acting or attempting to act as a crewmember of an aircraft has an alcohol concentration of 0.04% by weight or more as defined in 61-8-407, it may be inferred that the person is under the influence of alcohol and is in violation of 67-1-204.

(2) Evidence of any measured amount or detected presence of alcohol in the person at the time of the act alleged under subsection (1) and any other competent evidence bearing on the question of whether the person was under the influence of alcohol, drugs, or a combination of the two at the time of the act alleged is admissible in any criminal action or proceeding arising out of acts alleged to have been committed in violation of 67-1-204.

(3) In any criminal action or proceeding arising out of acts alleged to have been committed in violation of 67-1-204, the court or jury may consider federal regulations governing aeronautics.

(4) A person who operates an aircraft over the lands and waters of this state is considered to have given consent to a test of the person's blood, breath, or urine for the purpose of determining any measured amount or detected presence of alcohol in the person's body if arrested by a peace officer for operating, attempting to operate, or being in actual physical control of an aircraft while under the influence of alcohol, drugs, or a combination of the two. The test must be administered at the direction of a peace officer who has reasonable grounds to believe the person was operating, attempting to operate, or in actual physical control of an aircraft while under the influence of alcohol, drugs, or a combination of the two. The arresting officer may designate which of the tests must be administered. A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is considered not to have withdrawn the consent provided by this subsection.

(5) If a person charged with a violation of 67-1-204 refuses to submit to a test of the person's blood, breath, or urine for the purpose of determining any measured amount or detected presence of alcohol in the person's body, a test will not be given, but proof of refusal is admissible in any criminal action or proceeding arising out of acts alleged to have been committed in violation of 67-1-204.

(6) The provisions relating to administration of tests provided in 61-8-405 and the definition of alcohol concentration provided in 61-8-407 apply to any testing done to determine any measured amount or detected presence of alcohol in a person and the alcohol concentration of a person charged with violation of 67-1-204.

History: En. Sec. 3, Ch. 542, L. 1987; amd. Sec. 15, Ch. 789, L. 1991; amd. Sec. 1974, Ch. 56, L. 2009.

67-1-212 and 67-1-213 reserved.

67-1-214. Standards for meteorological evaluation towers — report — notification — penalty. (1) The requirements of subsection (2) apply to a meteorological evaluation tower:

(a) that is 50 feet or more in height;

(b) that is located outside the boundaries of an incorporated city or town;

(c) that is on land that is primarily rural or undeveloped or used for agricultural purposes; and

(d) the appearance of which is not otherwise governed by state or federal law, rule, or regulation.

(2) A meteorological evaluation tower that meets the description provided in subsection (1) must:

(a) be painted in seven equal-width and alternating bands of aviation orange and white beginning with orange at the top of the tower and ending with orange at the base;

(b) have two marker balls attached to and evenly spaced on each of the tower's outside guy wires; and

(c) have a yellow safety sleeve on each guy wire that extends 7 feet up from the anchor point of the guy wire.

(3) Not less than 10 working days prior to erecting a meteorological evaluation tower subject to this section, the owner of the tower shall provide a report to the department that identifies the owner and specifies the tower's location, height, and other information that the department finds necessary for aviation safety.

(4) The owner of a meteorological evaluation tower subject to this section who is removing the tower shall report its removal to the department within 10 working days of its removal.

(5) A person who violates subsection (3) or (4) is guilty of a misdemeanor.

(6) Within 5 working days of receiving information pursuant to subsection (3) or (4), the department shall make the information, excluding the ownership of the tower, available to the public.

(7) For the purposes of this section, the following definitions apply:

(a) "Height" means the distance from the original grade at the base of the tower to the highest point of the tower.

(b) "Meteorological evaluation tower" means a structure erected and standing for any period of time whatsoever, whether self-standing or supported by guy wires and ground anchors and including all guy wires and accessory facilities, on which a meteorological instrument is mounted for the purpose of documenting whether a site has sufficient wind resources for the operation of a wind turbine generator.

History: **En. Sec. 1, Ch. 256, L. 2013.**

Part 3
Finance

67-1-301. Money — receipt and disbursement. (1) All costs and expenses of administering this title, including the salaries of employees of the department engaged in functions pertaining to aeronautics, the expenses of members of the board, and all other disbursements necessary to carry out the purposes of this title, must be paid out of the following revenue:

(a) all gifts and all legislative appropriations to the department for aeronautics; and

(b) all money received from any branch or department of the federal government or from other sources for the purposes of this title or for the furtherance of aeronautics generally in this state.

(2) All money collected under subsection (1) must be deposited in the state treasury to the credit of the department.

(3) (a) Except as provided in subsection (5), the following amounts must be deposited from the proceeds of the 4-cent-a-gallon tax imposed on aviation fuel by 15-70-403(1)(c):

(i) in the state special revenue fund to the credit of the department, an amount equal to the proceeds of 2 cents a gallon collected under 15-70-403(1)(c) for the sole purpose of carrying out its functions pertaining to aeronautics; and

(ii) in a separate account in the state special revenue fund to the credit of the department, an amount equal to the proceeds of 2 cents a gallon to provide refunds pursuant to 15-70-425(6), to provide grants to municipalities for airport development or improvement programs, and to provide navigational aids, safety improvements, weather reporting services, and other aeronautical services for airports and landing fields and for the state's airways.

(b) Money deposited in the account created in 67-1-306 may, with the approval of the board, be used only to provide loans to local governments and state agencies for aeronautical purposes, including airport improvement. The board shall establish procedures, including the interest rate charged, for providing loans. Proceeds of all repayments of loans, including interest, made under this subsection (3)(b) must be deposited in the account created in 67-1-306.

(c) Money deposited in the separate account established in subsection (3)(a)(ii) may, after refunds are provided pursuant to 15-70-425(6) and with the approval of the board, be used only to provide grants to municipalities for airport development or improvement programs and to provide navigational aids, safety improvements, weather reporting services, and other aeronautical services for airports and landing fields and for the state's airways. The board shall establish procedures for the awarding of grants.

(4) Except as provided in 15-70-425, the gasoline tax imposed by the laws of this state on aviation fuel purchased and used for the operation of airplanes or aircraft may not be refunded.

(5) Of the amount of aviation fuel tax collected from the scheduled passenger air carriers certified under 14 CFR, part 121 or 135, 25% must be deposited in an account separate from the account established in subsection (3)(a)(ii) to be used only for pavement preservation grants, with the approval of the board, on airports served by these air carriers.

(Repealed)

Part 3 — State Airports

67-2-301. State airports — acquisition.
67-2-302. State airports — operation.

Part 4 — Intergovernmental Cooperation

67-2-401. Cooperation — federal government.
67-2-402. Cooperation — municipalities.
67-2-403. Federal aid.

Part 5 — Enforcement

67-2-501. Enforcement.
67-2-502. Investigations and hearings.
67-2-503. Use of reports.

Part 1
General Powers

67-2-101. Aeronautical powers and duties of department. (1) The department shall supervise aeronautics within this state. It shall encourage, foster, and assist in the development of aeronautics and encourage the establishment of airports and other air navigation facilities.

(2) The department shall cooperate with and assist the federal government, the political subdivisions of this state, and others engaged in aeronautics or the promotion of aeronautics and shall coordinate the aeronautical activities of these bodies.

(3) The department may designate, design, and establish, expand, or modify a state airways system which will best serve the interests of the state. It may chart that airways system and arrange for publication and distribution of maps, charts, notices, and bulletins relating to the airways which may be required in the public interest. The system shall be supplementary to and coordinated in design and operation with the federal airways system. It may include all types of air navigation facilities, but the facilities must conform to federal safety standards.

(4) The department may draft and recommend necessary legislation to advance the interests of the state in aeronautics and represent the state in aeronautical matters before federal agencies and other state agencies.

(5) The department may participate as party plaintiff or defendant or as intervenor on behalf of the state or a municipality or citizen in a controversy involving any claimed encroachment by the federal government or any foreign state upon state or individual rights pertaining to aeronautics.

(6) The department may use the facilities and services of other agencies of the state when reasonably available.

(7) The department may enter into any contracts necessary to the execution of the powers granted the department by this title.

(8) The department shall grant no exclusive right for the use of an airway, airport, restricted landing area, or other air navigation facility under its jurisdiction. This subsection does not prevent the making of leases in accordance with other provisions of this title.

History: En. Sec. 7, Ch. 152, L. 1945; amd. Sec. 4, Ch. 348, L. 1974; R.C.M. 1947, 1-204.

67-2-102. Rules, orders, and standards. (1) The department may perform acts; issue and amend orders; adopt reasonable, general, or special rules; and establish minimum standards, consistent with this title, as it considers necessary to:

(a) carry out this title;

(b) perform its duties for the purpose of protecting and ensuring the general public interest and safety, the safety of persons receiving instruction concerning (or operating, using, or traveling in) aircraft, and of persons and property on land or water; and

(c) develop and promote aeronautics in this state.

(2) All rules prescribed by the department under this title shall be kept in conformity, as nearly as may be, with the then-current federal legislation governing aeronautics and the rules and standards adopted or issued under federal legislation.

67-2-105. Air search and rescue volunteers — expenses — workers' compensation coverage. (1) The department may temporarily employ an aircrew member or other person who volunteers to aid in the aerial search for a missing aircraft being conducted by the department.

(2) The department and volunteer stand in the relationship of employer and employee for purposes of and as those terms are defined in Title 39, chapter 71. The department must have each volunteer covered by the Workers' Compensation Act in Title 39, chapter 71, during the course of the volunteer's assistance.

(3) Volunteers are not salaried employees and are not entitled to wages and benefits. The department may in its discretion reimburse volunteers for their otherwise uncompensated out-of-pocket expenses, including but not limited to their expenditures for fuel, oil, food, and lodging.

Part 3
State Airports

67-2-301. State airports — acquisition. (1) The department may, on behalf of and in the name of this state:

(a) acquire real or personal property by purchase, gift, devise, lease, condemnation proceedings pursuant to Title 70, chapter 30, or otherwise for the purpose of establishing and constructing airports, restricted landing areas, and other air navigation facilities;

(b) acquire in like manner, own, control, establish, construct, enlarge, improve, maintain, equip, operate, regulate, and police airports, restricted landing areas, and other air navigation facilities either within or outside of this state;

(c) prior to acquisition, make investigations, surveys, and plans;

(d) erect, install, construct, and maintain facilities at those airports for the servicing of aircraft and for the comfort and accommodation of air travelers; and

(e) dispose of any property, airport, restricted landing area, or other air navigation facility by sale, lease, or otherwise in accordance with the laws of this state governing the disposition of other similar property of the state.

(2) The department may not acquire or take over an airport, restricted landing area, or other air navigation facility owned or controlled by a municipality of this state without the consent of the municipality. The department may erect, equip, operate, and maintain at an airport all buildings and equipment necessary and proper to establish, maintain, and conduct the airport and air navigation facilities connected with the airport.

(3) When necessary, in order to provide unobstructed air space for the landing and taking off of aircraft utilizing airports and restricted landing areas acquired or operated under the provisions of this title, the department may acquire, in the manner provided for the acquisition of property for airport purposes, easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of the airports or restricted landing areas, and other airport protection privileges that are necessary to ensure safe approaches to the landing areas of airports and restricted landing areas and the safe and efficient operation of them. The department may also acquire in the same manner the right or easement, for a term of years or perpetually, to place or maintain suitable marks for the daytime marking and suitable lights for the nighttime marking of airport hazards, including the right of ingress and egress to or from the airport hazards for the purpose of maintaining and repairing the lights and marks. This authority does not limit the right, power, or authority of the state or a municipality to zone property adjacent to an airport or restricted landing area pursuant to a law of this state.

(4) The department may engage in the activities listed in subsections (1) through (3) jointly with the United States, with other states, and with municipalities or other agencies of this state.

(5) For the purpose of acquiring any property that it is authorized to acquire, the department may exercise the right of eminent domain, in the name of the state, in the manner provided in Title 70, chapter 30. The acquisition of property for any of the purposes listed in this section is a public use.

67-2-302. State airports — operation. (1) The department may:

(a) lease, for a term not exceeding 40 years, airports or other air navigation facilities or real property acquired or set apart for airport purposes to private parties, a municipal or state government or the national government, or a department of either for operation;

(b) lease or assign, for a term not exceeding 40 years, space, area, improvements, or equipment on those airports to private parties, a municipal or state government or the national government, or a department of either for operation or use consistent with the purposes of this title;

(c) sell any part of those airports, other air navigation facilities, or real property to a municipal or state government or to the United States or a department or instrumentality of the United States for purposes incidental to or for aeronautical purposes; and

(d) confer the privilege of concessions for supplying goods, commodities, things, services, and facilities upon the premises of those airports. However, in conferring the concessions, the public may not be deprived of its rightful, equal, and uniform use of the subject of the concessions.

(2) The department may determine the charges or rental for the use of state airports, the charges for service or accommodations under its control, and the terms and conditions under which the property may be used. However, the public may not be deprived of its rightful, equal, and uniform use of the property. Charges must be reasonable and uniform for the same class of service and established with due regard to the property and improvements used and the expenses of operation to the state.

(3) The state has, and the department may enforce, agisters' liens as provided by law for repair, improvement, storage, or care of any personal property.

(4) The department may employ persons or contract with persons or firms to provide law enforcement in and around state airports whenever required by federal aviation regulations.

Intergovernmental Cooperation

67-2-401. Cooperation — federal government. (1) The department may confer with or hold joint hearings with any federal aeronautical agency in connection with any matter arising under this title or relating to the sound development of aeronautics and may avail itself of the cooperation, services, records, and facilities of federal agencies, as fully as practicable, in the administration and enforcement of this title. It shall reciprocate by furnishing to the federal agencies its cooperation, services, records, and facilities to the extent practicable.

(2) It shall report to the appropriate federal agency all accidents in aeronautics in this state of which it is informed and preserve, protect, and prevent the removal of the component parts of any aircraft involved in an accident being investigated by it until a federal agency begins an investigation. It shall report to the appropriate federal agency all refusals by it to register federal licenses, certificates, or permits; all revocations of certificates of registration; the reasons for its action; and all penalties of which it has knowledge imposed upon aircrews for violations of the laws of this state relating to aeronautics or for violations of the rules or orders of the department.

67-2-402. Cooperation — municipalities. (1) The department may offer its engineering or other technical services, without charge, to a municipality desiring them in connection with the construction, maintenance, or operation or proposed construction, maintenance, or operation of an airport or restricted landing area.

(2) The department may render assistance in the acquisition, development, operation, or maintenance of airports owned, controlled, or operated by municipalities in this state out of appropriations made by the legislature for that purpose.

(3) Municipalities may cooperate with the department in the development of aeronautics and aeronautic facilities in this state.

History: En. 1-204.3 by Sec. 7, Ch. 348, L. 1974; R.C.M. 1947, 1-204.3.

67-2-403. Federal aid. (1) The department may cooperate with the government of the United States and any agency or department of the United States in the acquisition, construction, improvement, maintenance, and operation of airports and other air navigation facilities in this state and may comply with the laws of the United States and any regulations made under those laws for the expenditure of federal money upon airports and other navigation facilities.

(2) The department may accept, receive, and receipt for federal money and other money, either public or private, for and in behalf of this state or a municipality of this state, for the acquisition, construction, improvement, maintenance, and operation of airports and other air navigation facilities, whether the work is to be done by the state or by the municipalities or jointly, aided by grants of aid from the United States upon terms and conditions prescribed by the laws of the United States and any rules made under them. The department may act as agent of a municipality of this state upon the request of the municipality in accepting, receiving, and receipting for money in its behalf for airports or other air navigation facility purposes and in contracting for the acquisition, construction, improvement, maintenance, or operation of airports or other air navigation facilities financed either in whole or in part by federal money. The governing body of a municipality may designate the department as its agent for those purposes and enter into an agreement with it prescribing the terms and conditions of the agency in accordance with federal laws and rules. Money paid by the United States government must be retained by the state or paid to the municipalities under terms and conditions imposed by the United States government in making the grants.

(3) All contracts for the acquisition, construction, improvement, maintenance, and operation of airports or other air navigation facilities made by the department, either as the agent of this state or as the agent of a municipality, must be made under the laws of this state governing the making of similar contracts by the state or by municipalities. However, when the acquisition, construction, improvement, maintenance, and operation of an airport, landing strip, or other air navigation facility is financed wholly or partially with federal money, the department, as agent of the state or of a municipality of the state, may let contracts in the manner prescribed by the federal authorities, acting under the laws of the United States and any rules made under them.

(4) All money accepted for disbursement by the department under subsection (2) must be deposited in the state treasury and, unless otherwise prescribed by the authority from which the money is received, kept in separate funds, designated according to the purposes for which the money was made available, and held by the state in trust for those purposes. All money appropriated for the purposes for which it was made available must be spent in accordance with federal laws and regulations and with this title. The department may, whether acting for this state or as the agent of any of its municipalities or when requested by the United States government or an agency or department of the United States, disburse the money appropriated for the designated purposes, but this does not preclude any other authorized method of disbursement.

Part 5
Enforcement

67-2-501. Enforcement. The department and every state, county, and municipal officer charged with the enforcement of state or municipal laws shall enforce and assist in the enforcement of this title and of all rules adopted under it and of all other laws of this state relating to aeronautics. In the aid of that enforcement, the department possesses general police powers. The department may also, in the name of the state, enforce this title and the rules adopted under it by injunction in the courts of this state.

67-2-502. Investigations and hearings. The department may hold investigations, inquiries, and hearings concerning matters covered by this title, by its orders and rules, and concerning accidents in aeronautics within this state. An officer or employee of the department designated to hold an investigation or hearing may administer oaths and affirmations; certify official acts; issue subpoenas; and compel the attendance and testimony of witnesses and the production of papers, books, and documents. In case of failure to comply with a subpoena or order issued under this title, the department may invoke the aid of a state court of general jurisdiction. The court may then order the witness to comply with the requirements of the subpoena or order or to give evidence pertaining to the matter in question. A failure to obey the order of the court may be punished as a contempt.

67-2-503. Use of reports. The reports of investigations or hearings may not be admitted in evidence or used for any purpose in any suit, action, or proceedings growing out of a matter referred to in the investigation, hearing, or report, except in case of criminal or other proceedings instituted in behalf of the department or this state under this title and other laws of this state relating to aeronautics. An officer or employee of the department may not be required to testify to any facts ascertained in or information gained by reason of the officer's or employee's official capacity or be required to testify as an expert witness in a suit, action, or proceeding involving an aircraft. The department may, in its discretion, make available to appropriate federal and state agencies information and material developed in the course of its hearings and investigations.

Part 1
General Provisions

67-3-101. Regulation and licensing — general provisions. In order to promote the general public interest and safety and to carry out the purposes of this title, the department may:

(1) require the annual registration of federal licenses, permits, or certificates of civil aircraft engaged in air navigation within this state, of aircrews engaged in aeronautics within this state, and of aeronautics instructors giving instruction in flying subjects and may issue certificates of registration. The certificates of registration constitute licenses of the aircraft, aircrews, and

instructors for operations within this state to the extent permitted by the federal licenses, certificates, or permits so registered. The department may charge a fee for the registration of each federal license, certificate, or permit not exceeding $10. It may accept as evidence of the holding of a federal license, certificate, or permit the verified application of the owner of the aircraft, a member of the aircrew, or the instructor. The application shall contain information which the department may by rule or order prescribe.

(2) register aircraft repair shops, aircraft, aircraft parts and sales dealers, and other persons operating in aviation and license aircraft repair shops, aircraft, aircraft parts and sales dealers, and other persons operating in aviation, air schools, and aeronautics instructors giving instruction in ground subjects, in accordance with rules to be adopted by the department, and may annually renew these licenses. It may charge for the original licensing of aircraft repair shops, aircraft, aircraft parts and sales dealers, and other persons operating in aviation, air schools, and aeronautics instructors not more than $10 and for the renewal of a license not more than $10.

(3) upon notification by the federal aviation administration that it has revoked the license or certificate of an aircraft, aircrew member, air school, or aeronautics instructor, temporarily or permanently revoke the license or certificate of registration issued for that aircraft, aircrew member, air school, or aeronautics instructor, giving reasons for the action.

History: En. Sec. 9, Ch. 152, L. 1945; amd. Sec. 10, Ch. 348, L. 1974; R.C.M. 1947, 1-301(1); amd. Sec. 2, Ch. 398, L. 1985; amd. Sec. 1, Ch. 508, L. 1985; amd. Sec. 125, Ch. 370, L. 1987; amd. Sec. 8, Ch. 279, L. 1993.

67-3-102. Exceptions. The provisions of 67-3-101(2) and (3) do not apply to:

(1) an aircraft that has been licensed by a foreign country with which the United States has a reciprocal agreement covering the operations of that licensed aircraft;

(2) an aircraft that is owned by a nonresident of this state who is lawfully entitled to operate the aircraft in the state of residence;

(3) an aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

(4) an aircrew operating military or public aircraft or an aircraft licensed by a foreign country with which the United States has a reciprocal agreement covering the operation of that licensed aircraft;

(5) a person operating model aircraft or a person piloting an aircraft that is equipped with fully functioning dual controls when a licensed instructor is in full charge of one set of the controls and the flight is solely for instruction or for the demonstration of the aircraft to a prospective purchaser;

(6) a nonresident operating aircraft in this state who is lawfully entitled to operate aircraft in the state of residence;

(7) an aircrew while operating or taking part in the operation of an aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce.

67-3-103. Licenses and certificates — exhibition. (1) The federal license, certificate, or permit and the evidence of registration in this or another state, if any, required for an aircrew member shall be kept in the personal possession of the aircrew member when operating within this state and must be presented for inspection upon the demand of a passenger, a peace officer of this state, an authorized official or employee of the department, or an official, manager, or person in charge of an airport in this state upon which the aircrew member lands or upon the reasonable request of any other person.

(2) The federal aircraft license, certificate, or permit and the evidence of registration in this or another state, if any, required for aircraft must be carried in every aircraft operating in this state at all times and must be conspicuously posted in the aircraft where they may readily be seen by passengers or inspectors and must be presented for inspection upon demand of a passenger, a peace officer of this state, an authorized official or employee of the department, or an official, manager, or person in charge of an airport in this state upon which it lands or upon the reasonable request of any person.

67-3-104. Department orders. (1) The department shall set forth its reasons for its action and shall state the requirements to be met before approval will be given, registration permitted, license granted, or order modified or changed before it:

(a) refuses to permit the registration of a license, certificate, or permit;

(b) refuses to grant a license to an air school or to an aeronautics instructor in ground subjects; or

(c) issues an order requiring certain things to be done or revoking a license or certificate.

(2) An order made by the department under this title shall be served upon the interested persons by registered or certified mail or in person.

(3) (a) A person aggrieved by an order of the department or by the granting or denial of a license, certificate, or registration may, within 10 days after receiving notice of the department's order or action, appeal from the order or action to the district court of the county in which the person resides or the county in which any property affected by the order or action is located.

(b) The appellant shall file with the clerk of the district court to which the appeal is taken a notice of appeal which shall state the substance of the order or action appealed from, the date of the order or action, and that the person appeals to the court from it.

(c) The appellant shall serve a copy of the notice of appeal upon the department. The order of filing and service is immaterial.

(d) The appeal shall be heard not less than 10 days or more than 30 days after the filing of the notice of appeal unless the judge, for sufficient cause resulting from press of business or other reason, is unable to hear the appeal within that time. In that event, the hearing may be deferred until it can be heard by the court. The appeal may be heard without formal pleadings.

Part 2
Aircraft, Aircrews, and Instructors

67-3-201. Aircraft registration and licensing required. (1) Except as provided in 67-3-102 and in subsection (6) of this section, a person may not operate or cause or authorize to be operated a civil aircraft within this state unless the aircraft has an appropriate effective registration, license, certificate, or permit issued or approved by the United States government that has been registered with the department and the registration with the department is in force.

(2) Aircraft customarily kept in this state must be registered on or before March 1 of each year with the department, which shall charge a fee for registration according to the fee schedule in 67-3-206. The registration must be renewed annually on or before March 1 of each year.

(3) Section 67-3-202 and subsections (2) and (4) through (6) of this section do not apply to:

(a) aircraft owned and operated by the federal government, the state, or any political subdivision of the state;

(b) aircraft owned and held by an aircraft dealer solely for the purpose of resale;

(c) aircraft operated by an airline company and regularly scheduled for the primary purpose of carrying persons or property for hire in interstate or international transportation; or

(d) dismantled or otherwise nonflyable aircraft.

(4) An aircraft must be registered in a particular county of the state. This county must be the county of the owner's principal residence if the owner is a natural person or the owner's principal place of doing business in the state if the owner is not a natural person. However, if the owner declares by affidavit that the aircraft is customarily kept at a landing facility in another county within the state, the owner may register the aircraft as property within the other county.

(5) Aircraft not registered in the state but entering the state to engage in commercial operations must be registered prior to commencing operation.

(6) Owners of ultralight aircraft for which no appropriate effective license, certificate, or permit is issued by the United States government shall pay the fee required in 67-3-206 and file with the department an appropriate registration recognized and approved by the United States government.

67-3-203. Registration application — payment of fees — deposit of fees. (1) The owner of an aircraft subject to the fee in lieu of property tax must submit an application for registration or registration renewal to the department on or before March 1 of each year. The application must be accompanied by the fee in lieu of tax prescribed in 67-3-206.

(2) An aircraft subject to the fee in lieu of tax may not be registered until payment of the fee is made to the department.

(3) All fees paid to the department for registration must be deposited to the account established in 67-3-205.

History: En. Sec. 1, Ch. 453, L. 1987.

67-3-204. Fee in lieu of tax on registered aircraft — decal. (1) Except as provided in subsection (3), aircraft required to be registered in Montana are subject to a fee. The registration fee is in lieu of property tax.

(2) The department shall issue a decal to the owner of the aircraft required to be registered at the time of payment of the registration fee in lieu of tax, as provided in 67-3-201. No aircraft subject to a fee in lieu of tax may be operated in this state unless there is displayed on the aircraft a decal as visual proof that the fee in lieu of tax has been paid for the aircraft and that the aircraft is registered for the current year.

(3) Aircraft that meet the description of property described in 15-6-145 are exempt from the fee imposed by subsection (1). Aircraft subject to the fee in lieu of tax are exempt from all other taxation.

(1) There is an account in the state special revenue fund to which must be credited all money received from fees paid in lieu of tax on aircraft, as required in 15-24-304 and this part, and all penalties collected for registration violations, as provided in 67-3-202.

(2) Money in the account is allocated as follows:

(a) 90% to the state general fund; and

(b) 10% to the department for the purpose of administering and enforcing aircraft registration.

(3) The allocations required in subsection (2) must be made when received by the department.

(2) (a) Except as provided in subsection (2)(b), the age of an aircraft is determined by subtracting the manufacturer's designated model year from the current calendar year.

(b) If the purchase year of an aircraft precedes the designated model year of the aircraft and the aircraft is originally titled in Montana, then the purchase year is considered the model year for the purposes of calculating the fee in lieu of tax.

(3) The fee in lieu of tax imposed on any glider, ultralight, gyrocopter, balloon, homebuilt aircraft, antiques, or any aircraft over 40 years old is $20.

67-3-207 through 67-3-210 reserved.

67-3-211. Aircrew licensing. Except as provided in 67-3-102, a person may not engage in aeronautics as an aircrew member in this state unless the person has from the department an effective certificate of registration of an appropriate effective aircrew member's license, certificate, or permit issued or approved by the United States government authorizing the aircrew member to engage in the particular class of aeronautics in which the aircrew member is engaged.

History: En. Sec. 9, Ch. 152, L. 1945; amd. Sec. 10, Ch. 348, L. 1974; R.C.M. 1947, 1-301(part); amd. Sec. 3, Ch. 157, L. 1983; amd. Sec. 8, Ch. 279, L. 1993.

67-3-212. Flight plan required. (1) The pilot of each flight carrying passengers and originating at a Montana public airport and to be flown under visual flight rules over a distance greater than 250 nautical miles is required to file a flight plan with the federal aviation administration.

(2) The department may adopt rules necessary to implement the provisions of this section.

History: En. Sec. 1, Ch. 417, L. 1983.

Part 1
General Provisions

67-7-101. Short title. This chapter may be cited as the “Airport Compatibility Act”.
History: En. Sec. 3, Ch. 300, L. 2005.

67-7-102. Legislative finding and purpose. The legislature finds that tall trees and structures and certain types of development located in the vicinity of airports endanger the lives and property of users of the airport and of occupants of land in its vicinity. The legislature also finds that the location of tall trees and structures and certain types of development near airports reduces the area available for landing, taking off, and maneuvering aircraft and increases the likelihood of legal action against a local government for noise nuisance, thus destroying the utility of the airports and the public investment in them. It is the purpose of this chapter to promote the public health, safety, and general welfare by the delineation of an airport affected area and by the development of compatible noise, height, and land use regulations to control airport hazards. The prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and in which political subdivisions may acquire land or property interests.

History: En. Sec. 4, Ch. 300, L. 2005.

67-7-103. Definitions. (1) Except as provided in subsection (2)(b), the definitions in 67-1-101 apply to this chapter.

(2) In this chapter, the following definitions also apply:

(a) "Airport affected area" means the land and space above the ground surface of an airport in the proximity of the airport, the use of which may be affected by the airport's existence, including the areas described in 14 CFR, part 77.

(b) "Governing body" means a city commission, town council, county commission, or the commissioners of a municipal or regional airport authority.

History: En. Sec. 5, Ch. 300, L. 2005.

Part 2

Designation and Regulation of Airport Affected Areas

67-7-201. Designation of airport affected area — regulations required — maps and descriptions required — public hearing required — effect of designation. (1) Subject to the provisions of subsection (5), a governing body of a political subdivision that owns or controls an NPIAS airport or that has an airport affected area for an NPIAS airport within its territorial limits or a joint board established pursuant to 67-7-202 shall, by ordinance or resolution, exercising its police power:

(a) designate an airport affected area within 1 year of April 19, 2005;

(b) concurrently adopt regulations for the airport affected area that comply with 67-7-203; and

(c) administer and enforce the regulations that are adopted.

(2) A governing body of a political subdivision that owns or controls a non-NPIAS airport or that has an airport affected area for a non-NPIAS airport within its territorial limits or a joint board established pursuant to 67-7-202 may, by ordinance or resolution, exercising its police power, designate an airport affected area. If the governing body or joint board makes the designation, it shall concurrently adopt regulations for the airport affected area that may comply with 67-7-203 and shall administer and enforce the regulations.

(3) The airport affected area may not be less than 10,000 feet from the thresholds of each runway or less than 1 mile wide on each side of each runway unless evaluations for a specific runway show that the accident data justifies a lesser area. A greater area may be regulated as an airport affected area if:

(a) studies have been conducted in accordance with 14 CFR, part 150, maps of the area have been prepared, and a program has been approved by the federal aviation administration; or

(b) the governing body intends to protect imaginary surfaces as provided in 14 CFR, part 77.

(4) The designation must be accompanied by maps and legal descriptions of the airport affected area. The maps must be filed with the clerk and recorder of each affected county and with the clerk of each affected city or town.

(5) (a) Before a governing body designates an airport affected area and adopts or amends regulations governing the airport affected area, the governing body shall hold at least one public hearing.

(b) The notice of the public hearing must be published as provided in 7-1-2121 if the governing body is a county commission or the commissioners of a regional airport authority and as provided in 7-1-4127 if the governing body is a city commission, a town council, or the commissioners of a municipal airport authority.

(6) After the designation of an airport affected area, a person may not recover from a local government, an airport authority, an airport operator, or an airport owner damages caused by noise, fumes, vibrations, light, or any other effects from normal and anticipated normal airport operations.

History: En. Sec. 6, Ch. 300, L. 2005.

67-7-202. Joint airport affected area regulation board authorized — may adopt regulations. (1) If an airport affected area is located outside of the jurisdictional area of the governing body of the political subdivision that owns or controls the airport, the governing body of the political subdivision that owns or controls the airport and the governing body of the political subdivision within which the airport affected area is located may by ordinance or resolution create a joint airport affected area regulation board.

(2) The joint board may adopt, administer, and enforce airport affected area regulations, as provided in 67-7-201, subject to the provisions of 67-7-203.

(3) The joint board must have two members appointed by the governing body of each political subdivision participating in its creation, and a presiding officer must be elected by a majority of the members appointed. The members of the joint board who are appointed shall select an additional at-large member who resides in the county in which the airport is located.

(4) If, in the judgment of the governing body of the political subdivision that owns or controls an airport, the governing body of the political subdivision that contains the airport affected area has failed to adopt or enforce reasonably adequate airport affected area regulations for the airport affected area and if the governing body of the political subdivision that contains the airport affected area has refused to join in creating a joint board under this section, the governing body of the political subdivision that owns or controls the airport may adopt, administer, and enforce airport affected area regulations for the airport affected area. The regulations adopted by the governing body of the political subdivision that owns or controls the airport prevail if a conflict arises between regulations adopted by that governing body and the governing body of the political subdivision that contains the airport affected area.

History: En. Sec. 7, Ch. 300, L. 2005.

67-7-203. Airport affected area regulations — contents. (1) Subject to the provisions of 67-7-209, regulations adopted for the airport affected area must be reasonable, be designed to promote the public health, safety, and general welfare, and, for an NPIAS airport, at a minimum, give consideration to:

(a) the safety of airport users and persons and property in the vicinity of the airport;

(b) the character of the flying operations conducted or expected to be conducted at the airport;

(c) the nature of the terrain;

(d) the future development of the airport; and

(e) federal aviation administration recommendations for the aeronautical surfaces necessary for safe flying operations.

(2) Airport affected area regulations may:

(a) designate the airport or airports that are subject to the regulations, with a description of existing and future runways and approaches;

(b) define the terms used in the regulations based on the definitions provided in Title 67 and 14 CFR, part 77;

(c) describe the airport affected area by referencing maps and describing existing airport hazards and natural terrain that intrude into the airport affected area;

(d) designate and describe zones within the airport affected area, along with the height limitations for structures and trees within each zone, considering local conditions and needs, as well as the notice requirements and obstructions standards provided in 14 CFR, part 77;

(e) show the contours for decibel levels of 65 YDNL or greater on the maps that designate an airport affected area, if a study has been conducted pursuant to 14 CFR, part 150, and require that information to be considered by anyone who builds within the airport affected area;

(f) specify permitted and conditional uses within each zone of the airport affected area by addressing:

(i) incompatible land uses, such as uses for residences, schools, hospitals, day-care centers, or other concentrations of people indoors or outdoors;

(ii) the land uses that are considered incompatible with certain noise levels, as provided in 14 CFR, part 150;

(iii) bird attractants such as solid waste disposal sites and lagoons;

(iv) sources of electromagnetic radiation that may interfere with electronic navigational aids;

(v) lights other than navigational aids that glare upward or shine on or in the direction of the airport; and

(vi) the national transportation safety board's accident investigation data in the vicinity of airports and specific accident data for a particular airport, if that information is available;

(g) define nonconforming uses, measures to be taken to mitigate the nonconforming uses, and the expiration of the uses in accordance with this chapter;

(h) provide for an inventory of existing land uses, structures, and trees within the airport affected area;

(i) expand on the permit system provided pursuant to 67-7-212 for changes to existing land uses, including changes that affect structures or trees, and for new land uses, structures, or trees;

(j) subject to the provisions of 67-7-303, provide a variance procedure from the literal application of the regulations, including the conditions for granting a variance; and

(k) establish or designate local boards, commissions, or agents to administer and adjudicate interpretations of the regulations.

History: En. Sec. 8, Ch. 300, L. 2005.

67-7-204. State lands. When an airport affected area lies partially or entirely on state-owned lands, the department of natural resources and conservation shall administer the affected lands in conformance with the airport affected area regulations adopted by the local governing body.

History: En. Sec. 9, Ch. 300, L. 2005.

67-7-205 through 67-7-207 reserved.

67-7-208. Procedure for developing or amending regulations — assistance from existing boards or zoning commissions. (1) In adopting, amending, and repealing airport affected area regulations under this chapter, a governing body or a joint airport affected area regulation board may request the assistance of existing planning boards or zoning commissions.

(2) If a political subdivision does not have an existing planning board or zoning commission to assist with recommendations for airport affected area regulations, the governing body may:

(a) request that an existing airport board recommend the boundaries of the airport affected area and the various zones to be established and the regulations that will govern the airport affected area; or

(b) act without assistance of an airport board, planning board, or zoning commission.

(3) If a governing body or joint airport affected area regulation board uses a separate airport board, planning board, or zoning commission to assist the governing body or joint board in designating the airport affected area and establishing regulations to govern the airport affected area, the airport board, planning board, or zoning commission shall make a preliminary report and hold public hearings on the report before submitting its final report to the governing body or joint board. The governing body or joint board may not hold a public hearing or take action on the regulations until it has received the final report from the airport board, planning board, or zoning commission.

History: En. Sec. 10, Ch. 300, L. 2005.

67-7-209. Prior nonconforming uses. (1) All regulations adopted under this chapter must be reasonable and may not require the removal or alteration of any structure or tree or require cessation or alteration of a use that is lawfully in existence when the regulations become effective. Those structures, trees, or uses must be treated as prior nonconforming structures, trees, or uses that may remain or continue, but regulations may prohibit their expansion or their reconstruction or replacement following destruction or substantial damage. For the purposes of this section, "substantial damage" has occurred when 80% or more of a structure or tree is deteriorated or decayed or has been torn down or destroyed.

(2) The regulations may require that trees in place at the time that the regulations take effect be maintained by the political subdivision, at its expense, at heights attained at that time.

(3) The regulations may require the owner of structures or trees to permit the political subdivision, at its expense, to install, operate, and maintain the lights and markers necessary to warn pilots of the presence of an airport hazard.

(4) Land in existing residential subdivisions or platted for residential subdivision at the time that regulations are adopted may continue to be used for residential purposes, subject to notification provided to property owners that the lots are within an adopted airport affected area.

History: En. Sec. 11, Ch. 300, L. 2005.

67-7-210. Acquisition of property rights when regulations not sufficient. The political subdivision within which a property or nonconforming use is located or the political subdivision owning the airport or served by the airport may acquire, by purchase, grant, or condemnation pursuant to Title 70, chapter 30, an air right, aviation easement, or other estate or interest in the property or nonconforming structure or use that is necessary to effectuate the purposes of this chapter. The governing body of the political subdivision may acquire an interest when:

(1) it is desirable to remove, lower, or otherwise terminate a nonconforming structure or use;

(2) the necessary approach protection cannot, because of constitutional limitations, be provided by airport affected area regulations under this chapter; or

(3) it appears advisable that the necessary approach protection be provided by acquisition of property rights rather than by airport affected area regulations.

History: En. Sec. 12, Ch. 300, L. 2005.

67-7-211. Regulations relative to zoning ordinances. (1) Subject to the provisions of subsections (2) and (3), if a governing body has adopted a zoning ordinance or resolution, any regulations adopted under this chapter may be made a part of the zoning ordinance or resolution and may be administered and enforced in connection with it.

(2) The zoning ordinance or resolution may not limit the effectiveness or scope of the regulations adopted pursuant to this chapter.

(3) When a conflict exists between the regulations adopted pursuant to this chapter and any zoning ordinances or resolutions applicable to the same area that the regulations are intended to govern, the more stringent limitation or requirement prevails.

History: En. Sec. 13, Ch. 300, L. 2005.

67-7-212. Permit system. (1) The regulations adopted pursuant to this chapter must provide for a permit system for erecting new structures or trees, changing uses of land or structures, and substantially altering, repairing, or replacing existing structures or replacing existing trees within the airport affected area.

(2) A permit may not be granted that would allow the establishment of an airport hazard or that would allow a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of the designation of the airport affected area and the regulations adopted to protect the airport affected area.

(3) A permit granted pursuant to this chapter may require the owner of a structure or tree to allow the governing body, at the owner's expense, to install, operate, and maintain the lights and markers necessary to warn pilots of the presence of an airport hazard.

History: En. Sec. 14, Ch. 300, L. 2005.

Part 3
Enforcement and Variances

67-7-301. Enforcement. The governing body or its designated agent or agency is responsible for enforcing the regulations adopted pursuant to this chapter. The regulations must provide for an enforcement officer and an appeal process from the decision of the enforcement officer, who may be an existing employee of the local government.

History: En. Sec. 15, Ch. 300, L. 2005.

67-7-302. Appeals. (1) The governing body that designated the airport affected area shall act as an airport appeals board or appoint an airport appeals board that functions in the same manner as a board of adjustment provided for in Title 76, chapter 2. If the governing body appoints an airport appeals board, the board must have at least three members.

(2) The provisions of 76-2-223 and 76-2-225 through 76-2-228 apply to the governing body of a county or an airport appeals board appointed by that governing body and the provisions of 76-2-323 and 76-2-325 through 76-2-328 apply to the governing body of a municipality or an airport appeals board appointed by that governing body when considering grievances relating to regulations, variances, or permits.

(3) If a governing body has appointed a board of adjustment under the provisions of 76-2-221 through 76-2-228 or 76-2-321 through 76-2-328, the governing body may designate the members of that board as the airport appeals board, in which case the terms of the members for the purposes of this chapter are concurrent with their terms as members of the board of adjustment.

History: En. Sec. 16, Ch. 300, L. 2005.

67-7-303. Variance. (1) A person intending to erect or increase the height of a structure, permit the growth of a tree, or use property in a manner that is not in accordance with the requirements of the regulations adopted pursuant to this chapter may apply to the governing body or an enforcement officer appointed for this purpose by the governing body for a variance from the regulations.

(2) If an enforcement officer has been appointed by the governing body, the decision of the officer is final unless it is appealed to either the governing body or the airport appeals board, if one exists.

(3) A variance must be granted when a literal application or enforcement of the regulations would result in substantial practical difficulty or unnecessary hardship and when the variance would not be contrary to the public interest.

(4) A variance must be granted for a nonconforming use when there is no immediate hazard to safe flying operations or to persons and property in the vicinity of the airport and when the noise or vibrations from normal and anticipated normal airport operations would not be likely to cause damage to structures.

(5) A variance granted under this section may require the owner of a structure or tree to allow the political subdivision, at the owner's expense, to install, operate, and maintain the lights and markers necessary to warn pilots of the presence of an airport hazard.

(6) A person who builds a structure pursuant to a variance from the airport affected area regulations or who takes or buys property in an airport affected area for which a variance has been granted is on notice that the airport existed before the variance was granted and that normal and anticipated normal operations of the airport will result in noise, vibrations, and fumes being projected over the property. A person using a structure built pursuant to a variance may not collect damages from a governing body or local government or from an airport authority, airport operator, or airport owner for interference with the enjoyment of that structure caused by noise, vibrations, and fumes from normal and anticipated normal airport operations.

History: En. Sec. 17, Ch. 300, L. 2005.

67-7-304. Penalty. A person who violates the provisions of this chapter or the regulations adopted under 67-7-203 is subject to a civil penalty and a criminal penalty. The civil penalty is a fine of $100 for each day that the violation is not remedied after the governing body has given notification of the violation and held a hearing on the violation. The criminal penalty is a fine of $500, pursuant to 45-2-104.

History: En. Sec. 18, Ch. 300, L. 2005.

67-7-305. Injunction. A local governing body may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of this chapter or the regulations adopted pursuant to this chapter.

General Provisions

67-10-101. Short title. This chapter may be cited as the “Municipal Airports Act”.

History: En. Sec. 22, Ch. 288, L. 1947; R.C.M. 1947, 1-828; amd. Sec. 2, Ch. 140, L. 1979.

67-10-102. Acquisition and establishment of airports. (1) Counties, cities, and towns may, either individually or by the joint action of a county and one or more of the cities and towns within the county, acquire by gift, deed, purchase, or condemnation pursuant to Title 70, chapter 30, land for airport purposes. The local governments may use the land to establish, construct, own, control, lease, equip, improve, operate, and regulate airports for the use of airplanes and other aircraft.

(2) In addition, a county, city, or town may exercise the authority granted by this section by acting jointly with one or more counties, with one or more cities, with one or more towns, or with any combination of counties, cities, or towns. A multijurisdictional airport is not required to be located, in whole or in part, within the limits of each subdivision participating in the joint venture.

67-10-103. Public purpose. (1) Land acquired, owned, controlled, or occupied by a county, city, or town, individually or pursuant to joint action for the purposes enumerated in 67-10-102, is acquired, owned, controlled, and occupied for a public use and as a matter of public necessity. Counties, cities, and towns, whether acting individually or jointly, have the right to acquire property for the enumerated purposes under the power of eminent domain as provided in Title 70, chapter 30.

(2) The following are public and governmental functions, exercised for a public purpose and as matters of public necessity:

(a) the acquisition of land or an interest in land pursuant to this chapter;

(b) the planning, acquisition, establishment, development, construction, improvement, maintenance, equipment, operation, regulation, protection, and policing of airports and air navigation facilities, including the acquisition or elimination of airport hazards; and

(c) the exercise of any other powers granted in this chapter to municipalities and other public agencies, to be severally or jointly exercised.

(3) All land and other property and privileges acquired and used by or on behalf of any municipality or other public agency in the manner and for the purposes enumerated in this chapter are acquired and used for public and governmental purposes and as a matter of public necessity and, in the case of a county or municipality, for county or municipal purposes, respectively.

Part 2

General Powers of Municipality Relating to Airports

Part Cross-References

Restrictions on annexation power, 7-2-4503.

67-10-201. General municipal powers. (1) A municipality may, out of any appropriations or other money made available for airport purposes, plan, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect, and police airports and air navigation facilities, either within or outside of the territorial limits of the municipality and within or outside of the territorial boundaries of this state. The airport purposes include the construction, installation, equipping, maintenance, and operation at airports of buildings and other facilities for the servicing of aircraft or for the comfort and accommodation of air travelers and the purchase and sale of supplies, goods, and commodities as an incident to the operation of its airport properties. A municipality may use any available property that it owns or controls for airport purposes. A municipality may acquire real or personal property or any interest in property by purchase, gift, devise, lease, eminent domain proceedings pursuant to Title 70, chapter 30, or otherwise. A municipality may also acquire property interests, including easements, in airport hazards or land outside the boundaries of an airport or airport site that are necessary to:

(a) permit safe and efficient operation of the airport;

(b) permit the removal, elimination, obstruction-marking, or obstruction-lighting of airport hazards; or

(c) prevent the establishment of airport hazards.

(2) The municipality may, by purchase, gift, devise, lease, eminent domain proceedings pursuant to Title 70, chapter 30, or otherwise, acquire existing airports and air navigation facilities. However, a municipality may not acquire any airport or air navigation facility owned or controlled by another municipality or public agency of this or any other state without the consent of the municipality or public agency.

(3) For the purposes of this chapter, a municipality may establish or acquire and maintain, within or bordering upon the territorial limits of the municipality, airports in, over, and upon any public waters of this state, any submerged lands under public waters, and any artificial or reclaimed lands that before the artificial making or reclamation constituted a portion of the submerged lands under the public waters. A municipality may construct and maintain terminal buildings, landing floats, causeways, roadways, and bridges for approaches to or connecting with any airport and may construct and maintain landing floats and breakwaters for the protection of the other improvements.

(4) All air navigation facilities established or operated by municipalities must be supplementary to and coordinated in design and operation with air navigation facilities established and operated by the federal and state governments.

(5) A municipality may enter into any contracts necessary for the purposes provided by this chapter.

General powers of authority, 67-11-201.

67-10-202. Creation of board — funding — rules. (1) The county, city, or town, acting individually or acting jointly as authorized by 67-10-102, having established an airport and acquired property for that purpose, may construct, improve, equip, maintain, and operate the airport. The county, city, or town may create a board or body from the residents of the county, city, town, or joint subdivision of the state and may confer upon the board or body the jurisdiction for the improvement, equipment, maintenance, and operation of the airport. The board of county commissioners, the city or town council, or the board of county commissioners and the council or councils under a joint venture may adopt rules and establish fees or charges for the use of the airport or may authorize the board or body to do so, subject to the approval of the appointing power before the fees or charges may take effect. All expenses of the construction, improvement, equipment, maintenance, and operation are a charge against the county, city, or town. When a county, city, or town acts jointly under the authority provided in this section, the charges are against the joint subdivision of the state and must be apportioned according to benefits to accrue, the proportion to be paid by each to be fixed in advance by joint resolution of the governing bodies.

(2) For the purpose of complying with subsection (1), when the airport is a joint venture, a joint fund must be created and maintained into which each of the political subdivisions in the joint venture shall deposit its proportionate share in accordance with the predetermination of the board of county commissioners and council or councils affected.

(3) All disbursements from the fund must be made by order of the joint board or body, if one is created as authorized, otherwise under the rules that the joint control by the commissioners and council or councils may adopt.

67-10-203. Mutual assistance. If any municipality determines that the public interest and the interests of the municipality will be served by assisting any other municipality or municipalities in exercising the powers and authority granted by this chapter, such municipality may furnish assistance by gift of real or personal property or lease or loan thereof with or without charge or interest. In appropriating such property or money and providing for such assistance by taxation, the issuance of bonds, or other means, the municipality may exercise all of its powers as though used for its own direct purposes as provided in this chapter.

History: En. Sec. 12, Ch. 288, L. 1947; R.C.M. 1947, 1-819; amd. Sec. 6, Ch. 140, L. 1979.

67-10-204. Joint exercise of powers. (1) For the purposes of 67-10-204 through 67-10-206, unless otherwise qualified, the term "public agency" includes municipality, as defined in this title; any agency of the state government and of the United States; and any municipality, political subdivision, and agency of another state; and the term "governing body" means the governing body of a county or municipality and the head of the agency if the public agency is other than a county or municipality.

(2) All powers, privileges, and authority granted to any municipality by this chapter may be exercised and enjoyed jointly with any public agency of this state and jointly with any public agency of any other state or of the United States to the extent that the laws of such other state or of the United States permit such joint exercise or enjoyment. If not otherwise authorized by law, any agency of the state government when acting jointly with any municipality may exercise and enjoy all of the powers, privileges, and authority conferred by this chapter upon a municipality.

(3) Any two or more public agencies may enter into agreements with each other for joint action pursuant to the provisions of 67-10-204 through 67-10-206. Concurrent action by ordinance, resolution, or otherwise of the governing bodies of the participating public agencies constitutes joint action. Each such agreement shall specify its duration; the proportionate interest which each public agency has in the property, facilities, and privileges involved; the proportion to be borne by each public agency of preliminary costs and costs of acquisition, establishment, construction, enlargement, improvement, and equipment of the airport or air navigation facility; the proportion of the expenses of maintenance, operation, regulation, and protection thereof to be borne by each; and such other terms as are required by the provisions of 67-10-204 through 67-10-206. The agreement may also provide for amendments thereof and conditions and methods of termination of the agreement; the disposal of all or any of the property, facilities, and privileges jointly owned, prior to or upon said property, facilities, and privileges, or any part thereof, ceasing to be used for the purposes provided in this chapter or upon termination of the agreement; the distribution of the proceeds received upon any such disposal and of any funds or other property jointly owned and undisposed of; the assumption or payment of any indebtedness arising from the joint venture which remains unpaid upon the disposal of all assets or upon a termination of the agreement; and such other provisions as may be necessary or convenient.

67-10-205. Joint airport board. (1) Public agencies acting jointly pursuant to 67-10-204 through 67-10-206 shall create a joint board that must consist of members appointed by the governing body of each participating public agency. Per diem and mileage of the joint board may be set by resolution of the board of county commissioners. The number of members to be appointed and their terms must be provided for in the joint agreement. A joint board shall organize, select officers for terms to be fixed by the agreement, and from time to time adopt and amend rules for its own procedure. The joint board may plan, acquire, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect, and police any airport or air navigation facility or airport hazard to be jointly acquired, controlled, and operated. Subject to subsection (2), the board may exercise on behalf of its constituent public agencies all the powers of each public agency with respect to the airport, air navigation facility, or airport hazard.

(2) (a) The total expenditures to be made by the joint board for any purpose in any calendar year must be determined by a budget approved by the governing bodies of its constituent public agencies.

(b) An airport, air navigation facility, airport hazard, or real or personal property, the cost of which is in excess of sums fixed by the joint agreement or allotted in the annual budget, may not be acquired by the joint board without the approval of the governing bodies of its constituent public agencies.

(c) Eminent domain proceedings authorized under 67-10-204 through 67-10-206 and conducted as provided in Title 70, chapter 30, may be instituted only by authority of the governing bodies of the constituent public agencies of the joint board. If authorized, eminent domain proceedings must be instituted in the names of the constituent public agencies jointly, and the property acquired must be held by the public agencies as tenants in common until conveyed by them to the joint board.

(d) The joint board may not dispose of any airport, air navigation facility, or real property under its jurisdiction except with the consent of the governing bodies of its constituent public agencies. However, the joint board may, without consent, enter into the contract, lease, or other arrangements contemplated by 67-10-302.

(e) Any resolutions, rules, or orders of the joint board that deal with subjects authorized by 67-10-301 are effective only upon approval of the governing bodies of the constituent public agencies. Upon approval, the resolutions, rules, or orders of the joint board have the same force and effect in the territories or jurisdictions involved that the ordinance, resolutions, rules, or orders of each public agency would have in its own territory or jurisdiction.

67-10-206. Joint fund. For the purpose of providing a joint board with moneys for the necessary expenditures in carrying out the provisions of 67-10-204 and 67-10-205, a joint fund shall be created and maintained into which shall be deposited the share of each of the constituent public agencies as provided by the joint agreement. Each of the constituent public agencies shall provide its share of the fund from sources available to each. Any federal, state, or other contributions or loans and the revenues obtained from the joint ownership, control, and operation of any airport or air navigation facility under the jurisdiction of the joint board shall be paid into the joint fund. Disbursements from such fund shall be made by order of the board, subject to the limitations prescribed in 67-10-205(2).

Operation of Airports

67-10-301. Municipal regulation. (1) A municipality which has established or acquired or which may establish or acquire an airport or air navigation facility is authorized to adopt, amend, and repeal such reasonable ordinances, resolutions, rules, and orders as it shall deem necessary for the management, government, and use of such airport or air navigation facility under its control, whether situated within or without the territorial limits of the municipality. For the enforcement thereof, the municipality may, by ordinance or resolution, as may by law be appropriate, appoint airport guards or police with full police powers and fix penalties within the limits prescribed by law for the violation of the ordinances, resolutions, rules, and orders. Said penalties shall be enforced in the same manner in which penalties prescribed by other ordinances or resolutions of the municipality are enforced. To the extent that an airport or other air navigation facility controlled and operated by a municipality is located outside the territorial limits of the municipality, it shall, subject to federal and state laws and rules, be under the jurisdiction and control of the municipality controlling or operating it, and no other municipality shall have any authority to charge or exact a license fee or occupation tax for operations thereon.

(2) All ordinances, resolutions, rules, or orders which are issued by the municipality shall be kept in substantial conformity with the laws of this state or any regulations promulgated or standards established pursuant thereto and, as nearly as may be, with the federal laws governing aeronautics and the rules and standards duly issued thereunder.

67-10-302. Granting of operation and use privileges. (1) In operating an airport or air navigation facility owned, leased, or controlled by a municipality, the municipality may, except as may be limited by the terms and conditions of any grant, loan, or agreement pursuant to 67-10-405, enter into contracts, leases, and other arrangements for a term not exceeding 40 years with any persons:

(a) granting the privilege of using or improving the airport or air navigation facility or any portion or facility of or space in the airport or air navigation facility for commercial purposes;

(b) conferring the privilege of supplying goods, commodities, things, services, or facilities at the airport or air navigation facility; or

(c) making available services to be furnished by the municipality or its agents at the airport or air navigation facility.

(2) In each case, the municipality may establish the terms and conditions and fix the charges, rentals, or fees for the privileges or services, which must be reasonable and uniform for the same class of privilege or service.

(3) Except as may be limited by the terms and conditions of any grant, loan, or agreement pursuant to 67-10-405, a municipality may by contract, lease, or other arrangement, upon a consideration fixed by it, grant to any qualified person for a term not to exceed 40 years the privilege of operating, as agent of the municipality or otherwise, any airport owned or controlled by the municipality; provided that the person may not be granted any authority to operate the airport other than as a public airport or to enter into any contracts, leases, or other arrangements in connection with the operation of the airport which the municipality might not have undertaken under subsections (1) and (2).

(1) Subject to 15-10-420 and for the purpose of establishing, constructing, equipping, maintaining, and operating airports and ports under the provisions of this chapter and as provided in Title 7, chapter 14, part 11, the county commissioners or the city or town council may each year assess and levy a tax on the taxable value of all taxable property in the county, city, or town for airports and ports.

(2) In the event of a jointly established airport or port, the county commissioners and the city or town council or councils involved shall determine in advance the levy necessary for those purposes and the proportion that each political subdivision joining in the venture is required to pay.

(3) If the levy is insufficient for the purposes enumerated in subsection (1), the commissioners and councils are authorized and empowered to contract an indebtedness on behalf of the county, city, or town by borrowing money or issuing bonds for those purposes. However, bonds may not be issued until the proposition has been submitted to the qualified electors and approved by a majority vote, except as provided in subsection (4).

(4) For the purpose of establishing a reserve fund to resurface, overlay, or improve existing runways, taxiways, and ramps, the governing bodies may set up annual reserve funds in their annual budget if:

(a) the reserve is approved by the governing bodies during the normal budgeting procedure;

(b) the necessity to resurface or improve runways by overlays or similar methods periodically is based upon competent engineering estimates; and

(c) the funds are expended at least within each 10-year period.

(5) The reserve fund may not exceed at any time a competent engineering estimate of the cost of resurfacing or overlaying the existing runways, taxiways, and ramps of any one airport for each fund. The governing body of the airport or port, if in its judgment it considers it advantageous, may invest the fund in any interest-bearing deposits in a state or national bank insured by the FDIC or obligations of the United States of America, either short-term or long-term. Interest earned from the investments must be credited to the operations and maintenance budget of the airport or port governing body.

67-10-405. Federal and state money. (1) A municipality may accept, receive, receipt for, disburse, and spend federal and state money and other money, public or private, made available by grant or loan or both to accomplish any of the purposes of this chapter. All federal money accepted under this section must be accepted and spent by the municipality upon terms and conditions prescribed by the United States and consistent with state law. All state money accepted under this section must be accepted and spent by the municipality upon terms and conditions prescribed by the state. Unless otherwise prescribed by the agency from which the money is received, the chief financial officer of the municipality shall on its behalf deposit and keep all money received pursuant to this section in separate funds, designated according to the purposes for which the money is made available, in trust for those purposes.

(2) No application may be made by a municipality for federal aid, as provided in this section, unless the "project application", as defined in the Federal Airport Act of 1946 and regulations of the administrator of civil aeronautics, is first approved by the department.

(3) A municipality may, with the approval and consent of the department, designate the department as its agent to accept, receive, receipt for, and disburse federal and state money and other money, public or private, made available by grant or loan or both to accomplish any of the purposes of this chapter. A municipality may, with the consent of the department, designate the department as its agent in contracting for and supervising the planning, acquisition, development, construction, improvement, or equipment of an airport or other air navigation facility. All contracts made, let, or awarded by the department acting as agent of a municipality under this section must be made, let, or awarded pursuant to the laws governing the making of contracts by or on behalf of the state. The municipality may enter into an agreement with the department providing for payment to the department for services rendered as agent and prescribing the terms and conditions of the agency, in accordance with terms and conditions

prescribed by the United States, if federal money is involved and in accordance with applicable state law. All federal money accepted under this section by the department must be accepted and transferred or spent by the department upon terms and conditions prescribed by the United States. All money received by the department under this subsection must be deposited in the state treasury and, unless otherwise prescribed by the agency from which the money is received, must be kept in separate funds designated according to the purposes for which the money is made available and held by the state in trust for those purposes.

Courtesy Cars for Airports

67-10-901. Purpose. (1) The purpose of this part is to provide grants to municipalities for courtesy cars at certain Montana airports where rental cars or taxicabs are not available.

(2) The purpose of the program is to provide the airport users with ground transportation for short-term use between the airport and the local trading or recreation area.

History: En. Sec. 1, Ch. 452, L. 2001.

67-10-902. Definitions. As used in this part, the following definitions apply:

(1) "Airport" means an airport, as defined in 67-1-101, that does not have commercial automobile rental services available. The term includes a regional airport authority or municipal airport authority as defined in 67-1-101.

(2) "Courtesy car" means a motor vehicle provided by, and titled in the name of, a municipality for the purposes and pursuant to the conditions set out in this part.

(3) (a) "User" means an airplane pilot or an airplane passenger who flies into an airport.

(b) The term does not include local residents or airport personnel.

History: En. Sec. 2, Ch. 452, L. 2001; amd. Sec. 24, Ch. 300, L. 2005.

67-10-903. Use of courtesy cars at airports — department responsibilities. (1) Upon the request of a municipality, the department may provide grant money from the department's special revenue account for courtesy cars for use at qualified airports, as provided in this part.

(2) A courtesy car grant may not be given to a municipality if commercial rental cars or taxicabs are available that provide service to local airports.

(3) The department may adopt necessary rules, pursuant to its authority in 67-2-102, to provide courtesy car grants, including rules regarding the receipt and review of grant applications.

History: En. Sec. 3, Ch. 452, L. 2001.

67-10-904. Responsibilities and obligations of municipality. (1) A municipality may apply to the department for a grant to provide courtesy car services at a qualified airport. The municipality may procure a sponsor and assign the sponsor to a qualified airport to manage the municipality's courtesy car program. A sponsor may be a fixed base operator, an airport manager, or other responsible party. The municipality shall ensure that the local sponsor is familiar with and complies with all conditions of the courtesy car program.

(2) A municipality may not provide a courtesy car for use by local residents or airport personnel.

(3) A courtesy car may be used only between the airport and the local trading or recreation area. Travel in a courtesy car across the state line or beyond the local trading or recreation area is prohibited.

(4) (a) The municipality shall procure liability insurance to protect itself and the department from risk of loss. Liability insurance limits must be a minimum of $750,000 for each claim and $1.5 million for each occurrence, as provided in 2-9-108. The department must be named as an additional insured.

(b) Claims and actions against the sponsor are subject to and are governed by Title 2, chapter 9, part 3.

(5) A courtesy car may not be used unless the municipality or the sponsor has obtained certification that the user has personal motor vehicle liability insurance coverage as required in 61-6-301.

History: En. Sec. 4, Ch. 452, L. 2001.

Part 1
Organization and General Provisions

67-11-101. Short title. This chapter may be cited as the “Airport Authorities Act”.

History: **En. 1-925 by Sec. 24, Ch. 433, L. 1971; R.C.M. 1947, 1-925.**

67-11-102. Municipal airport authority. Any municipality may, by resolution of its governing body, create a public body, corporate and politic, to be known as a municipal airport authority which shall be authorized to exercise its functions upon the appointment and qualification of the first commissioners thereof; or the governing body may by resolution determine to exercise any or all powers granted to such authorities in this chapter until or unless such powers are or have been conferred upon a municipal or regional airport authority. Upon the adoption of a resolution creating a municipal airport authority, the governing body of the municipality shall, pursuant to the resolution, appoint not less than five persons as commissioners of the authority. The commissioners who are first appointed shall be designated to serve for terms of 1, 2, 3, 4, and 5 years, respectively, but thereafter each commissioner shall be appointed for a term of 5 years, except that vacancies occurring otherwise than by expiration of the term shall be filled for the unexpired term by the governing body.

History: **En. 1-904 by Sec. 4, Ch. 433, L. 1971; amd. Sec. 1, Ch. 57, L. 1975; R.C.M. 1947, 1-904.**

67-11-103. Regional airport authority. (1) Two or more municipalities may by joint resolution create a public body, corporate and politic, to be known as a regional airport authority. The resolution creating a regional airport authority must create a board of not less than five commissioners; the number to be appointed, their term and compensation, if any, must be provided for in the resolution. Each regional airport authority shall organize, select officers for terms to be fixed by agreement, and adopt and amend from time to time rules for its own procedure consistent with 67-11-104.

(2) A regional airport authority may be increased to serve one or more additional municipalities if each additional municipality and each of the municipalities then included in the regional authority and the commissioners of the regional authority, respectively, adopt a joint resolution consenting to the increase. If a municipal airport authority for any municipality seeking to be included in the regional authority is then in existence, the commissioners of the municipal authority shall consent to the inclusion of the municipality in the regional authority. Upon the inclusion of any municipality in the regional authority, all rights, contracts, obligations, and property, real and personal, of the municipal authority must be in the name of and vest in the regional authority.

(3) A regional airport authority may be decreased if each of the municipalities then included in the regional authority and the commissioners of the regional authority consent to the decrease and make provisions for the retention or disposition of its assets and liabilities.

(4) A municipality may not adopt any resolution authorized by this section without a public hearing on the resolution. Notice of the hearing must be given at least 10 days prior to the hearing in a newspaper published in the municipality or, if there is no newspaper published in the municipality, in a newspaper having general circulation in the municipality.

(5) For the purpose of this chapter, a regional airport authority has the same powers as all other political subdivisions in the adoption and enforcement of airport affected area regulations as provided for in this title.

History: **En. 1-905, 1-909 by Secs. 5, 8, Ch. 433, L. 1971; R.C.M. 1947, 1-905, 1-909(part); amd. Sec. 25, Ch. 300, L. 2005.**

67-11-104. Commissioners. (1) The powers of each authority are vested in the commissioners of the authority. A majority of the commissioners of an authority constitutes a quorum for the purpose of conducting business of the authority and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of not less than a majority of the commissioners present.

(2) There must be elected a presiding officer and vice presiding officer from among the commissioners. An authority may employ an executive director, secretary, technical experts, and other officers, agents, and employees, permanent and temporary, that it may require and shall determine their qualifications, duties, and compensation. An authority may delegate to one or more of its agents or employees powers or duties that it considers proper.

(3) A commissioner of an authority is entitled to the necessary expenses, including travel expenses, as provided for in 2-18-501 through 2-18-503, incurred in the discharge of the commissioner's duties. Each commissioner shall hold office until a successor has been appointed and has qualified by law to serve. The certificates of the appointment and reappointment of commissioners must be filed with the authority.

67-11-105. Functions — public and governmental. The acquisition of any land or interest therein, pursuant to this chapter; the planning, acquisition, establishment, development, construction, improvement, maintenance, equipment, operation, regulation, and protection of airports and air navigation facilities, including the acquisition or elimination of airport hazards, and the exercise of any powers herein granted to authorities and other public agencies to be severally or jointly exercised are hereby declared to be public and governmental functions, exercised for a public purpose, and matters of public necessity. All land and other property and privileges acquired and used by or on behalf of any authority or other public agency in the manner and for the purposes enumerated in this chapter shall and are hereby declared to be acquired and used for public and governmental purposes and as a matter of public necessity.

67-11-106. Cooperation of municipality. For the purpose of aiding and cooperating in the planning, undertaking, construction, or operation of airports and air navigation facilities pursuant to the provisions of this chapter, any municipality for which an authority has been created upon such terms, with or without consideration, as it may determine, may:

(1) lend or donate money to the authority;

(2) provide that all or a portion of the taxes or funds available or to become available to or required by law to be used by the municipality for airport purposes be transferred or paid directly to the airport authority as such funds become available to the municipality;

(3) cause water, sewer, or drainage facilities or any other facilities which it is empowered to provide to be furnished adjacent to or in connection with such airports or air navigation facilities;

(4) dedicate, sell, convey, or lease any of its interest in any property or grant easements, licenses, or any other rights or privileges therein to the authority;

(5) furnish, dedicate, close, pave, install, grade, regrade, plan or replan streets, roads, roadways, and walks from established streets or roads to such airports or air navigation facilities;

(6) do any and all things, whether or not specifically authorized in this section and not otherwise prohibited by law, that are necessary or convenient to aid and cooperate with the authority in the planning, undertaking, construction, or operation of airports and air navigation facilities; and

(7) enter into agreements with the authority respecting action to be taken by the municipality pursuant to the provisions of this section.

Powers

67-11-201. General powers of authority. An authority has all the powers necessary or convenient to carry out the purposes of this chapter, including, subject to 15-10-420, the power to certify annually to the governing bodies creating it the amount of tax to be levied by the governing bodies for airport purposes. Authority powers include but are not limited to the power to:

(1) sue and be sued, have a seal, and have perpetual succession;

(2) execute contracts, including alternative project delivery contracts as provided for in Title 18, chapter 2, part 5, and other instruments and take other action that may be necessary or convenient to carry out the purposes of this chapter;

(3) plan, establish, acquire, develop, construct, purchase, enlarge, improve, maintain, equip, operate, regulate, and protect airports and air navigation facilities, within this state and

within any adjoining state, including the acquisition, construction, installation, equipment, maintenance, and operation at the airports or buildings and other facilities for the servicing of aircraft or for comfort and accommodation of air travelers and the purchase and sale of supplies, goods, and commodities that are incident to the operation of its airport properties. For the authorized purposes, an authority may, by purchase, gift, devise, lease, eminent domain proceedings pursuant to Title 70, chapter 30, or otherwise, acquire property, real or personal, or any interest in property, including easements in airport hazards or land outside the boundaries of an airport or airport site, that is necessary to permit the removal, elimination, obstruction-marking, or obstruction-lighting of airport hazards or to prevent the establishment of airport hazards.

(4) establish airport affected area regulations in accordance with this title;

(5) acquire, by purchase, gift, devise, lease, eminent domain proceedings, or otherwise, existing airports and air navigation facilities. However, an authority may not acquire or take over any airport or air navigation facility owned or controlled by another authority, a municipality, or a public agency of this or any other state without the consent of the authority, municipality, or public agency.

(6) establish or acquire and maintain airports in, over, and upon any public waters of this state or any submerged lands under public waters, provided that the authority has obtained the approval of the owner or agency that controls the water, and construct and maintain terminal buildings, landing floats, causeways, roadways, and bridges for approaches to or connecting with any airport and landing floats and breakwaters for the protection of the airport.

67-11-202. Rules. An authority is authorized to adopt, amend, and repeal such reasonable resolutions, rules, and orders as it shall deem necessary for the management, government, and use of any airport or air navigation facility owned by it or under its control. No rule, order, or standard prescribed by the commission shall be inconsistent with or contrary to any act of the congress of the United States or any regulation promulgated or standard established pursuant thereto. The authority shall keep on file at the principal office of the authority for public inspection a copy of all its rules.

67-11-203. Joint exercise of powers. (1) For the purposes of 67-11-203 through 67-11-205, unless otherwise qualified, the term "public agency" includes municipality and authority, each as defined in this title; any agency of the state government and of the United States; and any municipality, political subdivision, or agency of an adjoining state. The term "governing body" includes commissioners of an authority, the governing body of a municipality, and the head of an agency of a state or the United States if the public agency is other than an authority or municipality.

(2) All powers, privileges, and authority granted by this chapter may be exercised and enjoyed by an authority jointly with any public agency of this state and jointly with any public agency of any adjoining state or of the United States to the extent that the laws of such other state or of the United States permit such joint exercise or enjoyment. Any agency of the state government, when acting jointly with any authority, may exercise and enjoy all the powers, privileges, and authority conferred by this chapter upon an authority.

(3) Any two or more public agencies may enter into agreements with each other for joint action pursuant to the provisions of 67-11-203 through 67-11-205. Each agreement shall specify its duration; the proportionate interest which each public agency will have in the property, facilities, and privileges involved in the joint undertaking; the proportion of costs of operation, capital outlay, and maintenance to be borne by each public agency; and such other terms as

are considered necessary or required by law. The agreement may also provide for amendments and termination; disposal of all or any of the property, facilities, and privileges jointly owned prior to or at such times as the property, facilities, and privileges or any part thereof cease to be used for the purposes provided in this chapter or upon termination of the agreement; the distribution of the proceeds received upon any disposal and of any funds or other property jointly owned and undisposed of; the assumption of payment of any indebtedness arising from the joint undertaking which remains unpaid upon the disposal of all assets or upon a termination of the agreement; and such other provisions as may be necessary or convenient.

67-11-204. Joint board. (1) Public agencies acting jointly pursuant to 67-11-203 through 67-11-205 shall create a joint board that must consist of members appointed by the governing body of each participating public agency. The number of members to be appointed and their terms and compensation, if any, must be provided for in the joint agreement. A joint board shall organize, select officers for terms that are fixed by the agreement, and adopt and amend from time to time rules for its own procedure. The joint board, as agent of the participating public agencies, may plan, acquire, establish, develop, construct, enlarge, improve, maintain, equip, operate, regulate, protect, and police any airport or air navigation facility or airport hazard to be jointly acquired, controlled, and operated. Subject to subsection (2), the board may be authorized by the participating public agencies to exercise on behalf of its constituent public agencies all the powers of each public agency with respect to the airport, air navigation facility, or airport hazard.

(2) (a) The total expenditures to be made by the joint board for any purpose in a calendar year must be as determined by a budget approved by the constituent public agencies on or before the preceding June 10 or as otherwise specifically authorized by the constituent public agencies.

(b) An airport, air navigation facility, airport hazard, or real or personal property, the cost of which is in excess of sums fixed by the joint agreement or allotted in the annual budget, may not be acquired, established, or developed by the joint board without the approval of the governing bodies of its constituent public agencies.

(c) Eminent domain proceedings under 67-11-203 through 67-11-205 and Title 70, chapter 30, may be instituted by the joint board only by authority of the governing bodies of the constituent public agencies of the joint board. If authorized, the proceedings must be instituted in the names of the constituent public agencies jointly, and the property acquired must be held by the public agencies as tenants in common.

(d) The joint board may not dispose of any airport, air navigation facility, or real property under its jurisdiction except with the consent of the governing bodies of its constituent public agencies. However, the joint board may, without consent, enter into contracts, leases, or other arrangements contemplated by 67-11-211.

(e) Resolutions, rules, or orders of the joint board that deal with subjects authorized by 67-11-211 become effective only upon approval of the governing bodies of the constituent public agencies. However, upon approval, the resolutions, rules, or orders of the joint board have the same force in the territories or jurisdictions involved that the ordinances, resolutions, rules, or orders of each public agency would have in its own territory or jurisdiction.

67-11-205. Joint fund. For the purpose of providing the joint board with moneys for the necessary expenditures in carrying out the provisions of 67-11-203 through 67-11-205, a joint fund shall be created and maintained, into which shall be deposited the share of each of the constituent public agencies as provided by the joint agreement. Any federal, state, or other grants, contributions, or loans and the revenues obtained from the joint ownership, control, and operation of any airport or air navigation facility under the jurisdiction of the joint board shall be paid into the joint fund. Disbursements from such fund shall be made by order of the board, subject to the limitations prescribed in 67-11-204(2).

67-11-211. Granting of operation and use privileges. (1) In connection with the operation of an airport or air navigation facility owned or controlled by an authority, the authority may enter into contracts, leases, and other arrangements for terms not to exceed 40 years with any persons:

(a) granting the privilege of using or improving the airport or air navigation facility or any portion or facility of or space in the airport or air navigation facility for commercial purposes;

(b) conferring the privilege of supplying goods, commodities, things, services, or facilities at the airport or air navigation facility; and

(c) making available services to be furnished by the authority or its agents at the airport or air navigation facility.

(2) In each case, the authority may establish the terms and conditions and fix the charges, rentals, or fees for the privileges or services, which must be reasonable and uniform for the same class of privilege or service; provided that the public may not be deprived of its rightful, equal, and uniform use of the airport, air navigation facility, or portion or facility of the airport or air navigation facility.

(3) Except as may be limited by the terms and conditions of any grant, loan, or agreement authorized by 67-11-305, an authority may by contract, lease, or other arrangement, upon a consideration fixed by it, grant to any qualified person for a term not to exceed 40 years the privilege of operating, as agent of the authority or otherwise, any airport owned or controlled by the authority; provided that a person may not be granted any authority to operate an airport other than as a public airport or to enter into any contracts, leases, or other arrangements in connection with the operation of the airport which the authority might not have undertaken under subsections (1) and (2).

67-11-301. Municipal tax levy. The airport authority may certify annually to the governing bodies the amount of tax requested to be levied by each municipality participating in the creation of the airport authority, and subject to 15-10-420, the municipality shall levy the amount certified, pursuant to provisions of law authorizing cities and other political subdivisions of this state to levy taxes for airport purposes. The levy may not exceed the maximum levy that may have been established by the municipality or municipalities in the resolution creating the authority. The municipality shall collect the taxes certified by an airport authority in the same manner as other taxes are levied and collected and make payment to the airport authority. The proceeds of the taxes paid to the airport authority must be deposited in a special account or accounts in which other revenue of the authority is deposited and may be expended by the authority as provided for in this chapter. Prior to the issuance of bonds under 67-11-303, the airport authority or the municipality may by resolution covenant that the total amount of the taxes authorized by law or the portion of the taxes specified by the resolution will, subject to 15-10-420, be certified, levied, and deposited annually until the bonds and interest are fully paid.

67-11-303. Bonds and obligations. (1) An authority may borrow money for any of its corporate purposes and issue its bonds for those purposes, including refunding bonds, in the form and upon the terms that it may determine, payable out of any revenue of the authority, including revenue derived from:

(a) an airport or air navigation facility or facilities;
(b) taxes levied pursuant to 67-11-301 or other law for airport purposes;
(c) grants or contributions from the federal government; or
(d) other sources.

(2) The bonds may be issued by resolution of the authority, without an election and without any limitation of amount, except that bonds may not be issued at any time if the total amount of principal and interest to become due in any year on the bonds and on any then-outstanding bonds for which revenue from the same source or sources is pledged exceeds the amount of revenue to be received in that year as estimated in the resolution authorizing the issuance of the bonds. The authority shall take all action necessary and possible to impose, maintain, and collect rates, charges, rentals, and taxes, if any is pledged, sufficient to make the revenue from the pledged source in the year at least equal to the amount of principal and interest due in that year.

(3) The bonds may be sold at public or private sale and may bear interest as provided in 17-5-102. Except as otherwise provided in this section, any bonds issued pursuant to this chapter by an authority may be payable as to principal and interest solely from revenue of the authority and must state on their face the applicable limitations or restrictions regarding the source from which the principal and interest are payable.

(4) Bonds issued by an authority or municipality pursuant to the provisions of this chapter are declared to be issued for an essential public and governmental purpose by a political subdivision within the meaning of 15-30-2110(2)(a).

(5) For the security of bonds, the authority or municipality may by resolution make and enter into any covenant, agreement, or indenture and may exercise any additional powers authorized to be exercised by a municipality under Title 7, chapter 7, parts 44 and 45. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be paid from any revenue referred to in this chapter, prior to the payment of current costs of operation and maintenance of the facilities.

(6) Subject to the conditions stated in this subsection, the governing body of any municipality having a population in excess of 10,000, with respect to bonds issued pursuant to this chapter by the municipality or by an authority in which the municipality is included, may by resolution covenant that in the event that at any time all revenue, including taxes, appropriated and collected for the bonds is insufficient to pay principal or interest then due, it shall, subject to 15-10-420, levy a general tax upon all of the taxable property in the municipality for the payment of the deficiency. The governing body may further covenant that at any time a deficiency is likely to occur within 1 year for the payment of principal and interest due on the bonds, it shall, subject to 15-10-420, levy a general tax upon all the taxable property in the municipality for the payment of the deficiency, and the taxes are limited to a rate estimated to be sufficient to produce the amount of the deficiency. In the event that more than one municipality having a population in excess of 10,000 is included in an authority issuing bonds pursuant to this chapter, the municipalities may apportion the obligation to levy taxes for the payment of, or in anticipation of, a deficiency in the revenue appropriated for the bonds in a manner that the municipalities may determine. The resolution must state the principal amount and purpose of the bonds and the substance of the covenant respecting deficiencies. A resolution may not be effective until the question of its approval has been submitted to the qualified electors of the municipality at a special election called for that purpose by the governing body of the municipality and a majority of the electors voting on the question have voted in favor of the resolution. The special election must be held in conjunction with a regular or primary election. The notice and conduct of the election is governed, to the extent applicable, as provided for municipal general obligation bonds in Title 7, chapter 7, part 42, for an election called by cities and towns and as provided for county general obligation bonds in Title 7, chapter 7, part 22, for an election called by counties. If a majority of the electors voting on the issue vote against approval of the resolution, the municipality may not make the covenant or levy a tax for the payment of deficiencies pursuant to this section, but the municipality or authority may issue bonds under this chapter payable solely from the sources referred to in subsection (1).

All state moneys accepted under this section shall be accepted and spent by the authority upon terms and conditions prescribed by the state.

(2) An authority may designate the department as its agent to accept, receive, receipt for, and disburse federal and state moneys and other moneys, public or private, made available by grant or loan, to accomplish in whole or in part any of the purposes of this chapter and may designate the department as its agent in contracting for and supervising the planning, acquisition, development, construction, improvement, maintenance, equipment, or operation of any airport or other air navigation facility. An authority may enter into an agreement with the department prescribing the terms and conditions of the agency in accordance with terms and conditions prescribed by the United States, if federal money is involved, and in accordance with the applicable laws of this state. All federal moneys accepted under this section by the department shall be accepted and transferred or spent by the department upon terms and conditions prescribed by the United States. All moneys received by the department under this subsection shall be deposited in the state treasury and, unless otherwise prescribed by the agency from which the moneys were received, shall be kept in separate funds designated according to the purposes for which the moneys were made available and held by the state in trust for those purposes.

Extraterritorial Airports

67-11-401. Out-of-state airport jurisdiction — reciprocity. (1) For the purpose of this section, "governmental agency" means any municipality, city, town, county, public corporation, or other public agency.

(2) The state or any governmental agency of this state having any powers with respect to planning, establishing, acquiring, developing, constructing, enlarging, improving, maintaining, equipping, operating, regulating, or protecting airports or air navigation facilities within this state may exercise those powers within any state or jurisdiction adjoining this state, subject to the laws of that state or jurisdiction.

(3) (a) A state adjoining this state or any governmental agency of an adjoining state may plan, establish, acquire, develop, construct, enlarge, improve, maintain, equip, operate, regulate, and protect airports and air navigation facilities within this state, subject to the laws

of this state applicable to airports and air navigation facilities. Subject to subsection (3)(b), the adjoining state or governmental agency has the power of eminent domain in this state, which must be exercised as provided in Title 70, chapter 30.

(b) The power of eminent domain may not be exercised unless the adjoining state authorizes the exercise of that power in the adjoining state by this state or any governmental agency of this state having any of the powers mentioned in this section.

(4) The powers granted in this section may be exercised jointly by two or more states or governmental agencies, including this state and its governmental agencies, in a combination that may be agreed upon by the states or governmental agencies.
